## Junior & Senior High School for the Arts

ESG PRESIDENT REPORT  
APRIL 5TH

### **Preparation for on Campus Schooling**

ESG worked hard last week to help prepare the campus for having students again. This included helping teachers clean, paint, organize, etc. On the first day back on campus, we held a small raffle during lunch where we gave out some encore merch, our pirate mascot also made an appearance during lunch.

### **Working with Seniors**

We have also been working on planning events for the class of 2021, working with them to find out what Senior events they were most interested in having in some shape or form. Events like Prom, Graduation, Senior Showcase, Beach Day, Captain Encore, and Grad Night were some of the most popular events students still wanted to participate in.
