C. Renovation Plan

The Board continued the previous discussion on the timeline of the renovation plan and the alignment of the work with the compliance with grant money. The Board discussed the feasibility of the construction occurring during school hours and whether there would be any safety concerns including whether the use of the nurse's office would be impacted. Management explained that safety was accounted for when the plan was proposed. The Board discussed whether a penalty needed to put in place to hold the contractor to the

agreed upon timeline. Ultimately the Board decided that payment being contingent on finishing each phase was sufficient. Management also represented that reimbursement from CSP was possible upon receipt of an invoice alone. Management indicated it was advised of this fact by the back office provider and while this was not the Board's impression of the reimbursement scheme the Board ultimately voted to approve the plan.

J. Small made a motion to Approve the Renovation Plan.

K. Wedderburn-Henderson seconded the motion.

The team **VOTED** unanimously to approve the motion.

Management Recommendation

02-03-2020

Recommendation: Charter Technology Solutions

Background:

We received formal proposals from 3 vendors. All vendors with the exception of Visiplex did full walk-throughs of the facility and had individual meetings with the Management Team multiple times.

Recommendation:

Management recommends that we go with Charter Technology Solutions to complete the PA sound system installation on the 2nd and 3rd floor as well as the cafeteria for the following reasons:

- CTS is familiar with our building and has already done most of our internet and technology connectivity.
- CTS will be able to maintain the PA system after they have successfully install the PA system.
- CTS is best equipped to install as they were the company utilized to connect the existent sound system in the cafeteria.
- 1 of the other 2 vendors will not be installing the PA system for IHP. The remaining Vendor we have a host of issues with at the present moment and management does not feel it would be best to have them complete further work for IHP.

Enrollment Policy 2020-21

In the 2020-21 school year, Ivy Hill Preparatory Charter School will enroll 180 students in Kindergarten, 1st, and 2nd grade. We will grow one grade each year until we reach full scale in year 5, at which point we will enroll students in grades K-5. Ivy Hill Preparatory Charter School's admission policies and procedures are in accordance with Education Law §2854. Ivy Hill Prep is a tuition-free, public charter school. Admission of students will not be limited on the basis of intellectual ability, measures of achievement or aptitude, athletic ability, disability, race, creed, gender, national origin, religion, sexual orientation, gender identity, socioeconomic status, parent's/guardian's marital status, political affiliation, or any other protected status. Any child who is qualified under the laws of New York State for admission to a public school is qualified for admission to Ivy Hill Preparatory Charter School.

Enrollment Eligibility

New York State Resident. All student applicants must be residents of New York State at the time of enrollment. To complete the enrollment process, all parents are mandated to attend one (1) of the designated Enrollment Days organized by the school to secure their child's seat. At the time of enrollment, families must provide **two** proof of residency documents for the student. Acceptable proof of residency includes: lease agreement, mortgage statement, residential utility bill, property tax bill, water bill, government-issued identification which has not expired and includes the address of residence, income tax form, NYS driver's license which has not expired, voter registration documents, or evidence of custody of the child that include name of student and address of residence. Students in temporary housing, as defined by McKinney-Vento, are not required to submit proof of residency documentation.

Age. All students that enroll in Kindergarten must turn five by December 31st of that school year. For the 2020-2021 school year, all students that enroll in Kindergarten must turn five by December 31, 2020.

As a public charter school, we do not require any action by a student or family (such as an admissions test, interview, attendance at an information session, etc.) in order for an applicant to receive or submit an application for admission.

Enrollment Process

Application Submission. Ivy Hill Preparatory Charter School participates in the New York City Charter School Common Application and also provides paper applications for families when necessary to meet all accessibility needs. The application form is available in English and Spanish, and will be made available in other languages as needed. The application is available at www.ivyhillprep.schoolmint.net and www.ivyhillprep.org/apply. Ivy Hill Prep's application period will close at 11:59pm on April 1st of each year. Should the number of applications exceed the capacity of the grade level, we will conduct a random, public selection process (lottery) to enroll students.

Lottery. In accordance with Public Officers Law § 104, the date, time, and location of the lottery will be made known to the public. Two weeks prior to the lottery, we will provide notice of the time and location of the lottery to the same media outlet we use to post information about our Board meetings and will also post this information on our website. All families that have submitted an application by the deadline will be notified of the date, time, and location of the lottery. While families are welcome to attend, they are not required to do so and will not be penalized in any way if they do not attend. The lottery will be open to the public, in accordance with NYS Education Law §2854(2)(b), and a disinterested party will draw the lottery (8 NYCRR 119.5).

Accepting an Offer. Families will receive a phone call and email notification if their child is accepted by the lottery, and will have two business days to respond to the offer of acceptance. If families do not respond or formally accept the seat within two (2) business days, the seat will be filled from the waitlist in numerical order. Families can respond to the offer by phone (917.789.8959) or by email (info@ivyhillprep.org). If a family initially declines an offer and then seeks a seat for the same child at a later point during that school year, that family will be added to the end of the waitlist.

Vacant Seats. We will backfill vacant seats in kindergarten through third grade up to and including the last day of second quarter. Seats vacated between the initial lottery and the last day of second quarter will be offered to students on the waitlist. Seats vacated in the third or fourth quarter will remain vacant through the end of the academic year and will be filled for the next academic year through the public lottery. If a seat becomes available before the third quarter, we will contact the next family on the waitlist in numerical order and allow them two (2) business days to formally accept the seat. Families can respond to the offer by phone (917.789.8959) or by email (info@ivyhillprep.org). Should the family not accept or respond to our offer, we would move to extend an offer to the next family on the waitlist. Per our commitment to fulfill our mission for each student, we will not fill vacant spots that become available during the third or fourth quarter.

No-Show Policy. If a student does not attend and misses 20 consecutive days, and the student's family does not respond to communication from the school during this period of absence, the student may be removed from Ivy Hill Preparatory Charter School. Ivy Hill Prep will make every effort to reach absent families during the course of the first week of the school year, but will remove students and fill vacant seats in accordance with the process outlined above.

Enrollment Preference

In accordance with New York State Charter School Law, enrollment preference will be given to students residing in the district of the school's location, siblings of students applying or already enrolled at Ivy Hill Prep, and students of Ivy Hill Prep employees.

In District of Location. We will accept students residing in the district of the school's location before accepting students living outside of that district. If we have fewer In-District applications

than available seats, we will automatically accept all In-Districts applicants, and then fill the rest of our open seats through the lottery process described above.

Returning Students. Students returning to Ivy Hill Preparatory Charter School in a subsequent school year are exempt from the lottery process, and automatically enrolled in the next school year.

Siblings of Applying and/or Enrolled Students. If a child is selected through the lottery for a seat at Ivy Hill Prep, their siblings will be automatically granted enrollment if there is space available in their grade level. Siblings of currently enrolled students will be exempt from future lotteries and will be automatically granted a seat if there is available space at their grade level. Siblings are defined as children whose primary guardian(s) are also the primary guardian(s) of other children applying or already enrolled at Ivy Hill Prep. This is defined as guardian(s) who have custody of children and include half-siblings, step-siblings, or other family members such as cousins, nieces, or nephews being cared for as primary dependents. Siblings that apply simultaneously to Ivy Hill Preparatory Charter School, will also receive priority in the lottery process.

Children of School Employees. Children of school employees will be exempt from the lottery provided that the parent employed at Ivy Hill Preparatory Charter School has full or joint custody of the child. Employees include anyone who works at least half-time for Ivy Hill Prep and who started work on or before the first day of school of the year in which they are submitting their application. The number of students enrolled who are children of school employees will not exceed 15% of the total enrollment. Should the number of school employees' children applying exceed 15%, then all children of employee applications will be included in the general enrollment lottery.

Withdrawal Process

Students may be withdrawn from Ivy Hill Preparatory Charter School at any time in accordance with the procedure outlined below. Only the enrolling custodial parent/guardian may withdraw a student:

1. Ivy Hill Prep will verify that the withdrawing parent/guardian is the custodial parent/guardian.
2. The withdrawing custodial parent/guardian must complete a withdrawal form and provide a signature to confirm the withdrawal decision.
3. Ivy Hill Prep will confirm receipt of the completed withdrawal form and signature, and will remove the student from the school's roster.

Seats that open as a result of a withdrawal will be filled in accordance with the steps outlined in the **Vacant Seat** section above.

Board's Role in Academic Excellence

a **BoardSavvy** webinar
by

**We help charter school boards
deliver exceptional results.**

A FEW NOTES BEFORE WE DIVE IN

- This session is being recorded. If you registered we'll send you the recording. Feel free to share with your team.
- It's all about the kids.
- We are going to articulate a very high bar. The students in your charter school deserve nothing short of excellence.
- Terminology:
 - ◆ We use the term “CEO” to denote the person at the very top of the org chart, who reports directly to the board
 - ◆ We use the term “organization” to mean the charter school or group of schools that the CEO is responsible for

What We're Going to Cover

- ▶ Defining the full board's role in academic oversight
- ▶ Defining the role of a board committee
- ▶ Clarifying the governance – management line
- ▶ Clarifying what data the board should be receiving on a consistent basis
- ▶ Concrete tools you can use

Big Picture Framing

Framing Thought

Definition of a Charter School Board

- Not a collection of well meaning people

Rather...

- A highly effective team, strategically assembled to bring the skills, expertise, temperament and time to govern a multimillion dollar public enterprise.

How Important is a Board to a Charter School's Success?

It can be argued that the ultimate success of a charter school hinges on the board's ability to govern effectively:

- Board selects, supports and terminates when necessary the CEO
- Board ensures that the school is operationally and financially viable
- Partners with the CEO to define and ensure the delivery of academic excellence

Every charter school closure nationwide can be traced back to issues of governance.

Framing

Simply put,

**A charter is a contract to increase
student achievement.**

*The contract is given to the board
not the CEO*

Governance Grounding Principle

The Board Focuses on Results

*CEO focuses on means
to get to results*

A Results-Focused Board is a Data-Driven Board

Data-Driven Governance

The term data-driven instruction is now widely used in the school context. And, is a cornerstone of successful charter schools. Generally this means:

The use of quantifiable data obtained from measureable goals set by an educator in order to determine if the student is mastering necessary skills.

Data-Driven Governance

- ▶ Your CEO should partner with your board to mirror this practice at a governance level.

Set measureable goals with the board, collect relevant data, and examine this together frequently to know if the organization is on track, and change strategies if it is not.

Key Action Steps Results-Focused Data-Driven Board

Key Action Steps

1. Partner with and support the CEO
2. Establish an academic excellence committee of the board
3. Clarify charter promises
4. Define academic excellence / your “high bar”
5. Create annual academic goals
6. Monitor progress
7. Educate the full board

Step #1

Strengthen Board- CEO Partnership

Step #1: Establish / Strengthen Your Board-CEO Partnership

BOARD ROLE	CEO ROLE
• The board needs to complement the work of the CEO and the academic team, they should not be duplicating the work • Invest time in understanding the key drivers of academic success, this is the heart of the business you are running	• The CEO needs to feel that the board <u>can</u> and <u>is</u> adding value in this area • Needs to play an active role in educating the full board and sharing information on a consistent basis

Step #2

Establish an Academic Excellence Committee of the Board

Step #2: Academic Excellence Committee

Key Tasks

- Work with CEO to develop a plan to define and monitor academic results
- Educate the full board to conduct proper oversight of the academic program

Step #2:

Academic Excellence Committee

- Most important committee; hardest one to get right
- ▶ Think about it functioning like a finance committee:
 - ▶ CEO brings draft budget to Finance Committee
 - ▶ Finance Committee and CEO go back and forth to refine
 - ▶ Bring bigger strategic questions forward for full board deliberation while preparing the budget
 - ▶ Final draft brought forward for full board discussion, buy-in and final vote to approve for the year
 - ▶ Throughout the year committee monitors budgets to actuals
- ▶ Academic Excellence Committee does the same thing but it is academic “budget to actuals” rather than financial.

Step #2: Academic Excellence Committee

Committee Membership

- While it can be useful for a member of the Academic Excellence Committee to have a background in education, it is by no means necessary in order to be an effective committee member.
- Many effective Academic Excellence Committees do not have an educator on the committee. We find that the key functions of the committee—**helping the CEO to set ambitious goals and then monitoring data to assess progress towards those goals**—are often well met by people with strong analytical skills; these people need not be educators.

Step #3

**Understand What You
Promised to Deliver**

Step #3: Charter Promises

- A charter is a contract to increase student achievement
- This contract is given to the board not the CEO
- Together the Board and CEO need to be crystal clear on the key charter promises they have made to the authorizer (typically defined in the charter broadly and more specifically in an accountability plan)
- You will not get to keep your charter if you don't deliver on these results

Recommended Action Step:

- ✓ *CEO pull out key charter promises in a document for the board. Ideally in a chart form, one page or less.*

Step #4

Define Your High Bar

Step #4:

Define Your High Bar

1. Determine if the charter promises are enough or a baseline

Baseline

- The minimal targets you need to hit to keep your charter
- Many charter contracts / accountability plans are the floor – in many states just hitting the terms in your charter would not be reaching “excellence”

2. Define your “high bar”

- Define excellence, especially academic excellence

Step #5

Create Annual Academic Goals

Step #5:

Set Annual Academic Goals

- The CEO should bring forward a set of annual academic goals for the committee to discuss and the board to approve
- They should articulate:
 - ◆ What level of success was achieved last year
 - ◆ Where the CEO plans to get the organization by the end of this school year
 - ◆ Whether the organization has met or exceeded charter promises and if not when will you achieve them
 - ◆ Benchmark data for the board to comprehend how you compare to others
 - ◆ High-level overview of the key strategies to achieve the goals

Step #5:

Work of Committee vs. CEO role

GOAL SETTING

CEO ROLE	COMMITTEE ROLE
• Develop goals/timeline for reporting on progress towards academic goals and propose them to the committee for discussion and feedback • Present finalized goals/reporting timeline to the full board for approval	• Review CEO's proposed goals/reporting timeline • Ask questions to ensure that the goals are (1) ambitious and (2) achievable. • Recommend finalized goals/reporting timeline to the full board for approval; ensure that all trustees understand goals

Step #6

Monitor Academic Performance

Step #6: Develop a Clear And Consistent Way to Monitor Progress

- Board and CEO should look at data consistently at the regular board meeting
- Committee should dive deeper into the data at regularly scheduled meetings and validate data and approaches being shared with the full board

Step #6: Work of Committee vs. CEO role

MONITORING PROGRESS

CEO ROLE	COMMITTEE ROLE
• Present the committee with data to assess progress towards goals at the agreed upon timeline • Present updates on data to full board at agreed upon timeline	• Review data to assess progress towards goals at agreed-upon timeline • Ask probing questions to better understand the data and help the CEO look objectively at the data • Help CEO to frame data for presentation to the full board

Step #7

Educate the Full Board

Step #7: Board Education

- The entire board is on the hook for governing the entire organization
- Members of the committee will dive deeper into the data, but you should develop a key set of metrics that the full board is tracking and an education plan to make sure the full board understands what they are tracking

Differentiate work of Committee vs. CEO

INSTRUCTIONAL DECISION-MAKING

CEO ROLE	COMMITTEE ROLE
• Select and implement curricula, training, and materials necessary for successful instruction	• Sounding board for CEO's ideas on understanding data, seeing trends, what is working in instruction—are there systems in place to replicate success

Differentiate work of Committee vs. CEO STAFF

CEO ROLE	COMMITTEE ROLE
• Hire and train all staff • Oversee and evaluate all staff	• Ensure that CEO has created and implemented staff evaluation and feedback procedures • Monitor results through annual/biannual staff surveys and through staff retention data

Make Sure Your Committee Doesn't....

- One of the biggest pitfalls for Academic Excellence Committees is to engage in discussions of ***inputs***—the means by which the organization pursues its mission—rather than ***outcomes***—the objective data used to assess how well the organization is meeting its mission.
- **Inputs** are management level issues, which should be handled by the CEO. **Outcomes** are what the board should be focused on and governing towards.

Make Sure Your Committee Doesn't....

- Evaluate teachers
- Select, design, or review the quality of curricula
- Plan professional development for teachers
- Interact with teachers or other staff members on a regular basis (i.e., daily or weekly)
- Interact with families or students on a regular basis (i.e., daily or weekly)
- Present themselves as an outlet for staff, family, or student complaints or concerns that have not first been formally addressed to the CEO
