Agenda

State of Finances

- **EdOps + Nick**
 - Sierhah stepped away; working with Regional Director to finish the ASBR, FER, and audit
 - Substantial clean-up underway, which will be the focus of the next months. This relates to:
 - Kairos Academies Vanguard (formalizing relationship, appropriate invoicing, closed books)
 - Grant dollars across fiscal years
 - Understanding and appropriately reporting according to DESE
 - Modified Cash
 - Teacher's Fund
 - Equipment and depreciation
 - Clear understanding of accounts receivable (DESE revenues, Kairos Academies Vanguard) and payable (health insurance)
- **Reports are a snapshot in time**
 - New reports in progress, including:
 - Balance sheet displaying Function and Object Code
 - Cash Flow
 - Budget vs. Forecast vs. Actuals
 - At the current Function/Object Code (e.g. Middle School Instructional supplies)
 - At the budget code level, for both revenues + expenses
 - P&L for budget owners (e.g., Athletics, Food, Transportation, Facilities, etc.)
 - Displaying July finances against budget provides little insight

empowering students to direct their own lives and learning

- Not enough expenses to adjust forecast
- Month-to-month comparison not feasible with Ed Ops
- **Overall financial story**
 - Running a ~\$90K deficit but not of concern
 - Reason:
 - DESE is paying off of last year's WADA, without summer school
 - At the same time, we've doubled the students served and staff
 - Expenses to date are largely for payroll and furniture and planned for
 - Note: Rent is *not* paid for, though that also doubled
 - Greatest concern is enrollment and attendance
 - Budget based off of 430 students, with 92% attendance and 6% attrition (attending school 50% of the year)
 - Enrollment number in flux
 - Work to do for accurate attendance percentage
