Title: SCHOOL SPONSORED EXTRA-CURRICULAR PROGRAMS
Code: 2430
Status: Active
Adopted: September 15, 2020

It is the Board's goal that all students have the opportunity to participate in a variety of extracurricular programs, including academic, athletic, cultural, aesthetic and other supervised recreational activities. The Board believes that such programs are of great benefit to students and enhance the quality of their educational experience.

The Board is committed to having all Edison employees - including all principals, teachers and other staff - encourage students of both genders and all racial, ethnic, socio-economic, limited English proficiency, and other special needs backgrounds to participate in organized extra-curricular programs. Core leadership team and school staff shall take all reasonable steps to assure that such programs appeal to as many of Edison's diverse students as possible. Core leadership team and school staff also shall take all reasonable steps to assist students in overcoming logistical problems that may inhibit their ability to participate in extra-curricular activities.
