The committee **VOTED** to approve the motion.

II. Accountability

A. Data Review

The group talked about addressing the request from the COT to consider our data presentation model by including a 101 primer the month prior to the data presentation, Hannah and Jeff discussed adapting the new data template to better present the data in a better format that was more accessible, but stays consistent. Kevin agreed that the method needs to stay consistent.

The group agreed to adapt the existing data template, separating the individual components to separate tabs, and include relevant glossary terms and narrative.

Rahul brought up identifying key data points in order to cut through the data noise and tell a true narrative story. This creates a 40k-foot view that board members can start from, and once they understand the big picture, they can deep dive into the supplementary data.

Kevin opined that it is the Acct. Com.'s role to create a useful scorecard and provide the data necessary for the Board's consumption. Explained that we need to draw lines from the data to our overarching guidelines (ie Accountability plan).

The group discussed making sure that data presentation is given enough time and attention in full board meetings. The committee will work with the chair to ensure that data is given proper space, including moving data presentations up to earlier in the agenda.

The group talked briefly about Star/Dibels. Based on the Winter testing scheduled, the group will give a 101 primer in January and present Fall/Winter data in Feb.

Rahul offered to take a crack and a revised dashboard, hoping his fresh eyes would bring a different perspective to how we present data. The group enthusiastically agreed,

B. Accountability Plan

No specific discussion took place in this meeting. Discussion re Star/Dibels was pushed to Dec.

III. Closing Items

A. Adjourn Meeting

There being no further business to be transacted, and upon motion duly made, seconded and approved, the meeting was adjourned at 6:48 PM.

Respectfully Submitted,
J. Landry
