Board Game Challenge

Students were tasked with creating their own board game. They were asked to take three games and combine them into one game. It had to include: Rules, Board, Game Pieces, Description of the Game, and a Name for the Game.

Play

Player with card must give clues on what the card says without speaking.

Everyone must guess until someone gets it correct. Each player gets 3 chances.

If they get it correct they may move. If no ones gets it correct player must reveal card and choose a new one.

Roll the dice to move.

If you are in front of a ladder you must climb it. If you are in front of a slide you must go down.

If 2 players land on the same spot, the person who was originally there will go back 2 spots.

Good VS Bad (Sorta inspired by Flicker) (MONOPOLY, UNO,) (PASSWORD)

Read the Instructions

Before starting the game, the players will decide which number is going to be the number for the good person, and for the bad person. They can also choose the banker

GOOD PERSON

The good person is going to create the password, and can give 10 clues. If the password was guessed, or they gave out 10 clues, the game ends. If the password was guessed, the good side wins

BAD PERSON

It's the responsibility of the bad person to make the others think "differently" about the clues. The bad person can also steal money from the bank and bribe others with the money to keep their mouth shut. If by chance cards it says to not say anything about the clues, you have no choice but to stay shut about the clues. They have to share the money with the person they are working with.

NEUTRAL

The neutral is not really the best group to be into. You can either work for the bad, or work for the good. They also have to give \$50 dollars for each clue. If all of the neutral people have gone bankrupt and they haven't guessed the password, they lose to the bad person. If someone finds out they are working with the bad person, the bad side is obligated to pay \$200. The person receiving the money is obligated to keep their mouth shut.

BANKER

They are in charge of giving the money, (which is \$1650). If they choose to play, they have to play on the good side. \$400 is owed to be on the bad side.

BOARD GAME

There's 6 pieces for 6 players (MAXIMUM). You first roll the dice and decide the numbers for the good person & the bad person. Once that is decided, you start the game. Roll the dice and go how many times the number you rolled. There will be a 'safe side', where you can buy land that stays there for the rest of the game. There will be luck cards, good cards, and rental cards (The cards you need in order for people to rent your land). The luck cards are to see if you can test your luck. You might be owing \$100 to the bank, (which the banker can take half). Or the bank might just be giving you \$250. The good cards, you don't have to worry about because everything in the good cards is 'good'. The rental cards you use to give to the person that is owing rent. The UNO cards are used to figure out whether you have permission to cheat. A 0, 1, 3, 5 & 9 are cards that give you permission to cheat. ANY TEAM CAN CHEAT! Their will be exclusive cards, which can help your team briefly!

April 14, 2022

Board of Trustees
International Leadership of Texas, Inc.

Understanding of Engagement

We are pleased to confirm our understanding of the services we are to provide for International Leadership of Texas, Inc. for the year ended June 30, 2022.

Audit Scope and Objective

We will audit the financial statements of International Leadership of Texas (Organization), which comprise the statement of financial position as of June 30, 2022, the related statements of activities and cash flows for the year then ended and the related notes to the financial statements. Also, the following supplementary information accompanying the financial statements will be subjected to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, in accordance with auditing standards generally accepted in the United States of America (GAAS) and we will provide an opinion on it in relation to the financial statements as a whole in a report combined with our auditors' report on the financial statements:

1. Supplemental Schedules Required by TEA:
 - a. Statement of Financial Position
 - b. Statement of Activities
 - c. Statement of Cash Flows
 - d. Schedule of Expenses
 - e. Schedule of Capital Assets
 - f. Budgetary Comparison Schedule
 - g. Education Programs Schedule
 - h. Schedule of Real Property Ownership Interest
 - i. Schedule of Related Party Compensation and Benefits
2. Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

The objectives of our audit is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and issue an auditors' report that includes our opinion about whether your financial statements are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting

International Leadership of Texas

Page 2

principles (GAAP) and to report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as whole. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment of a reasonable user made based on the financial statements. The objectives also include reporting on:

- Internal control over financial reporting and compliance with provisions of laws, regulations, contracts and award agreements, noncompliance with which could have a material effect on the financial statements in accordance with Government Auditing Standards.
- Internal control over compliance related to major programs and an opinion (or disclaimer of opinion) on compliance with federal statutes, regulations and the terms and conditions of federal awards that could have a direct and material effect on each major program in accordance with the Single Audit Act Amendments of 1996 and Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance).

Auditors' Responsibilities for the Audit of the Financial Statements and Single Audit

We will conduct our audit in accordance with GAAS; the standards for financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; the Single Audit Act Amendments of 1996; and the provisions of the Uniform Guidance and will include tests of accounting records, a determination of major program(s) in accordance with Uniform Guidance and other procedures we consider necessary to enable us to express such an opinion. As part of an audit in accordance with GAAS and Government Auditing Standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We will evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management. We will also evaluate the overall presentation of the financial statements, including the disclosures and determine whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation. We will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets or (4) violations of laws or governmental regulations that are attributable to the Organization or to acts by management or employees acting on behalf of the Organization. Because the determination of waste and abuse is subjective, Government Auditing Standards do not expect auditors to perform specific

International Leadership of Texas

Page 3

procedures to detect waste or abuse in financial audits nor do they expect auditors to provide reasonable assurance of detecting waste or abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control and because we will not perform a detailed examination of all transactions, there is an unavoidable risk that some material misstatements or noncompliance may not be detected by us, even though the audit is properly planned and performed in accordance with GAAS and Government Auditing Standards. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements or on major programs. However, we will inform the appropriate level of management of any material errors, any fraudulent financial reporting or misappropriation of assets that come to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential. We will include such matters in the reports required for a Single Audit. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors. We will also conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable period of time.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, tests of the physical existence of inventories and direct confirmation of receivables and certain assets and liabilities by correspondence with selected individuals, funding sources, creditors and financial institutions. We will also request written representations from your attorneys as part of the engagement.

We have identified the following significant risks of material misstatement as part of our audit planning:

- Management override of controls
- Improper revenue recognition
- Noncompliance with federal awards

Audit Procedures-Internal Control

We will obtain an understanding of the Organization and its environment, including internal control relevant to the audit, sufficient to identify and assess the risks of material misstatement of the financial statements, whether due to error or fraud and to design and perform audit procedures responsive to those risks and obtain evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation or the override of internal control. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to

International Leadership of Texas

Page 4

preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to Government Auditing Standards.

As required by the Uniform Guidance, we will perform tests of controls over compliance to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each major federal award program. However, our tests will be less in scope than would be necessary to render an opinion on those controls and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to the Uniform Guidance.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. Accordingly, we will express no such opinion. However, during the audit, we will communicate to you and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards, *Government Auditing Standards* and the Uniform Guidance.

Audit Procedures-Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the Organization's compliance with provisions of applicable laws, regulations, contracts and agreements, including grant agreements. However, the objective of those procedures will not be to provide an opinion on overall compliance, and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

The Uniform Guidance requires that we also plan and perform the audit to obtain reasonable assurance about whether the auditee has complied with federal statutes, regulations and the terms and conditions of federal awards applicable to major programs. Our procedures will consist of tests of transactions and other applicable procedures described in the OMB Compliance Supplement for the types of compliance requirements that could have a direct and material effect on each of the Organization's major programs. For federal programs that are included in the Compliance Supplement, our compliance and internal control procedures will relate to the compliance requirements that the Compliance Supplement identifies as being subject to audit. The purpose of these procedures will be to express an opinion on The Organization's compliance with requirements applicable to each of its major programs in our report on compliance issued pursuant to the Uniform Guidance.

Other Services

We will prepare the Organization's federal information return for the year ended June 30, 2022 based on information provided by you. We will also assist in preparing the financial statements and schedule of expenditures of federal awards of the Organization in conformity with GAAP and the Uniform Guidance based on information provided by you. These nonaudit services do not constitute an audit under Government Auditing Standards and such services will not be conducted in accordance with Government Auditing Standards. We will perform the services in accordance with applicable professional standards, including the Statements on Standards for Tax Services issued by the American Institute of Certified Public Accountants. The other services are limited to the financial statements, schedule of expenditures of federal awards, related notes, depreciation schedule and tax services previously defined. We, in our sole professional judgment, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities. We will advise management with regard to tax positions taken in the preparation of the information return, but management must make all decisions with regard to those matters.

Responsibilities of Management for the Financial Statements and Single Audit

Our audit will be conducted on the basis that you acknowledge and understand your responsibility for (1) designing, implementing, establishing and maintaining effective internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, including internal controls over federal awards and for evaluating and monitoring ongoing activities to help ensure that appropriate goals and objectives are met; (2) following laws and regulations; (3) ensuring that there is reasonable assurance that government programs are administered in compliance with compliance requirements; and (4) ensuring that management and financial information is reliable and properly reported. Management is also responsible for implementing systems designed to achieve compliance with applicable laws, regulations, contracts and grant agreements. You are also responsible for the selection and application of accounting principles; for the preparation and fair presentation of the financial statements, schedule of expenditures of federal awards and all accompanying information in conformity with GAAP; and for compliance with applicable laws and regulations (including federal statutes), rules and the provisions of contracts and grant agreements (including award agreements). Your responsibilities also include identifying significant contractor relationships in which the contractor has responsibility for program compliance and for the accuracy and completeness of that information.

You are also responsible for making drafts of financial statements, schedule of expenditures of federal awards, all financial records and related information available and for the accuracy and completeness of that information (including information from outside of the general and subsidiary ledgers). You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, identification of all related parties and all related-

party relationships and transactions and other matters; (2) access to personnel, accounts, books, records, supporting documentation and other information as needed to perform an audit under the Uniform Guidance; (3) additional information that we may request for the purpose of the audit; and (4) unrestricted access to persons within the Organization from whom we determine it necessary to obtain audit evidence. At the conclusion of our audit, we will require certain written representations from you about the financial statements; schedule of expenditures of federal awards; federal award programs; compliance with laws, regulations, contracts and grant agreements; and related matters.

Your responsibilities include adjusting the financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud and for informing us about all known or suspected fraud affecting the Organization involving (1) management, (2) employees who have significant roles in internal control and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the Organization received in communications from employees, former employees, grantors, regulators or others. In addition, you are responsible for identifying and ensuring that the Organization complies with applicable laws, regulations, contracts, agreements and grants. You are also responsible for taking timely and appropriate steps to remedy fraud and noncompliance with provisions of laws, regulations, contracts and grant agreements that we report. Additionally, as required by the Uniform Guidance, it is management's responsibility to evaluate and monitor noncompliance with federal statutes, regulations and the terms and conditions of federal awards; take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings; promptly follow up and take corrective action on reported audit findings; and prepare a summary schedule of prior audit findings and a separate corrective action plan.

You are responsible for identifying all federal awards received and understanding and complying with the compliance requirements and for the preparation of the schedule of expenditures of federal awards (including notes and noncash assistance received and COVID-19-related concepts, such as lost revenues, if applicable) in conformity with the Uniform Guidance. You agree to include our report on the schedule of expenditures of federal awards in any document that contains and indicates that we have reported on, the schedule of expenditures of federal awards. You also agree to include the audited financial statements with any presentation of the schedule of expenditures of federal awards that includes our report thereon. Your responsibilities include acknowledging to us in the written representation letter that (1) you are responsible for presentation of the schedule of expenditures of federal awards in accordance with the Uniform Guidance; (2) you believe the schedule of expenditures of federal awards, including its form and

Page 7

content, is stated fairly in accordance with the Uniform Guidance; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the schedule of expenditures of federal awards.

You are also responsible for the preparation of the other supplementary information, which we have been engaged to report on, in conformity with GAAP. You agree to include our report on the supplementary information in any document that contains and indicates that we have reported on, the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes our report thereon. Your responsibilities include acknowledging to us in the written representation letter that (1) you are responsible for presentation of the supplementary information in accordance with GAAP; (2) you believe the supplementary information, including its form and content, is fairly presented in accordance with GAAP; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the supplementary information.

Management is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. Management is also responsible for identifying and providing report copies of previous financial audits, attestation engagements, performance audits or other studies related to the objectives discussed in the Audit Scope and Objectives section of this letter. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits or studies. You are also responsible for providing management's views on our current findings, conclusions and recommendations, as well as your planned corrective actions for the report and for the timing and format for providing that information.

You agree to assume all management responsibilities for the financial statements, schedule of expenditures of federal awards and related notes and any other nonaudit services we provide. You will be required to acknowledge in the management representation letter our assistance with preparation of the financial statements, the schedule of expenditures of federal awards and related notes and that you have evaluated the adequacy of our services and have reviewed and approved the results of the services, the financial statements, the schedule of expenditures of federal awards and related notes prior to their issuance and have accepted responsibility for them. Further, you agree to oversee the nonaudit services by designating an individual, preferably from senior management, with suitable skill, knowledge or experience; evaluate the adequacy and results of those services; and accept responsibility for them.

Engagement Administration, Fees and Other

We understand that your employees will prepare all cash, accounts receivable and other confirmations we request and will locate any documents selected by us for testing.

At the conclusion of the engagement, we will complete the appropriate sections of the Data Collection Form that summarizes our audit findings. It is management's responsibility to electronically submit the reporting package (including financial statements, schedule of expenditures of federal awards, summary schedule of prior audit findings, auditors' reports and corrective action plan) along with the Data Collection Form to the federal audit clearinghouse. We will coordinate with you the electronic submission and certification. The Data Collection Form and the reporting package must be submitted within the earlier of 30 calendar days after receipt of the auditors' reports or nine months after the end of the audit period.

We will provide copies of our reports to the Organization; however, management is responsible for distribution of the reports and the financial statements. Unless restricted by law or regulation, or containing privileged and confidential information, copies of our reports are to be made available for public inspection.

The audit documentation for this engagement is the property of Sutton Frost Cary LLP and constitutes confidential information. However, subject to applicable laws and regulation, audit documentation and appropriate individuals will be made available upon request and in a timely manner to the Texas Education Agency or its designee, a federal agency providing direct or indirect funding, or the U.S. Government Accountability Office for purposes of a quality review of the audit, to resolve audit findings or to carry out oversight responsibilities. We will notify you of any such request. If requested, access to such audit documentation will be provided under the supervision of Sutton Frost Cary LLP personnel. Furthermore, upon request, we may provide copies of selected audit documentation to the aforementioned parties. These parties may intend or decide, to distribute the copies or information contained therein to others, including other governmental agencies.

The audit documentation for this engagement will be retained for a minimum of five years after the report release date or for any additional period requested by the U.S. Department of Education or Texas Education Agency. If we are aware that a federal awarding agency, pass-through entity or auditee is contesting an audit finding, we will contact the party(ies) contesting the audit finding for guidance prior to destroying the audit documentation.

Amy Michie is the engagement partner and is responsible for supervising the engagement and signing the reports or authorizing another individual to sign them. We expect to begin our audit on approximately August 1, 2022.

We estimate that our fees for these services will be as follows:

Audit of financial statements	\$55,000
Compliance audit required by Uniform Guidance	\$12,000
Preparation of financial statements, supplemental schedules and notes	\$8,500
Preparation of Form 990 International Leadership of Texas	\$2,950

The fee estimate is based on anticipated cooperation from your personnel and the assumption that unexpected circumstances will not be encountered during the audit. If significant additional time is necessary, we will discuss it with you and arrive at a new fee estimate before we incur the additional costs. Our invoices for these fees will be rendered each month as work progresses and are payable on presentation.

Reporting

We will issue written reports upon completion of our Single Audit. Our reports will be addressed to the board of directors of the Organization. Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinion, add a separate section or add an emphasis of-matter or other-matter paragraph to our auditors' report or if necessary, withdraw from this engagement. If our opinion is other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed an opinion, we may decline to express an opinion or issue reports or we may withdraw from this engagement.

The Government Auditing Standards report on internal control over financial reporting and on compliance and other matters will state that (1) the purpose of the report is solely to describe the scope of testing of internal control and compliance and the results of that testing and not to provide an opinion on the effectiveness of the entity's internal control or on compliance and (2) the report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. The Uniform Guidance report on internal control over compliance will state that the purpose of the report on internal control over compliance is solely to describe the scope of testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Both reports will state that the report is not suitable for any other purpose.

You agree that any dispute (other than our efforts to collect an outstanding invoice) that may arise regarding the meaning, performance or enforcement of this engagement or any prior engagement that we have performed for you, will, prior to resorting to litigation, be submitted to mediation and that the parties will engage in the mediation process in good faith once a written request to mediate has been given by any party to the engagement. Any mediation

International Leadership of Texas

Page 10

initiated as a result of this engagement shall be administered within the counties of Dallas, Texas or Tarrant, Texas, by a mutually agreed upon mediation organization and any ensuing litigation shall be conducted within said county, according to Texas law. The results of any such mediation shall be binding only upon agreement of each party to be bound. The costs of any mediation proceeding shall be shared equally by the participating parties.

We appreciate the opportunity to be of service to you and believe this letter accurately summarizes the significant terms of our engagement. If you have any questions, please let us know. RFP

INTERNATIONAL LEADERSHIP OF TEXAS

REQUEST FOR PROPOSAL

RFP Title: JANITORIAL SERVICES

RFP Number: 22-0002

Due Date:

Monday, April 11, 2022

@ 2:00 pm

PREPARED BY:

INTERNATIONAL LEADERSHIP OF TEXAS
2021 LAKESIDE BLVD.
RICHARDSON, TEXAS 75082
PHONE: 214-257-8376 FAX: 972-666-4801

International Leadership of Texas Inc, is a nonprofit corporation duly organized and existing under the laws of the State of Texas and is an organization described in Section 501(c)(3) of the Internal Revenue Code of 1986, as amended. The Company was incorporated on January 4, 2011, and was formed to provide open-enrollment charter schools operating in the State of Texas. Its charter was granted by the State Board of Education on May 26, 2013, is valid until July 31, 2028, and is subject to renewal for additional ten-year periods. ILTexas first began operating charter schools in the 2013-14 school year. ILTexas currently serves approximately 21,000 students within 20 campuses in the DFW, Houston and College Station area.

Texas is a strong economic force in the world and its top three countries of export are Mexico, Canada, and China. China has become the second largest economy, and now, more than ever, it is critical that future generations are prepared for today's internationally connected world. At ILTexas, education is taught from a global perspective, where all students are given the opportunity to learn the English, Spanish, and Chinese languages, and graduate with the necessary tools for future leadership and success in the international world.

The core of the ILTexas education is our exclusive leadership program, which emphasizes servant leadership and teaches students how to live our motto, "Others Before Self." Every year, each grade level carries out a student-led service-learning project. With minimal help from teachers, the students are responsible for the entire process—from brainstorming, research, and choosing an idea to planning, organizing, and executing the service project that gives back to their community.

ILT MISSION STATEMENT

The mission of ILTexas is to prepare students for exceptional leadership roles in the international community by emphasizing servant leadership, mastering the English, Spanish, and Chinese languages, and strengthening the mind, body and character.

FORM H

**HISTORICALLY UNDERUTILIZED BUSINESSES (HUB) PROGRAM
COMPLIANCE GUIDELINES & FORMS**

This Form should be completed and signed by the Prime Vendor/Contractor.

- It is the intent of the ILTEXAS HUB Program to identify and track true sub-contracting/outsourcing opportunities by prime vendors that build the capacity of smaller HUB/M/WBE companies.
- These forms must be attached to any procurement documents submitted to the ILTEXAS and are due at the time of bid/proposal opening.

AFFIRMATION

As evidenced by my signature below, I affirm that I am an authorized representative of the Prime Vendor/Contractor, and that the information and supporting documentation submitted are true and correct. I further understand and agree that, if awarded any portion of the solicitation:

- I will submit Prime Assessment Report – PAR to the District or District’s representative, verifying my compliance with this HUB Utilization Plan (HUP), including the expenditure(s) I have made to subcontractors.
- I must seek approval from the District prior to making any modifications to the HUP.

SUMMARY OF UTILIZATION

HISTORICALLY UNDERUTILIZED BUSINESSES (HUB) PROGRAM

- A "Historically Underutilized Business" (HUB)...
 - ...is at least 51% owned by an Asian Pacific American, Black American, Hispanic American, Native American and/or American woman.
 - ...is an entity with its principal place of business in Texas, and
 - ...has an owner residing in Texas with a proportionate interest that actively participates in the control, operations and management of the entity's affairs.

- A HUB is defined as a business formed for the purpose of making a profit in which at least 51 percent of the business is owned, operated, and controlled by one or more of the following:
 - "Minority-Owned Business Enterprise (MBE)" is defined for the purposes of this policy to mean a business enterprise that is at least 51 percent owned by a minority individual or group.
 - "Minority individual" is defined for purposes of this policy to include Black Americans, Hispanic Americans, Asian Americans, Asian-Pacific Americans, Native Americans or persons with a disability.
 - "Woman-Owned Business Enterprise (WBE)" is defined for purposes of this policy as a business enterprise that is at least 51 person owned by a woman or women.

- The Prime Contractor is the vendor that ILTEXAS has awarded a contract to.

- A Sub Contractor is a company that the Prime contractor has hired to provide a portion of the goods/services contracted for:
 - A prime's supplier is not considered a sub-contractor in this definition because the supplier is not needed for the particular goods/services being acquired, but are for the general operations of the prime contractor.
 - This would be considered a tier three HUB vendor. At the present time, ILTEXAS is not calculating tier three relationships.

- HUB Programs typically try to identify true sub-contracting or outsourcing opportunities that will help build the capacity of smaller HUB firms at the tier two level.
 - One concern has been "pass through money" which exists when a prime selects a sub for cosmetic purposes and no true sub-contracting or outsourcing opportunity exists.
 - "Pass through money" tends to drive prime prices up and can increase the costs of goods/services.
 - Pass through operations conflicts with the primary purpose of competitive procurement which is to drive costs down.

- The attached HUB Compliance Guidelines and Forms are due at the time of bid/proposal. The HUB Compliance Guidelines and Forms are not transferable from previously submitted bids or proposals.

- The District's HUB participation expectation is **25%** utilization of the total dollar value of the contract. The HUB goal is applicable to any change orders, additional services, modifications or revisions to the original contract.

- The District recognizes certifications issued by the State of Texas Historically Underutilized Business (HUB), North Central Texas Regional Certification Agency (NCTRCA), the U.S Small Business Administration (SBA) or any other recognized certification agency.
- Failure to be certified as a HUB does not preclude a firm from participating in the District’s contracting and purchasing activities.
- All District bidders/proposers are required to demonstrate positive and reasonably good faith efforts to subcontract with and/or procure supplies/services with HUBs in available subcontracting areas. The District reserves the right to determine if a company has demonstrated good faith effort. Primes who propose to utilize their own workforce will be required to provide a detailed explanation.
- Changes to the List of Subcontractors in the HUB Utilization Plan must be reviewed and approved in writing by the Purchasing Department and/or the District CIP office, prior to any changes being made.
- The prime shall notify the Purchasing Department and/or the District CIP office if the percentage of HUB participation declines or falls below the level of participation represented in the HUB Utilization Plan. The prime shall promptly notify the Purchasing Department and/or the District CIP office within 7 days and obtain a listing of other qualified HUB vendors to meet the commitment amount.
- The Prime will be required to submit a Prime Assessment Report indicating the amounts paid to the subcontractors. Proof of payment reflecting the pay activity report should be attached. Approved proofs of payments are cancelled checks, partial release of liens or notarized letter from the subcontractor stating the bid package number, date and total amount received to date and amount received that month. The Prime Assessment Report will be submitted as requested by the District.
- Prime agrees to establish a written contract with each subcontractor. At minimum, the contract must include the scope of work, payment terms, nondiscrimination clause, and termination of HUB Clause, Prompt Payment Clause, and Retainage Clause. (If applicable).
- The prime will be required to maintain records showing the subcontract/supplier awards, subcontractor payment history, specific efforts to identify and award contracts to HUBs, and copies of executed contracts with HUBs. The prime shall provide access to books, records and accounts to authorized officials of the District, state or Federal agencies for the purpose of verifying HUB participation and good faith efforts to carry out this HUB policy. All District contracts are subject to HUB audit.

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see <i>How to get a TIN</i> , later.	<table border="1" style="width: 100%; border-collapse: collapse;"> <tr> <td colspan="2" style="text-align: center;">Social security number</td> </tr> <tr> <td style="width: 25%; text-align: center;"> <table border="1" style="width: 100%; border-collapse: collapse;"> <tr><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td></tr> </table> </td> <td style="width: 5%; text-align: center;">-</td> <td style="width: 25%; text-align: center;"> <table border="1" style="width: 100%; border-collapse: collapse;"> <tr><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td></tr> </table> </td> <td style="width: 5%; text-align: center;">-</td> <td style="width: 40%; text-align: center;"> <table border="1" style="width: 100%; border-collapse: collapse;"> <tr><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td></tr> </table> </td> </tr> <tr> <td colspan="8" style="text-align: center;">or</td> </tr> <tr> <td colspan="8" style="text-align: center;">Employer identification number</td> </tr> <tr> <td colspan="8" style="text-align: center;"> <table border="1" style="width: 100%; border-collapse: collapse;"> <tr><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td></tr> </table> </td> </tr> </table>	Social security number		<table border="1" style="width: 100%; border-collapse: collapse;"> <tr><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td></tr> </table>						-	<table border="1" style="width: 100%; border-collapse: collapse;"> <tr><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td></tr> </table>					-	<table border="1" style="width: 100%; border-collapse: collapse;"> <tr><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td></tr> </table>									or								Employer identification number								<table border="1" style="width: 100%; border-collapse: collapse;"> <tr><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td></tr> </table>

Under penalties of perjury, I certify that:
1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and 2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and 3. I am a U.S. citizen or other U.S. person (defined below); and 4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.
Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

SECTION III - RFP REQUIREMENTS AND CONDITIONS

In submitting a RFP, Proposer understands and agrees to be bound by the following terms and conditions which shall be incorporated into any future contracts, agreements, or purchase orders relating to this RFP between the vendor and the International Leadership of Texas. By submitting a RFP, each Proposer agrees to waive any claim it has or may have against the International Leadership of Texas arising out of or in connection with the administration, evaluation, or recommendation of any RFP; waiver of any requirements under the RFP Documents; acceptance or rejection of any RFPs; and award of Contracts, if any. **The District may elect to issue subsequent proposals and approve additional vendors for the same or similar items/services during the agreement period, if it is determined to be in the best interest of the District. Subsequent proposals will have the same proposal number followed by an alpha character i.e. (Proposal xx-xxx). Vendors that have responded successfully to the original or a subsequent proposal do not have to respond other subsequent proposal.**

1. WITHDRAWING RFP

RFPs submitted to International Leadership of Texas (hereinafter called "ILTEXAS" or "District") can be withdrawn, upon written request, prior to the time set for opening RFPs. A RFP may not be withdrawn after the RFPs have been opened, and the Proposer, by submitting a RFP, warrants and guarantees that the RFP has been carefully reviewed and checked and that it is in all things true and accurate and free of mistakes.

RFPs cannot be altered or amended after opening time. Any alterations made before opening time **must** be initialed by Proposer or his/her authorized agent.

2. CONSIDERATION OF RFP

RFPs must be signed, sealed and delivered to the International Leadership of Texas, located on 2021 Lakeside Blvd, Richardson, TX 75082, on or before RFP due date and time. Unsigned, unsealed or late RFPs will not be considered. After RFPs are opened and publicly read aloud, the RFPs will be tabulated for comparison on the basis of the evaluation criteria in Section V. The International Leadership of Texas Board of Trustees reserves the right to reject any or all RFPs, to waive technicalities, and to re-advertise for new RFPs, or proceed to do the work otherwise in the best interests of the District.

Cash discounts with terms less than thirty (30) days will not be considered in the awarding of RFPs and will be tabulated as "net."

RFPs received after the date and time specified **will not** be considered. The Purchasing Department will notify those firms submitting late RFPs and will hold documents for pick-up for five (5) business days following late RFP notification. **All late RFPs which are not picked up by the Proposer within five business days will be discarded.**

3. AWARD CRITERIA (See Section V – RFP Evaluation Criteria)

The District reserves the right to award this RFP to a single vendor, multiple vendors, each line item separately, or in any combination it determines to be in the best interest of the District. If the Proposer chooses to bid/propose "all or none" or is not agreeable to multiple or split awards, it must be noted on the Deviation/Compliance Form and included with the RFP.

Regardless of the award of RFP hereunder, the District retains the right to purchase the same or similar materials or items from other sources should it be determined that doing so would be in the District's best interest.

4. IRREGULAR RFP

RFPs will be considered irregular if they show any omissions, alterations of form, additions, or conditions not called for, unauthorized alternate RFPs, failure to return all forms and copies, or irregularities of any kind. However, the District reserves the right to waive any irregularities and to make the award in the best interests of the District.

5. REJECTION OF RFP

The District reserves the right to reject any or all RFPs, and all RFPs submitted are subject to this reservation. RFPs may be rejected, among other reasons, for any of the following specific reasons:

- A. RFP received after the time limit for receiving bids as stated in the advertisement.
- B. RFP containing any irregularities.
- C. Unbalanced value of any items.
- D. Improper or insufficient RFP guaranty, if required.
- E. Where the Proposer, any Sub-contractor or Supplier, or the surety on any bond given, or to be given, is in litigation with the District or where such litigation is contemplated or imminent, in the sole opinion of the District.

6. DISQUALIFICATION OF PROPOSERS

Proposers may be disqualified and their RFPs not considered, among other reasons, for any of the following specific reasons:

- A. Reason for believing collusion exists among the Proposers.
- B. Reasonable grounds for believing that any Proposer is interested in more than one RFP for the work contemplated.
- C. Where the Proposer, any Sub-contractor or Supplier, or the surety on any bond given, or to be given, is in litigation with the District or where such litigation is contemplated or imminent, in the sole opinion of the District.
- D. The Proposer being in arrears on any existing Contract/Purchase Order or having defaulted on a previous Purchase Order.
- E. Lack of competency as revealed by pertinent factors, including but not necessarily limited to, experience and equipment, financial statement and questionnaires.
- F. Uncompleted work that in the judgment of the District will prevent or hinder the prompt completion of additional work if awarded.
- G. Where the Proposer has failed to perform in a satisfactory manner on a previous Purchase Order/Contract.

7. CONFIDENTIAL OR PROPRIETARY MARKINGS

Any portion of the RFP that Proposer considers confidential or proprietary information, or to contain trade secrets of Proposer, must be marked accordingly. This marking must be explicit as to the designated information. This designation may not necessarily guarantee the non-release of the information under the Public Information Act or as otherwise required by law, but does provide the District with a means to review the issues thoroughly and, if justified, request an opinion by the Attorney General's office prior to releasing any information requested under the Public Information Act.

8. NEW MATERIALS

Unless otherwise stated in the specifications, all supplies and components to be provided under this RFP shall be new (not used or reconditioned, and not of such age or so deteriorated as to impair their usefulness or safety), of

current production, and of the most suitable grade for the purpose intended. If at any time during the performance of this RFP the Vendor believes that the furnishing of supplies or components which are not new is necessary or desirable, it shall notify the District immediately, in writing, including the reasons and proposing any consideration which will flow to the District if authorization to use such supplies or components is granted.

9. BRAND NAME OR SUITABLE SUBSTITUTE

This clause is applicable only when a "brand name or suitable substitute" description is included in a solicitation. As used in this clause, the term "brand name" includes identification or products by make and model.

- A. If items for which RFPs have been called for have been identified by a "brand name or suitable substitute" description, such identification is intended to be descriptive, but not restrictive, and is to indicate the quality and characteristics of products that will be satisfactory. RFPs offering "suitable substitute" products will be considered for award if such products are clearly identified in the RFPs and are determined by the District to be equal in all material respects to the brand name products referenced.
- B. Should any product be delivered or service performed which is not as the successful Proposer has purported it to be in its submitting of this RFP, said Proposer will be required to correct any deficiencies without additional cost to the District.

10. SAMPLES

Samples and/or product specification documents may be required for items, as specified in Section VII - Special Terms & Conditions/Proposal Specifications. Product specification documents (as required in Section VII - Special Terms & Conditions/Proposals Specifications) shall be submitted with the RFP, properly referenced and clearly marked so as to indicate related RFP item. Samples, when requested on Section VI, must be furnished at no cost to the District and will not be returned. Each sample should be clearly marked with bidder's/proposer's name, RFP number, and item number on the RFP. **DO NOT ENCLOSE IN OR ATTACH RFP TO SAMPLE.** ILTEXAS assumes no responsibility for the handling of samples in any manner. Improperly identified samples will not be considered.

When samples and/or product specifications are not required to be submitted with the RFP (not stated on Section VII – Special Terms & Conditions/Proposals Specifications) ILTexas reserves the right to request samples and/or product specification documents for any merchandise submitted for RFP before final selections are made. Samples and/or product specifications requested after RFP opening must be received within five (5) calendar days after request.

SECTION IV – GENERAL TERMS AND CONDITIONS

1. TERMS OF PAYMENT

Terms of payment to the successful Proposer will be contingent upon the terms offered based on invoices submitted to and approved by the District for payment. Invoices shall be fully documented in accordance with the specifications and contain individual pricing for each item. **No payments shall be made on invoices not listing an ILTEXAS Purchase Order number.**

Invoices will be paid upon completion of delivery and acceptance **30 days from receiving invoice**. Invoices must reflect only the amount due for goods or the portion of the services performed, materials and equipment furnished for the period covered by each invoice. Invoices shall be priced per unit prices as awarded.

Email your invoice(s) to **accountspayable@iltexas.org**. Please include the following items on your invoice document:

- Company Name/Name of Contact, Purchase Order Number, Remit Address, Detailed on items/or services rendered, Invoice Number, Invoice Date, Total Amount Due

It is preferred that you email your invoices; however, if you do not have this capability, you may mail your invoice to the following address:

International Leadership of Texas
ATTN: Accounts Payable
2021 Lakeside Blvd.
Richardson, TX 75082

2. TAX EXEMPT STATUS

The International Leadership of Texas is exempt from Federal Excise Tax. **DO NOT INCLUDE TAX IN RFP PRICES.** Excise Tax Exemption Certificate will be furnished upon request. ILTexas Federal ID Number is **27-4549127**.

3. RIGHTS TO INSPECT AND AUDIT

The Vendor (and Vendor's suppliers, vendors, sub-contractors, insurance agents, and other agents) shall maintain and the District shall have the right to examine records, documents, books, accounting procedures and practices and any other supporting evidence deemed necessary by the District to substantiate compliance with the terms of this agreement. Such right of examination shall include reasonable access to and cooperation by all Vendors personnel who have worked on or have knowledge related to the performance of this RFP. Proprietary/Trade Secret information pertaining to this RFP may not be withheld from the District or its Authorized Representative.

4. VENDOR RESPONSIBILITIES

The Vendor shall be fully responsible for the quality and accuracy of any and all Work performed in conjunction with this RFP. Neither acceptance of such Work by the District, nor payment therefore, shall relieve the Vendor of

this responsibility. If and when applicable, the Vendor shall complete all services in conformity with professional standards, and shall provide qualified personnel to meet agreed upon schedules.

5. ASSIGNMENT

The successful Proposer may not assign its rights and duties under an award without the written consent of the International Leadership of Texas. Such consent shall not relieve the assignor of liability in the event of default by its assignee.

6. TERMINATION OF WORK FOR DISTRICT CONVENIENCE

Whenever ILTEXAS, in its discretion, deems it to be in the District's best interests, it may terminate any resulting award for the District's convenience. Such termination shall be effective thirty (30) days after ILTEXAS delivers written notice of such termination for convenience to the Vendor. Upon receipt of such notice from the District, Vendor shall not thereafter incur, and ILTexas shall have no liability for, any costs under this RFP that are not necessary for actual performance of the RFP between the date of the notice of termination for convenience and the effective date of that termination for convenience. In the event of a termination for convenience hereunder, ILTEXAS shall have no liability to Vendor for lost or anticipated profit resulting there from.

The ILTexas can terminate any resulting award for this RFP with thirty (30) calendar days' notice, in the event no funds or insufficient funds are appropriated and budgeted or are otherwise not available in the next fiscal year for obligations herein provided, however, this provision shall not be construed so as to permit the ILTexas to terminate this RFP in order to enter other Contracts or make other arrangements for essentially the same services made the subject of this RFP. **Multi-term agreements are subject to review and ratification at the end of each school year during the term.**

7. DEFAULT AND REMEDIES

The Vendor shall be considered in default of this RFP, and such default shall be grounds for the District to terminate any resulting award for this RFP and/or pursue any and all relief, at law or in equity, to which it may be entitled by reason of such default if Vendor fails to perform any of its obligations under this RFP and fails to correct such non-performance within ten (10) calendar days of written notice from the District to do so. Should any termination of this RFP under this Item 7 be held to be unenforceable or otherwise improper by a court of competent jurisdiction, then such termination shall be considered a termination for convenience under Item 6 of Section IV - General Terms and Conditions.

8. GRATUITIES

The District may, by written notice to the Vendor, cancel this RFP without liability to Vendor if it is determined by the District that gratuities, in the form of entertainment, compensation, gifts, or otherwise, were offered or given by the Vendor, or any agent or representative of the Vendor, to any Board Member, officer, or employee of International Leadership of Texas with a view toward securing a RFP or securing favorable treatment with respect to the awarding or amending, or the making of any determinations with respect to the performing of such an agreement.

9. JURISDICTION

The Purchase Order(s) resulting from this RFP shall be enforceable in Dallas County, Texas, and if legal action is necessary by either party with respect to the enforcement of any and all of its terms and conditions, exclusive venue for same shall lie in Dallas County, Texas.

10. NOTICE OF DELAYS

Whenever the Vendor encounters any difficulty which is delaying or threatens to delay timely performance (including actual or potential labor disputes), the Vendor shall immediately give notice in writing to the District, including all relevant information. Such notice shall not in any way constitute a basis for an extension of the delivery or performance schedule or be construed as a waiver by the District of any right or remedies to which it is entitled by law or pursuant to provisions herein. Failure to give such notice, however, may be grounds for denial of any request for an extension of the delivery or performance schedule because of such delay.

11. FORCE MAJEURE

Neither Vendor nor the District shall be responsible or deemed to be in default of its obligations to the other to the extent any failure to perform or delay in performing its obligations under this RFP is caused by events or conditions beyond the reasonable control of that party, and are not due to the negligence or willful misconduct of such party (hereinafter, "Force Majeure events"). For purposes of this RFP, Force Majeure events shall include, but not be limited to, acts of God or public enemy, war, riot or civil commotion, strikes, epidemic, fire, earthquake, tornado, hurricane, flood, explosion, or other catastrophes, or events or conditions due to governmental law, regulations, ordinances, order of a court of competent jurisdiction, executive decree or order. However, in the event of such delay(s) or nonperformance, the party so delayed shall furnish prompt written notice to the other party (including the date of inception of the Force Majeure event and the extent to which it will affect performance) and shall undertake all efforts reasonably possible to cure the delay or nonperformance and mitigate its effects or to otherwise perform. The District shall not be responsible for payment for any product or service delayed or foreclosed by any Force Majeure event unless and until such delayed or foreclosed product or service is provided. The provisions of this section shall not preclude the District from canceling or terminating any resulting award (or any order for any goods or services included herein), or from revising the scope of the Work, as otherwise permitted under this RFP.

12. DELIVERIES OF GOODS

- A. A specific delivery date may be required to be a part of each RFP. The District considers delivery time to be that period elapsing from the time the individual order is placed until that order or work thereunder is received by the District at the specified delivery location.
- B. All items covered by this RFP shall be delivered F.O.B Destination ILTexas, from point of assembly to the District location(s) specified on each purchase order. **RFP PRICING SHALL INCLUDE ALL FREIGHT/DELIVERY CHARGES.** The District shall not be liable for any deliveries of merchandise unless same has been received at the specified delivery location within ILTexas, inspected and accepted as in full compliance with the Specifications. Risk of theft, destruction, loss or damage to any work, materials, shipment, or deliveries will be borne exclusively by the successful Proposer until after the District completes its inspection and acceptance of said work, material, shipments, or deliveries; the burden and cost of insurance against such risks shall be assumed by the successful Proposer.
- C. Deliveries will be made only upon authorization of the ILTexas, and shall be made if, as, and when required and ordered by the District, at such intervals as directed by the District. It is important that each supplier understand the following information:
 - All purchases made by the District will be made via ILTexas purchase order.
 - Do not provide goods/services absent a bona fide, signed purchase order.

- Do not provide goods/services exceeding the quantities contained on the purchase order.
 - The District will only pay invoices which match the purchase order description, quantity, and price.
- D. Deliveries shall be to the location identified in each Purchase Order. Each proof of delivery shall list the ILTexas purchase order number, exact quantity delivered, back orders (if any) and number of pallets.
- E. Proposer warrants that all deliveries made under the Purchase Order will be of the type and quality specified; and the District may reject and/or refuse any delivery that falls below the quality specified in the Specifications. The District shall not be held to have accepted any delivery until after an inspection of same has been made and an opportunity to exercise its right of rejection has been afforded.
- F. Failure by the Vendor to make reasonable delivery as and when requested shall entitle the District to acquire quantities from alternate sources wherever available, with the right to seek reimbursement from the Vendor for amounts, if any, paid by the District over and above the RFP price.
- G. All materials delivered shall be free of any and all liens and shall upon acceptance thereof become the property of the District, free and clear of any liens.
- H. Acceptance by the District of any delivery shall not relieve the Vendor of any guarantee or warranty, express or implied, nor shall it be considered an acceptance of material not in accordance with the Specifications and shall not waive the District's right to request replacement of defective material.

13. PERFORMANCE OF SERVICES

- A. Performance will be made only upon authorization of the District, in the form of a bon-a-fide, signed Purchase Order and shall thereafter be made if, as, and when required and ordered by the District.
- B. Performance shall be at the location identified in each order.
- C. The scope of this RFP and requirements of the District as shown in the specifications shall not be considered as binding on the District, and the work actually may be less than or greater than projected.
- D. Proposer warrants that all work will be of the type and quality specified, and the District may reject and/or refuse work that falls below the quality required in the specifications.
- E. Failure by the Vendor to make reasonable progress as and when requested shall entitle the District to seek work from alternate sources wherever available, with the right to seek reimbursement from the Vendor for amounts, if any, paid by the District over and above the RFP price.
- F. All materials delivered shall be free of any and all liens and shall upon acceptance thereof become the property of the District, free and clear of any materialman's, supplier's, or other type liens.
- G. All work performed, as herein shown under the Specifications, shall be of the highest quality workmanship and shall in every respect meet or exceed the industry standards for this type RFP.
- H. If deemed necessary, inspections will be made by authorized district personnel on a routine basis. Any deficiencies in the work performance disclosed during such inspections must be corrected following receipt

of notification by the Vendor. Continued failure to take such corrective actions could, at the District's discretion, lead to termination of any resulting award.

- I. Failure of Vendor to fully comply with the terms and provisions of this RFP shall constitute grounds for declaring the Vendor in default.
- J. Acceptance by the District of any delivery shall not relieve the Vendor/Supplier of any guarantee or warranty, express or implied, nor shall it be considered an acceptance of material not in accordance with the Specifications and shall not waive the District's right to request replacement of defective material.

14. WARRANTY INFORMATION

- A. Warranty – Product: Manufacturers' standard warranty for parts and labor must be included in the prices bid/proposed and must meet or exceed any additional warranty requirements specified herein. All manufacturers' warranties shall be enforced to benefit the District, and replacement of defective materials shall be made promptly upon request.
- B. Warranty – Price: The price to be paid by the District shall be that contained in Seller's RFP which Seller warrants to be no higher than Seller's current prices on orders by others for products of the kind and specification covered by this RFP for similar quantities under similar or like conditions and methods of purchase. In the event Seller breaches this warranty, the prices of the items shall be reduced to the Seller's current prices on orders by others. Or in the alternative, the District may cancel the Purchase Order(s) without liability to seller for breach of Seller's actual expense.
- C. Warranty – Safety: Seller warrants that the product sold to the District shall conform to the standards promulgated by the U.S. Department of Labor under the Occupational Safety and Health Act of 1970. In the event the product does not conform to OSHA standards, the District may return the product for correction or replacement at the Seller's expense. In the event Seller fails to make the appropriate correction within a reasonable time, correction made by the District will be at Seller's expense.

15. INDEMNIFICATION AND HOLD HARMLESS

The vendor shall defend, indemnify, and hold harmless International Leadership of Texas, all of its officers, agents and employees from and against all claims, actions, suits, demands, proceedings, costs, damages, and liabilities, arising out of, connected with, or resulting from any acts or omissions of vendor or any agent, employee, sub-contractor, or supplier of vendor in the execution or performance of this RFP.

16. PRICE INCREASES

SECTION VIII – CLEANING PROCEDURES

Introduction

These guidelines are provided as standards for ILTexas' expectations for cleaning services. It is the responsibility of the Contractor to ensure that these procedures are followed. The Contractor may modify the order in which each procedure is performed to maximize efficiency but may not do so if it compromises cleanliness (such as sweeping the floor and then dusting instead of the other way around). The Contractor will create and maintain a log of which areas were cleaned at what time and by which employee(s). The contractor Shall provide, to its employees, training from all Chemical and Equipment company Representatives listed in this document. Proof of training shall be provided for each employee within 1 month of hire start date.

Building Information

- 1/3rd of the campus is carpet
- 1/3 of the campus is polished concrete
- 3,000 sq. feet of VCT
- 1/3 is sports courts and turf
- Aggieland HS is LVT
- Lancaster/Desoto HS is VCT (mopping will be necessary, no waxing)

Equipment Request

New Equipment will be used at the beginning of the new contract to fulfill all cleaning procedures stated on this RFP.

A. CHEMICALS

1. This section should be used to identify which chemicals should be used for daily and non-routine cleaning.
2. The use of bleach, Fabuloso®, Pine-Sol®, and other household cleaning chemicals by the Contractor are prohibited without prior-written permission from the ILTexas Facilities Executive Director.
3. It shall be The Contractors responsibility to provide all required training for proper handling techniques and SDS to comply with all applicable labor and safety laws.
4. There will be 2 options for chemicals given, EnvirOx and 3M. If another system is deemed better by Contractor, it shall be approved by ILTexas Director before approved.
5. For the purpose of all procedures in this manual as it relates to chemical usage, when you see EnvirOx® listed as chemical used in procedure, it should be substituted if option 2 or other ILTexas approved chemical is agreed upon.

EnvirOx® Required Use (Option 1)

1. Contractor will provide EnvirOx® H2Orange2 Concentrate 117 or H2Orange2 Hyper-Concentrate 112 sanitize/virucide cleaner, at Contractor's expense, to properly execute the tasks listed in this document. No substitutions will be accepted when the EnvirOx® is appropriate for the application.
2. EnvirOx® H2Orange2 should be dispensed into designated, color coded spray bottles. No other chemicals should be used in EnvirOx® H2Orange2 spray bottles. Spray bottles purchased by Contractor should be labeled with their company name or initials.

3. The EnvirOx® H2Orange2 117 dispenser dispenses two different levels of concentration. Green and Red. Green is a lower concentration but retains the disinfecting properties required for use in this scope of work. Red is used in instances where more disinfecting or more cleaning action is required.
4. The EnvirOx® H2Orange2 112 dispenser dispenses at more than 2 levels of concentration. Reference the EnvirOx® website for further directions on application.
5. Annex III – EnvirOx® H2Orange2 Use Wall Charts is a collection of diagrams and instructions provided by EnvirOx®. The Contractor will adhere to the use levels indicated on the chart.
 - a. It shall be The Contractor’s responsibility to obtain further information from the manufacturer, EnvirOx®.
6. At no point should the Contractor pour EnvirOx® straight into a mop bucket or attempt to dilute the chemical manually.

Other Chemicals

1. The Contractor may use the following additional chemicals.
 - a. Stainless Steel Cleaner – Submit for approval
 - b. Carpet Spotter – Submit for approval
 - c. Glass Cleaner – Submit for approval
 - d. Enzyme Bathroom Cleaner- Submit for approval
 - e. Spray Buffing Compound – This product must be compatible with 3M stone care.
 - f. Scrub and Recoat Cleaner – This product must be compatible with 3M stone care.
 - g. EnvirOx® Critical Care™ disinfectant-fungicide-virucide
 - h. NCL® Natural Miracle™ Biologically Engineered Instant Malodor Destroyer and Cleaner
 - i. Kaivac, Inc. KaiBlooy™ Restroom Cleaner or Hillyard C3 chemicals – may only be used in proper dilution with Kaivac or Hillyard cleaning equipment
2. All chemicals listed above as “submit for approval” will require submission to the Executive Director of Facilities for approval before these chemicals may be used.

B. CROSS CONTAMINATION PREVENTION PROGRAM

In an effort to prevent cross contamination of heavily soiled areas with less soiled common areas, the Contractor will be required to adhere to a cross contamination prevention program (CCPP). The CCPP takes steps to properly identify mops, mop buckets, and rags for use in specified areas only. It is unrealistic to clean schools to pharmaceutical standards and completely eliminate cross-contamination. However, the CCPP is used to mitigate and minimize the possibility of cross contamination. The following colors are used to identify equipment. The CCPP may vary slightly from campus to campus.

- **Red**
 - Mop bucket – for use in restrooms or for biohazard clean-up only.
 - Rags – for use for cleaning toilets, urinals and walls/partitions where there may be splash back.
- **Blue**
 - Mop buckets – for use in common area cleaning such as gyms, stairs, hallways, dining areas. Not for use in restrooms
 - Rags – Windows and mirrors only

- **Yellow**
 - Mop buckets – typically for waxing operations only. For campuses that do not already have blue mop buckets, yellow mop buckets can be used instead. A separate bucket should be used for waxing operations if this is the case.
 - Rags – use for wax cleanup of floors, baseboards and doors.
- **Green**
 - Rags – used for table surfaces (desktops, tables), counters and general disinfecting.

Mop buckets and mop handles may be marked with spray paint or labeling in lieu of purchasing new equipment.

C. GLASS CLEANING PROCEDURES

Spot Cleaning Procedures

1. Use a microfiber cloth in accordance with the cross-contamination procedures (blue) or a paper towel and green EnvirOx®.
2. Remove tape or stubborn stains on glass.
3. Clean around campus work or decorations taking care not to disturb it.
4. Spray green EnvirOx® directly on to glass if overspray is not likely. Spray green EnvirOx® directly to microfiber cloth if overspray is likely (such as a narrow window on a door).
5. Wipe glass in a figure 8 motion overlapping from side to side until glass is clean. Wipe the perimeter of the glass as a final motion. Switch cloth to a clean portion to do a final wipe if the glass is still hazy. Switch to a clean cloth if necessary.
6. Clean all glass up to 7' from the ground.
7. Clean any glass that has a “hazy” or “foggy” look regardless of how long it has been cleaned last.
8. For classrooms, all glass should be spot cleaned
9. For entry vestibules, both the inside and outside glass should be cleaned.
10. Receptionist glass should be cleaned, inside and out, in its entirety.

Deep Cleaning Procedures

11. Use a microfiber cloth in accordance with the cross-contamination procedures and green EnvirOx®.
12. Remove tape on glass. Remove adhesive from glass by soaking a portion of a cloth in green EnvirOx® and rubbing the glass. Do not use a razor on the glass.
13. Clean off any decorations or markings on the glass.
14. Spray green EnvirOx® directly on to glass if overspray is not likely. Spray green EnvirOx® directly to microfiber cloth if overspray is likely (such as a narrow window on a door).
15. Wipe glass in a figure 8 motion overlapping from side to side until glass is clean. Wipe the perimeter of the glass as a final motion. Switch cloth to a clean portion to do a final wipe if the glass is still hazy. Switch to a clean cloth if necessary.
16. Using the same cloth, clean the edges of the glass and glazing paying special attention to the corners and bottom edge where dirt or dust may accumulate.
17. Clean all window ledges and hollow metal frames to ensure there is no dust or dirt buildup. Move and replace items on window ledges, if necessary, to clean underneath them.

D. FLOOR SWEEPING AND DUST MOPPING PROCEDURES

1. Prep the area to be cleaned by picking up large trash from area such as boxes, large wrappers or large paper. Move light objects or objects on wheels such as trash cans or chairs.
2. Place chairs on top of tables or desks, seat down. Do not place chairs on top of tables where the chair feet touch the desk/table tops unless they will be disinfected with green EnvirOx® after they are put back on the floor.
3. The area should have already been dusted as appropriate.
4. Using a stiffer bristled small broom, sweep out dust and debris from corners and edges of the area to be cleaned. This will allow the dust mop to capture that dust later. Sweep the tops of the baseboards or cove base.
5. Ensure you use a clean dust mop.
6. Walk behind the dust mop as you perform the cleaning. Walk from the perimeter of the room/area towards the inside while keeping about a 6” overlap between each pass.
7. Attempt to channel the dirt/debris towards the outside of the room or to a central location of a hallway or large area.
8. Periodically shake off dust mop when you return to the central location where you are collecting dust/dirt.
9. Clean scuff marks with a felt tip (such as a tennis ball on a stick) or by hand using a microfiber cloth and green EnvirOx®.
10. Spot clean spills, sticky areas or heavily soiled areas using a mop and mop bucket. Remove small stickers, gum or other sticky debris from the floor.
11. Sweep up collected debris using a broom and dust pan and place into trash can.
12. Remove any large dust clumps and then perform a final dust mop swipe over the area that was just swept to collect any lingering dust/dirt.
13. Sweep up the collected debris again, if any and place into trash can.
14. 5x a week before auto scrubbing or mopping at night, the dust mop shall have EZTrap or comparable tack cloth to ensure fine dirt is picked up and secured in the cloth.

E. FLOOR MOPPING PROCEDURES

15. Use a color-coded mop and mop bucket to comply with the CCPP. You may also need an appropriately coded microfiber cloth for heavy soil.
16. The area should have already been dusted as appropriate then dust mopped/swept in accordance with Section D “**Floor Sweeping and Dust Mopping Procedures**”.
17. Fill the mop bucket with the appropriate dilution of EnvirOx® for the application. This is typically using the green EnvirOx® concentration. For restrooms, the red EnvirOx® may be needed. It is more effective to change out mop water more frequently rather than attempting to use a higher concentration of chemical.
18. 2x a week an approved Enzyme chemical shall be used in the restrooms to help with urine, excrement, etc that soaks into the concrete.
19. Remove mats from area being mopped.
20. Place “wet floor” signs at the entrances of the room or the perimeter of the area that is being mopped.
21. Dip the mop in the mop bucket and then wring out the mop head to prevent it from dripping. The mop should be wet but not dripping.
22. In a space, start from the area furthest from the exit and work your way back.

23. Pay particular attention to corners and edges of the room.
24. If possible, start with the edges of a space to prevent buildup in those areas.
25. Move the mop in a figure 8 motion to allow for overlap as you move across an area. Move the mop in a wiping motion rather than a sweeping motion. Using a sweeping motion will fling dirt and debris to the sides instead of capturing it.
26. Dip mop in mop water about every 100 square feet.
27. Change out mop water when it becomes visibly soiled.
28. When finished, empty and rinse the mop bucket into a custodian closet sink only. If debris or mop fibers are trapped on the sink strainer, remove the debris by hand and place it in a trash can. Do not attempt to force flush debris down the drain as this may cause problems with the sewer system.
 - a. Periodically scrub the inside and outside of the mop bucket to keep it clean and remove dirt buildup.
29. Replace mats only after the floor has dried completely. Failing to do so may cause discoloration.
30. Thoroughly rinse the mop with clean water. Wring it a few times in a mop bucket wringer and re-rinse it a few times to allow all of the soil to come out of the mop. If the mop fibers are easily coming apart, it is time to replace the mop head.
31. Hang the mop on a wall hood or mop holder. Ensure that the mop drips into the mop sink. Place the mop bucket under the mop if there is no sink available. Do not lean the mop head against the wall. This may cause mildew or mold on the wall itself.
32. **Replace the mop head at least once a month.**

F. FLOOR SCRUBBER PROCEDURES

1. A walk-behind may be used in lieu of mopping large areas. The walk-behind shall be used at a minimum of 3x per week.
2. Follow the manufacturer's instructions on operations compatible with the floor that are to be cleaned.
3. EnvirOx® will be used as the cleaning chemical with floor scrubbers. It is the Contractors responsibility to ensure compatibility with the floor machine being used.
4. 3M Scotch-Brite Clean and Shine pad shall be used every time walk-behind is used. No other pads will be allowed for Auto-scrubbing.

G. VACUUMING RUGS AND CARPETS

1. Prep the area to be vacuumed by removing all obstructions from the vacuuming path such as boxes or trash cans. Place chairs on top of tables or move them out of the way as you are vacuuming. Remove any large debris that won't be recovered by the vacuum or may clog the vacuum.
2. To start, it is a good idea to uncoil the power cord behind your vacuum and work forward from that point. This will keep the cord out of your way at all times.
3. Normal carpeting may require up to 3 or 4 passes with an upright model to recover all of the debris located in the carpet fibers. Heavy traffic areas may require up to 7 passes for full recovery. The most efficient recovery will occur when vacuuming against the nap of the carpeting. Overlapping your strokes will definitely increase the recovery of dirt.
4. Use upholstery tools and attachments to vacuum up tight against baseboards and into hard to reach areas.
5. For rugs, sweep under rugs in classrooms and vacuum the back of the rugs underneath.

6. Only empty the vacuum refuse canister in an area where any debris won't get on to other surfaces except the floor. Empty it in a hallway with a hard floor rather than a smaller space such as a classroom. This will allow you to sweep up any debris that may have fallen to the floor. It is also suggested to empty the canister into a larger trash can.
7. Change the filter if disposable or clean it routinely. This will help maximize the efficiency of the vacuum.
8. Replace any furniture or trash cans that were moved out of the way at the beginning of the process.
9. At the end of the vacuuming operations, the vacuum should be wiped with a green microfiber cloth or disposable paper towel damp with green EnvirOx®.

H. RESTROOMS

Before entering the restroom, you must have a broom, dust pan, red, green, and blue microfiber towel and a red mop bucket with fresh water. Use required personal protective equipment such as gloves and safety glasses.

1. At the restroom entrance, use a damp green microfiber rag with green EnvirOx® to wipe down the door handle and kick plate
2. Clean the door glass, if any, and any windows to the restroom, if any. Follow glass cleaning procedures as specified in Section C **“Glass Cleaning Procedures,”** Subsection **“Spot Cleaning Procedures.”**
3. Empty wastebasket and feminine napkin receptacles. Replace the wastebasket liners and/or feminine napkin wax paper liners. Ensure the liners are secure on the trash can/receptacle.
4. Enter restroom and spray all mirrors, sinks, and toilet chrome flushing mechanisms with green EnvirOx® to disinfect. Let sit for 5 minutes to allow for kill time.
5. Wipe soap and paper towel dispensers with green EnvirOx®.
6. Wipe hand dryers, if any, with green EnvirOx®. Dust the air intake of the hand dryer. Clean the wall underneath the hand dryer(s) where there may be water marks.
7. During the required sit time for the items sprayed with green EnvirOx®, spray the toilets and urinals with red EnvirOx®. Also spray partition walls or walls which may have overspray from urine. Allow the EnvirOx® to sit for at least 5 minutes. Do not allow it to dry, re-spray if necessary.
8. Clean all mirrors in their entirety in accordance with the procedures specified in C **“Glass Cleaning Procedures,”** Subsection **“Spot Cleaning Procedures.”** Do not only spot clean the mirrors in the restrooms, clean the entire mirror and edges.
9. Using a green microfiber rag, wipe down the sinks and the chrome flushing mechanisms.
10. Clean toilet bowl
 - a. With the toilet seat down, flush the toilet. Use a pail filled with water and dump the water into the toilet. This will cause the toilet to flush but not refill to the normal water level. With the water level lowered, spray the entire inside of the bowl and under the lip of the rim of the toilet with red EnvirOx®. Let the EnvirOx® sit in the bowl while you clean the exterior of the toilet.
 - b. Use the red EnvirOx® spray and red microfiber rag to wipe down the exterior of the toilet. Start at the top and work your way down towards the floor, including thoroughly cleaning/disinfecting the toilet seat. Using a bowl brush, thoroughly scrub the interior of the toilet, including under the flushing rim. Flush toilet.
11. Clean the urinal
 - a. Some urinals have a flush valve key. Insert the key and turn it clockwise until it stops and then push in to flush.
 - b.

- c. Flush urinal to rinse interior surfaces. Remove any urinal screens or blocks, and other foreign materials. Using red EnvirOx®, spray a solid stream along the top of the inside flushing edge of the urinal. Allow the solution to run down the inside surface of the urinal. Allow the EnvirOx® to sit at least 2 minutes.
 - d. Spray the exterior of the urinal with red EnvirOx®. Wipe down the exterior surfaces with a red microfiber towel or disposable paper towel moist with red EnvirOx®. Make sure to wipe down pipes and flushing handle as well. Scrub the interior surface of the urinal with a bowl brush, taking care to thoroughly scrub all surfaces.
 - e. Flush urinal and scrub again as needed to allow soil to be fully rinsed out of urinal.
