2020 Learning Everywhere

- Enrollment
 - 400 - with 1-2 offers out
- Attendance:
 - 95.1%
 - Outreach has begun to support access to instruction!

Road to Reopening

- Alameda County was recently moved into the state's Red Tier due an improvement in the County's Covid indicators
 - If we remain in the red tier for two weeks, we will receive more guidance from public health officials about what is allowable regarding re-opening
 - Oakland COVID indicators vary widely by zip code and do not necessarily match with Alameda County data
 - Some families will not consider any in-person options while others are ready for any opportunity for in-person learning.
- Creating a Clear Draft Plan with the Academic Committee
 - In collaboration with the academic committee, school administration is putting together clear criteria for phased reopening that includes:
 - COVID cases criteria by zip codes we serve
 - Criteria for return to *Learning Everywhere*
 - Facility preparation, maintenance and sanitation
 - Staff and community agreements and collaboration
