The Academic Excellence Committee is commissioned by and responsible to the Board of Trustees to assume the primary responsibility for working with the CEO and CAO to define academic excellence, ensure that all board members know the charter promises that were made to the community and the authorizer and to devise clear and consistent measures to monitor these goals.

### Appointments and Composition

2. The chair of this committee shall be a member of the Board of Trustees.
3. Additional committee members may be appointed and need not be members of the Board of Trustees.

### Responsibilities

It is important to note that this is a governance function, not a management function, and it is anticipated that the CEO and CAO will have a great deal of input into the work and composition of this committee. The committee's main role is to assure that academic excellence is defined, and that the board approves annual school wide goals to attain academic excellence.

1. Define and continue to refine what academic excellence means for our charter school.
2. Ensure that all board members understand the key charter promises we have made to our community and to our authorizer.
3. Work with the CEO and CAO to devise clear and consistent ways to measure progress towards stated goals. Goals should include student academic, behavioral and attendance data.
4. Work with the CEO and CAO to set annual academic achievement goals, to be presented to and approved by the full board.
5. Work with the CEO and CAO to share with the board annual successes, barriers to reaching academic excellence, and strategies to overcome these barriers.
