The Board recognizes its responsibility for the quality of the educational program of the schools. To this end, the curriculum shall be developed, adopted and evaluated on a continuing basis and in accordance with a plan for curriculum growth established by the Executive Director.

The Board directs that the curriculum of this School will:

- A. be consistent with the School's philosophy and strategic plan;
- B. allow for the development of individual talents and interests as well as recognize that learning styles of students may differ;
- C. provide for continuous and cumulative learning through effective articulation at all school and grade levels;
- D. utilize a variety of learning resources to accomplish the educational goals;
- E. encourage students to utilize guidance and counseling in their academic and career planning.

As educational leader of the School, the Executive Director shall be responsible to the Board for the development and evaluation of curriculum and preparation of courses of study. They shall establish administrative guidelines for curriculum which ensure proper development, implementation, and evaluation.

The Executive Director may propose such innovative programs as are deemed to be necessary to the continuing growth of the instructional program. Unless the Board disapproves, the Executive Director may proceed to conduct the program.
