It is the objective of the Board of Directors (“Board”) of Edison School of the Arts (“School”) to provide equal educational opportunities for all students within the School. Therefore, it is the intent of the Board to study Federal legislation to enhance educational opportunities, the educational environment, and better physical and mental growth for each student.

The Executive Director shall review new Federal education legislation and prepare proposals for programs s/he deems would be of aid to the students of the School. The Executive Director shall submit such proposals to the Board and the Board shall approve all grants resulting from such proposals.

The Board regards available Federal funds of aid to the school and communities as a public trust. It forbids the use of Federal monies for partisan political activities and for any use that would not be in accord with Federal guidelines on discrimination. All Federal funds received by the school will be used in accordance with the applicable Federal law. The Executive Director shall ensure that each draw of Federal monies is as close as administratively feasible to the related program expenditures.

No Federal funds received by the school shall be used to:

- B. distribute or to aid in the distribution by any organization of legally obscene materials to minors on school grounds or at school sponsored activities; or
- C. provide sex education or HIV-prevention education in school unless that instruction is age appropriate and includes the health benefits of abstinence; or
- D. operate a program of contraceptive distribution in school.
