

Information on Number of Students Being Provided with Special Education Services

On or before November 1 of each year the Special Education Director will provide the Board with an accurate count of all students at Encore receiving special education and related services.

The information provided shall comply with all reporting requirements related to the method used to distribute state and federal funds among the local educational agencies in the Desert Mountain Charter SELPA special education local plan area.

(Ed. Code §§ 56195.7, 56195.8.)
