### IV. Roll Call – E. Pavlich

### V. Public Comment

The Board welcomes participation by the members of the public telephonically. To address an item on the agenda, before the scheduled start of the meeting, an individual must write their name and a short description of the agenda item on which they wish to comment on the card provided and submit this to the Chair, along with any materials they want to have distributed to Board. Individuals who wish to address the Board telephonically must contact the School Leader by phone or by email at least twenty four (24) hours before the scheduled start of the Board meeting. If the individual wants to provide any written materials to the Board, these should be emailed to the School Leader at least twenty-four (24) hours before the scheduled start of the meeting.

The total time for any individual to present, either in person or via telephone, on an item on the agenda shall not exceed three (3) minutes, or six (6) minutes if the individual requesting to comment is a non English speaker and requires a translator, unless the Board grants additional time. However, in compliance with Board policy and the Brown Act, the Board is not permitted to discuss or take action on non-agenda items.

Individuals desiring to make a formal presentation to the Board on an item not on the agenda but desiring it be placed on the agenda must provide notice and written submissions detailing the subject of the presentation to the

3:30pm

School Leader at least fourteen (14) days prior to the meeting. Any such presentations shall not exceed fifteen (15) minutes in duration, unless otherwise permitted by the Chair.

RESOLVED, that Approval of Revised Budget(s), as presented, is hereby approved.

The motion passed unanimously via a roll call vote.

### c. Approval of Revised Teacher Assignment Policy

Mr. Hertzler reviewed the Approval of Revised Teacher Assignment Policy. He noted that it was a revision of the policy that was in place, and adjusted after discussion with an authorizer. The major difference noted is that a committee is put into place to assign teachers. The Board was in support of the changes proposed. There being no further discussion, a motion was made and seconded as follows:

RESOLVED, that Approval of Revised Teacher Assignment Policy, as presented, is hereby approved.

The motion passed unanimously via a roll call vote.

## **IX. Information Items**

### a. State Accountability Update

Ms. Dombek provided the Board with an update on various state accountability measures. She

discussed the transitional K program, noting that an additional class may be needed next year.

Ms. Dombek noted a new grant that would be coming to the school, and explained that the grant would be used for a number of different subject areas.

b. Legislative Update

Dr. Romero noted that since the launching of AB 1505, there was some uncertainty and the legislation granted . Hertzler updated the Board on legislative activities in the state and directed the Board to the State Policy Support Information, as included in the Board meeting materials.

[Paul Minney, legal counsel for CalOPS joined 4:40pm]

c. School Success Partner (SSP) Update

Ms. Johnson presented to the Board on behalf of the School Success Partner (SSP) team. Ms. Johnson noted the “ninja sessions” with the new enrollment portal, and that CalCA staff were involved in the feedback process. Ms. Johnson discussed legislative updates, noting that Ms. Sigmund would be attending a charter school conference and would likely see CalCA leadership

d. Academic Success Partner (ASP) Update

Ms. Johnson presented on behalf of the Academic Success Partner (ASP) team as noted above.

e. Sponsoring District(s) Update

Dr. Savage explained that he, Dr. Romero and Mr. Hertzler met with Scotts Valley Unified School District and the meeting went well. He also noted the upcoming school celebrations for the schools that have reached their 10<sup>th</sup> year milestone. He noted that members from their sponsoring districts have been invited to participate in the school’s festivities and an update will be provided at the next meeting.

f. Board Relations Update

Ms. Snyder presented to the Board on behalf of Pearson’s Board Relations (BR) Team.

1. Boardable Feedback and Planning

Ms. Snyder let the Board know that if anyone has issues logging into Boardable or using the platform, that she is happy to help troubleshoot. The Board provided feedback, indicating that they like the platform. Additionally, the Board asked if the notetaking option in the platform was private and for their use. Ms. Snyder indicated that she would look into this and get back to the Board at the next meeting.

**X. CLOSED SESSION – Brown Act; California Gov’t Code §54956.9: CONFERENCE WITH LEGAL COUNSEL-- ANTICIPATED LITIGATION. Significant exposure to litigation pursuant to paragraph (2) of subdivision (d) of Section 54956.9: One**

## **potential case**

The Board entered into closed session at 4:45 p.m. upon a motion being made, seconded and confirmed via a roll call vote of all Board members present pursuant to Brown Act; Cal. Gov't Code §54957(b) to consider appointment, employment, evaluation of performance, discipline of an employee; Title: Executive Director of California Connections Academies. Board members in attendance were: Elaine Pavlich, Diana Rivas, Paul Hedrick and Adam Pulsipher. The Board invited the following guests into closed session: Richard Savage, Superintendent, and Richie Romero, Deputy Superintendent, and Heather Tamayo, School Staff; Tanya Snyder, Pearson Virtual Schools staff. All others left the meeting at this time.

After the Board concluded their discussion, the Board resumed their open session at 5:03 p.m. upon a motion being made, seconded and confirmed via roll call vote of all Board members present. No action was taken during closed session.

## **XI. Adjournment and Confirmation of the Next Meeting on Tuesday, December 6, 2022 at 3:30 pm PT**

There being no further business to discuss, the meeting was adjourned at 5:04 p.m. The next meeting is scheduled for Tuesday, December 6, 2022 at 3:30 p.m. PT.

## SITE REPORTS

### Northern Region:

**Kara Mannix, High School Principal**

**Site Administrator for Monterey Bay, North Bay, and Northern California**

We are back from break and making the big push to help students successfully finish up the fall semester! These last few weeks go by in the blink of an eye and staff are working diligently to communicate with every family and set them up for success. We are also excited for the mid-year festival where we will be meeting up in Sacramento with our Northern families to go bowling. Our events teams are hard at work ensuring the details are all in place, and we can't wait to spend time with our families!

## **Central Region:**

**Marcus White, Elementary Principal**  
**Site Administrator for Central and Central Coast**

Happy New Year,

Elementary is excited to be back from our Winter Break. We are counting down the days until the end of our first semester. Our teachers are working diligently to support students and families as they work to get in all of their assignments. Additionally, we are excited about our upcoming mid-year festivals! It is a great time to connect with our students and families.

## **Southern Region:**

**Heather Tamayo, Middle School Principal**  
**Site Administrator of Southern California**

Welcome to a very promising 2023. The middle school team is working hard to help students cross this semester's finish line. This includes our teachers providing clear plans that outline what students still need to complete with explicit instructions on how to do so. They are supplying opportunities to complete major projects that have not yet been turned in, for less points, but giving a chance to avoid the impact of a zero on one's grade. There are also resource videos detailing how to finish the semester strong and much more to ensure the success of our students. As always, our goal is that our students finish the semester having learned all of the major concepts, with strong grades. Additionally, our team continues to strive to offer a multitude of socialization opportunities for our students. This year we have focused on growing our in-person activities throughout the state, and making sure that our students outside of Southern California have opportunities to get together. Historically, this has proven challenging, yet we now have the staff in place geographically to support this. The future is bright, and we continue to be grateful for the work that we get to do!

## FINANCIAL REPORT

Submitted for December, 2022

TO: Board of Directors

FROM: LaChelle Carter, Director of Finance

RE: Written Financial Report for CalCA Schools

DATE: January 20, 2023

### BACKGROUND

*This written update will be prepared for each board meeting in order to facilitate the flow of the board meeting by reducing the need for verbal reports. Board members are expected to review the written report which is part of their board packet. Questions or comments about anything in the report, or other related matters, are welcomed during the board meeting. In addition, board members can reach out with questions prior to the board meeting if needed.*

*If additional information comes up between the time the written report is submitted and the board meeting date, it will be provided verbally. This report will include information for all CalCA schools, and board members are reminded that they now have fiduciary responsibility for all schools the corporation operates.*

### FINANCIAL ITEMS:

#### ***Monthly Financial Reports:***

Previously, financials were reported through October 2022. The financial reports for November and December are included in this board package and bring the board up-to-date on the fiscal status of California Online Public Schools (CalOPS) and its charter schools through December for the 2022-23 school.

#### **Consolidated Financial Report:**

The consolidated financial report shows the overall fiscal picture for the California Online Public Schools (CalOPS) Corporation. This corporation encompasses California Connections Academy: Southern

California, Central, Northern California, North Bay, Central Coast and Monterey Bay. This report has been reviewed and summarized below.

**Revenue**-California Online Public Schools are eligible for local, state and federal funding with the exception of Central Coast and Monterey Bay who were not eligible for federal funding under a “schoolwide basis”, based on the fact that the number of students enrolled that met the FREE or REDUCED lunch income requirements was still lower than 40% during the 2021-22 school year. *Based on the Fall 1 Census Data which accounts for: Enrollment counts, English language acquisition status, Immigrant Counts, Free/reduced-price meal-eligibility, and Special Education both Central Coast and Monterey Bay now exceed the 40% marker for free and reduced lunch. We will be looking into applying for Federal funding for both schools for the 2023-24 school year.*

As for most charter schools, our largest source of revenue is the Local Control Funding Formula (LCFF), which are unrestricted funds received through three channels, with the three elements known as the Principal Apportionment/State Aid, In-lieu of Property Taxes and Education Protection Account.

Our current federal funding includes:

- **ERMHS**- Funds apportioned to special education based primarily on a reimbursement model, with a cap per student. The purpose of these funds are to provide educational mental-health related services for students with or without an individualized education program(IEP), including out-of-home residential services for emotionally disturbed pupils. Some of these funds are state and some are federal. For the 2022-23 school year, the SELPA has moved to a new model which will simplify the way these funds are handled. These funds are now being paid based on the schools’ ADA on a monthly basis and no longer require additional reporting to receive funds.
- **Title I**- Revenue is to ensure all children have a fair, equal, and significant opportunity to obtain a high-quality education and reach minimum proficiency.
- **Title II**- Money to help increase the academic achievement of all students by funding programs that improve teacher and principal quality through professional development and other activities, and providing low-income and minority students greater access to effective teachers, principals, and other school leaders.
- **Title IV**- Designed to fund efforts that improve students’ academic achievement through the operation of well-rounded educational programs, improvement of school conditions, health and safety initiatives, and improvement of technology and digital literacy.
- **IDEA**- Federal funding allocated for special education and related services. Based on special education enrollment totals along with enrollment and low income students considered in poverty counts.
- **ESSER III**- Funding for schools to help with expenses and the financial implications of COVID-19, particularly expanded learning opportunities, learning support tools and resources, and staff training. Expires in September 2024. *These funds are starting to be used this year. Some of the areas this revenue will be allocated to are staffing to address concerns related to COVID-19, COVID-19 testing and prevention supplies.*

Our current state funding includes:

- LCFF State Aid-monthly payments made to schools based on grade span counts and special populations such as English Language Learners, free and reduced lunch, foster and homeless counts. This is a large part of the school's revenue and consistent cash flow.
- LCFF Education Protection Account- funding provided to schools for general purpose state aid. These funds must be spent on instructional rather than administrative costs.
- Mandate Block Grant Reimbursement- restricted funding based on a formula using average daily attendance and designed to offset costs that schools spend on state mandated programs such as state testing.
- Educator Effectiveness Block Grant- One time funding to provide professional learning for teachers, administrators, paraprofessionals, and classified staff in order to promote educator equity, quality, and effectiveness. These funds will be expended in accordance with the adopted plan over several years.

Our current local funding includes:

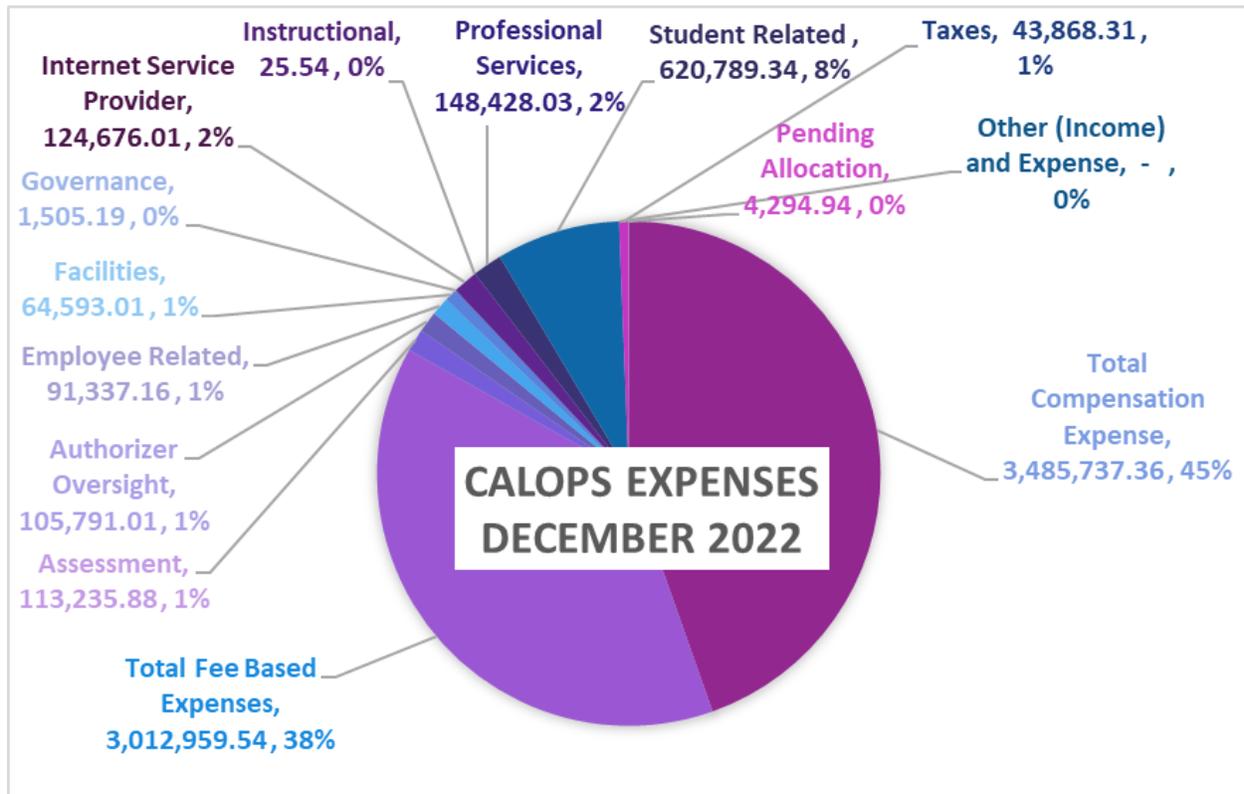

- LCFF Property Tax- The portion of taxes collected by the authorizing school district that must be transferred to the charter school serving that geographic location for the students that reside in that geographic location.
- Lottery- Quarterly payments, based on prior year average daily attendance. Funding is divided into restricted and unrestricted funds and must always be used exclusively for the education of students and can include instructional materials.
- E-RATE- Funding to assist with affordable high speed internet access and telecommunication services.

In the month of December the schools received \$6,859,789 in revenue, a decrease from the \$9,079,976 received in November. Of the anticipated \$108,484,078 expected for the year, 35% has been received. Please note yearly allocations can change throughout the year based on recalculations of enrollment and adjustments from the funding source.

**Expenses-** Expenditures for December totaled \$7,817,241 after being up from \$10,582,086 in November which puts our year to date spending at 44% of what is budgeted. Since the last board meeting, purchases have been made in preparation for our transition that has hit the Professional Services line of the budget. Although it is not the biggest expense, we do anticipate more expenditures to this line in the coming months. We also will be exploring other expenditures to support instructional needs and state spending requirements. Based on the economical conditions set by the California Department of Education, the education code to limit the school reserves is still in place and will also be a point of discussion in the coming months and likely prompt spending, particularly in areas of technology and operational programs to improve the quality of staff and student learning interactions as well as business performance tools.

Leadership continues to promote professional development internally and externally. Although it is not needed currently, this being our biggest expenses will likely need to have more funding allocated to it in the spring. All schools have spent between 75%-85% of their individual professional development budgets.

Below is a chart illustrating the usage of funds in December.

**Balance Sheet:** The cash balance in all of our accounts at the December close was approximately \$32,091.737. Since then the schools have initiated payments to each other and to Pearson Virtual Schools (PVS) for outstanding invoices outlined below. All transactions will appear in the next financial reports. All schools still have a strong cash flow and will be scheduling the next round of payments once the November and December invoices have been board approved.

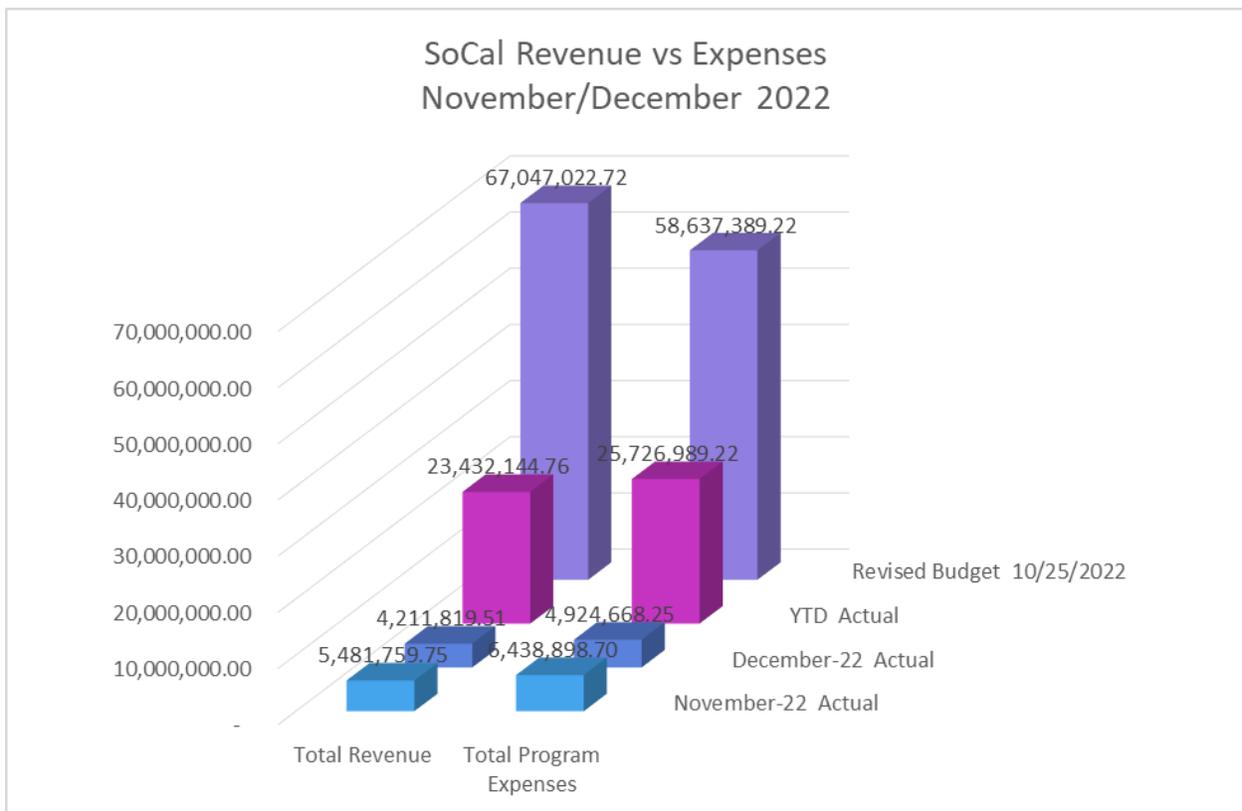

**Payment Summary**

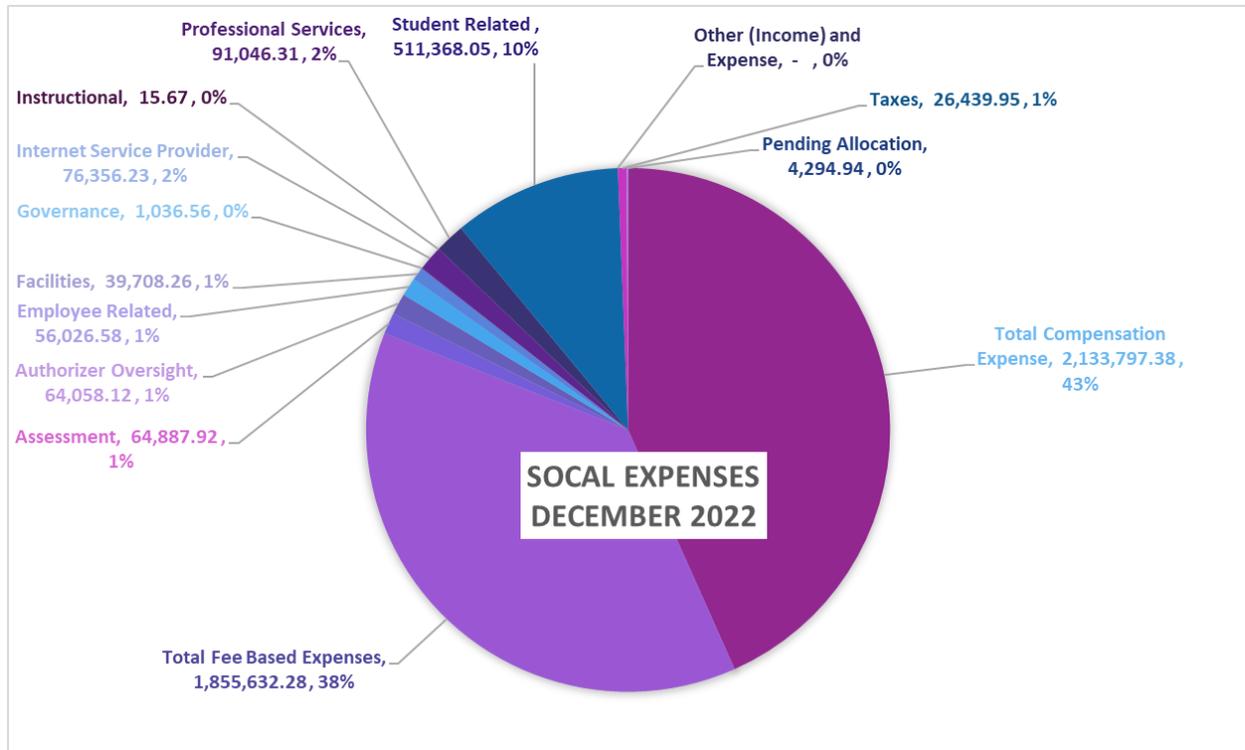

- SoCal PVS October Invoice \$2,926,749.78
- Central Valley PVS Oct Invoice, \$218,566.53
- Central Valley Oct SoCal Due To, \$17,642.38
- Central Valley Oct Due to SoCal for Payroll, \$274,722.27
- NorCal PVS Oct Invoice, \$540,886.69
- NorCal Oct SoCal Due To, \$44,108.61
- NorCal Oct Central Valley Due To, \$601.46
- NorCal Oct Due to SoCal for Payroll, \$728,888.99

- Monterey Bay PVS Oct Inv 11929, \$63,380.98
- Monterey Bay Oct NorCal Due To, \$84.61
- Monterey Bay Oct SoCal Due To, \$14345.69

**Schools' Summary:**

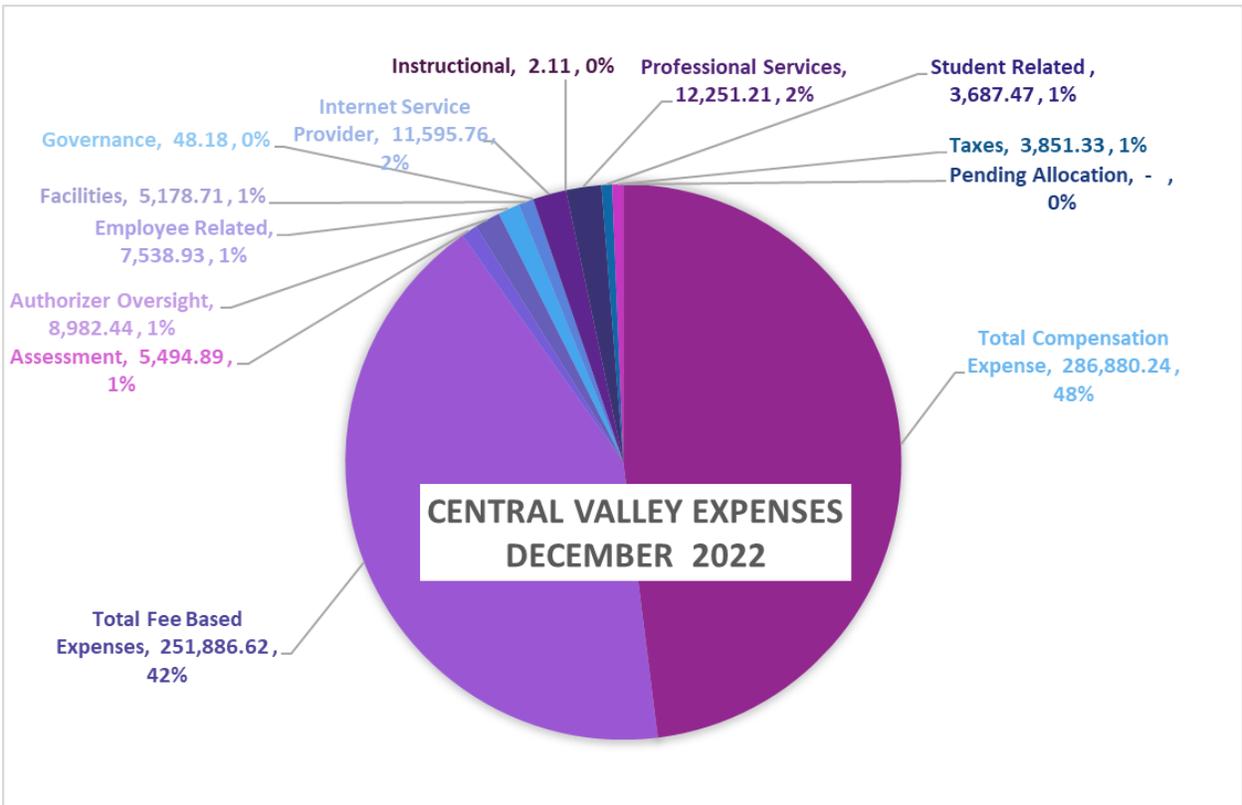

**SoCal-** In December, SoCal received local and state funding that included LCFF State Aid, LCFF EPA, LCFF Property Tax, Lottery, Mandated Cost Grant, SpED State and SPED ERMHS. No Title funds were received. As it relates to expenses, professional development is high at 83% of the budget. Other areas that are high include Dues - Schools, which we will be working on throughout the year to determine direct cost impacting this line in order to better estimate the needed amount for the future. Other School Contracted Services, is also high due to the recent purchases made in preparation for the planned transition. Overall, SoCal has received 35% of their 22-23 revenue and has expenses that equal 39% of what is budgeted.

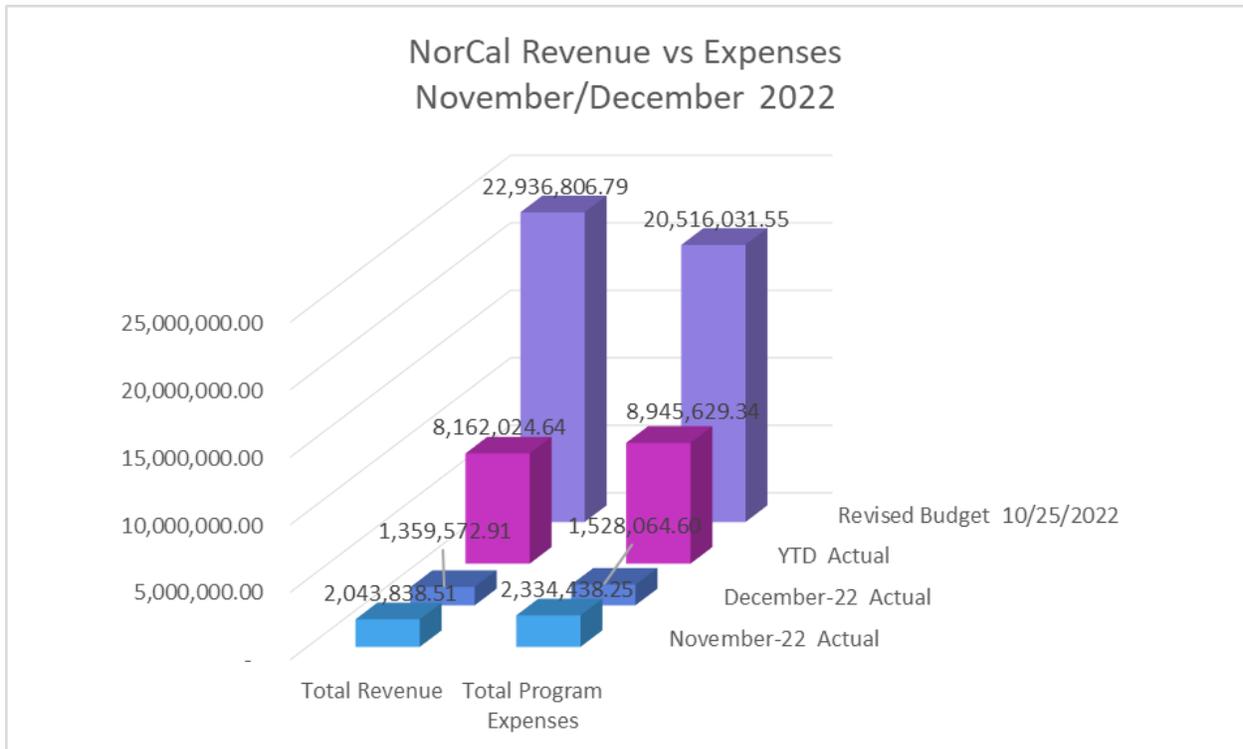

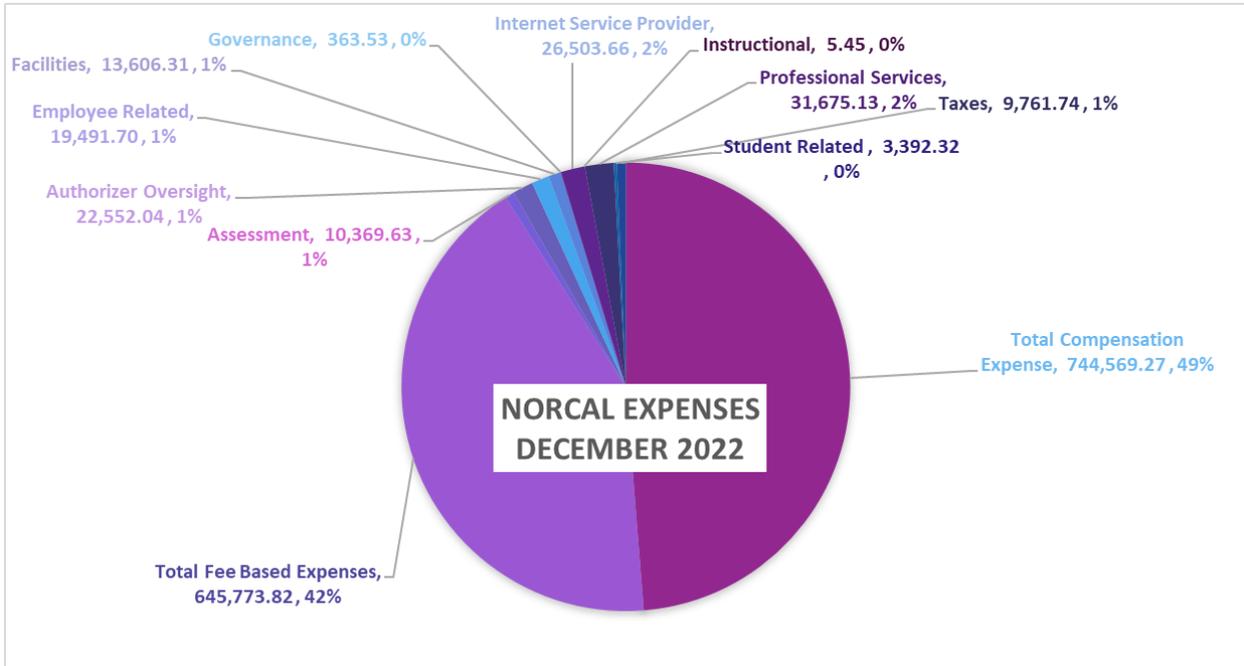

**Central Valley-** The revenue received by this school in December included: LCFF State Aid, LCFF EPA, Lottery, Mandate Cost Grant, LCFF Property Tax , and SpED State. No Title funding was received. In all, the school has received 35% of their revenue for the year and has expenses 32% of their budget. Areas of higher expenses include: Student Activities, Other School Contracted Services, Office Supplies, Student Technology and Staff Training/Prof. Development. Although some of these areas exceed the budgeted amount, overall school spending is significantly lower than budgeted. We will continue to monitor these areas and will consider a budget revision if overall spending calls for it in the spring.

### Central Vallery Revenue vs Expenses November/December 2022

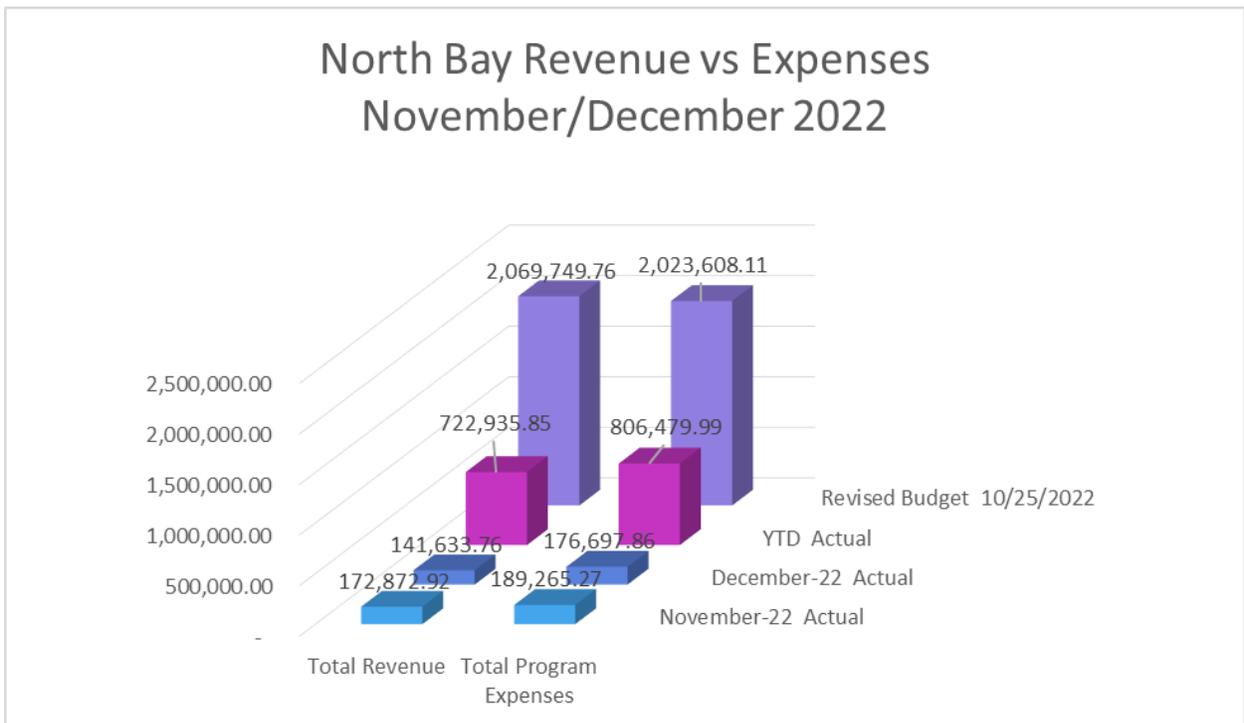

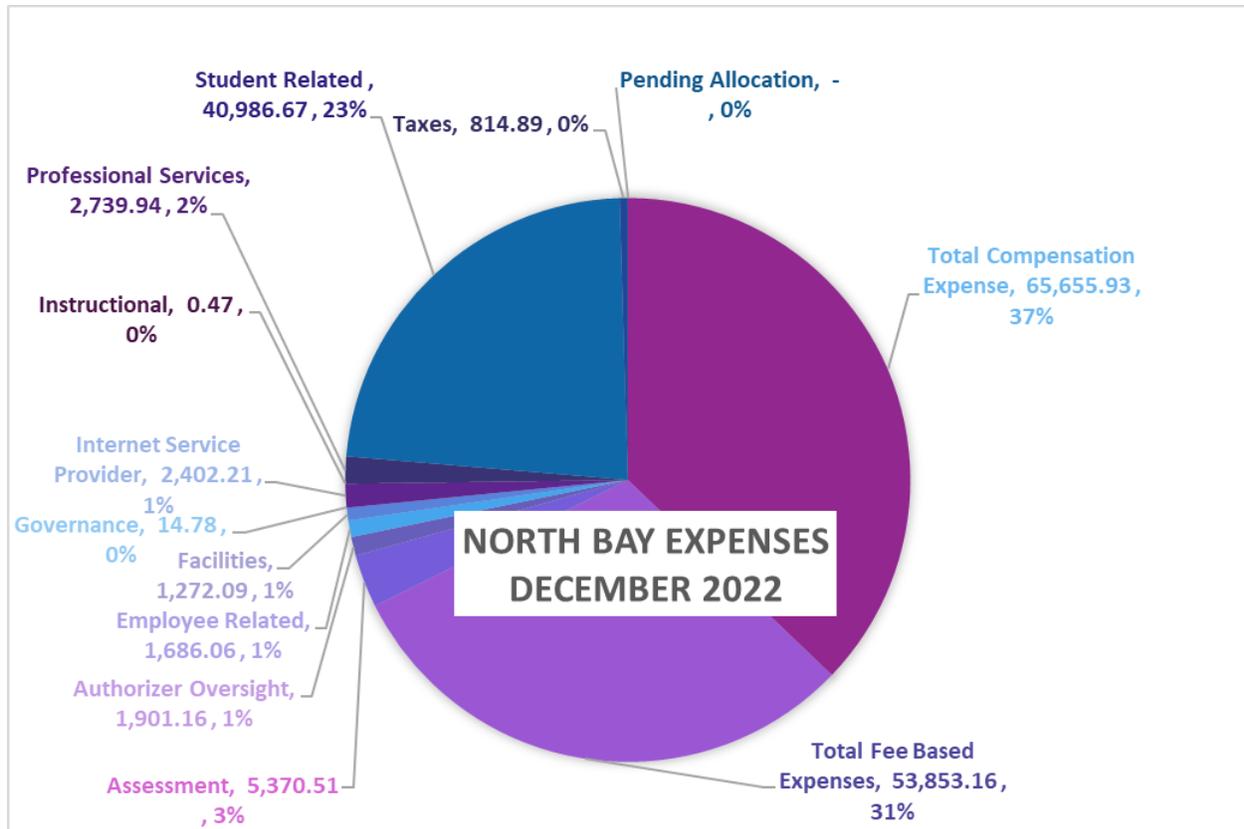

**NorCal-** The revenue received by this school in September included: LCFF State Aid, LCFF EPA, Lottery, Mandate Cost Grant, and SpED State. No Title funds were received however ESSER funds were received in November. NorCal has received 36% of its projected revenue and has expenses recorded for 44% of its budget. This school's high spending areas at this point in the year include Professional Development, Office Supplies, Other School Contracted Services, Student Activities, and Other School Expenses. Like Central Valley, the overall budget is not impacted by the high spending in these areas. We will continue to monitor to determine if a budget revision will be needed in the spring.

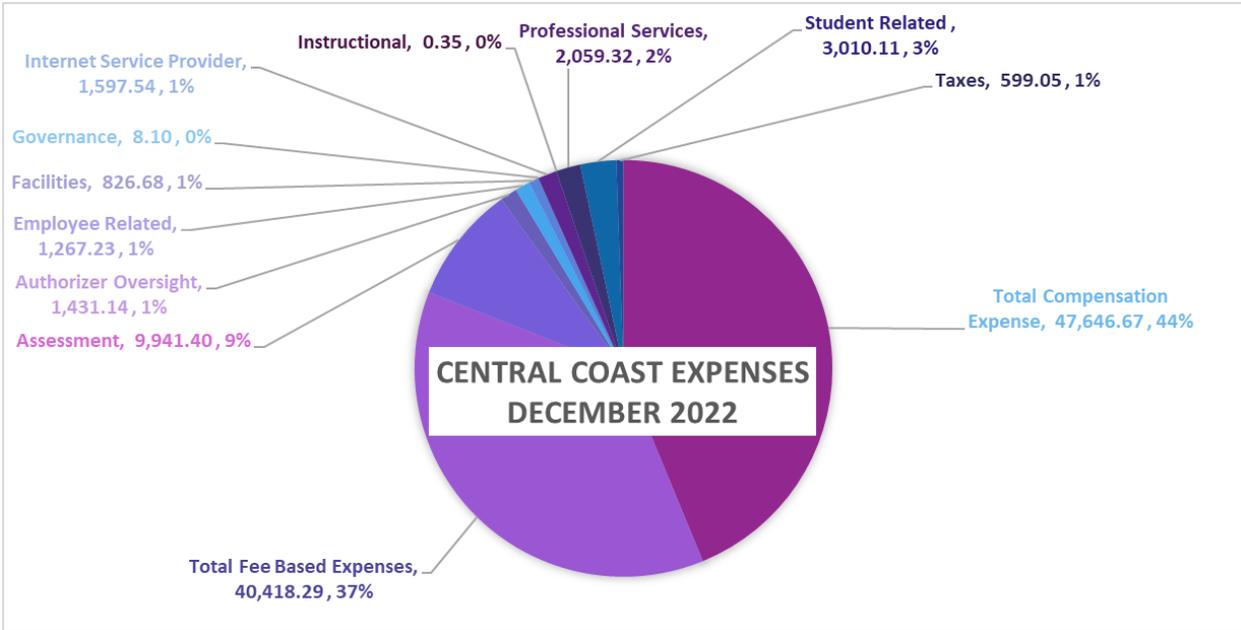

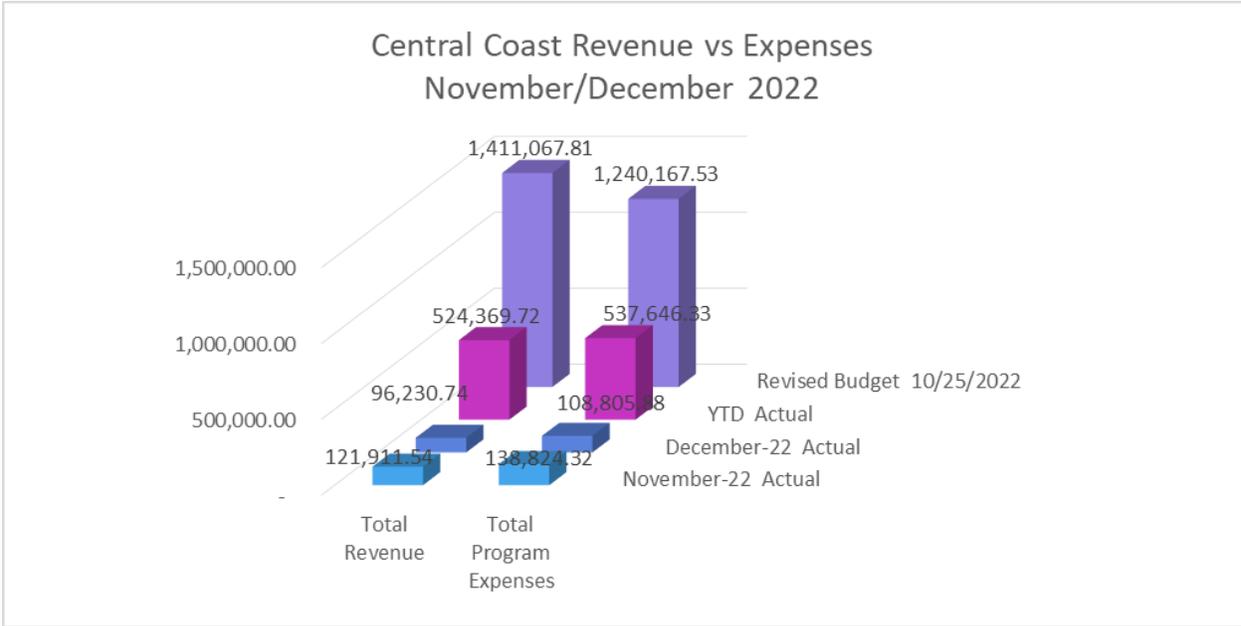

**North Bay**-The revenue received by this school in September included: LCFF State Aid, LCFF EPA, Lottery, Mandate Cost Grant, ESSER, and SpED State however no Title funding was received. High spending for this school include: Professional Development, Office Supplies, and Other School Contracted Services. Monterey Bay's current year expenses are around 36% and the revenue received is 35% of the projected amount for the school year.

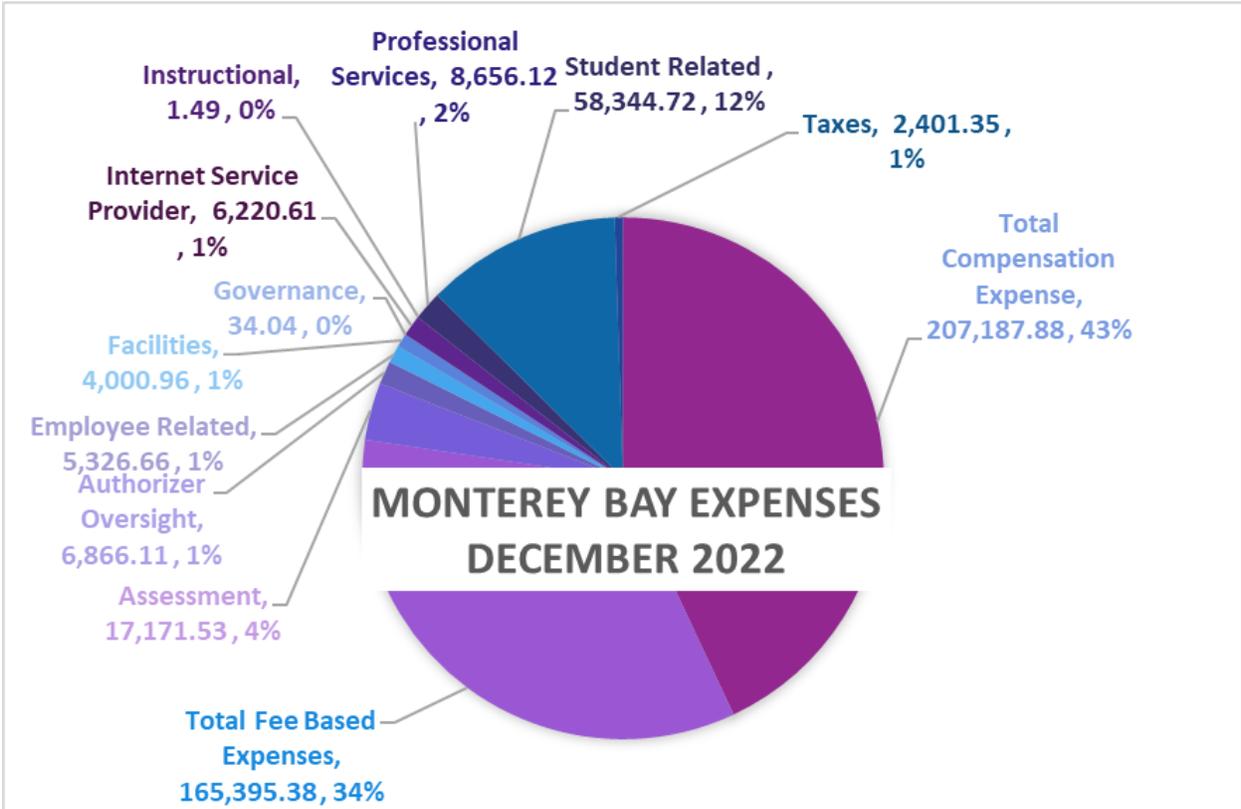

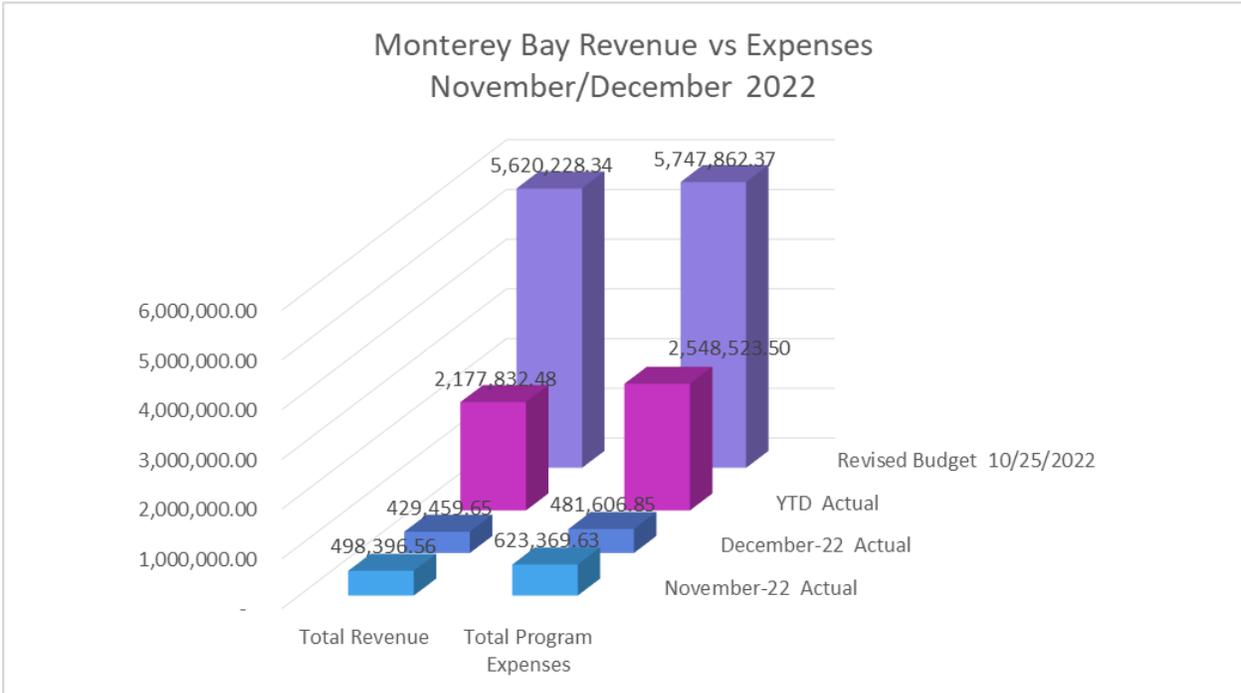

**Central Coast**-The revenue received by this school in November and December included: LCFF State Aid, LCFF EPA, Lottery, Mandate Cost Grant, and SpED State and SPED Mental Health. The school has received approximately 37% of their projected revenue. Their expenses are about 32% of budgeted for the year. A request was sent to the authorizing county office on since the last board meeting to request \$500,000 of the \$562,097 available in our treasure account managed by them and is expected to be received and recorded in the January close documents. This money will be used to settle Dues To's between PVS, the schools and other operational expenses. The high spending areas for Central Coast are: Professional Development, Student Testing & Assessment Facilities & Services, Office Supplies, and Other School Contracted Services.

**Monterey Bay-** The revenue received by this school in September included: LCFF State Aid, LCFF EPA, Lottery, Mandate Cost Grant, and SpED State however no title funds were recorded. For the year they have received 39% of their revenue and have expenditures that total 48% of their budget. Like Central Coast the high spending areas are: Professional Development, Student Testing & Assessment Facilities & Services, Office Supplies, and Other School Contracted Services.

**Financial Reports:**

### **Special Education:**

The following SELPA reports were submitted in December and January. There are still system and technical issues and as a result, reports were submitted in a variety of ways, with some being put on hold until the Fiscal Portal is open:

- 12/16 – Prior Year Audits
- 1/18 – Expenditure Reports (Mid-Year/Fed #1, Lvl 3 NPS/RTC)
- 1/23 – ADA/Enrollment Report #2

### **Federal Cash Management Data Collection Report:**

Local Educational Agencies (LEAs) participating in the ESSA formula grant programs (Title funding) must submit cash balance data through the CMDC web application by December 31, 2022, as well as meet other applicable program eligibility requirements and federal cash management thresholds, to receive an apportionment of funds in the next scheduled payment. In sum, we must report the total amount of Title funds received minus the expenditures charged against their revenue line items. These calculations were completed and all reports were submitted on time. These reports are submitted before their Jan 31, 2023 deadline.

### **Interim LCFF 2nd Data Collection:**

San Joaquin County Office of Education that oversees Ripon Unified School District, the authorizer for our NorCal school, requires the school to submit Interim LCFF estimates 3 times a year to help with their financial planning. This data was sent via email to the needed parties before its intended due date.

### **Federal Stimulus Funding Reporting:**

As a part of the federal requirements associated with ESSER Funding, schools are required to report on their expenditures quarterly until all funds have been exhausted. Quarter 2 reports were submitted on January 13th, prior to the deadline.

### **SB 740 Nonclassroom-Based Determination of Funding:**

To be eligible for funding a charter school must submit a funding determination request to the California Department of Education (CDE) and receive approval of its funding determination request from the California State Board of Education (SBE). Five of the six charters were up for this funding determination for next school year. We have contracted with Delta Management Solutions (DMS) to help navigate us through the process and expect to have all requests finalized this week to meet the Feb 1st deadline. We are expecting to receive 100% funding approval as we have in years past.

### **1099:**

A review of vendors paid by any CalCA school is currently being done to determine who we need to send a Form 1099-MISC/NEC. These forms must be postmarked by January 31, 2022. The general rule is that

we must issue a Form 1099-NEC to any individual, vendor, or sub-contractor we have paid at least \$600 in services, or other income payments in the course of our tax year (which is the calendar year). They are used to track the income of independent contractors/businesses who are not set up as corporations.

Our review consists of examining each vendor to determine whether the person is legally an independent contractor and whether or not the person/business is a corporation. Their W-9 forms collected prior to payment of services are used for this determination. Then analytics of each qualifying Accounts Payable is reviewed using our check registers combined for all schools to determine whether payments by the CalOPS corporation overall to the person/business exceeded the \$600 reporting threshold. A final report of those meeting this threshold will be shared during our February Board Meeting.

**Fall One Reporting Update:**

CALPADS Fall 1 reports on student demographic information is due on December 16th. Although CALPADS continues to experience issues with the internal programming we are still on track to certify our data for all schools on time. Fall 1 counts all students enrolled on the first Wednesday of October each year. These reports determine state funding allocations for the current year. All were completed and will be submitted on time.

**Special Education Service Contracts Update:**

Finance and the Student Services department continue to work together to explore quality providers to serve our growing special education needs. Below is a list of new providers we have entered into contracts with for the remainder of the 2022-23 school year.

2022-23 SERVICE PROVIDERS/VENDORS	DESCRIPTION OF SERVICES	2022-23 MASTE

RESOLVED, that the review and consideration of Board member candidate Melissa Nunez, is hereby approved.

The motion passed unanimously.

#### IV. **Public Comment**

There were no public comments at this time.

#### V. **Routine Business**

##### a. Approval of Agenda

Ms. Pavlich asked the Board to review the Agenda distributed prior to the meeting and posted in compliance with the Brown Act requirements. There being no changes noted, the following motion was made and seconded as follows:

RESOLVED, that the Agenda for the December 6, 2022 Board meeting, as presented, is hereby approved.

The motion was approved unanimously via a roll call vote.

#### VI. **Oral Reports**

##### a. Superintendent's Report

Dr. Savage provided the Board with an update from school leadership.

##### 1. General School Updates

Dr. Savage noted that the school had utilized both LiveLesson and Zoom options and that Zoom has been working well this year. He also explained that while graduation rate data is still embargoed, the graduation rate is higher than it has ever been at CalCA.

##### 2. Enrollment and Staffing Update

Dr. Savage reported that approximately 8500 students are enrolled at the school and that staff are monitoring the waitlist closely.

##### 3. CSDC Conference Recap

Dr. Savage reviewed the conference in Sacramento, noting that it was a great conference to attend.

##### b. Principals' Reports

Dr. Savage asked if the Board had any questions or comments on the written reports.

1. Elementary School

Dr. Savage asked the Board whether they had any questions or comments on the written report received by the Elementary School Principal, Mr. White. There were no questions from the Board at this time.

2. Middle School

Dr. Savage asked the Board whether they had any questions or comments on the written report received by the Middle School Principal, Ms. Tamayo. There were no questions from the Board at this time.

3. High School

Dr. Savage asked the Board whether they had any questions or comments on the written report received by the High School Principal, Ms. Mannix. There were no questions from the Board at this time.

c. CalCA Financial Report

Ms. Carter reviewed the financial report with the Board, as included within the Board meeting materials. She specifically highlighted changes in the financials and forecasted expenses since the last meeting's review. She noted invoice payments would be resolved shortly. She also discussed expenses and ensuring that they are allocated to the correct schools.

1. Consolidated Financial Report

Ms. Carter provided the Board with an update on all the CalCA School's financials. Ms. Pavlich asked the Board whether they had any questions or comments on the consolidated financial report, as included in the Board meeting materials. There were no questions from the Board at this time.

2. CalCA Central Coast Financial Report

Ms. Carter asked the Board whether they had any questions or comments on the written CalCA Central Coast financial report, as included in the Board meeting materials. There were no questions from the Board at this time.

8. Special Education Service Contracts Update

Ms. Carter noted the Special Education service contracts and addenda were included within the Consent Items for Board consideration later in the meeting.

d. Policy and Compliance Report

Mr. Hertzler explained that this would be discussed with the legislative update later in the meeting.

**VII. Consent Items**

Ms. Pavlich asked Board members whether there were any items from the Consent Items that they wished to have moved to Action Items for discussion. There being no changes noted, a motion was made and seconded as follows:

RESOLVED, the Consent Items:

- a. Approval of Minutes from the October 25, 2022 Board Meeting;
- b. Approval of Staffing Report;
- c. Approval of Pearson Invoice(s);
- d. Approval of First Interim Financial Reports;
- e. Ratification of Special Education Service Contracts;
- f. Approval of Chromebook Recycling; and
- g. Approval of Dual Enrollment Partnership Agreement with Saddleback Community College; are hereby approved.

The motion was approved unanimously via a roll call vote.

## VIII. **Action Items**

### a. Review and Acceptance of 2021-2022 School Year Audit

Ms. Carter reviewed the audit report for the fiscal year ending June 30, 2022, as included in the Board meeting materials. She noted that while this document is still a draft, as the audit firm is still finalizing it, it is not expected to change. She highlighted key aspects of the report and noted that the audit firm indicated no findings. There being no further discussion, a motion was made and seconded as follows:

RESOLVED, that the 2021-2022 school year audit, as discussed, is hereby accepted.

The motion passed unanimously.

### b. Approval of Revised Academic and Attendance Calendars for the 2022-2023 School Year per AB 1655

Mr. Herzler presented the revised academic and attendance calendars for the 2022-2023 school year per AB 1655 to the Board. There being no further discussion, a motion was made and seconded as follows:

RESOLVED, that the academic and attendance calendars for the 2022-2023 school year per AB 1655, as revised, are hereby approved.

The motion passed unanimously.

## IX. **Information Items**

### a. State Accountability Update

Ms. Dombek discussed state accountability updates with the Board, noting that CalCA staff got a preview of the dashboard that will be open to the public on December 15, 2022.

### b. Partnership and Policy Team Update: Legislative Planning

Ms. Sigmund presented the election results to the Board. Ms. Sigmund reviewed Proposition 28, which would increase funding for students. She also explained that there is a 95% state testing participation requirement that will affect CalCA, as the school's state testing participation rate average is approximately 80 percent, and discussion followed regarding the potential impact on renewal.

### c. Legislative Update

Dr. Romero reported no further updates on this discussion in addition to the update already provided by Ms. Sigmund.

### d. School Success Partner (SSP) Update

Ms. Sanchez Reyes introduced herself to the Board and provided background on her experience. She presented to the Board on behalf of the School Success Partner (SSP) team, as

Ms. Johnson was not present, and she directed the Board to the state policy support information included in the Board meeting materials.

e. Academic Success Partner (ASP) Update

Ms. Sanchez Reyes presented on behalf of the Academic Success Partner (ASP) team.

1. Key School Metrics

Ms. Sanchez Reyes presented this item to the Board. She reviewed the data included in the Board meeting materials, highlighting the school's performance as compared with other Pearson partnering schools of similar size and years in operation. Board members discussed the metrics data with Ms. Sanchez Reyes.

2. School Leader Review Process

Ms. Sanchez Reyes reviewed the annual school leader review process with the Board. She reminded Board members that the process includes feedback from the Board through a survey.

f. Sponsoring District(s) Update

Dr. Savage noted that there was no update to provide on this item.

Dear School Accountability Report Card Coordinators and Interested Parties:

**2021–22 SCHOOL ACCOUNTABILITY REPORT CARD WEB APPLICATION**

We are pleased to announce that the 2021–22 School Accountability Report Card (SARC) Web Application and annual SARC data are now available. The SARC Web Application is located within the new myCDEconnect system at <https://www.mycdeconnect.org>.

The SARC Web Application is populated with data from California Department of Education (CDE), and these data are based on information that public schools/local educational agencies (LEAs) submitted to the CDE.

Please note that the 2021–22 school year data for Tables 6 and 7-Teacher Preparation and Placement, Table 8-Teachers Without Credentials and Misassignments, Table 9-Credentialed Teachers Assigned Out-of-Field, and Table 10-Class Assignments are not available at this time. For active public schools, we anticipate that the 2021–22 school year data for Tables 6, 7, 8, 9 and 10 will be available **after** the February 1 posting due date and will not be editable. Nonpublic nonsectarian schools are expected to input their information in the teacher data tables since the CDE does not have access to these data for these school types. We encourage all schools/LEAs to post their Board approved 2021–22 SARCs by February 1 without the aforementioned data tables. A second Board review/approval of the 2021–22 Teacher data once populated is not required.

SARCs must be published and submitted to the CDE no later than February 1 of each year. Please note that the February 1 deadline for posting the SARC is required by California law, and unfortunately, no extensions are allowed.

Information about the SARC, including the blank template, data definitions, and downloadable data files, are available on the SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>. For further information regarding the SARC Web Application, please contact the SARC Team by email at [sarc@cde.ca.gov](mailto:sarc@cde.ca.gov).

Sincerely,

/s/

Cindy Kazanis, Director  
Analysis, Measurement, and Accountability Reporting Division

## 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

California Connections Academy Monterey Bay was authorized on February 26, 2019 by the Scotts Valley Unified School District (SVUSD) and began serving students in grades K-12 on September 3, 2019. California Connections Academy Monterey Bay serves students in Monterey, San Benito, San Mateo, Santa Clara, and Santa Cruz counties.

The mission of California Connections Academy Monterey Bay is to educate and empower compassionate global citizens by leveraging 21st century education resources on behalf of students who need a more personalized approach to learning to maximize these students' potential and meet the highest performance standards. This mission is accomplished through a uniquely individualized learning program that combines the best in virtual education with real connections among students, family, teachers, and the community to promote academic and emotional success for every learner. Every California Connections Academy Monterey Bay student has a Personalized Learning Plan and an entire team of experts committed to the student's successful fulfillment of that plan. California Connections Academy Monterey Bay is a high-quality, high-tech, high-interaction virtual "school without walls" that brings out the best in every student through Personalized Performance Learning.

California Connections Academy Monterey Bay is tailor-made for a diverse array of students who would benefit from a quality alternative to the traditional brick-and-mortar classroom. These include students whose families seek direct involvement in their education; students who are homebound due to illness or disability; exceptional students who are far ahead of or far behind their peers in school; young people pursuing artistic or athletic careers that require a flexible school schedule; students in group homes or institutions; and students at risk of academic failure who may particularly benefit from intensive, personalized instruction.

California Connections Academy Monterey Bay represents an outstanding educational choice for families in Santa Cruz County and contiguous counties. Students will benefit from instruction that is individualized, personalized, and flexible. The ultimate focus of this "high-tech, high-interaction" instructional model is student achievement. The California Connections Academy Monterey Bay Board contracts with Pearson Virtual Schools to provide the online school platform, the curriculum and other services. Parents pay no tuition for their students to attend California Connections Academy Monterey Bay. Students are considered to be enrolled in a full time public school. California Connections Academy Monterey Bay provides textbooks and other instructional materials and equipment. Non-consumable materials and all equipment must be returned if the student is no longer enrolled. Students are expected to take all state-mandated standardized tests in person at proctored locations

## A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## 2020-21 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)						
Intern Credential Holders Properly Assigned						
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)						
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)						
Unknown						
<b>Total Teaching Positions</b>						

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

<b>Total Teaching Positions</b>						

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## School Facility Conditions and Planned Improvements

California Connections Academy Monterey Bay is a virtual school site and so does not have a physical facility, but it does share office space (e.g. for housing school records) with other California Connections Academy schools. These shared administrative offices are located in office space within relatively new commercial business parks in Ripon and San Juan Capistrano, CA.

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2022-23 Opportunities for Parental Involvement

Parents and other caretakers have the opportunity to be a part of their child's learning journey and play a critical role in student success. As a "Learning Coach", parents help their children stay on track, assist with academic monitoring, support in-person socialization opportunities, and more. Teachers, along with parents, proactively identify and work to address student challenges as well as celebrate student successes. Parents monitor student attendance and lesson completion daily. To enhance student learning, parents have the opportunity to interact with teachers during normal school hours which in turn builds positive parent/teacher relationships. Middle school and high school parents are actively involved in progress monitoring and other relevant meetings as needed; these meetings are held at a frequency relevant to the needs of the student. Elementary parents are required to speak with homeroom teachers at least three times per school year and many typically do so more often.

Students and their parents are offered the opportunity to participate in a variety of school-sponsored activities, including official field trips, schoolwide social events, and college tours. Parents may be involved in supporting their children's philanthropic efforts such as those involved with the school's chapters of National Junior Honor Society and National Honor Society. Parents take part in the School Advisory Committee meetings, which advise the board and administration on topics such as Title programs and the LCAP. A popular private Facebook page provides opportunities for parents to interact and communicate about a variety of topics. A parent group called "Club Connections" invites parents to join to help raise awareness about the school.

The school's counseling team offers parent workshops that draw on building students' social-emotional learning skills: self-awareness, self-regulation, social awareness, responsible decision making, and relationship skills. Sessions take place weekly throughout most of the school year and consist of information, engagement, open discussion, and a forum for caretakers to ask any questions related to mental health. All new parents/Learning Coaches are provided access to an online orientation and are encouraged to complete it prior to enrollment. Numerous supplemental orientations and live online sessions are offered to help new families transition easily into the school; new and returning families may also engage in online sessions dedicated to a myriad of topics such as how to best foster growth mindsets, understanding gifted students, and more. In addition to students' homeroom teachers, the school gives parents the opportunity to engage with school staff called "Learning Coach Mentors" who proactively support new parents; Learning Coach Mentors may also assist returning parents who are having difficulties in fulfilling their crucial role in their student's education. To further engage parents and enhance school operations, a parent satisfaction survey conducted by an independent third party firm serves to gather parent feedback annually. Parents are encouraged and reminded that the Technical Support team can be contacted by phone or via a link in the school's Educational Management System for assistance with technical issues, complaints, and concerns.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

## 2022-23 School Safety Plan

Because our charter school is a virtual school, school safety issues differ from a traditional school. Students do not work from a school site but some teachers and administrators, as well as most all of the support staff, do work from an office location. For students, school safety issues typically include, but are not limited to, Internet safety as well as policies on bullying and harassment. Pearson Online Classroom, the school's Education Management System, provides a closed communication system, which helps ensure online safety for students. For staff members, common school safety issues addressed with training include Internet safety, students in distress, student, parent or staff bullying and harassment, and other topics. Emergency plans and workplace safety policies are also provided for school staff members who work in a school office. We do host in person events including field trips, festivals, state testing and graduation ceremonies. We do have a comprehensive safety plan that includes the COVID-19 Safety Plan that was board approved on 9-28-21. The plan includes all elements required by Ed Code, including but not limited to: child abuse reporting, disaster and criminal incident procedures, and, discipline and due process for students. The school also has a safety committee that meets at regular intervals. We also offer staff CPR training and active shooter training. Additional information about school safety is available upon request.

All teachers have approximately 20 days each school year for professional development and training. In addition, Professional Learning Communities actively meet throughout the school year during time set aside for this important professional development activity which supports student learning through data analysis and professional collaboration.

Training/Professional Learning Elements - The following training and professional learning programs are provided to California Connections Academy teachers:

#### 1. Teacher Orientation Courses

Teacher Orientation Course: Foundations of Instruction - All new teachers complete a self-guided, Pearson Virtual School-developed teacher orientation course. This course is delivered through Pearson Online Classroom and contains lessons, interactive practice activities, assessments, and online tutorials. This course covers “the basics” teachers need to know to effectively do their job, including guidance on how to establish a relationship with students, personalize instruction, effectively grade and provide meaningful feedback, monitor progress, and use our multitiered instructional model. Upon successful completion of this course and its assessments, teachers are ready to begin. Teachers must complete this course within their first 30 days of employment with an overall score of 80% or higher.

Returning Staff Updates - This course is designed for teachers who are returning to Pearson Virtual Schools and have already completed the Teacher Orientation Course. The returning staff update includes information about procedures, Pearson Online Classroom features, and instructional programs that are new or updated for the current school year. A link to the Teacher Orientation Course is included in the returning staff update for reference. To ensure they are aware of changes from the prior school year, returning teachers must complete an assessment with an overall score of 80% or higher during the first 30 days of the school year.

#### 2. Connections Academy Professional Learning Series

Research on effective professional development tells us that professional development should be intensive, ongoing, and connected to practice. We are not effective when we provide stand-alone professional development workshops. Teachers need to try out new ideas and strategies with their students and reflect on the results of these strategies. Intensive professional development, especially when it includes the application of knowledge to planning and instruction, has a greater chance of influencing teaching practices, and in turn, leading to gains in student learning. Pearson Virtual Schools provides teachers with ongoing professional development activities throughout the year. Presenters with various backgrounds and areas of content expertise conduct live tutorial sessions on a rotating basis throughout the school year.

Pearson Online School provides a systematic approach to professional learning for all teachers. Topics for professional learning sessions support our core standards for facilitating student learning, align with the school year cycle, and are driven by our belief that all students can and must learn. Each series is:

- Intensive – Participants will identify the purpose of educational practices, examine how they can be implemented in the virtual or blended environment, and collaboratively discuss strategies that can be implemented with students.

- Ongoing – New instructional strategies and the latest learning research will be connected to topics presented and discussed in prior sessions to demonstrate how specific educational practices form the “big picture” of effect.

- Connected to practice – Following each session, participants will apply what they’ve learned to their professional practice. They will integrate precise, targeted strategies into their planning and instruction, and reflect on the outcomes through the Teacher ePortfolio Data View.

#### 3. University Online Instruction Courses

Pearson Virtual School offers up to \$5,250 per year per teacher in tuition reimbursement to support continuing education. Some restrictions apply including enrollment in an accredited program or degree path as well as successful completion of the course(s).

#### 4. Pearson Virtual School Leadership Academy

Pearson Virtual School cultivates internal leadership candidates through a series of meetings that focus on administrative, policy, and operational issues. Candidates who have an interest in future leadership opportunities are selected through an application process. This forum promotes critical thinking in the areas of educational research, administrative practice, and supervisory proficiency as they relate to virtual school leadership. Participants will also be expected to complete a year-long action research project at their school and report on the results at the final meeting of the Leadership Academy.

#### 5. Teacher Central

Teacher Central is a website that is easy to navigate and serves as a one-stop shop for teachers and staff to find guidance on instructional practices, professional learning, and training resources. Each section contains links to resources to support

## Professional Development

teacher effectiveness, best practices, and tools designed to personalize the learning experience for students. The Teacher Central website supports school-based staff with a variety of recorded tutorials, presentations, guides, and links to resources in 10 key categories:

- Pearson Online Classroom Tools
- Curriculum and Course Support
- Data & Reports
- Enrollment, Placement, and Withdrawal
- Family Engagement
- Multitiered Instructional Support
- Professional Learning and Collaboration
- School Year Cycle
- Teacher Protocols, Policies, and Best Practice
- Live Lesson Sessions

### Training and Professional Learning Delivery Models

Pearson Virtual Classroom uses several modes to deliver training and professional learning:

**In-Person Training:** Recognizing the tenets of effective professional development established by the National Staff Development Council (NSDC), interpersonal connections increase the impact of training for adult learners. Pearson Virtual School's Academic Training and Support Services team facilitates face-to-face training by school request. This can help establish rapport and promote collegial learning communities that are continued throughout the year via remote interactions.

**"Train-the-Trainer":** Each school selects at least one teacher to serve as a Training Representative to work with members of the Academic Training and Support Services team throughout the year. Training Representatives stay current on and then train teachers at their school on school-year cycle tasks, Pearson Online Classroom updates, and changes to processes. To assist them in this role, Training Representatives are given access to training materials they can customize, such as PowerPoint trainings, one-page guides, and activities to reinforce learning.

**Synchronous Web-Based Training:** In line with our commitment to use cutting-edge technology to promote learning for students, Pearson Online Classroom also implements this model for teacher training and professional learning. Real-time trainings and professional learning sessions conducted virtually, along with recorded trainings are offered throughout the year on a variety of school-specific and system-wide initiatives. Schools can request additional, school-specific sessions at any time.

### Teacher Support During Implementation

California Connections Academy teachers are all assigned supervisors. The supervisors are tasked with monitoring and supporting the teachers during their implementation of professional development activities. They will meet as often as twice a month to ensure implementation is on track.

This table displays the number of school days dedicated to staff development and continuous improvement.

## 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

California Connections Academy Central Coast was authorized on September 13, 2018 by the Cuyama Joint Unified School District (CJUSD) and began serving students in grades K-12 on September 3, 2019. California Connections Academy Central Coast serves students in Ventura, Santa Barbara, and San Luis Obispo counties.

The mission of California Connections Academy Central Coast is to educate and empower compassionate global citizens by leveraging 21st century education resources on behalf of students who need a more personalized approach to learning to maximize these students' potential and meet the highest performance standards. This mission is accomplished through a uniquely individualized learning program that combines the best in virtual education with real connections among students, family, teachers, and the community to promote academic and emotional success for every learner. Every California Connections Academy Central Coast student has a Personalized Learning Plan and an entire team of experts committed to the student's successful fulfillment of that plan. California Connections Academy Central Coast is a high-quality, high-tech, high-interaction virtual "school without walls" that brings out the best in every student through Personalized Performance Learning.

California Connections Academy Central Coast is tailor-made for a diverse array of students who would benefit from a quality alternative to the traditional brick-and-mortar classroom. These include students whose families seek direct involvement in their education; students who are homebound due to illness or disability; exceptional students who are far ahead of or far behind their peers in school; young people pursuing artistic or athletic careers that require a flexible school schedule; students in group homes or institutions; and students at risk of academic failure who may particularly benefit from intensive, personalized instruction.

California Connections Academy Central Coast represents an outstanding educational choice for families in Santa Barbara County and contiguous counties. Students will benefit from instruction that is individualized, personalized, and flexible. The ultimate focus of this "high-tech, high-interaction" instructional model is student achievement. The California Connections Academy Central Coast Board contracts with Pearson Virtual Schools to provide the online school platform, the curriculum and other services. Parents pay no tuition for their students to attend California Connections Academy Central Coast. Students are considered to be enrolled in a full time public school. California Connections Academy Central Coast provides textbooks and other instructional materials and equipment. Non-consumable materials and all equipment must be returned if the student is no longer enrolled. Students are expected to take all state- mandated standardized tests in person at proctored locations

## School Facility Conditions and Planned Improvements

California Connections Academy Central Coast is a virtual school site and so does not have a physical facility, but it does share office space (e.g. for housing school records) with other California Connections Academy schools. These shared administrative offices are located in office space within relatively new commercial business parks in Ripon and San Juan Capistrano, CA.

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

<b>Mathematics</b> (grades 3-8 and 11)	N/A		N/A		N/A	

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2022-23 Opportunities for Parental Involvement

Parents and other caretakers have the opportunity to be a part of their child's learning journey and play a critical role in student success. As a "Learning Coach", parents help their children stay on track, assist with academic monitoring, support in-person socialization opportunities, and more. Teachers, along with parents, proactively identify and work to address student challenges as well as celebrate student successes. Parents monitor student attendance and lesson completion daily. To enhance student learning, parents have the opportunity to interact with teachers during normal school hours which in turn builds positive parent/teacher relationships. Middle school and high school parents are actively involved in progress monitoring and other relevant meetings as needed; these meetings are held at a frequency relevant to the needs of the student. Elementary parents are required to speak with homeroom teachers at least three times per school year and many typically do so more often.

Students and their parents are offered the opportunity to participate in a variety of school-sponsored activities, including official field trips, schoolwide social events, and college tours. Parents may be involved in supporting their children's philanthropic efforts such as those involved with the school's chapters of National Junior Honor Society and National Honor Society. Parents take part in the School Advisory Committee meetings, which advise the board and administration on topics such as Title programs and the LCAP. A popular private Facebook page provides opportunities for parents to interact and communicate about a variety of topics. A parent group called "Club Connections" invites parents to join to help raise awareness about the school.

The school's counseling team offers parent workshops that draw on building students' social-emotional learning skills: self-awareness, self-regulation, social awareness, responsible decision making, and relationship skills. Sessions take place weekly throughout most of the school year and consist of information, engagement, open discussion, and a forum for caretakers to ask any questions related to mental health. All new parents/Learning Coaches are provided access to an online orientation and are encouraged to complete it prior to enrollment. Numerous supplemental orientations and live online sessions are offered to help new families transition easily into the school; new and returning families may also engage in online sessions dedicated to a myriad of topics such as how to best foster growth mindsets, understanding gifted students, and more. In addition to students' homeroom teachers, the school gives parents the opportunity to engage with school staff called "Learning Coach Mentors" who proactively support new parents; Learning Coach Mentors may also assist returning parents who are having difficulties in fulfilling their crucial role in their student's education. To further engage parents and enhance school operations, a parent satisfaction survey conducted by an independent third party firm serves to gather parent feedback annually. Parents are encouraged and reminded that the Technical Support team can be contacted by phone or via a link in the school's Educational Management System for assistance with technical issues, complaints, and concerns.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

## 2022-23 School Safety Plan

Because our charter school is a virtual school, school safety issues differ from a traditional school. Students do not work from a school site but some teachers and administrators, as well as most all of the support staff, do work from an office location. For students, school safety issues typically include, but are not limited to, Internet safety as well as policies on bullying and harassment. Pearson Online Classroom, the school's Education Management System, provides a closed communication system, which helps ensure online safety for students. For staff members, common school safety issues addressed with training include Internet safety, students in distress, student, parent or staff bullying and harassment, and other topics. Emergency plans and workplace safety policies are also provided for school staff members who work in a school office. We do host in person events including field trips, festivals, state testing and graduation ceremonies. We do have a comprehensive safety plan that includes the COVID-19 Safety Plan that was board approved on 9-28-21. The plan includes all elements required by Ed Code, including but not limited to: child abuse reporting, disaster and criminal incident procedures, and, discipline and due process for students. The school also has a safety committee that meets at regular intervals. We also offer staff CPR training and active shooter training. Additional information about school safety is available upon request.

All teachers have approximately 20 days each school year for professional development and training. In addition, Professional Learning Communities actively meet throughout the school year during time set aside for this important professional development activity which supports student learning through data analysis and professional collaboration.

Training/Professional Learning Elements - The following training and professional learning programs are provided to California Connections Academy teachers:

#### 1. Teacher Orientation Courses

Teacher Orientation Course: Foundations of Instruction - All new teachers complete a self-guided, Pearson Virtual School-developed teacher orientation course. This course is delivered through Pearson Online Classroom and contains lessons, interactive practice activities, assessments, and online tutorials. This course covers “the basics” teachers need to know to effectively do their job, including guidance on how to establish a relationship with students, personalize instruction, effectively grade and provide meaningful feedback, monitor progress, and use our multitiered instructional model. Upon successful completion of this course and its assessments, teachers are ready to begin. Teachers must complete this course within their first 30 days of employment with an overall score of 80% or higher.

Returning Staff Updates - This course is designed for teachers who are returning to Pearson Virtual Schools and have already completed the Teacher Orientation Course. The returning staff update includes information about procedures, Pearson Online Classroom features, and instructional programs that are new or updated for the current school year. A link to the Teacher Orientation Course is included in the returning staff update for reference. To ensure they are aware of changes from the prior school year, returning teachers must complete an assessment with an overall score of 80% or higher during the first 30 days of the school year.

#### 2. Connections Academy Professional Learning Series

Research on effective professional development tells us that professional development should be intensive, ongoing, and connected to practice. We are not effective when we provide stand-alone professional development workshops. Teachers need to try out new ideas and strategies with their students and reflect on the results of these strategies. Intensive professional development, especially when it includes the application of knowledge to planning and instruction, has a greater chance of influencing teaching practices, and in turn, leading to gains in student learning. Pearson Virtual Schools provides teachers with ongoing professional development activities throughout the year. Presenters with various backgrounds and areas of content expertise conduct live tutorial sessions on a rotating basis throughout the school year.

Pearson Online School provides a systematic approach to professional learning for all teachers. Topics for professional learning sessions support our core standards for facilitating student learning, align with the school year cycle, and are driven by our belief that all students can and must learn. Each series is: Intensive – Participants will identify the purpose of educational practices, examine how they can be implemented in the virtual or blended environment, and collaboratively discuss strategies that can be implemented with students.

Ongoing – New instructional strategies and the latest learning research will be connected to topics presented and discussed in prior sessions to demonstrate how specific educational practices form the “big picture” of effect.

Connected to practice – Following each session, participants will apply what they’ve learned to their professional practice. They will integrate precise, targeted strategies into their planning and instruction, and reflect on the outcomes through the Teacher ePortfolio Data View.

#### 3. University Online Instruction Courses

Pearson Virtual School offers up to \$5,250 per year per teacher in tuition reimbursement to support continuing education. Some restrictions apply including enrollment in an accredited program or degree path as well as successful completion of the course(s).

#### 4. Pearson Virtual School Leadership Academy

Pearson Virtual School cultivates internal leadership candidates through a series of meetings that focus on administrative, policy, and operational issues. Candidates who have an interest in future leadership opportunities are selected through an application process. This forum promotes critical thinking in the areas of educational research, administrative practice, and supervisory proficiency as they relate to virtual school leadership. Participants will also be expected to complete a year-long action research project at their school and report on the results at the final meeting of the Leadership Academy.

#### 5. Teacher Central

Teacher Central is a website that is easy to navigate and serves as a one-stop shop for teachers and staff to find guidance on instructional practices, professional learning, and training resources. Each section contains links to resources to support

## Professional Development

teacher effectiveness, best practices, and tools designed to personalize the learning experience for students. The Teacher Central website supports school-based staff with a variety of recorded tutorials, presentations, guides, and links to resources in 10 key categories:

- Pearson Online Classroom Tools
- Curriculum and Course Support
- Data & Reports
- Enrollment, Placement, and Withdrawal
- Family Engagement
- Multitiered Instructional Support
- Professional Learning and Collaboration
- School Year Cycle
- Teacher Protocols, Policies, and Best Practice
- Live Lesson Sessions

### Training and Professional Learning Delivery Models

Pearson Virtual Classroom uses several modes to deliver training and professional learning:

**In-Person Training:** Recognizing the tenets of effective professional development established by the National Staff Development Council (NSDC), interpersonal connections increase the impact of training for adult learners. Pearson Virtual School's Academic Training and Support Services team facilitates face-to-face training by school request. This can help establish rapport and promote collegial learning communities that are continued throughout the year via remote interactions. **"Train-the-Trainer":** Each school selects at least one teacher to serve as a Training Representative to work with members of the Academic Training and Support Services team throughout the year. Training Representatives stay current on and then train teachers at their school on school-year cycle tasks, Pearson Online Classroom updates, and changes to processes. To assist them in this role, Training Representatives are given access to training materials they can customize, such as PowerPoint trainings, one-page guides, and activities to reinforce learning.

**Synchronous Web-Based Training:** In line with our commitment to use cutting-edge technology to promote learning for students, Pearson Online Classroom also implements this model for teacher training and professional learning. Real-time trainings and professional learning sessions conducted virtually, along with recorded trainings are offered throughout the year on a variety of school-specific and system-wide initiatives. Schools can request additional, school-specific sessions at any time.

### Teacher Support During Implementation

California Connections Academy teachers are all assigned supervisors. The supervisors are tasked with monitoring and supporting the teachers during their implementation of professional development activities. They will meet as often as twice a month to ensure implementation is on track.

## 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

California Connections Academy Central Valley was first authorized in May of 2006 by Alpaugh Unified School District (AUSD). California Connections Academy Central Valley began serving students on September 5, 2006. California Connections Academy Central Valley serves students in Tulare, Kings, Kern, Inyo, and Fresno counties.

The mission of California Connections Academy Central Valley is to leverage 21st century education resources on behalf of students who need a more personalized approach to learning to maximize these students' potential and meet the highest performance standards. This mission is accomplished through a uniquely individualized learning program that combines the best in virtual education with real connections among students, family, teachers, and the community to promote academic and emotional success for every learner. Every California Connections Academy Central Valley student has a Personalized Learning Plan and an entire team of experts committed to the student's successful fulfillment of that plan. California Connections Academy Central Valley is a high-quality, high-tech, high-interaction virtual "school without walls" that brings out the best in every student through Personalized Performance Learning.

California Connections Academy Central Valley is tailor-made for a diverse array of students who would benefit from a quality alternative to the traditional brick-and-mortar classroom. These include students whose families seek direct involvement in their education; students who are homebound due to illness or disability; exceptional students who are far ahead of or far behind their peers in school; young people pursuing artistic or athletic careers that require a flexible school schedule; students in group homes or institutions; and students at risk of academic failure who may particularly benefit from intensive, personalized instruction.

California Connections Academy Central Valley represents an outstanding educational choice for families in Tulare County and contiguous counties. Students will benefit from instruction that is individualized, personalized, and flexible. The ultimate focus of this "high-tech, high-interaction" instructional model is student achievement. The California Connections Academy Central Valley Board contracts with Pearson Virtual Schools, to provide the online school platform, the curriculum and other services. Parents pay no tuition for their students to attend California Connections Academy Central Valley. Students are considered to be enrolled in a full time public school. CalCA Central Valley provides textbooks and other instructional materials and equipment. Non-consumable materials and all equipment must be returned if the student is no longer enrolled. Students are expected to take all state mandated standardized tests in person at proctored locations designated by the school.

## School Facility Conditions and Planned Improvements

California Connections Academy Central Valley is a virtual school site and so does not have a physical facility, but it does share office space (e.g. for housing school records) with other California Connections Academy schools. These shared administrative offices are located in office space within relatively new commercial business parks in Ripon and San Juan Capistrano, CA.

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2022-23 Opportunities for Parental Involvement

Parents and other caretakers have the opportunity to be a part of their child's learning journey and play a critical role in student success. As a "Learning Coach", parents help their children stay on track, assist with academic monitoring, support in-person socialization opportunities, and more. Teachers, along with parents, proactively identify and work to address student challenges as well as celebrate student successes. Parents monitor student attendance and lesson completion daily. To enhance student learning, parents have the opportunity to interact with teachers during normal school hours which in turn builds positive parent/teacher relationships. Middle school and high school parents are actively involved in progress monitoring and other relevant meetings as needed; these meetings are held at a frequency relevant to the needs of the student. Elementary parents are required to speak with homeroom teachers at least three times per school year and many typically do so more often.

Students and their parents are offered the opportunity to participate in a variety of school-sponsored activities, including official field trips, schoolwide social events, and college tours. Parents may be involved in supporting their children's philanthropic efforts such as those involved with the school's chapters of National Junior Honor Society and National Honor Society. Parents take part in the School Advisory Committee meetings, which advise the board and administration on topics such as Title programs and the LCAP. A popular private Facebook page provides opportunities for parents to interact and communicate about a variety of topics. A parent group called "Club Connections" invites parents to join to help raise awareness about the school.

The school's counseling team offers parent workshops that draw on building students' social-emotional learning skills: self-awareness, self-regulation, social awareness, responsible decision making, and relationship skills. Sessions take place weekly throughout most of the school year and consist of information, engagement, open discussion, and a forum for caretakers to ask any questions related to mental health. All new parents/Learning Coaches are provided access to an online orientation and are encouraged to complete it prior to enrollment. Numerous supplemental orientations and live online sessions are offered to help new families transition easily into the school; new and returning families may also engage in online sessions dedicated to a myriad of topics such as how to best foster growth mindsets, understanding gifted students, and more. In addition to students' homeroom teachers, the school gives parents the opportunity to engage with school staff called "Learning Coach Mentors" who proactively support new parents; Learning Coach Mentors may also assist returning parents who are having difficulties in fulfilling their crucial role in their student's education. To further engage parents and enhance school operations, a parent satisfaction survey conducted by an independent third party firm serves to gather parent feedback annually. Parents are encouraged and reminded that the Technical Support team can be contacted by phone or via a link in the school's Educational Management System for assistance with technical issues, complaints, and concerns.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

## 2022-23 School Safety Plan

Because our charter school is a virtual school, school safety issues differ from a traditional school. Students do not work from a school site but some teachers and administrators, as well as most all of the support staff, do work from an office location. For students, school safety issues typically include, but are not limited to, Internet safety as well as policies on bullying and harassment. Pearson Online Classroom, the school's Education Management System, provides a closed communication system, which helps ensure online safety for students. For staff members, common school safety issues addressed with training include Internet safety, students in distress, student, parent or staff bullying and harassment, and other topics. Emergency plans and workplace safety policies are also provided for school staff members who work in a school office. We do host in person events including field trips, festivals, state testing and graduation ceremonies. We do have a comprehensive safety plan that includes the COVID-19 Safety Plan that was board approved on 9-28-21. The plan includes all elements required by Ed Code, including but not limited to: child abuse reporting, disaster and criminal incident procedures, and, discipline and due process for students. The school also has a safety committee that meets at regular intervals. We also offer staff CPR training and active shooter training. Additional information about school safety is available upon request.

All teachers have approximately 20 days each school year for professional development and training. In addition, Professional Learning Communities actively meet throughout the school year during time set aside for this important professional development activity which supports student learning through data analysis and professional collaboration.

Training/Professional Learning Elements - The following training and professional learning programs are provided to California Connections Academy teachers:

#### 1. Teacher Orientation Courses

Teacher Orientation Course: Foundations of Instruction - All new teachers complete a self-guided, Pearson Virtual School-developed teacher orientation course. This course is delivered through Pearson Online Classroom and contains lessons, interactive practice activities, assessments, and online tutorials. This course covers “the basics” teachers need to know to effectively do their job, including guidance on how to establish a relationship with students, personalize instruction, effectively grade and provide meaningful feedback, monitor progress, and use our multitiered instructional model. Upon successful completion of this course and its assessments, teachers are ready to begin. Teachers must complete this course within their first 30 days of employment with an overall score of 80% or higher.

Returning Staff Updates - This course is designed for teachers who are returning to Pearson Virtual Schools and have already completed the Teacher Orientation Course. The returning staff update includes information about procedures, Pearson Online Classroom features, and instructional programs that are new or updated for the current school year. A link to the Teacher Orientation Course is included in the returning staff update for reference. To ensure they are aware of changes from the prior school year, returning teachers must complete an assessment with an overall score of 80% or higher during the first 30 days of the school year.

#### 2. Connections Academy Professional Learning Series

Research on effective professional development tells us that professional development should be intensive, ongoing, and connected to practice. We are not effective when we provide stand-alone professional development workshops. Teachers need to try out new ideas and strategies with their students and reflect on the results of these strategies. Intensive professional development, especially when it includes the application of knowledge to planning and instruction, has a greater chance of influencing teaching practices, and in turn, leading to gains in student learning. Pearson Virtual Schools provides teachers with ongoing professional development activities throughout the year. Presenters with various backgrounds and areas of content expertise conduct live tutorial sessions on a rotating basis throughout the school year.

Pearson Online School provides a systematic approach to professional learning for all teachers. Topics for professional learning sessions support our core standards for facilitating student learning, align with the school year cycle, and are driven by our belief that all students can and must learn. Each series is: Intensive – Participants will identify the purpose of educational practices, examine how they can be implemented in the virtual or blended environment, and collaboratively discuss strategies that can be implemented with students.

Ongoing – New instructional strategies and the latest learning research will be connected to topics presented and discussed in prior sessions to demonstrate how specific educational practices form the “big picture” of effect.

Connected to practice – Following each session, participants will apply what they’ve learned to their professional practice. They will integrate precise, targeted strategies into their planning and instruction, and reflect on the outcomes through the Teacher ePortfolio Data View.

#### 3. University Online Instruction Courses

Pearson Virtual School offers up to \$5,250 per year per teacher in tuition reimbursement to support continuing education. Some restrictions apply including enrollment in an accredited program or degree path as well as successful completion of the course(s).

#### 4. Pearson Virtual School Leadership Academy

Pearson Virtual School cultivates internal leadership candidates through a series of meetings that focus on administrative, policy, and operational issues. Candidates who have an interest in future leadership opportunities are selected through an application process. This forum promotes critical thinking in the areas of educational research, administrative practice, and supervisory proficiency as they relate to virtual school leadership. Participants will also be expected to complete a year-long action research project at their school and report on the results at the final meeting of the Leadership Academy.

#### 5. Teacher Central

Teacher Central is a website that is easy to navigate and serves as a one-stop shop for teachers and staff to find guidance on instructional practices, professional learning, and training resources. Each section contains links to resources to support

## Professional Development

teacher effectiveness, best practices, and tools designed to personalize the learning experience for students. The Teacher Central website supports school-based staff with a variety of recorded tutorials, presentations, guides, and links to resources in 10 key categories:

- Pearson Online Classroom Tools
- Curriculum and Course Support
- Data & Reports
- Enrollment, Placement, and Withdrawal
- Family Engagement
- Multitiered Instructional Support
- Professional Learning and Collaboration
- School Year Cycle
- Teacher Protocols, Policies, and Best Practice
- Live Lesson Sessions

### Training and Professional Learning Delivery Models

Pearson Virtual Classroom uses several modes to deliver training and professional learning:

**In-Person Training:** Recognizing the tenets of effective professional development established by the National Staff Development Council (NSDC), interpersonal connections increase the impact of training for adult learners. Pearson Virtual School's Academic Training and Support Services team facilitates face-to-face training by school request. This can help establish rapport and promote collegial learning communities that are continued throughout the year via remote interactions. **"Train-the-Trainer":** Each school selects at least one teacher to serve as a Training Representative to work with members of the Academic Training and Support Services team throughout the year. Training Representatives stay current on and then train teachers at their school on school-year cycle tasks, Pearson Online Classroom updates, and changes to processes. To assist them in this role, Training Representatives are given access to training materials they can customize, such as PowerPoint trainings, one-page guides, and activities to reinforce learning.

**Synchronous Web-Based Training:** In line with our commitment to use cutting-edge technology to promote learning for students, Pearson Online Classroom also implements this model for teacher training and professional learning. Real-time trainings and professional learning sessions conducted virtually, along with recorded trainings are offered throughout the year on a variety of school-specific and system-wide initiatives. Schools can request additional, school-specific sessions at any time.

### Teacher Support During Implementation

California Connections Academy teachers are all assigned supervisors. The supervisors are tasked with monitoring and supporting the teachers during their implementation of professional development activities. They will meet as often as twice a month to ensure implementation is on track.

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

California Connections Academy Northern California was authorized on January 17, 2012 by the Ripon Unified School District (RUSD) and began serving students in grades K-12 on August 27, 2012. California Connections Academy Northern California serves students in Alameda, Amador, Calaveras, Contra Costa, Sacramento, San Joaquin, and Stanislaus counties.

The mission of California Connections Academy Northern California is to leverage 21st century education resources on behalf of students who need a more personalized approach to learning to maximize these students' potential and meet the highest performance standards. This mission is accomplished through a uniquely individualized learning program that combines the best in virtual education with real connections among students, family, teachers, and the community to promote academic and emotional success for every learner. Every CalCA@ Ripon student has a Personalized Learning Plan and an entire team of experts committed to the student's successful fulfillment of that plan. California Connections Academy Northern California is a high-quality, high-tech, high-interaction virtual "school without walls" that brings out the best in every student through Personalized Performance Learning.

California Connections Academy Northern California is tailor-made for a diverse array of students who would benefit from a quality alternative to the traditional brick-and-mortar classroom. These include students whose families seek direct involvement in their education; students who are homebound due to illness or disability; exceptional students who are far ahead of or far behind their peers in school; young people pursuing artistic or athletic careers that require a flexible school schedule; students in group homes or institutions; and students at risk of academic failure who may particularly benefit from intensive, personalized instruction.

California Connections Academy Northern California represents an outstanding educational choice for families in San Joaquin County and contiguous counties. Students will benefit from instruction that is individualized, personalized, and flexible. The ultimate focus of this "high-tech, high-interaction" instructional model is student achievement. The California Connections Academy Northern California Board contracts with Pearson Virtual Schools, to provide the online school platform, the curriculum, and other services. Parents pay no tuition for their students to attend California Connections Academy Northern California. Students are considered to be enrolled in a full time public school. California Connections Academy Northern California provides textbooks and other instructional materials and equipment. Non-consumable materials and all equipment must be returned if the student is no longer enrolled. Students are expected to take all state mandated standardized tests in person at proctored locations designated by the school.

### A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## School Facility Conditions and Planned Improvements

The school facility is located in a commercial business park in Ripon, CA. The building is relatively new, and the school office space was built out and fully equipped during the summer of 2012. An additional bathroom was added in 2014.

While teachers work from home, some administrators and the majority of the support staff work in the office. Students and families occasionally come to the school facility to meet with teachers, attend school events or participate in testing. It is expected that the office facility will meet the school's needs for at least several years. The school facility is in good condition.

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2022-23 Opportunities for Parental Involvement

Parents and other caretakers have the opportunity to be a part of their child's learning journey and play a critical role in student success. As a "Learning Coach", parents help their children stay on track, assist with academic monitoring, support in-person socialization opportunities, and more. Teachers, along with parents, proactively identify and work to address student challenges as well as celebrate student successes. Parents monitor student attendance and lesson completion daily. To enhance student learning, parents have the opportunity to interact with teachers during normal school hours which in turn builds positive parent/teacher relationships. Middle school and high school parents are actively involved in progress monitoring and other relevant meetings as needed; these meetings are held at a frequency relevant to the needs of the student. Elementary parents are required to speak with homeroom teachers at least three times per school year and many typically do so more often.

Students and their parents are offered the opportunity to participate in a variety of school-sponsored activities, including official field trips, schoolwide social events, and college tours. Parents may be involved in supporting their children's philanthropic efforts such as those involved with the school's chapters of National Junior Honor Society and National Honor Society. Parents take part in the School Advisory Committee meetings, which advise the board and administration on topics such as Title programs and the LCAP. A popular private Facebook page provides opportunities for parents to interact and communicate about a variety of topics. A parent group called "Club Connections" invites parents to join to help raise awareness about the school.

The school's counseling team offers parent workshops that draw on building students' social-emotional learning skills: self-awareness, self-regulation, social awareness, responsible decision making, and relationship skills. Sessions take place weekly throughout most of the school year and consist of information, engagement, open discussion, and a forum for caretakers to ask any questions related to mental health. All new parents/Learning Coaches are provided access to an online orientation and are encouraged to complete it prior to enrollment. Numerous supplemental orientations and live online sessions are offered to help new families transition easily into the school; new and returning families may also engage in online sessions dedicated to a myriad of topics such as how to best foster growth mindsets, understanding gifted students, and more. In addition to students' homeroom teachers, the school gives parents the opportunity to engage with school staff called "Learning Coach Mentors" who proactively support new parents; Learning Coach Mentors may also assist returning parents who are having difficulties in fulfilling their crucial role in their student's education. To further engage parents and enhance school operations, a parent satisfaction survey conducted by an independent third party firm serves to gather parent feedback annually. Parents are encouraged and reminded that the Technical Support team can be contacted by phone or via a link in the school's Educational Management System for assistance with technical issues, complaints, and concerns.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

## 2022-23 School Safety Plan

Because our charter school is a virtual school, school safety issues differ from a traditional school. Students do not work from a school site but some teachers and administrators, as well as most all of the support staff, do work from an office location. For students, school safety issues typically include, but are not limited to, Internet safety as well as policies on bullying and harassment. Pearson Online Classroom, the school's Education Management System, provides a closed communication system, which helps ensure online safety for students. For staff members, common school safety issues addressed with training include Internet safety, students in distress, student, parent or staff bullying and harassment, and other topics. Emergency plans and workplace safety policies are also provided for school staff members who work in a school office. We do host in person events including field trips, festivals, state testing and graduation ceremonies. We do have a comprehensive safety plan that includes the COVID-19 Safety Plan that was board approved on 9-28-21. The plan includes all elements required by Ed Code, including but not limited to: child abuse reporting, disaster and criminal incident procedures, and, discipline and due process for students. The school also has a safety committee that meets at regular intervals. We also offer staff CPR training and active shooter training. Additional information about school safety is available upon request.

All teachers have approximately 20 days each school year for professional development and training. In addition, Professional Learning Communities actively meet throughout the school year during time set aside for this important professional development activity which supports student learning through data analysis and professional collaboration.

Training/Professional Learning Elements - The following training and professional learning programs are provided to California Connections Academy teachers:

#### 1. Teacher Orientation Courses

Teacher Orientation Course: Foundations of Instruction - All new teachers complete a self-guided, Pearson Virtual School-developed teacher orientation course. This course is delivered through Pearson Online Classroom and contains lessons, interactive practice activities, assessments, and online tutorials. This course covers “the basics” teachers need to know to effectively do their job, including guidance on how to establish a relationship with students, personalize instruction, effectively grade and provide meaningful feedback, monitor progress, and use our multitiered instructional model. Upon successful completion of this course and its assessments, teachers are ready to begin. Teachers must complete this course within their first 30 days of employment with an overall score of 80% or higher.

Returning Staff Updates - This course is designed for teachers who are returning to Pearson Virtual Schools and have already completed the Teacher Orientation Course. The returning staff update includes information about procedures, Pearson Online Classroom features, and instructional programs that are new or updated for the current school year. A link to the Teacher Orientation Course is included in the returning staff update for reference. To ensure they are aware of changes from the prior school year, returning teachers must complete an assessment with an overall score of 80% or higher during the first 30 days of the school year.

#### 2. Connections Academy Professional Learning Series

Research on effective professional development tells us that professional development should be intensive, ongoing, and connected to practice. We are not effective when we provide stand-alone professional development workshops. Teachers need to try out new ideas and strategies with their students and reflect on the results of these strategies. Intensive professional development, especially when it includes the application of knowledge to planning and instruction, has a greater chance of influencing teaching practices, and in turn, leading to gains in student learning. Pearson Virtual Schools provides teachers with ongoing professional development activities throughout the year. Presenters with various backgrounds and areas of content expertise conduct live tutorial sessions on a rotating basis throughout the school year.

Pearson Online School provides a systematic approach to professional learning for all teachers. Topics for professional learning sessions support our core standards for facilitating student learning, align with the school year cycle, and are driven by our belief that all students can and must learn. Each series is: Intensive – Participants will identify the purpose of educational practices, examine how they can be implemented in the virtual or blended environment, and collaboratively discuss strategies that can be implemented with students.

Ongoing – New instructional strategies and the latest learning research will be connected to topics presented and discussed in prior sessions to demonstrate how specific educational practices form the “big picture” of effect.

Connected to practice – Following each session, participants will apply what they’ve learned to their professional practice. They will integrate precise, targeted strategies into their planning and instruction, and reflect on the outcomes through the Teacher ePortfolio Data View.

#### 3. University Online Instruction Courses

Pearson Virtual School offers up to \$5,250 per year per teacher in tuition reimbursement to support continuing education. Some restrictions apply including enrollment in an accredited program or degree path as well as successful completion of the course(s).

#### 4. Pearson Virtual School Leadership Academy

Pearson Virtual School cultivates internal leadership candidates through a series of meetings that focus on administrative, policy, and operational issues. Candidates who have an interest in future leadership opportunities are selected through an application process. This forum promotes critical thinking in the areas of educational research, administrative practice, and supervisory proficiency as they relate to virtual school leadership. Participants will also be expected to complete a year-long action research project at their school and report on the results at the final meeting of the Leadership Academy.

#### 5. Teacher Central

Teacher Central is a website that is easy to navigate and serves as a one-stop shop for teachers and staff to find guidance on instructional practices, professional learning, and training resources. Each section contains links to resources to support

## Professional Development

teacher effectiveness, best practices, and tools designed to personalize the learning experience for students. The Teacher Central website supports school-based staff with a variety of recorded tutorials, presentations, guides, and links to resources in 10 key categories:

- Pearson Online Classroom Tools
- Curriculum and Course Support
- Data & Reports
- Enrollment, Placement, and Withdrawal
- Family Engagement
- Multitiered Instructional Support
- Professional Learning and Collaboration
- School Year Cycle
- Teacher Protocols, Policies, and Best Practice
- Live Lesson Sessions

### Training and Professional Learning Delivery Models

Pearson Virtual Classroom uses several modes to deliver training and professional learning:

**In-Person Training:** Recognizing the tenets of effective professional development established by the National Staff Development Council (NSDC), interpersonal connections increase the impact of training for adult learners. Pearson Virtual School's Academic Training and Support Services team facilitates face-to-face training by school request. This can help establish rapport and promote collegial learning communities that are continued throughout the year via remote interactions. **"Train-the-Trainer":** Each school selects at least one teacher to serve as a Training Representative to work with members of the Academic Training and Support Services team throughout the year. Training Representatives stay current on and then train teachers at their school on school-year cycle tasks, Pearson Online Classroom updates, and changes to processes. To assist them in this role, Training Representatives are given access to training materials they can customize, such as PowerPoint trainings, one-page guides, and activities to reinforce learning.

**Synchronous Web-Based Training:** In line with our commitment to use cutting-edge technology to promote learning for students, Pearson Online Classroom also implements this model for teacher training and professional learning. Real-time trainings and professional learning sessions conducted virtually, along with recorded trainings are offered throughout the year on a variety of school-specific and system-wide initiatives. Schools can request additional, school-specific sessions at any time.

### Teacher Support During Implementation

California Connections Academy teachers are all assigned supervisors. The supervisors are tasked with monitoring and supporting the teachers during their implementation of professional development activities. They will meet as often as twice a month to ensure implementation is on track.

This table displays the number of school days dedicated to staff development and continuous improvement.

## 2021-2022 School Accountability Report Card

(Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

California Connections Academy North Bay was authorized on January 15, 2014 by Middletown Unified School District (MUSD) and began serving students in grades K-12 on September 2, 2014. California Connections Academy North Bay serves students in Lake, Napa, Sonoma, Mendocino, Glenn, Colusa, and Yolo counties.

The mission of California Connections Academy North Bay will be to educate and empower compassionate global citizens by leveraging 21st century education resources on behalf of students who need a more personalized approach to learning to maximize these students' potential and meet the highest performance standards. This mission will be accomplished through a uniquely individualized learning program that combines the best in virtual education with real connections among students, family, teachers, and the community to promote academic and emotional success for every learner. Every student will have a Personalized Learning Plan and an entire team of experts committed to the student's successful fulfillment of that plan. California Connections Academy North Bay will be a high-quality, high-tech, high-interaction virtual "school without walls" that brings out the best in every student through Personalized Performance Learning.

California Connections Academy North Bay is tailor-made for a diverse array of students who would benefit from a quality alternative to the traditional brick-and-mortar classroom. These include students whose families seek direct involvement in their education; students who are homebound due to illness or disability; exceptional students who are far ahead of or far behind their peers in school; young people pursuing artistic or athletic careers that require a flexible school schedule; students in group homes or institutions; and students at risk of academic failure who may particularly benefit from intensive, personalized instruction.

California Connections Academy North Bay represents an outstanding educational choice for families in Lake County and contiguous counties. Students will benefit from instruction that is individualized, personalized, and flexible. The ultimate focus of this "high-tech, high-interaction" instructional model is student achievement. The California Connections Academy North Bay Board contracts with Pearson Virtual Schools to provide the online school platform, the curriculum and other services. Parents pay no tuition for their students to attend California Connections Academy North Bay. Students are considered to be enrolled in a full time public school. California Connections Academy North Bay provides textbooks and other instructional materials and equipment. Non-consumable materials and all equipment must be returned if the student is no longer enrolled. Students are expected to take all state- mandated standardized tests in person at proctored locations designated by the school.

## School Facility Conditions and Planned Improvements

California Connections Academy North Bay is a virtual school site and so does not have a physical facility, but it does share office space (e.g. for housing school records) with other California Connections Academy schools. These shared administrative offices are located in office space within relatively new commercial business parks in Ripon and San Juan Capistrano, CA.

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2022-23 Opportunities for Parental Involvement

Parents and other caretakers have the opportunity to be a part of their child's learning journey and play a critical role in student success. As a "Learning Coach", parents help their children stay on track, assist with academic monitoring, support in-person socialization opportunities, and more. Teachers, along with parents, proactively identify and work to address student challenges as well as celebrate student successes. Parents monitor student attendance and lesson completion daily. To enhance student learning, parents have the opportunity to interact with teachers during normal school hours which in turn builds positive parent/teacher relationships. Middle school and high school parents are actively involved in progress monitoring and other relevant meetings as needed; these meetings are held at a frequency relevant to the needs of the student. Elementary parents are required to speak with homeroom teachers at least three times per school year and many typically do so more often.

Students and their parents are offered the opportunity to participate in a variety of school-sponsored activities, including official field trips, schoolwide social events, and college tours. Parents may be involved in supporting their children's philanthropic efforts such as those involved with the school's chapters of National Junior Honor Society and National Honor Society. Parents take part in the School Advisory Committee meetings, which advise the board and administration on topics such as Title programs and the LCAP. A popular private Facebook page provides opportunities for parents to interact and communicate about a variety of topics. A parent group called "Club Connections" invites parents to join to help raise awareness about the school.

The school's counseling team offers parent workshops that draw on building students' social-emotional learning skills: self-awareness, self-regulation, social awareness, responsible decision making, and relationship skills. Sessions take place weekly throughout most of the school year and consist of information, engagement, open discussion, and a forum for caretakers to ask any questions related to mental health. All new parents/Learning Coaches are provided access to an online orientation and are encouraged to complete it prior to enrollment. Numerous supplemental orientations and live online sessions are offered to help new families transition easily into the school; new and returning families may also engage in online sessions dedicated to a myriad of topics such as how to best foster growth mindsets, understanding gifted students, and more. In addition to students' homeroom teachers, the school gives parents the opportunity to engage with school staff called "Learning Coach Mentors" who proactively support new parents; Learning Coach Mentors may also assist returning parents who are having difficulties in fulfilling their crucial role in their student's education. To further engage parents and enhance school operations, a parent satisfaction survey conducted by an independent third party firm serves to gather parent feedback annually. Parents are encouraged and reminded that the Technical Support team can be contacted by phone or via a link in the school's Educational Management System for assistance with technical issues, complaints, and concerns.

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

## 2022-23 School Safety Plan

Because our charter school is a virtual school, school safety issues differ from a traditional school. Students do not work from a school site but some teachers and administrators, as well as most all of the support staff, do work from an office location. For students, school safety issues typically include, but are not limited to, Internet safety as well as policies on bullying and harassment. Pearson Online Classroom, the school's Education Management System, provides a closed communication system, which helps ensure online safety for students. For staff members, common school safety issues addressed with training include Internet safety, students in distress, student, parent or staff bullying and harassment, and other topics. Emergency plans and workplace safety policies are also provided for school staff members who work in a school office. We do host in person events including field trips, festivals, state testing and graduation ceremonies. We do have a comprehensive safety plan that includes the COVID-19 Safety Plan that was board approved on 9-28-21. The plan includes all elements required by Ed Code, including but not limited to: child abuse reporting, disaster and criminal incident procedures, and, discipline and due process for students. The school also has a safety committee that meets at regular intervals. We also offer staff CPR training and active shooter training. Additional information about school safety is available upon request.

All teachers have approximately 20 days each school year for professional development and training. In addition, Professional Learning Communities actively meet throughout the school year during time set aside for this important professional development activity which supports student learning through data analysis and professional collaboration.

Training/Professional Learning Elements - The following training and professional learning programs are provided to California Connections Academy teachers:

#### 1. Teacher Orientation Courses

Teacher Orientation Course: Foundations of Instruction - All new teachers complete a self-guided, Pearson Virtual School-developed teacher orientation course. This course is delivered through Pearson Online Classroom and contains lessons, interactive practice activities, assessments, and online tutorials. This course covers “the basics” teachers need to know to effectively do their job, including guidance on how to establish a relationship with students, personalize instruction, effectively grade and provide meaningful feedback, monitor progress, and use our multitiered instructional model. Upon successful completion of this course and its assessments, teachers are ready to begin. Teachers must complete this course within their first 30 days of employment with an overall score of 80% or higher.

Returning Staff Updates - This course is designed for teachers who are returning to Pearson Virtual Schools and have already completed the Teacher Orientation Course. The returning staff update includes information about procedures, Pearson Online Classroom features, and instructional programs that are new or updated for the current school year. A link to the Teacher Orientation Course is included in the returning staff update for reference. To ensure they are aware of changes from the prior school year, returning teachers must complete an assessment with an overall score of 80% or higher during the first 30 days of the school year.

#### 2. Connections Academy Professional Learning Series

Research on effective professional development tells us that professional development should be intensive, ongoing, and connected to practice. We are not effective when we provide stand-alone professional development workshops. Teachers need to try out new ideas and strategies with their students and reflect on the results of these strategies. Intensive professional development, especially when it includes the application of knowledge to planning and instruction, has a greater chance of influencing teaching practices, and in turn, leading to gains in student learning. Pearson Virtual Schools provides teachers with ongoing professional development activities throughout the year. Presenters with various backgrounds and areas of content expertise conduct live tutorial sessions on a rotating basis throughout the school year.

Pearson Online School provides a systematic approach to professional learning for all teachers. Topics for professional learning sessions support our core standards for facilitating student learning, align with the school year cycle, and are driven by our belief that all students can and must learn. Each series is:

- Intensive – Participants will identify the purpose of educational practices, examine how they can be implemented in the virtual or blended environment, and collaboratively discuss strategies that can be implemented with students.

- Ongoing – New instructional strategies and the latest learning research will be connected to topics presented and discussed in prior sessions to demonstrate how specific educational practices form the “big picture” of effect.

- Connected to practice – Following each session, participants will apply what they’ve learned to their professional practice. They will integrate precise, targeted strategies into their planning and instruction, and reflect on the outcomes through the Teacher ePortfolio Data View.

#### 3. University Online Instruction Courses

Pearson Virtual School offers up to \$5,250 per year per teacher in tuition reimbursement to support continuing education. Some restrictions apply including enrollment in an accredited program or degree path as well as successful completion of the course(s).

#### 4. Pearson Virtual School Leadership Academy

Pearson Virtual School cultivates internal leadership candidates through a series of meetings that focus on administrative, policy, and operational issues. Candidates who have an interest in future leadership opportunities are selected through an application process. This forum promotes critical thinking in the areas of educational research, administrative practice, and supervisory proficiency as they relate to virtual school leadership. Participants will also be expected to complete a year-long action research project at their school and report on the results at the final meeting of the Leadership Academy.

#### 5. Teacher Central

Teacher Central is a website that is easy to navigate and serves as a one-stop shop for teachers and staff to find guidance on instructional practices, professional learning, and training resources. Each section contains links to resources to support

## Professional Development

teacher effectiveness, best practices, and tools designed to personalize the learning experience for students. The Teacher Central website supports school-based staff with a variety of recorded tutorials, presentations, guides, and links to resources in 10 key categories:

- Pearson Online Classroom Tools
- Curriculum and Course Support
- Data & Reports
- Enrollment, Placement, and Withdrawal
- Family Engagement
- Multitiered Instructional Support
- Professional Learning and Collaboration
- School Year Cycle
- Teacher Protocols, Policies, and Best Practice
- Live Lesson Sessions

### Training and Professional Learning Delivery Models

Pearson Virtual Classroom uses several modes to deliver training and professional learning:

**In-Person Training:** Recognizing the tenets of effective professional development established by the National Staff Development Council (NSDC), interpersonal connections increase the impact of training for adult learners. Pearson Virtual School’s Academic Training and Support Services team facilitates face-to-face training by school request. This can help establish rapport and promote collegial learning communities that are continued throughout the year via remote interactions. **“Train-the-Trainer”:** Each school selects at least one teacher to serve as a Training Representative to work with members of the Academic Training and Support Services team throughout the year. Training Representatives stay current on and then train teachers at their school on school-year cycle tasks, Pearson Online Classroom updates, and changes to processes. To assist them in this role, Training Representatives are given access to training materials they can customize, such as PowerPoint trainings, one-page guides, and activities to reinforce learning.

**Synchronous Web-Based Training:** In line with our commitment to use cutting-edge technology to promote learning for students, Pearson Online Classroom also implements this model for teacher training and professional learning. Real-time trainings and professional learning sessions conducted virtually, along with recorded trainings are offered throughout the year on a variety of school-specific and system-wide initiatives. Schools can request additional, school-specific sessions at any time.

### Teacher Support During Implementation

California Connections Academy teachers are all assigned supervisors. The supervisors are tasked with monitoring and supporting the teachers during their implementation of professional development activities. They will meet as often as twice a month to ensure implementation is on track.

## 2021-2022 School Accountability Report Card

(Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

California Connections Academy Southern California was authorized on June 4, 2004 by Capistrano Unified School District (CUSD). California Connections Academy Southern California began serving students on September 7, 2004. California Connections Academy Southern California serves students in Los Angeles, Orange, Riverside, San Bernardino, and San Diego Counties counties.

The mission of California Connections Academy Southern California will be to educate and empower compassionate global citizens by leveraging 21st century education resources on behalf of students who need a more personalized approach to learning to maximize these students' potential and meet the highest performance standards. This mission will be accomplished through a uniquely individualized learning program that combines the best in virtual education with real connections among students, family, teachers, and the community to promote academic and emotional success for every learner. Every student will have a Personalized Learning Plan and an entire team of experts committed to the student's successful fulfillment of that plan. California Connections Academy Southern California will be a high-quality, high-tech, high-interaction virtual "school without walls" that brings out the best in every student through Personalized Performance Learning.

California Connections Academy Southern California is tailor-made for a diverse array of students who would benefit from a quality alternative to the traditional brick-and-mortar classroom. These include students whose families seek direct involvement in their education; students who are homebound due to illness or disability; exceptional students who are far ahead of or far behind their peers in school; young people pursuing artistic or athletic careers that require a flexible school schedule; students in group homes or institutions; and students at risk of academic failure who may particularly benefit from intensive, personalized instruction.

California Connections Academy Southern California represents an outstanding educational choice for families in Orange County and contiguous counties. Students will benefit from instruction that is individualized, personalized, and flexible. The ultimate focus of this "high-tech, high-interaction" instructional model is student achievement. The California Connections Academy Southern California Board contracts with Pearson Virtual Schools, to provide the online school platform, the curriculum and other services. Parents pay no tuition for their students to attend California Connections Academy Southern California. Students are considered to be enrolled in a full time public school. California Connections Academy Southern California provides textbooks and other instructional materials and equipment. Non-consumable materials and all equipment must be returned if the student is no longer enrolled. Students are expected to take all state mandated standardized tests in

## School Facility Conditions and Planned Improvements

The school facility is located in a business park in San Juan Capistrano, CA. The building is relatively new. Improvements were made and maintenance was done at that time to accommodate the needs of the school, including some minor repairs to plumbing and HVAC after the school moved here in summer of 2014.

While teachers work from home, some administrators and the majority of the support staff work in the office. Students and families occasionally come to the school facility to meet with teachers, attend school events or participate in testing. It is expected that the office facility will meet the school's needs for at least several years. The school facility is in good condition.

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A		N/A		N/A	
<b>Mathematics</b> (grades 3-8 and 11)	N/A		N/A		N/A	

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2022-23 Opportunities for Parental Involvement

Parents and other caretakers have the opportunity to be a part of their child's learning journey and play a critical role in student success. As a "Learning Coach", parents help their children stay on track, assist with academic monitoring, support in-person socialization opportunities, and more. Teachers, along with parents, proactively identify and work to address student challenges as well as celebrate student successes. Parents monitor student attendance and lesson completion daily. To enhance student learning, parents have the opportunity to interact with teachers during normal school hours which in turn builds positive parent/teacher relationships. Middle school and high school parents are actively involved in progress monitoring and other relevant meetings as needed; these meetings are held at a frequency relevant to the needs of the student. Elementary parents are required to speak with homeroom teachers at least three times per school year and many typically do so more often.

Students and their parents are offered the opportunity to participate in a variety of school-sponsored activities, including official field trips, schoolwide social events, and college tours. Parents may be involved in supporting their children's philanthropic efforts such as those involved with the school's chapters of National Junior Honor Society and National Honor Society. Parents take part in the School Advisory Committee meetings, which advise the board and administration on topics such as Title programs and the LCAP. A popular private Facebook page provides opportunities for parents to interact and communicate about a variety of topics. A parent group called "Club Connections" invites parents to join to help raise awareness about the school.

The school's counseling team offers parent workshops that draw on building students' social-emotional learning skills: self-awareness, self-regulation, social awareness, responsible decision making, and relationship skills. Sessions take place weekly throughout most of the school year and consist of information, engagement, open discussion, and a forum for caretakers to ask any questions related to mental health. All new parents/Learning Coaches are provided access to an online orientation and are encouraged to complete it prior to enrollment. Numerous supplemental orientations and live online sessions are offered to help new families transition easily into the school; new and returning families may also engage in online sessions dedicated to a myriad of topics such as how to best foster growth mindsets, understanding gifted students, and more. In addition to students' homeroom teachers, the school gives parents the opportunity to engage with school staff called "Learning Coach Mentors" who proactively support new parents; Learning Coach Mentors may also assist returning parents who are having difficulties in fulfilling their crucial role in their student's education. To further engage parents and enhance school operations, a parent satisfaction survey conducted by an independent third party firm serves to gather parent feedback annually. Parents are encouraged and reminded that the Technical Support team can be contacted by phone or via a link in the school's Educational Management System for assistance with technical issues, complaints, and concerns.

- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

## 2022-23 School Safety Plan

Because our charter school is a virtual school, school safety issues differ from a traditional school. Students do not work from a school site but some teachers and administrators, as well as most all of the support staff, do work from an office location. For students, school safety issues typically include, but are not limited to, Internet safety as well as policies on bullying and harassment. Pearson Online Classroom, the school's Education Management System, provides a closed communication system, which helps ensure online safety for students. For staff members, common school safety issues addressed with training include Internet safety, students in distress, student, parent or staff bullying and harassment, and other topics. Emergency plans and workplace safety policies are also provided for school staff members who work in a school office. We do host in person events including field trips, festivals, state testing and graduation ceremonies. We do have a comprehensive safety plan that includes the COVID-19 Safety Plan that was board approved on 9-28-21. The plan includes all elements required by Ed Code, including but not limited to: child abuse reporting, disaster and criminal incident procedures, and, discipline and due process for students. The school also has a safety committee that meets at regular intervals. We also offer staff CPR training and active shooter training. Additional information about school safety is available upon request.

All teachers have approximately 20 days each school year for professional development and training. In addition, Professional Learning Communities actively meet throughout the school year during time set aside for this important professional development activity which supports student learning through data analysis and professional collaboration.

Training/Professional Learning Elements - The following training and professional learning programs are provided to California Connections Academy teachers:

#### 1. Teacher Orientation Courses

Teacher Orientation Course: Foundations of Instruction - All new teachers complete a self-guided, Pearson Virtual School-developed teacher orientation course. This course is delivered through Pearson Online Classroom and contains lessons, interactive practice activities, assessments, and online tutorials. This course covers “the basics” teachers need to know to effectively do their job, including guidance on how to establish a relationship with students, personalize instruction, effectively grade and provide meaningful feedback, monitor progress, and use our multitiered instructional model. Upon successful completion of this course and its assessments, teachers are ready to begin. Teachers must complete this course within their first 30 days of employment with an overall score of 80% or higher.

Returning Staff Updates - This course is designed for teachers who are returning to Pearson Virtual Schools and have already completed the Teacher Orientation Course. The returning staff update includes information about procedures, Pearson Online Classroom features, and instructional programs that are new or updated for the current school year. A link to the Teacher Orientation Course is included in the returning staff update for reference. To ensure they are aware of changes from the prior school year, returning teachers must complete an assessment with an overall score of 80% or higher during the first 30 days of the school year.

#### 2. Connections Academy Professional Learning Series

Research on effective professional development tells us that professional development should be intensive, ongoing, and connected to practice. We are not effective when we provide stand-alone professional development workshops. Teachers need to try out new ideas and strategies with their students and reflect on the results of these strategies. Intensive professional development, especially when it includes the application of knowledge to planning and instruction, has a greater chance of influencing teaching practices, and in turn, leading to gains in student learning. Pearson Virtual Schools provides teachers with ongoing professional development activities throughout the year. Presenters with various backgrounds and areas of content expertise conduct live tutorial sessions on a rotating basis throughout the school year.

Pearson Online School provides a systematic approach to professional learning for all teachers. Topics for professional learning sessions support our core standards for facilitating student learning, align with the school year cycle, and are driven by our belief that all students can and must learn. Each series is:

- Intensive – Participants will identify the purpose of educational practices, examine how they can be implemented in the virtual or blended environment, and collaboratively discuss strategies that can be implemented with students.

- Ongoing – New instructional strategies and the latest learning research will be connected to topics presented and discussed in prior sessions to demonstrate how specific educational practices form the “big picture” of effect.

- Connected to practice – Following each session, participants will apply what they’ve learned to their professional practice. They will integrate precise, targeted strategies into their planning and instruction, and reflect on the outcomes through the Teacher ePortfolio Data View.

#### 3. University Online Instruction Courses

Pearson Virtual School offers up to \$5,250 per year per teacher in tuition reimbursement to support continuing education. Some restrictions apply including enrollment in an accredited program or degree path as well as successful completion of the course(s).

#### 4. Pearson Virtual School Leadership Academy

Pearson Virtual School cultivates internal leadership candidates through a series of meetings that focus on administrative, policy, and operational issues. Candidates who have an interest in future leadership opportunities are selected through an application process. This forum promotes critical thinking in the areas of educational research, administrative practice, and supervisory proficiency as they relate to virtual school leadership. Participants will also be expected to complete a year-long action research project at their school and report on the results at the final meeting of the Leadership Academy.

#### 5. Teacher Central

Teacher Central is a website that is easy to navigate and serves as a one-stop shop for teachers and staff to find guidance on instructional practices, professional learning, and training resources. Each section contains links to resources to support

## Professional Development

teacher effectiveness, best practices, and tools designed to personalize the learning experience for students. The Teacher Central website supports school-based staff with a variety of recorded tutorials, presentations, guides, and links to resources in 10 key categories:

- Pearson Online Classroom Tools
- Curriculum and Course Support
- Data & Reports
- Enrollment, Placement, and Withdrawal
- Family Engagement
- Multitiered Instructional Support
- Professional Learning and Collaboration
- School Year Cycle
- Teacher Protocols, Policies, and Best Practices
- Live Lesson Sessions

### Training and Professional Learning Delivery Models

Pearson Virtual Classroom uses several modes to deliver training and professional learning:

**In-Person Training:** Recognizing the tenets of effective professional development established by the National Staff Development Council (NSDC), interpersonal connections increase the impact of training for adult learners. Pearson Virtual School's Academic Training and Support Services team facilitates face-to-face training by school request. This can help establish rapport and promote collegial learning communities that are continued throughout the year via remote interactions. **"Train-the-Trainer":** Each school selects at least one teacher to serve as a Training Representative to work with members of the Academic Training and Support Services team throughout the year. Training Representatives stay current on and then train teachers at their school on school-year cycle tasks, Pearson Online Classroom updates, and changes to processes. To assist them in this role, Training Representatives are given access to training materials they can customize, such as PowerPoint trainings, one-page guides, and activities to reinforce learning.

**Synchronous Web-Based Training:** In line with our commitment to use cutting-edge technology to promote learning for students, Pearson Online Classroom also implements this model for teacher training and professional learning. Real-time trainings and professional learning sessions conducted virtually, along with recorded trainings are offered throughout the year on a variety of school-specific and system-wide initiatives. Schools can request additional, school-specific sessions at any time.

### Teacher Support During Implementation

California Connections Academy teachers are all assigned supervisors. The supervisors are tasked with monitoring and supporting the teachers during their implementation of professional development activities. They will meet as often as twice a month to ensure implementation is on track.

This table displays the number of school days dedicated to staff development and continuous improvement.

# 2023-24 INDEPENDENT STUDY MASTER AGREEMENT

## I. Educational Objectives

---

The major educational objectives are to:

1. Enable the student to keep current with his/her/their grade-specific studies.
2. Enable the student to successfully complete his/her/their assignments and meet assignment-specific objectives outlined in the school's curriculum, Master Agreement, the Educational Management System (Pearson Online Classroom, formerly known as **Connexus**), and through the school's personalized learning process.

The student's work will be evaluated regularly by his/her/their teacher using the methods specified in this Master Agreement, and in Pearson Online Classroom. All parties agree to report to the teacher regularly, in accordance with the manner, frequency, time, date, method, and place specified below. On reaching the objectives stated in this Master Agreement, the student in grades TK–8 will be credited with having completed his/her/their assigned grade level. For a high school student in grades 9–12 who obtains the objectives of the Master Agreement, course credits will be earned in accordance with the student's course of study, for each course which is successfully completed. The course of study is a companion document to and incorporated by reference in this Master Agreement and is also included as part of each Monthly Assignment and Work Record. If a student is not making adequate progress towards these objectives, it may be determined that the student is not making satisfactory educational progress and an evaluation may result as described below.

## II. Studies

---

Areas of grade-specific study provided include but are not limited to: English/Language Arts, Mathematics, Science, History/Social Studies, Social Science, Physical Education, and other electives (electives to be confirmed on consultation with Supervising teacher or counselor). Any modifications to this full course of study will be documented in the Monthly Assignment and Work Record (considered part of the Master Agreement as a companion document). The course of study and possible course credits for students in grades 9–12 will be available within two (2) weeks of the student's enrollment date and is incorporated by reference in and considered part of this Master Agreement as a companion document. These companion documents set forth the number of course credits or, for the elementary grades, other measures of academic accomplishment appropriate to the Master Agreement, to be earned by the student upon completion.

## III. Regular Reports and Assignment Submissions

---

Each student in every grade must communicate with a teacher at least once each week. In addition, parents/legal guardians (or their qualified designee) must communicate with their student's teacher(s) on a regular basis, with the frequency to be determined by the teacher based on the student's grade level and progress in the program. These required reports (also known as contacts) will occur in person, by phone, or via LiveLesson® real-time instructional sessions, at a mutually agreed upon time and date. Meetings are documented in Pearson Online Classroom Log Entries. In addition, the school will report on and communicate at least quarterly with parents/legal guardians regarding student academic progress through providing a progress report generated in Pearson Online Classroom. Parents and Learning Coaches have access to the student grade book in Pearson Online Classroom at all times while the student is enrolled. To communicate academic progress, teachers and other school staff members may refer to this information during the regular contacts. The student and Learning Coach agree to report the student's attendance and lesson completion on a daily basis in Pearson Online Classroom. The student and Learning Coach agree to submit student original work samples to the school by the stated school deadlines, typically once per month at a minimum. Work should be submitted through Pearson Online Classroom, via an online "drop box" or via email submission. On occasion, and with approval of the course teacher, work may be submitted via U.S. Mail, in person or via fax. Parents/guardians/caretakers will ensure their student participates in all assessments as required by the school program. Each student is required to take at least one (1) in person proctored academic test each year. Fulfillment of this requirement will be determined by school Administration and is a condition of enrollment in the program. The grade levels that will be administered in-person proctored tests will be determined annually at the discretion of the Administration.

# 2023-24 INDEPENDENT STUDY MASTER AGREEMENT

## IV. Methods of Evaluation

---

Student evaluation will incorporate a variety of methods that may include, but are not limited to: portfolio items, review of assignments by teachers and the Learning Coach, observation, teacher-made evaluations, online assessments, proctored exams, any other mailed or electronic work to be graded, and written and oral tests and quizzes. **Submission of original portfolio and original student work samples by the stated school deadlines is required to participate in the program.**

## V. Methods of Study

---

Activities selected as a means to reach the objectives may include, but are not limited to: core curriculum materials, reading, independent research, essays, term papers, flash cards, illustrations, oral and written reports, demonstrations, participation, lesson exercises, games, comprehension questions, computer programs, field trips, simulations, discussions, note-taking, videos, and other educational activities. (Note: Assigned texts, lesson plans, and acceptable monthly-required work samples for students are found in Pearson Online Classroom.) In addition, California Connections Academy will offer opportunities for live interaction and synchronous instruction to student per Education Code § 51747(c).

## VI. Resources

---

California Connections Academy will provide appropriate services, supports, technology and resources to enable student to complete their independent study program successfully. These resources include but are not limited to a credentialed teacher support, Technical Support, Student Support Services, core curriculum, Pearson Online Classroom, lesson manuals, supplementary course material, and special education resources. Additionally, California Connections Academy will ensure student has access to the connectivity and devices adequate to participate in independent study and complete assigned work (e.g., computer, internet access, etc.) By signing below, student's parent/guardian/caregiver is confirming student: (1) has access to devices and connectivity to allow student to adequately participate in independent study and complete assigned work; or (2) will contact the student's supervising teacher if student needs help accessing such connectivity and devices.

**Additional Supports for Special Populations:** California Connections Academy will provide supports and academic services necessary to address the needs of students who are not performing at grade level, or need support in other areas, such as English learners, individuals with exceptional needs in order to be consistent with the student's IEP or plan pursuant to Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C. § 794), students in foster care or experiencing homelessness, and students requiring mental health supports. These supports include, but are not limited to, a customized learning plan and/or curriculum, access to assistive software/devices, counselors, specialized academic instruction, student support team and related services, and various online intervention supports or programs.

## VII. Conditions of Independent Study

---

1. Independent study is an optional educational alternative in which no student may be required to participate. In the case of a student who is referred or assigned to any school, class, or program pursuant to Education Code §48915 or 48917, instruction may be provided to the student through independent study only if the student is offered the alternative of classroom instruction. Students who choose independent study have the alternative option of returning to a classroom-based instructional program in a school of their district of residence.
2. This independent study program is substantively equivalent in quantity and quality to classroom instruction. Students in the school have equality of rights and privileges with students in other public-school programs. Students are entitled to school services and resources including, but not limited to: school staff, credentialed teachers, textbooks, supplementary materials, and the services and resources received by other students enrolled in our public school, as specified in the school charter.
3. For students in grades TK–12, no more than four (4) school weeks may elapse between when a teacher makes an assignment and the date by which the student must complete the assigned work (i.e., "Assignment Time"). Where special or extenuating circumstances exist, and this set time limit cannot be met, the grade level Administrator or designee may approve a period not to exceed an additional four (4) weeks. (Education Code § 51747(a).)

# 2023-24 INDEPENDENT STUDY MASTER AGREEMENT

4. Per Education Code § 51747(b) and school's Independent Study Board Policy, the school has determined that the following number of missed assignments will trigger an evaluation of whether it is in the best interests of the student to remain in independent study:
  - Missing two (2) consecutive contact appointments between the student and teacher.
  - A "participation rate" of less than seventy percent (70%) in the school's Educational Management System (Pearson Online Classroom) over a period of four (4) weeks; or
  - Failure to submit the required and assigned work samples, assessments and/or portfolio items for one (1) school month.

If the student fails to make satisfactory educational progress, this will also trigger an evaluation of whether it is in the best interests of the student to remain in independent study. A student is deemed to be making satisfactory educational progress if the student is on track to enter the next grade level at the completion of the current school year (or, for high school students, to earn sufficient credits towards graduation) and/or progressing toward their goals pursuant to their IEP. Progress is measured based on the indicators set forth in the School's Independent Study Board Policy.

The evaluation triggered by the missed assignments will be delivered to the parents and to the student, if the student is over eighteen (18) years of age. Written evaluation findings shall also be kept in the student's school record. (Education Code § 51747(b)). The evaluation and written findings may be in electronic format. If the student fails to address the issues which led to the evaluation within one week of the delivery of the written evaluation, and after delivery of a written notice, the school may withdraw the student for non-compliance with the Master Agreement.

5. Students with an Individualized Education Plan (IEP) may participate in the Independent Study Program provided by California Connections Academy Schools if the IEP specifically provides for that participation. (Education Code § 51745(c)) Questions about a student's IEP should be directed to the Director of Student Services.
6. A Master Agreement must be submitted for the full year the student is enrolled in this Independent Study School. Failure to complete and return a valid and signed Master Agreement will lead to withdrawal for non-compliance and/or will lead to forfeit of the status as an "existing pupil" of the school. A Master Agreement's duration shall not exceed one school year. The start date is the student official enrollment or re-enrollment date, and the end date is the last day of school for the school year listed below.
7. Parents/guardians of all high school students under the age of 18 and adult students have reviewed, understand, and agree to the course of study and possible course credits found in Pearson Online Classroom and which is incorporated by reference in and considered part of this Master Agreement.
8. Parents/guardians will ensure that their student participates in any testing required by the school, as well as any state-mandated standardized testing, unless exempted by law. The California state tests include the annual administration of:
  - a. State standardized testing for all students in any of the grade levels determined annually by the state of California.
  - b. Physical Fitness testing for all students in any of the grade levels determined annually by the state of California.
  - c. English language testing (the ELPAC) for students identified as English Language Learners in any grade, or initially for students whose primary language at home is not English.
  - d. Any other state testing as required by the State of California.
9. Parents/guardians have read, understand, and agree to be bound by all the rules and other provisions set out in the Parent/Legal Guardian (Caretaker) Acknowledgement and the School Handbook in order to be enrolled in this independent study school. Any breach may result in a review of this Master Agreement and the student's placement in this independent study school. The signature, including a digital signature, of the parent/guardian grants permission for the specified student to participate in independent study as outlined in this Master Agreement.

**Operating**  
**California Connections Academy Schools**

**RESOLUTION OF THE BOARD OF DIRECTORS**  
**TO AUTHORIZE ENROLLMENT LIMITS FOR 2023-24**

WHEREAS, the California Online Public Schools Board of Directors governs the California Connections Academy Schools, comprised of six charter schools serving 32 counties in California and,

WHEREAS, as a network of online charter schools, in support of the mission of the schools, the approved charters for each school, along with the enrollment practices, have historically allowed all students who are interested and eligible to attend one of the schools, and,

WHEREAS, compliance requirements and the nature of independent study for non-classroom based charter schools have changed dramatically in the past years due to several factors, and,

WHEREAS, the school Administration must plan for the upcoming school year, including ensuring that appropriate staffing resources are available to implement the educational program in alignment with the mission of the schools, and to meet any compliance requirements, and,

WHEREAS, state law regarding charter schools requires that if enrollment demand exceeds capacity, a public lottery must be held, and,

WHEREAS, enrollment interest and demand for online public school programs has increased significantly in the past year and is not following historic patterns or predictability, and,

WHEREAS, the California Online Public Schools Board of Directors adopted and keeps updated Lottery and Wait List Policies, and,

WHEREAS, the California Online Public Schools Board of Directors, has fiduciary responsibility to the organization, as well as responsibility for the performance of each school, and therefore recognizes that there must be advanced as well as ongoing planning regarding the number of students who attend the school as well as each grade band.

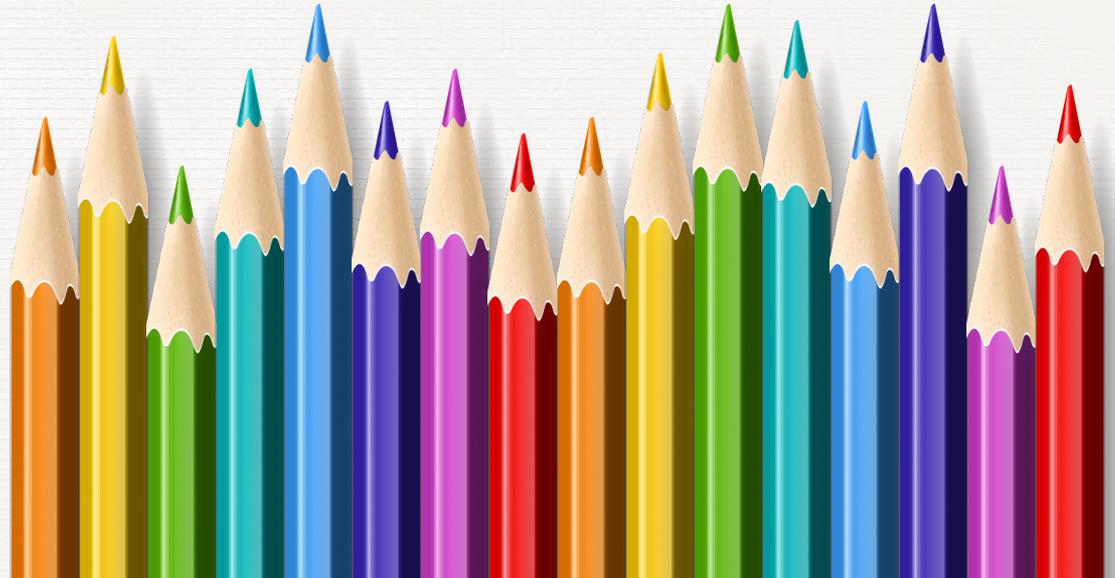

NOW THEREFORE LET IT BE RESOLVED; that the California Online Public Schools Board of Directors hereby authorizes initial enrollment limits for California Connections Academy schools for the 2023-24 school year, as shown in the chart below, and,

LET IT BE FURTHER RESOLVED, that California Online Public Schools Board of Directors authorizes the Superintendent (and/or designee) to develop and implement, as they see a need, procedures to do the following: implement the Lottery and Wait List Policies adopted and approved by the Board, establish grade level and/or grade span specific enrollment limits, establish procedures for waiting list(s) for each school, temporarily suspend or re-open new applications as needed, communicate effectively to stakeholders of the organization regarding enrollment procedures, and ensure returning eligible students are given the opportunity to attend during the 2023-24 school year.

# January 2023 Policy Update

## **Governor Newsom's Proposed Budget Addresses \$22.5 Billion Deficit:**

Governor Gavin Newsom proposed a leaner budget on January 10, 2023, with cuts to address a projected \$22.5 billion budget shortfall. If this shortfall materializes, it is California's weakest revenues since the 2008 recession, according to the nonpartisan state Legislative Analyst's Office.

Governor Newsom will present a revised budget in May of 2023 based on the latest economic forecasts. The legislature will then advance the 2023-24 budget to the Governor in June for its adoption by July 1, 2023.

Governor Newsom is committed to keeping his promises with the 2023-24 budget including transforming public education. The highlight in the 2023-24 budget is \$23,723 total per pupil spending in this January 2023 forecast, which is primarily funded by Prop 98 funds which are projected to be \$17,519 of the \$23,723 per pupil. Other funds for public education include:

- \$12.5 billion learning recovery & learning loss mitigation
- \$4.7 billion children/youth behavioral health
- \$4.1 billion community schools
- \$4 billion ongoing before/after school & summer school
- \$3.6 billion Special Education
- \$1.2 billion ongoing for universal TK; \$3 billion when fully implemented

Governor Newsom's additional priorities include transforming higher education; addressing homelessness; housing affordability; increasing healthcare access; reducing wildfire/drought/flood risks; keeping Californians safe and economic development.

## **California State Board of Education Meeting on January 19-20, 2023:**

Item 8 on the January 19<sup>th</sup> Agenda lists California Connections Academy Central Valley and California Connections Academy @ Ripon with approved Comprehensive Support & Improvement Plan Summaries. Central Valley was approved on July 6, 2022 and NorCal/Ripon on September 1, 2022.

# CONNECTIONS ACADEMY ASSISTANT PRINCIPAL/PRINCIPAL COMPETENCY MODEL

## Competency 1: Achievement Focus

Element	Ineffective	Needs Improvement	Effective	Highly Effective
<b>Holds self and others accountable for high academic achievement of all students.</b>	Sets low achievement expectations for students or does not focus on achievement for every student. May make excuses or rationalize low student performance.	Articulates personal accountability for high academic achievement for most students, and communicates the same standard to teachers and staff. Focuses on attaining learning gains for most students.	Demonstrates personal accountability for high academic achievement for all students, and works directly with the principal to hold teachers and staff to the same standard. Takes deliberate action to attain learning gains for every student. Models daily actions that support the school vision.	EFFECTIVE PLUS...Focuses relentlessly on student outcomes and successfully supports teachers and staff to achieve dramatic learning gains for every student. Champions the school vision in all words and actions.
<b>Sets challenging goals. Demonstrates persistence and overcomes obstacles to achieve goals.</b>	Does not support teachers in setting goals or teachers' goals may be vague, lack rigor, or not align with challenges or needs. May give up in the face of adversity.	Is sometimes successful at helping teachers set challenging student outcome goals. Persists and overcomes anticipated obstacles, but may have difficulty managing unexpected adversity.	Helps teachers set, monitor, and achieve challenging goals based on student outcomes. Anticipates, adapts, and persists in the face of obstacles and responds in a positive, solutions- oriented manner.	EFFECTIVE PLUS...Models for teachers how to overcome obstacles and be resourceful and innovative to increase student achievement.
<b>Exhibits a commitment to equity and creates a collective sense of urgency to close achievement gaps and prepare all students for college and career success.</b>	May avoid conversations about student achievement gaps in their school. Is unable to generate a sense of urgency in others to close achievement gaps.	Has some comfort engaging others in conversations about equity gaps, but may not initiate conversations or confront others' preconceptions about race, culture, class, or other differences among	Effectively initiates, engages in, and models courageous conversations about equity gaps and implements strategies to eradicate inequities in their school.
