Leadership Staff

Founder and Executive Director

Sarah Harvey

Sarah Harvey's educational career started over a decade ago as a 6th through 8th-grade Special education teacher. She has served as an instructional coach, a founding Director of Operations for a Graduate school of education, and later as a Senior Director of National Strategy and Operations. Through her educational career, Ms. Harvey realized the role of the teacher in harnessing each child's inner drive to learn was the most powerful tool in determining academic outcomes for children. For Ms. Harvey, the educational pedagogy that most embodied this educational belief was the Montessori pedagogy, and upon realizing there were no tuition-free charter Montessori options for families in the Atlanta area, she sought to found, alongside the community, Sankofa Montessori. Ms. Harvey earned a BA in Political Science and Psychology from Washington College, a Masters in Special Education from Mary Lou Fulton Teachers College at Arizona State University, and her Masters in Industrial-Organizational Psychology from the Extension School at Harvard University.

Director of Student Support and Services

Rhushanda Barnes

Rhushanda Barnes has worked in the field of education for the last 12 years in both the public and charter school space, holding roles as a special education teacher, response to intervention specialist, content facilitator, instructional coach, Student Support Coordinator, and Assistant Principal of Scholar Support. Ms. Barnes is passionate about helping schools improve their inclusive practices and is relentless in her pursuit to

Through a culturally responsive, student and family-centered Montessori Education, Sankofa Montessori that all students develop the knowledge, skills, and character to lead purposeful lives.

ensure students in need of additional support receive what they need to be successful in and out of the classroom. Ms. Barnes is excited to join the Sankofa community to build our Student Support program, where all students are seen and achieve at their highest level. Rhushanda earned her BA in Political Science from Howard University and an M.ED in Special Education from Kennesaw State University. In her spare time, Ms. Barnes is often out exploring Atlanta with her husband and 2- year old son or enjoying a good brunch with family and friends.

Associate Director of Operations

Assata Hatch

Assata Hatch is an educational professional with over nine years of experience in the field. Over the course of this time, Assata has held roles as a Teacher’s Assistant, After-School Coordinator, Administrative Assistant, and Daily Operations Director. She is a graduate of Georgia State University with a BA in Business Administration. She aims to continue her career years in educational leadership, with a concentration in state charter schools. Ms. Hatch’s passion is working to create systems that support the social, emotional, and academic growth of students and their families. When she is not leading school operations systems, Ms. Hatch can be found spending time with loved ones, relaxing at the spa, or watching a good movie.

Associate Director of Academics

Chantille Chelich

Chantille Chelich is entering her 12th year in education, all of which have been in both private and public Montessori. Ms. Chelich has served as a Teacher’s Assistant, a Primary and a Lower Elementary teacher, and a Montessori Instructional Specialist, where she coached and trained teachers in the Montessori method in traditional settings. She has both AMS Primary and Lower Elementary certifications and is a graduate of Southern Methodist University, where she received her M. Ed. with specializations in SPED and Montessori Education. During her free time, Ms. Chelich enjoys watching new movies and anime shows, playing video games, trying new coffee shops and restaurants, and spending as much time with her two children.

Manager of Student Culture and Family Engagement

Jasmine See

Jasmine See is a certified Montessorian with 4 years of teaching experience in Georgia Montessori schools. Upon graduating from Spelman College in 2016 with a B.A in Psychology, Ms. See pursued a career in education after discovering the capacity of children in the school setting. Ms. See had the opportunity to work with a non-profit group that advocated for equity in education and encouraged Montessori in the public sector. From then, Ms. See realized that the work of connecting people to the resources that they may need to drastically change their experience was and is truly the peace and joy of her life. Through her work with Sankofa Montessori, Ms. See hopes to continue expanding her impact on the Georgia Educational landscape.

Complete List of Public Policies

Our current list of public policies can be found at [this link](#), and is continuously updated as new policies are passed.

Charter Information

Georgia law grants groups the right (or “charter”) to start new public schools that report to the local school district and to their own independent governing boards. By freeing charter schools from many of the constraints of traditional public schools, charter school law in Georgia intends for charter schools to “increase student achievement through academic and organizational innovation.” Charter schools are public schools funded through national and state funds, as well as local school fundraising. The current Sankofa Montessori charter agreement is through the State Charter School Commission and runs from July 1, 2023-June 30, 2028. Please visit the [Sankofa Montessori website](#) to view the complete charter agreement.

In accordance with the requirements found in Georgia House Bill 1178, GCA maintains the following Parents' Bill of Rights Policy to promote and facilitate parental involvement in the School.

SECTION 1. Right to Access the Following Information

Parents/guardians may request access to the following information under this Policy, by submitting a request in writing to their student's grand band Principal.

A. Instructional Materials

Parents/guardians shall have the right to learn about their child's course of study, which includes the right to access instructional materials intended for use in their child's classroom. Such instructional materials shall be made available for review during the first two weeks of each grading period. Your child's teacher(s) will provide you information on where and how to access these materials.

B. Records Relating to Your Child

Parents/guardians shall have the right to review records relating to their child, including, but not limited to, current grade reports and attendance records. A request for this information should be made in writing and delivered to the Principal.

C. Promotion, Retention, and High School Graduation Policies and Requirements

Parents/guardians shall also have the right to access information relating to promotion and retention policies and high school graduation requirements.

Information requested under this policy shall be made available for inspection within a reasonable amount of time not to exceed three school days of receipt of a request. In those instances where some, but not all, of the information requested is available for inspection within three school days, the Principal shall make available within that time period such information as is available. In any instance where some or all of the information is unavailable within three school days of receipt of the request, and such information exists, the Principal shall, within such time period, provide the requester with a description of such information and

a timeline for when the information will be available for inspection and shall provide the information or access thereto as soon as practicable but in no case later than 30 days of receipt of the request.

SECTION 2. Right to Object to Instructional Materials

If a parent/guardian objects to any instructional materials intended for use in their child's classroom or recommended by their minor child's teacher, the parent/guardian shall first, as soon as possible after becoming aware of the objection, raise the objection with the child's teacher in which classroom the material is intended for use and/or who recommended the material. The teacher shall respond to the objection within five school days of its receipt, or as soon thereafter as is reasonably practicable.

If the parent/guardian is unsatisfied with the teacher's response, then within five school days of receiving the response, the parent/guardian shall submit a written objection to the Principal. Such objection should include a description of the allegedly objectionable material, the course in which the material is intended or recommended to be used, why the parent/guardian believes the material is objectionable, and, where possible, should attach a copy of the objectionable material.

The Principal will review the objection and within five school days of receiving the written objection, or as soon thereafter as is reasonably practicable, respond in writing to the parent/guardian to offer a resolution to the objection.

If the parent/guardian disagrees with the Principal's proposed resolution, the parent/guardian may appeal to the Board of Directors. The Board of Directors or its designee will review the matter at its next regularly scheduled meeting or as soon thereafter as is reasonably practicable, and notify the parent/guardian, relevant teacher, and Principal of its decision on the matter in writing.

SECTION 3. Right to Withdraw Child from Sex Education

To the extent that any sex education is proposed as part of your child's course of study, you will be notified in advance by your child's teacher. Upon notification, you have the right to withdraw your child from the School's prescribed course of study in sex education by providing written objection to your child's teacher of your child's participation.

SECTION 4. Right to Opt-Out of Photographs, Videos, and Voice Recordings of Your Child

Parents/guardians shall have the right to provide written notice that photographs, videos, or video recordings of their child(ren) are not permitted. This opt-out is subject to applicable

public safety and security exceptions. All students at the School will be subject to being recorded in the School's online classes.

SECTION 5. Review Procedures

If the Principal denies a request for information or does not provide existing responsive information within 30 days, the parent/guardian may appeal such denial or failure to the Board of Directors. The Board of Directors must place the appeal on the agenda for its next public meeting. If it is too late for such appeal to appear on the next meeting's agenda, the appeal must be included on the agenda for the subsequent meeting.

A parent aggrieved by the decision of the Board of Directors may appeal to the State Board of Education, as provided in O.C.G.A. § 20-2-1160(b).

Enrollment and Attendance Zones

Sankofa Montessori will accept applications for Kindergarten, First, and Second Grades for the 2023-2024 school year.

The attendance zone for eligible applicants is any residence within the State of Georgia. Class size is at the discretion of the Executive Director, with Board approval, as long as within legal limits.

Lottery

If the number of timely applicants received by Sankofa Montessori exceeds the capacity of a program, class, grade level, or building, Sankofa Montessori shall ensure that such applicants have an equal chance of being admitted through a random-selection lottery. The lottery will be open to the public and advertised in advance. An unbiased third party will witness and certify the validity of the lottery.

A detailed description of Sankofa Montessori's lottery policy and procedures can be found on the [Sankofa Montessori website](#).

Withdrawal From School

In the event that a student needs to withdraw from school, an email should be sent to info@sankofamontessori.org one week before withdrawal, stating the date of the child's last day in school, new address, and new school. This will allow the office to prepare the necessary forms, so the child's records can be sent to the new school. Additionally, Sankofa Montessori is authorized to withdraw a student who has missed more than 10 consecutive days of school due to unexcused absences or is no longer a resident of Georgia.

Annual Calendar

Our current annual calendar can be found on our website.

Attendance

Sankofa Montessori's priority is for every child to be with our community every day. Attending school and being on time are critical to our children's and our school's success. Students of school age have a right to a free public school education; they have a responsibility to attend school. Unless excused by the office assistant, students are expected to be in school on time every day.

The State Legislature has recognized the importance of regular attendance by enacting a compulsory attendance law for students under the age of 16. In addition to the importance for our students' success, student attendance rates impact the school's College and Career Readiness Performance Index (CCRPI) State accountability score and goals in our charter contract with the State.

Absences

If a student must be absent, families must notify the Main Office prior to 8:00 a.m. on the day of the absence. Upon returning to school the student should bring a note explaining the absence. As well, if a student is going to be absent for medical appointments or family-related reasons, the Main Office should be notified prior to the absence and any prolonged absences (defined as three days or more) should be communicated to the Main Office.

Defining excused/unexcused absences

In accordance with the provisions of state board rule 160-5-1-.10, Student Attendance, Sankofa Montessori defines **acceptable excuses for being absent from school as:**

- Personal illness of the student and/or a situation in which attendance in school would endanger the health of the student or the health of others.
- Serious illness or death in the immediate family of the student that would reasonably necessitate absence from school.
- Special and recognized religious holidays observed by the faith of the student that necessitate absence from school.
- Mandates by the school or other governmental agencies, such as pre-induction physical examination for service in the armed forces, a court order or out-of-school suspension.
- Weather or other environmental conditions preventing a student from getting to school or rendering school attendance hazardous to the health or safety of the student.
- Voter registration or voting in a public election, not to exceed one (1) day per school year.

Upon return to school from any absence, the student shall bring to the school a note, signed by the parent/legal guardian, stating the reason for the absence. A student who has an emergency necessitating absence from school for a portion of the school day must be present at school at least for one-half of the instructional day

Notice of Compulsory School Attendance Law

Pursuant to state law O.C.G.A § 20-2-690.1 each parent and student shall receive notice of the Compulsory School Attendance Law, which our school shares as part of student registration, as well as in this handbook. Each parent, guardian, or person having control or charge of any child between the ages of 6 and 16 are required to enroll and send said child to a public school, private school, or any home study program that meets the requirements for public school, private school, or any home study program. Consequences & Penalties for Failure to Comply with the Compulsory School Attendance Law:

- Any parent, guardian, or person who has control or charge of children and violates the Compulsory Attendance Law shall be guilty of a misdemeanor. Upon conviction the parent, guardian, or person having control or charge of a child or children shall be subject to a fine not less than \$25.00 and not greater than \$100.00, imprisonment not to exceed 30 days, community service, or any combination of the penalties at the discretion of the Court.
- Each day absence from school in excess of five (5) unexcused days of absence after notice has been given to the parent, guardian, or person having control or charge of a child or children shall constitute a separate offense of Georgia's Compulsory School Attendance Law.
- After two reasonable attempts to notify the parent, guardian, or person having control or charge of a child or children of five (5) unexcused absences without response, the school system shall send a notice to the parent, guardian, or person having control or charge of a child or children by certified mail return receipt requested.
- Violation of Georgia's Compulsory School Attendance Law shall be referred to the Juvenile Court of competent jurisdiction.

Our Office Assistant calls all students with unexcused absences to determine the reason for their absence, troubleshoot any barriers to attendance (e.g. transportation), encourage/affirm the importance of having the student at school each day. Select [this link](#) for more detailed information regarding attendance procedure.

Late Arrival

A student is tardy when he/she arrives at school after 8:01 AM. Students arriving must be signed in by their parents or guardian. The Office Assistant will issue a late pass to students who arrive late.

Early Checkout

We ask that you do not pick up students early, as this is very disruptive to the other students at the school. So as to minimize disruption to our dismissal process, families who come to pick up a child after 2:30 PM will have to wait until our dismissal time of 3:00PM. If daytime appointments are needed, please utilize Wednesday afternoons after 1:30 PM when our school does weekly early release.

Late pickup

Dismissal is from 3:00pm-3:30pm. At 3:35 pm all remaining students will be automatically placed in aftercare with a drop in fee of \$25.

Student Abandonment Procedure

Sankofa Montessori is committed to ensuring the safety of all students. If a student is not picked up by the designated end time, the school will make every effort to contact the parent or guardian. In the event that a student has not been picked up after all attempts have been made to reach a parent guardian or emergency contacts the following measures will be taken. In the event that a student is abandoned at a school or at a Sankofa Montessori-sanctioned activity and a parent or guardian or emergency cannot be reached at the close of the day or event the following steps should be implemented after a one-hour grace period:

- Step 1: The Associate Director of Operations will contact the police department and Department of Family and Children's Services (DFCS).
 - Staff member is required to remain with the student until the police arrives or until student has been released to a guardian or local authority
 - Staff member will provide details of the event and parent contact information to the officer and/or case manager
 - Staff member will record all contact information of the police officer and case manager which should include name badge/ID number and phone number
 - Staff member will release student into the custody of the police officer or DFCS case manager if necessary
 - Staff members will document the event using the Student Incident Report Form. A copy should be provided to the school Manager of Family Engagement and Student Culture and placed in the student's permanent record folder

- The police department and DFCS will follow their internal protocols which may include a visit to the child's home for further investigation. The Manager of Family Engagement and Student Culture will follow-up with the family, police department, and/or DFCS.

Activities, Field Studies, and Field Trips

Student-directed field studies are a key aspect of our rigorous academic program at the elementary level (grades 1-6). With adult guidance, small groups of children work together to plan outings related to the topics they are studying. For instance, a small group studying plants and soil might plan a trip to a farm, or children studying the human body might plan a trip to a hospital. The children take responsibility for making the phone calls needed to set up the trip, scheduling an interview with an adult expert, budgeting for the outing, and planning how to get to the site.

In addition to Field Studies, classes may participate in field trips throughout the year.

During school-sponsored events and/or activities off-campus, all school rules and policies, including those outlined in this handbook, are applicable. Students are required to adhere to the same rules, policies, and behavioral expectations at an off-campus school-sponsored event or activity as if they were in the school building. In other words, student misconduct during an off-campus school-sponsored event and/or activity may result in disciplinary consequences, and may result in the same disciplinary consequences as such misconduct on school grounds.

There will be one comprehensive permission slip for the year that is included during registration. Families are asked to sign, date and acknowledge permission. A parent or guardian must provide written consent in order for a student to attend. Please note that verbal consent is not sufficient. A student may be considered ineligible for a trip/event for reasons including, but not limited to involvement in a recent disciplinary incident (level three infraction in our [code of conduct](#)) or if the student's behavior endangers the physical safety of other students or school personnel. Students who are considered ineligible for attending a trip will be notified at least 48 hours in advance, and be required to attend school that day, and provided alternative academic assignments.

Student Counts

Before transporting students to or from any field trip, the adult teacher and at least one other adult will do a complete roll call to ensure all students are accounted for. At any given time each staff member and chaperone should know the number of students they are currently responsible for.

Financial Limitations

In the case that there is a cost associated with a trip, students cannot be excluded from a field trip based on the inability to pay the accompanying fee. If a family would like support paying any accompanying field trip fees, the student's parent(s)/guardian(s) can contact their teacher or Manager of Family Engagement and Student Culture prior to the date the field trip permission slip is due back to school so the school has sufficient time to make alternative arrangements.

Inclement Weather/Emergency Dismissal

When severe weather creates hazardous conditions, the regular school schedule may be suspended to ensure the safety of students and staff. Sankofa Montessori is not a part of Clayton County School District and will not always have the same decisions on weather emergencies. If a potentially hazardous event occurs prior to the beginning of the school day, we will communicate with families via Infinite Campus as well as publicize via internet platforms (school webpage (www.sankofamontessori.org), social media (Instagram, Facebook, etc.), and local radio or television broadcasts. If emergency early dismissal is necessary, we will communicate dismissal instructions with families via Infinite Campus as well as publicize via internet platforms (social media, etc.).

Emergency Drills

In each classroom are posted charts that indicate the exits and safe areas to be used for safety drills. A fire drill is held twice in the first month of school and then once every month thereafter. Students are expected to file out of the building in an orderly manner without talking or running. Classes will remain on the grounds until the "all clear" signal is given from the Associate Director of Operations or a member of the leadership team. All schools participate in the state-wide tornado drill, and each school has a safety plan for other emergencies with corresponding drills planned throughout the year. For more information, please review the staff emergency preparedness procedure [here](#).

In summary, our emergency procedures cover:

- **Lockdown Protocols:** In the event of a lockdown, Administration or Operations staff will inform school staff in-person and/or via the intercom feature on class telephones.
 - **Lockdown (Interior):** Threat is inside the building; close and lock all exterior/classroom doors; open exterior window blinds or curtains to allow exterior visibility into the classroom.
 - **Lockdown (Exterior):** Threat is outside the building; all students and staff must remain in their location from the time the lockdown is announced until it is lifted.

- **Lockdown (Full):** Threat is inside the building; all students and staff must remain in their location from the time the lockdown is announced until it is lifted.
- **Shelter in Place:** Used to protect school occupants from external threats such as tornadoes, some chemical plumes, other natural disasters, and man-made threats.
- **All Clear:** No longer at risk. Resume normal school day.
- **Bomb and Fire Evacuation Protocols:**
 - The teacher(s) brings their student roster/backpack that includes updated emergency contact information for students and parents.
 - The teacher(s) will be the last person to exit a classroom, and will ensure that all occupants have safely evacuated after an alarm.
 - The teacher(s) will assist any physically or otherwise handicapped students in exiting safely.
 - The teacher(s) will bring students in an orderly fashion to the designated exit and meet the rest of the school in the designated meeting place.
 - The teacher(s) will take student attendance using roster and record on green/red cards.
- **Shelter in Place/Tornado/Earthquake Drill:**
 - All teachers and students will go into the hallway by the wall closest to their door, and get in the “DUCK, COVER, and HOLD ON” position as close as possible to a wall, no one will be allowed to move or leave until the all clear is called. Head should be towards the wall with hands covering the back of the head.
- **Medical Emergency:** see [Medical Emergency Response section](#).

Illness, Injury, Health, and Wellness

General Health Guidance

Health and safety are a top priority at Sankofa Montessori. Before a student can enroll in the school, the school must have on file the following forms:

- **Medical Requirements Checklist.** This form contains records showing that the student has: 1) up-to-date immunizations; and 2) permission to receive screening for vision, hearing, and scoliosis.
- **Health Information Form.** This form provides important information about a student’s emergency contacts, health care providers, and insurance. Most importantly, it gives the school permission to initiate emergency medical treatment in the event that a parent or guardian cannot be reached.
- **[Physician’s Request for Administration of Medication Form](#).** If a student requires medication while in school, the school must have on file an Authorization to Dispense

Medication form, completed by the student's physician and parent. No student is allowed to bring medication to the school without the school's full knowledge and the appropriately completed form.

Nursing Policy

Sankofa Montessori will hire a full time nurse practitioner to be on duty for the 7 hours of the daily instructional schedule. Students, staff, and families will be able to share medical concerns with the clinic aide, and the nurse will contact parents/guardians if there is a medical issue with a student in the course of the school day.

Sick Policy

When a child becomes ill at school with any of the symptoms listed below, the school clinic aide at Sankofa Montessori contacts the parent/guardian immediately so that the child can be picked up within one hour. This ensures prompt medical attention, when necessary, and minimizes the spread of infection and communicable diseases. Please keep contact information updated on school records to include current phone numbers for home, work, cell, or a nearby friend or relative.

If the illness is contagious, a doctor's note is required before the student is allowed to return to school. The child may return to school 24 hours after his/her symptoms have subsided without the use of fever-reducing medication.

To prevent the spread of illness, please keep children at home if any of the following symptoms are present:

- Fever – 100.4°F or greater.
- Vomiting – two or more occasions within the past 24 hours.
- Diarrhea – two or more watery stools, or any bloody stool, within the past 24 hours.
- Rashes – especially with fever or itching.
- Eye discharge or conjunctivitis (pink eye) – eye is not clear or 24 hours has not passed since antibiotic treatment began.
- Change in behavior – child expresses not feeling well and/or is not able to keep up with program activities.
- Head lice – live bugs are present and/or head has not yet been treated

Infectious Disease Policy

Definitions

“Communicable Disease” means a disease that can be directly or indirectly transmitted from one person to another.

Protections

1. No student shall be denied access to nor shall an otherwise qualified individual be denied employment in educational programs of the School solely because he or she is infected with a Communicable Disease.
2. A student or employee who is infected with a Communicable Disease will remain in his or her educational or employment setting unless he or she presents a significant risk of contagion as determined by the School after consultation with the student's or employee's physician or other public health official knowledgeable about the disease if in the judgment of the Executive Director if it is necessary to consult a private physician.

Prevention of Transmission

1. Each year the Executive Director shall provide educational opportunities and review this policy for all employees to become informed concerning transmissions of Communicable Disease infection.
2. Education and policy review shall include procedures to reduce the risk of transmitting infection of Communicable Diseases, including precautions to be taken in handling bodily fluids and blood whenever necessary. Handling blood and body fluids shall be in a manner consistent with the Center for Disease Control's Universal Precautions for Handling Blood and Body Fluids.
3. Appropriate personal protective equipment (PPE) shall be made available and shall be appropriate to tasks with exposure potential.

Identification of Potential Risks

1. When there is reasonable suspicion to believe that an employee or student has a Communicable Disease, the school clinic aide and/or the Executive Director shall counsel that person immediately, or if the person is a minor, shall notify the student's parent/guardian of the need to obtain an appropriate medical evaluation.
2. Whether or not an infected individual presents a significant risk of contagion shall be determined based upon reasonable medical judgment given the state of medical knowledge about:
 - a. The nature of the risk, i.e., how long the disease is transmitted;
 - b. The duration of the risk, i.e., how long the carrier is infectious;
 - c. The severity of the risk, i.e., the degree of potential harm to third parties; and
 - d. The probability that the disease will be transmitted and will cause varying degrees of harm.
3. Once the student's or employee's medical condition has been determined, the Executive Director shall consult with the student's or employee's physician or other public health official knowledgeable about the disease.

4. If an accommodation that does not impose undue financial hardship or administrative burdens can be made, then neither student nor employee shall be denied the right to participate in School programs or to be employed by the School.
5. In order that the Executive Director may have time to obtain a reasonable medical judgment concerning the student or employee who is infected by a contagious disease, the Executive Director is authorized to remove the infected student or employee from School programs or employment for a period not to exceed ten days during which time the School shall make a decision as to whether the student or employee can be accommodated and does not pose a significant risk to others.
6. The student or employee shall be excluded only if the School Leader determines after consultation as provided above that the Communicable Disease is of such nature or at a stage that the individual should not be in an educational setting.

Privacy Rights

Neither the School nor its employees shall disclose medical information about a student or employee with Communicable Disease without the consent of the employee or the student or his or her parent or guardian, whichever is applicable, or only as required by law or court order.

Immunization Policy

Sankofa Montessori follows the State of Georgia requirements for childhood vaccinations. Georgia law requires children attending daycare or school to be protected from certain vaccine preventable diseases. The Clayton County Board of Health offers vaccines to protect children and prepare them for school at clinics throughout the county. Georgia law states that families who move to Georgia from another state and enroll their child in a Georgia school for the first time must provide the child's daycare center or school with a Certificate of Immunization (Form #3231) within 30 days of enrollment. This certificate verifies that the child has received the immunizations recommended for his/her age. For more requirements on immunization schedule, please click the link [HERE](#).

Families can obtain this certificate from the child's private physician or from the County Board of Health Department where their child was immunized. Families should bring a complete record of the child's immunizations in order to complete the certificate.

Georgia law allows for two types of exemptions from the immunization requirements: medical and religious. Each child must have one of two items on file—either a valid Georgia Immunization Certificate ([Form 3231](#)) or a signed, notarized statement, which is called an [affidavit of religious exemption](#). A medical exemption must be marked on the Georgia Immunization Certificate (Form 3231). A letter from a physician, Advanced Practice

Registered Nurse (APRN) or physician assistant (PA) attached to the certificate will not be accepted as a medical exemption. It must be marked on the certificate.

Vision, Hearing, Dental, and Nutrition Screening

The parent or guardian of a child being admitted for the first time to a public school shall furnish to the school a properly executed Department of Public Health Form 3300: Certificate of Vision, Hearing, Dental and Nutrition Screening. The screenings reported on the certificate shall have been conducted within one year prior to the time that the child is admitted for the first time to a public school. Any child admitted to a public school without a Certificate shall present a Certificate within three months following admission. When a child transfers to another school within Georgia, the Certificate and any related follow-up documentation must be forwarded to the new school.

Hearing, Vision, and Scoliosis Screening

Periodically during the school year, students' hearing and vision will be tested by qualified professionals. If any screening indicates that further diagnosis is needed, families will be advised immediately. Consent for these screenings is requested from families as part of their registration paperwork when enrolling at Sankofa Montessori.

Medications at School

In order to ensure the health and safety of children requiring any medication during the school day, the following procedures must be followed:

- [Physician's Request for Administration of Medication Form](#) and a [Student Health and Safety Information Form](#).
- The [Physician's Request for Administration of Medication Form](#) must be signed by the child's physician and parent/guardian. The medication form should be taken to the child's licensed prescriber (doctor, nurse practitioner) for completion and returned to the school Office Assistant. This order must be renewed as needed and at the beginning of each academic year.
- The medication dispensation authorization form requirement applies to all medication, including Children's Tylenol and ibuprofen. If a student needs to take Tylenol, ibuprofen or another over the counter (OTC) medication during the school day, he/she must have on file the authorization signed by a parent or guardian, giving the school permission to administer the medication during the school year.
- No student is allowed to bring medication to school without the school's full knowledge and the appropriately completed form.
- Students are not permitted to transport medications on their own.
- All medication must be brought to school by an adult in a pharmacy or manufacturer labeled container that is properly labeled with the child's name. Students who have

provided the school with medication dispensation authorization forms should bring the medication (other than Tylenol and ibuprofen, which the school will stock in the main office) to the school on the first day, or contact the school to make other arrangements. All medication must be presented in its original container from the pharmacy and must be brought in by a parent or accompanied by a note from the parent. No student may carry either prescription or over-the-counter medication, including inhalers and EpiPens, at school without the written permission of the Sankofa Montessori Office Assistant.

- The medication dispensation authorization form requirement also applies to asthma inhalers, which will be stored in a locked space in the school building. If a student needs to use his/her asthma inhaler during the school day, he/she should go to the main office to self-administer the inhaler. Accommodations will be made for children who need their inhalers at recess, on field trips and on field studies trips.
- Self-administration of inhalers and EpiPens are allowed when approved in writing by the student's physician, parent(s)/guardian(s), and the Sankofa Montessori Office Assistant.

Medical Emergency Response

At Sankofa Montessori it is our number one priority to keep all staff, and students safe. In an emergency situation, borderline situation, or a situation where it may be unclear whether an emergency exists, we will err on the side of caution and contact 911. Sankofa Montessori has developed this Medical Emergency Response Plan (Plan). Please see below for a high-level summary of that plan:

- **For Minor Emergencies:**
 - Staff will notify the clinic aide and Associate Director of Operations and escort an injured person to the school clinic aide's office.
 - Clinic Aide, Associate Director of Operations or other designated school staff will administer first aid procedures as indicated by the nature of the accident.
 - Clinic Aide, Associate Director of Operations or other designated school staff will notify parents, always.
 - Staff witnessing the accident and/or providing first aid care complete an incident report as soon as possible.
- **For Major or Life Threatening Emergencies** (*any injury deemed by school staff to need immediate physician care, EMS or transport to a healthcare facility*)
 - ***Either the first school staff person attending to the student or another school staff person calls 911 immediately.***
 - Staff will notify the clinic aide and Associate Director of Operations

- Staff will escort an injured person who is ambulatory to the school clinic aide's office or notify the school clinic aide if the person cannot be moved.
- Main office personnel will ensure that designated individuals are directed to remain with the injured or ill person until medical assistance arrives.
- Provide first aid or other Basic Life Support (CPR, rescue breathing, etc.). If CPR or rescue breathing is required, school staff must also retrieve or send other staff to the Automated External Defibrillator (AED). All staff are required to have Basic Life Support training.
- Designated Leadership Team member or designee calls the parent or guardian immediately.
- The Associate Director of Operations will notify the Executive Director and Board Chair with a summary email of the incident.

Guidelines for Students with Life-Threatening Allergies

Allergic reactions can span a wide range of severity of symptoms. The most severe and potentially life threatening reaction is anaphylaxis. Sankofa Montessori cannot guarantee to provide an allergen-free environment for all students with life-threatening allergies or prevent any harm to students in emergencies. The goal is to minimize the risk of exposure to food allergens that pose a threat to those students, educate the community, and maintain and regularly update a system-wide protocol for responding to their needs. A system-wide effort requires the cooperation of all groups of people within the system.

The goal of Sankofa Montessori regarding life-threatening allergies is to engage in a system-wide effort to:

- Prevent any occurrence of life-threatening allergic reactions.
- Prepare for any allergic reactions.
- Respond appropriately to any allergy emergencies that arise.

The Office Assistant, in conjunction with the student's parent(s)/guardian(s) and the primary care provider/allergist, will prepare an Allergy Action Plan/Individual Health Care Plan for any student with a life-threatening allergy.

The plans will be reviewed by the Office Assistant, the student's parent(s)/guardian(s), and primary care provider and/or the student's allergist, and signed off by the child's physician indicating that he/she deems it to be adequate. Multiple copies of the Allergy Action Plan/Individual Health Care Plan will be kept at the school for quick access in the clinic, main office, the student's homeroom, and in the homeroom teacher's emergency binder/backpack.

EpiPens will be available in the Main Office and those prescribed for individual students will be kept in that child's homeroom emergency backpack or, with permission, carried by the child at all times. Staff will be trained to identify and respond to reactions from life-threatening allergies, including the use of EpiPens. Any staff involved with students who have life threatening allergies will be provided information from the Allergy Action Plan of each of these students.

School staff will take steps to ensure that these classrooms and instructional areas are as allergen-free as possible. During lunch, Sankofa Montessori will encourage "NO FOOD TRADING" and "NO UTENSIL SHARING" to minimize accidental exposure to allergens.

It is requested that each family of a student with a life-threatening allergy inform the Main Office of the child's allergies prior to the opening of school (or as soon as possible after a diagnosis). Families must arrange to meet with the Office Assistant to develop an Allergy Action Plan/Individual Health Care Plan for the student and provide medical information from the child's treating physician as needed to write the plans.

In addition, parents should do the following:

- Provide the Main Office with enough up-to-date emergency medications (including EpiPens), so they can be placed in all required locations for the current school year.
- Complete and submit all required medication forms.
- Provide a Medic ALERT ID for their child.
- Provide EpiPen to be taken on field trips, prior to the date of the trip.
- Encourage their child to wash hands before and after handling food.
- Teach their child to recognize the first symptoms of an allergic/anaphylactic reaction and to communicate clearly as soon as she/he feels a reaction is starting.
- Encourage their child NOT to share snacks, lunches, or drinks.
- Encourage their child to take as much responsibility as possible for his/her own safety.
- Help their child understand the seriousness of allergies and the potential consequences of children with allergies by being exposed to allergens.

Any insect sting, food allergy reaction, or other allergic reaction in students known to have such reactions is an EMERGENCY and staff will CALL 911. All rapid onset (within a few minutes) breathing problems or swelling of the tongue and face are considered EMERGENCIES and staff will CALL 911.

Nut-Free School Policy

Sankofa Montessori is committed to offering safe educational environments for all students including students with food allergies. Food allergies can be life-threatening. Cooperative

efforts between students, families, physicians, and school staff members can help minimize risks. To protect the safety of students who have life-threatening anaphylactic allergies to peanuts and tree nuts, all food products must not contain nuts. Students who have documented anaphylactic reactions to peanut butter and other nut-related products can react not only by ingestion but also by contact with nuts. This means that just by touching a small amount of peanut or tree nuts, these children could suffer a severe or life-threatening anaphylactic reaction, possibly leading to death. This means that NO peanut butter or products including peanuts or tree nuts will be permitted at Sankofa Montessori during school hours and at any before/after school functions or trips.

Additional guidelines are as follows:

- Do not send any nuts or foods containing peanuts or tree nuts to be eaten for lunch or as classroom snacks or treats.
- If a food containing peanut butter or nuts is brought in, the food will be Ziploc bagged, labeled with a reminder, and sent home with the child at the end of the day.
- All food offered through school activities (including before care, aftercare, and enrichment) will not contain nuts. An ingredient label should be included, as many foods are processed in a facility that also produces nut products. This information is vital for nut-allergic individuals.
- Teachers will not be doing any classroom projects that involve nuts or nut shells.
- Food in the Classroom (including celebrations): Food can be an important part of the curriculum for learning about other cultures, the environment, and healthy lifestyles. If teachers include food as part of a lesson (e.g., planting vegetables and herbs in the school garden and then sampling the produce), they will work to avoid the known food allergies in the classroom and notify all families of the lesson at least one week ahead of time. It is important for parents to alert teachers of allergies at the beginning of the school year.
- Schoolwide Celebrations: Sankofa Montessori hosts many school-wide celebrations involving food on evenings and weekends (summer picnic, fall festival, family potluck, etc). The campus continues to be a nut -free campus during these events,

Sudden Cardiac Arrest Training: In accordance with O.C.G.A. 20-2-324.5, Sankofa Montessori shall hold information meetings twice per year regarding the symptoms and warning signs of sudden cardiac arrest. At such informational meeting, an info sheet on sudden cardiac arrest symptoms and warning signs shall be provided to each student's parent or guardian. For purposes of the statute, "student" is defined as being in grades 6-12.

Diabetes Medical Management Plans

As part of Sankofa Montessori’s student health services program and in accordance with O.C.G.A. §20-2-779, and in accordance with [GADOE guidelines for care needed for students with diabetes](#), the Executive Director is responsible for designating at least two employees to serve as trained diabetes personnel when a student with diabetes is enrolled in the school, when appropriate.

The Executive Director shall develop rules and procedures for the implementation of any diabetes medical management plan submitted by any parent/guardian of a student with diabetes who seeks care while at school or school-sponsored activities.

A student who has been diagnosed with diabetes must have a [Diabetes Medical Management Plan](#) (DMMP), signed by a parent/guardian and physician, on file with the school to receive or administer the related medication or treatment while at school or school-sponsored activities. The DMMP must contain all items covered in the plan, including how, when, and under what circumstances the student should receive blood glucose monitoring and injections of insulin as well as steps to take in case of an emergency.

Upon written request by a parent/guardian and if authorized by a student's DMMP, a student with diabetes shall be permitted to perform blood glucose checks, administer insulin through the insulin delivery system the student uses, treat hypoglycemia and hyperglycemia, and otherwise attend to the monitoring and treatment of his or her diabetes in the classroom, in any area of the school or school grounds, and at any school related activity, and he or she shall be permitted to possess on his or her person at all times all necessary supplies and equipment to perform such monitoring and treatment functions.

Mandated Reporter Policy

Pursuant to O.C.G.A. § 19-7-5, School employees or volunteers having reasonable cause to believe that suspected child abuse has occurred are required to make a report of such abuse. The statute defines “child abuse” to include physical abuse, neglect, exploitation, sexual abuse, and sexual exploitation. Under this law, failure to report such abuse is a misdemeanor. For more details, see Sankofa Montessori [Mandated Reporter Policy in our staff handbook](#).

Bullying Policy

Definition of Bullying

The term “bullying” means an act that occurs on school property, on school vehicles, at designated school bus stops, or at school-related functions or activities, or by use of data or

software that is accessed through a computer, computer system, computer network, or other electronic technology provided by Sankofa Montessori, and includes the following:

- Any willful attempt or threat to inflict injury on another person when accompanied by an apparent present ability to do so.
- Any intentional display of force that would give the victim reason to fear or expect immediate bodily harm.
- Any intentional written, verbal, or physical act, which a reasonable person would perceive as being intended to threaten, harass, or intimidate, that has any one of the following effects:
 - Causes another person substantial physical harm within the meaning of O.C.G.A. § 16-5-23.1 or visible bodily harm as such term is defined in O.C.G.A. § 16-5-23.1.
 - Substantially interferes with a student's education
 - Is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment
 - Substantially disrupts the orderly operation of the school

The term also applies to acts of cyberbullying which occur through the use of electronic communication, whether or not electronic act originated on school property or with school equipment, if the electronic communication (1) is directed specifically at students or school personnel, (2) is maliciously intended for the purpose of threatening the safety of those specified or substantially disrupting the orderly operation of the school, and (3) creates a reasonable fear of harm to the students' or school personnel's person or property or has a high likelihood of succeeding in that purpose.

Retaliation against any complainant or any participant in the complaint process is also prohibited.

Reporting, Investigation, and Notification Procedures

All students and/or school employees shall immediately report incidents of bullying, harassment, intimidation and retaliation to the Student Culture Coordinator.

- The Manager of Family Engagement and Student Culture shall maintain a method for anonymous reporting of such incidents.
- Each report of bullying shall be documented and promptly investigated, and result in consequences given appropriate to the situation and in accordance with state law.
- Parents/legal guardians shall be notified upon a finding that a student has committed an act of bullying or been a victim of an act of bullying.

Reported incidents of bullying, harassment, intimidation, or retaliation that have occurred outside the jurisdiction of the school and have not disrupted the school environment shall be reported to the students' parents/legal guardians.

Disciplinary Procedures

Disciplinary actions for incidents of bullying will be decided according to the guidelines set forth in the [Student Discipline policy](#).

Suicide Prevention Policy

Protecting the health and well-being of all students is of utmost importance to Sankofa Montessori. The Governing Board has adopted a suicide prevention policy which will help to protect all students through the following steps:

- Students will learn about recognizing and responding to warning signs of suicide in friends, using coping skills, support systems, and seeking help for themselves and friends.
- When a student is identified as being at-risk, a risk assessment will be completed by a trained school staff member who will work with the student and help connect the student to appropriate local resources
- Students will have access to national resources that they can contact for additional support, such as:
 - National Suicide Prevention Lifeline: 1-800-273-TALK (8255),
 - Suicidepreventionlifeline.org
 - The Trevor Lifeline: 1-866-488-7386 thetrevorproject.org/get-help-now
 - Trevor Lifeline Text/Chat Services, available 24/7 Text "TREVOR" to 678-678
 - Crisis Text Line: Text TALK to 741-741 crisistextline.org

All school personnel and students will be expected to help create a school culture of respect and support, in which students feel comfortable seeking help for themselves or friends. Sankofa Montessori will provide annual training in the area of suicide awareness and prevention for all personnel. Students are encouraged to tell any staff member if they or a friend are feeling suicidal, or are in need of help. While confidentiality and privacy are important, students should know that when there is risk of suicide, safety comes first.

Transportation

Sankofa Montessori will not provide transportation to families for the 24-25 School year.

Rideshare and Taxi Service Policy - Students Only

Sankofa Montessori does not permit the use of taxis and other for-hire personal transportation or rideshare services including but not limited to Uber or Lyft to get to and from school.

Additionally, many of the rideshare services including but not limited to Uber or Lyft have policies explicitly prohibiting minors from riding unaccompanied. All families are required to sign a rideshare and taxi service policy acknowledgement and waiver as part of registration documentation.

Parent Involvement

Sankofa Montessori is a school working to provide a high-quality experience for all of its members. As the adult members of our community, parents and guardians have the responsibility of protecting and nurturing the children. To model and maintain a focused and present school community, we ask that parents and families avoid cell phone use and other devices with screens while on the school campus. There are several ways by which parents and guardians are asked to participate in their child's education at Sankofa Montessori:

- Participation in the Sankofa Family Association (SPV)
- Family Education Nights and informational meetings (including parent teacher conferences)
- Volunteer service to the school

Enriching the Parenting Journey Opportunities

We are aware that the Montessori curriculum may be new to many families. The teachers and staff will hold Family Education events where teachers, staff, and family members will come together to discuss Montessori theory, the work your children are doing in the classroom, and strategies for continuing this work at home. These events will provide a great opportunity for parents to get to know one another and gain additional insight into Montessori teaching methods.

Service to the School

Research has shown that children who see their families engaged in their school perform better in school. This is why family involvement is a critical element of Sankofa Montessori, and participation at every level is welcome. Many volunteer opportunities can be done from home, in the evenings, or on weekends. Sankofa Montessori gratefully acknowledges all of its members who have offered to volunteer time, energy, and skills to initially organize and create it. Sankofa Montessori will thrive through the years as each family adds its own energy to its growth. By participating in service to the school, families become a part of the school's

community and a practical piece of their child’s education. It is expected that most families will help the school in whatever way they can. Families can access our volunteer policy linked [HERE](#).

Georgia Law (O.C.G.A. 19-7-5 (b) (5)) now requires volunteers in schools (including field trips) to be mandated reporters of suspected child abuse. Language in the law specifically spells out the definition of child service organization personnel (those required to report child abuse/neglect) as “persons employed by or volunteering at a business or an organization, whether public, private, for-profit, not-for-profit, or voluntary, that provides care, treatment, education, training, supervision, coaching, counseling, recreational programs, or shelter to children.” O.C.G.A. 19-7-5 (b) (5). Georgia law requires all volunteers to complete a training session on being mandated reporters of suspected child abuse. To meet the requirements of the law, an online training course is offered at the following link: [Child Abuse and Neglect: Mandated Reporting Requirements for Employees, Volunteers, and Contractors of Georgia Public Schools.](#)

Once the online course is completed, please sign the Sankofa Montessori Volunteer Information Form certifying that the training has been completed and the volunteer's obligations are understood. The form can be located on Sankofa Montessori’s website.

Fundraising

To ensure equity for all of our students, providing classrooms with gifts of any kind are prohibited. You can contribute to our school’s general fund as a way to support our school to ensure that we are able to meet the changing needs and growth of the school.

Visitors and Observations

Family and community members are encouraged to visit the school and observe classrooms. The presence of visitors can affect the work students are doing, so we ask that visitors follow some guidelines.

Please schedule observations between September 15 and May 15 only, in order to give the children time to adjust at the beginning of the year and less distraction at the busy year-end. All visits and observations must be scheduled at least two weeks in advance.

Prior to visiting, please inform your child that you will be observing and not coming to help with classroom work. On the day of your visit, stop by the office first to sign in and pick up a visitor’s badge and packet. During your visit, please do not engage in conversation with the children. If

children are clinging to you, politely explain that you are here to observe and that they should show you how well they can work. Make notes of questions and discuss them with the teacher at another time. You can call or email teachers with questions, or make a separate appointment to discuss your observation and questions. Remember to sign out in the main office before you leave.

Visitors must always conduct themselves appropriately in classrooms, hallways, or anywhere in the school. This includes monitoring the volume of their voice, using language appropriate for children, respecting school faculty and other visitors, and not taking phone calls or using electronic devices in a distracting manner in public spaces. Visitors who conduct themselves inappropriately may be asked to leave the school or otherwise have access limited.

All visitors (including students' families) must enter through the main doors and are required to sign in at the Main Office and wear a visitor's tag, which must be worn while on school grounds. If a family needs to speak to a teacher or an administrator regarding their child, please call the school, email, or send a note to the teacher or the front office asking for a conference.

Birthday Celebrations

Families that do not wish the school to acknowledge or celebrate their child's birthday should notify their teacher and the school Office Assistant.

In our classrooms, we celebrate children's birthdays by inviting families in to join their child and the classroom community at the end of the school day on Friday's. The child brings a picture for each year of their life to do the walk around the sun ceremony. This celebration is child and teacher-led not parent led. to share pictures and stories about their child with the class.

We do not allow treats to be brought for birthday celebrations nor do we share treats or have whole class birthday foods since some families do not celebrate birthdays and other children have allergies.

Holiday Policy

The school's Montessori curriculum is aligned to the Georgia state standards and children's needs and interests, and as such, it includes guidelines on the extent to which holidays are celebrated. Three or four holidays will be celebrated school-wide per year. When we are "recognizing a holiday" (i.e., having a discussion or reading a book) or providing activities related to a holiday, we might include up to five holidays per month. We look at the following to be some of the main goals and functions of holidays and believe this approach

appropriately represents our inclusive community: 1) to validate children's and families' holiday experiences and traditions at home, 2) to expose children to different ways of celebrating the same holiday, 3) to introduce children to celebrations, traditions and religions different from their own, and to foster children's respect for them, 4) to build a sense of community, family and togetherness, 5) to provide accurate information about holidays in a developmentally-appropriate manner, and 6) to encourage critical thinking about perspective and bias. The school's families are important partners in the celebration of holidays, and we will communicate about classroom and school-wide events that are planned.

Supplies

Sankofa Montessori will purchase all of the school supplies needed for the classroom and for each child to engage with their learning. Families are asked to provide a water bottle, and change of clothes. Children can bring backpacks to school, if they so choose. Please note that roller bags and messenger bags are not permitted. Children who bring their own snacks and lunch can bring a lunch bag.

Lost and Found

We strongly urge families to label all personal possessions with their child's name. Clothing or items lost at school are taken to the school lost-and-found located in the front office. To claim items, parents will come to the front office and pick the lost items from the lost and found box. Parents will have 30 days to claim items. All unclaimed articles will be donated to a charitable organization at the end of each semester. Sankofa Montessori will not be held liable for loss or damage of any property belonging to the student.

Communication

We know our families are critical partners in our children's success, and consider communication an essential part of that partnership. Our communication structures are:

- As-needed:
 - Please accept your invitation to join your classroom's Transparent classroom account. Infinite classroom should be your primary way of communicating with your teachers.
 - Parents who need to leave urgent messages for their child or their child's teacher may call the Front Office and the message will be delivered.
- Annually: At the beginning of each school year, all families will attend the meet the teacher event to meet their teachers.
- Monthly: Families can expect a call at least once a month from their child's lead Guide to discuss each child's progress.

- Weekly: A Weekly newsletter goes to the entire school community with important news and information. If anyone is not receiving these communications, please contact the Main Office to make sure the office has updated contact information.

For staff contact information, please reach out to your child’s teachers. Parents should not use email in the case of an emergency; rather, they should call the School front office directly. While Parents may use email to communicate, the demands of the School staff may limit their ability to address such communication or concerns immediately. Should the matter be urgent, please call the Main Office.

Photos, Videos, and Social Media

Sankofa Montessori maintains a list of all students whose families complete the Media Release annually, authorizing their children’s digital images to be recorded (via photo, video, etc.). No student may have his/her image recorded without this permission.

Furthermore, no student should have his/her image recorded by someone who is not an employee or agent of the school or his/her own family member. Therefore, families are asked to refrain from photographing / videographing their students' classmates when attending school events.

Finally, no student’s image should be posted on any social media unless it has been specifically and directly authorized by the student’s family.

Change in Student Information

It is imperative that the school office be notified immediately if a family has a change in address, telephone numbers, or emergency information during the school year. Please email info@sankofamontessori.org or call the Main Office with updates to this information.

SECTION 3: THE STUDENT EXPERIENCE

Sample Daily Schedule

No day is ever the same at Sankofa Montessori, but here is a sample of what you’ll find when you enter our doors.

Start	Minutes	Finish	Activity
7:30 AM	30	8:00 AM	Doors Open and Breakfast in Classrooms
8:00 AM	180	11:00 AM	<p>Montessori-trained lead teachers guide a group of students through new lessons, based on student readiness. These lessons range from academics, like letters and sounds, to sensorial works that develop concentration and self-control. Uniforms and Dress Code¹

Uniforms and Dress Code

Our policy is intentionally written to minimize the risk of students missing instructional time as a result of dress code. It is also written to minimize the time spent by teachers in addressing dress code.

¹ Our policy is modified from the policy set by Kwende Collegiate and DeKalb Brilliance.

Dress Code Philosophy and Equity Statement

Our values are:

- All students should be able to dress comfortably for school and engage in the educational environment without fear of or actual unnecessary discipline or body shaming.
- Student dress code enforcement should not result in unnecessary barriers to school attendance.
- School staff should be trained and able to use student/body-positive language to explain the code and to address code violations.
- Teachers should focus on teaching without the additional and often uncomfortable burden of dress code enforcement.

Our uniform policy is designed to accomplish several goals:

- Relieve social pressure to wear certain brands or styles that might not be viable or sustainable options financially for all families
- Provide students and families with a predictable option of clothing choices for school each day
- Maintain a safe learning environment in classes where protective or supportive clothing is needed, such as science lab (eye or body protection), dance (bare feet, tights/leotards), or PE (athletic attire/shoes).
- Allow students to choose from a variety of uniform options.
- Allow students to wear clothing that expresses their self-identified gender.
- Allow students to wear religious attire without fear of discipline or discrimination.
- Prevent students from wearing clothing or accessories with offensive images or language, including profanity, hate speech, and pornography.
- Prevent students from wearing clothing or accessories that denote, suggest, display or reference alcohol, drugs or related paraphernalia or other illegal conduct or activities.
- Prevent students from wearing clothing or accessories that will interfere with the operation of the school, disrupt the educational process, invade the rights of others, or create a reasonably foreseeable risk of such interference or invasion of rights.
- Prevent students from wearing clothing or accessories that reasonably can be construed as being or including content that is racist, lewd, vulgar or obscene, or that reasonably can be construed as containing fighting words, speech that incites others to imminent lawless action, defamatory speech, or threats to others
- Ensure that all students are treated equitably regardless of race, sex, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance, household income or body type/size

Uniform Policy

All uniforms are required to be purchased from our exclusive vendor due to contractual obligations, therefore families are not permitted to create their own uniform items or any additional items with our logo.

We are not able to license or lend our logo for unofficial school use as per our policy approved by the Governing Board.

Sankofa Montessori students are required to wear a uniform daily. We will provide assistance to any families who are unable to afford the cost of the uniform.

The school is responsible for seeing that student attire does not interfere with the health or safety of any student, that student attire does not contribute to a hostile or intimidating atmosphere for any student, and that dress code enforcement does not reinforce or increase marginalization or oppression of any group based on race, sex, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance, household income, or body type/size.

- **Basic principle: certain body parts must be covered for all students at all times.** Clothes must be worn in a way such that undergarments, buttocks, upper thighs, and chests are fully covered with opaque fabric.

- **Students must wear**, while following the basic principle above:

Sankofa Montessori Shirt /Top/Dress:

- Approved school shirt or dress **with Sankofa Montessori logo** (Sankofa Montessori polo shirt, Sankofa Montessori t-shirt, etc.)
- Long or loose-fitting shirts must be **tucked-in**.
- All new children receive **one free** uniform shirt. You may purchase additional from our uniform vendor.
- Coats are not to be worn inside the classroom. If needed for comfort, children **may wear a solid-colored jacket**, sweatshirt, sweater, fleece, pullover, or cardigan with no logo or adornment (other than Sankofa Montessori outerwear).

Pants / Skirts / Bottoms:

- **Solid-colored slacks, khakis, shorts, or skirts.** Shorts/skirts should be at least **knee-length**.
- Leggings or tights are permitted in solid colors, provided that they be worn underneath skirts or shorts (except that Kindergarten students do not need the layer over leggings).
- Must be **plain** – **no** markings, logos, patterns, textures (including no “distressed” garments, etc.)

- No sweatpants, athletic gear, jeggings, or jeans.
- Pants must be worn at the waist; **no sagging** of pants will be permitted.

Footwear:

- Shoes should be **easy for children to put on and remove** independently.
- **Shoes must be worn at all times**, both indoors and outdoors.
- For safety, no heels, “heelies,” flip flops, or anything dangling, no open toed shoes
- Socks or tights must be plain and solid colored.
- **Students cannot wear:**
 - Violent language or images
 - Images or language depicting drugs or alcohol (or any illegal item or activity)
 - Hate speech, profanity, pornography
 - Images or language that creates a hostile or intimidating environment based on any protected class or consistently marginalized groups
 - Any clothing that reveals visible undergarments
 - Swimsuits (except as required in class or athletic practice)
 - Accessories that could be considered dangerous or could be used as a weapon
 - Hats, scarves, or other accessories that are not core to the students’ outfit and could become easily lost

Other:

- **Jewelry:** One pair of stud earrings only. No other jewelry may be visible (e.g. necklaces must be under one’s shirt, etc). For safety, no rings or bracelets may be worn to school by students.
- Change of clothes: Kindergarten children are required to have **one emergency change of pants and underwear** kept at school.
- **Physical education shirts:** There is no gym uniform and students may not change clothes for P.E. or recess.
- **Uniforms on field lessons:** Due to safety reasons, students must wear their uniform on field lessons. In the event of an emergency, wearing the uniform will allow staff to quickly identify a student.

Dress Code Enforcement

To ensure effective and equitable enforcement of this dress code, school staff shall enforce the dress code consistently using the requirements below. School leadership and staff shall not have discretion to vary the requirements in ways that lead to discriminatory enforcement.

- To ensure consistent implementation of the dress code policy, the Student Culture and Discipline Coordinator will be responsible for completing an informal uniform check as a part of Morning Arrival.
- The first time a student is wearing an item that is not in compliance with the uniform policy, the student will receive a “Out of Uniform Notice” which will inform the parent/guardian of the specific uniform infraction and serve as a reminder of the expectations surrounding our uniforms.
- The second time the student is wearing a uniform that is not in compliance with the uniform policy, the parent will receive a parent phone call to inform them of the specific uniform infraction
- The third time the student wears a uniform that is not in compliance with the uniform policy, the parent will receive an email.
- The fourth time the student wears a uniform that is not in compliance with the uniform policy, the parent will be required to come in for an in person conference.
- If a student repeatedly receives an out of uniform, the school will conference with the family to understand and resolve any hindrances to consistent uniform use.
- If necessary, students’ parent(s)/guardian(s) may be called during the school day to bring alternative clothing for the student to wear for the remainder of the day.
- No student should be affected by dress code enforcement because of racial identity, sex assigned at birth, gender identity or expression, sexual orientation, ethnicity, cultural or religious identity, household income, body size/type, or body maturity.
- School staff shall not enforce the school’s dress code more strictly against transgender and gender nonconforming students than other students.
- Students should not be shamed or required to display their body in front of others (students, parent(s)/guardian(s), or staff) in school. “shaming” includes, but is not limited to:
 - kneeling or bending over to check attire fit;
 - measuring straps or skirt length;
 - asking students to account for their attire in the classroom or in hallways in front of others;
 - calling out students in spaces, in hallways, or in classrooms about perceived dress code violations in front of others; in particular, directing students to correct sagged pants that do not expose the entire undergarment, or confronting students about visible bra straps, since visible waistbands and straps on undergarments are permitted; and, accusing students of “distracting” other students with their clothing.

Nutrition Program

As a physician, Dr. Montessori believed in the importance of good nutrition to a child's development; research regarding the impact of various foods on the body shows us why she felt this to be so vital.

At our school, we strive to have each child eat in a healthy way and have implemented a nutrition policy to support the growth of our students' bodies and minds.

Sankofa Montessori offers nutritious meals to the students. Breakfast, lunch, and an afternoon snack are available daily at all schools. Meals served at Sankofa Montessori meet nutrient standards set by the United States Department of Agriculture (USDA) for students of all grade levels. Food items meet high quality standards and are served by caring, committed adults.

Packing Meals

Families may also choose to pack a lunch for their child. Please note that students will not have access to a microwave or refrigerator. We ask that families pack healthy lunches for students that help us ensure our students get the variety of foods (protein, grains, vegetables, and fruits) needed to sustain their energy for the remainder of the school day.

Please also note that we ask that some food items simply are never included as part of the food you send to school with your student(s): Juice, Soda/carbonated drinks, flavored milk, chocolate, candy, cookies and cakes.

Please refer to the Nut-Free Policy listed in the Illness, Injury, Health, and Wellness section for more information regarding food items that are not allowed at Sankfoa Montessori if packing a lunch from home.

Free or Full or Reduced-Price Meals

Free and reduced lunches are available. Free and reduced lunch applications will be made available to all students before the first day of school. All families are expected to complete and return the forms regardless of eligibility for the program. Only one application needs to be filled out for all members of a family

Accommodating Students with Disabilities and/or Special Dietary Needs

Sankofa Montessori will make accommodations for children with disabilities whose disability or special dietary need restricts their diet, when that need is certified by a licensed physician. For modifications or substitutions to the school meals, the school's Associate Director of Operations must have a written [Medical Statement to Request Accommodations for Disabilities in the School Meal Programs Form](#) on file that is signed by a licensed physician or licensed health care

professional who is authorized to write medical prescriptions under State law. The Physician's medical statement must identify the specific nutritional needs of the student. This includes listing all dairy, peanut, shellfish, or other types of food allergies.

Responsibility of Parents with Students requiring Special Dietary Meals

- Notify the Associate Director of Operations of any food allergy, disability, or special dietary need regarding their child.
- Provide Medical Statements completed by a licensed physician or licensed healthcare professional who is authorized to write medical prescriptions under State law.
- Participate in any meetings or discussions regarding the student's meal plan.
- Maintain a healthy line of communication with the Associate Director of Operations, and others as needed.
- Notify the Associate Director of Operations of any changes relating to the special dietary need, or needs (a new Medical Statement is required if the diet changes).
- Submit a new medical statement each year or verify the accuracy of the medical statement yearly that a child requires special dietary meals or substitutions.

Student Support Services

Sankofa Montessori is committed to ensuring that all students have the resources that they need to become impactful leaders in the field of their choosing. Thus, Sankofa Montessori will support students with documented disabilities or needs through a Individualized Education Program, 504 plan, or English as a Secondary Language. Sankofa will implement interventions and conduct evaluations for any student suspected of benefitting from additional supports or accommodations in order to access the curriculum, in accordance with its child find obligations.

Annual Information Session

We recognize that parents are important partners in their children's education. We want to make sure parents have information to help them understand student support at Sankofa Montessori. One way Sankofa Montessori provides this info is via a "Student Support Information Session" in the fall, which is open to any and all families. During this session families will receive information about student support at Sankofa Montessori, including:

- how the MTSS process works at Sankofa Montessori,
- how Sankofa Montessori and the GaDOE work together to provide special education, 504, ESOL, and other levels of supports to students,
- what types of academic and behavioral supports are available at Sankofa Montessori,

- how Sankofa Montessori (and families) may decide to refer a student for evaluation for special education services,
- what happens during the evaluation process,
- how parents may request behavioral supports, and
- formal and informal ways that parents can communicate any concerns about special education.

Much of the information that will be discussed in the information session is also provided here, in the Family Handbook, as another resource to help families understand Student Support services and partner with Sankofa Montessori in support of their child.

Multi-tiered System of Supports

Our approach to multi-tiered system of supports (MTSS) follows GaDOE guidance. Any students that do not have a pre-existing IEP or 504 plans but are both a) below grade level and b) in the bottom 30% in each grade in ELA, math, or behavior will be considered for additional supports through MTSS:

- Select and Administer Universal Screener: Our teachers will conduct universal screeners in math and literacy for all students.
- Determine Intervention Groups: Grade-level teams will review visual reports of data in monthly MTSS meetings to determine cut scores for intervention groups. Leadership and grade-level teams will also review behavior data weekly, looking for students with patterns of behavior challenges each week. For students that are confirmed as benefiting from interventions, teams will make appropriately-sized groups, and plan and execute interventions. For each group identified, grade-level teams will design appropriate interventions, such as phonics, math fluency, reflection space protocol for student de-escalation, etc.
- Use Multiple Data Points to Verify: In the monthly MTSS meetings, grade-level teams will use additional data points (e.g. progress monitoring assessments) to determine if multiple data points confirm that the student would benefit from additional support. For behavioral supports, teams will review historic data to confirm trends or areas that require additional data collection to understand triggers and antecedents.
- Use Progress Monitoring Data to Determine Next Steps: In monthly grade-level MTSS meetings, we will review data to determine if students would benefit additional interventions (moving from Tier 2 to Tier 3), are showing that they no longer need as many interventions through improved data (moving from Tier 2 to Tier 1 or moving from Tier 3 to
- Tier 2), or are showing they should stay in the same intervention.

Early Intervention Program

The Early Intervention Program (EIP) is designed to serve students in grades K – 5 who are at risk of not reaching or maintaining academic grade level, as defined in the state Early Intervention Program Guidelines. The purpose of EIP is to help students reach grade level performance in the shortest possible time.

Program Qualification

Students qualify for the program by performing below the 30th percentile on standardized norm-referenced tests and Achievement levels indicate “Not Yet Demonstrated” or “Emerging” on the majority of elements included on the ELA, Mathematics, or GKIDS. Students may qualify for EIP in reading and/or in mathematics.

Program Structure

The program design is developed in coordination with regular instruction and other educational programs. Development and evaluation of the program involves teachers, administrators, and parents at the school level. The Early Intervention Program includes four components:

- **Staff:** Early Intervention Program is staffed by certified teachers with experience and expertise in teaching students with diverse needs and abilities. Early intervention funds provide additional staff beyond that provided through regular funds.
- **Delivery Models:** Each participating school selects the delivery model(s) to be used. Any combination of state approved models may be used within a school depending on the unique needs and characteristics of the students and school.
- **Class Size:** A class for EIP must follow Class Size Rules in the state guidelines.
- **Instructional Segments of Service:** A segment is defined as a minimum of 30 minutes daily.

Family Communication

The school shall provide a ten calendar-day notice for an opportunity to conference with the student's parents or guardians and the student to discuss the student's performance and the role of the early intervention program.

Special Education Services

Existing Special Education Services

Any student with an IEP will receive all appropriate services through special education staff and contracted vendors. Sankofa Montessori will serve students on the full continuum of services through the least restrictive environment (LRE) possible. To ensure the integration of special

education into the general education programming, teachers will plan together during common planning sessions. When families enroll, our Office Assistant will ask about IEP plans in their enrollment packets, as well as check the State Longitudinal Data System to confirm any pre-existing plans.

New Special Education Evaluations

Any time a parent/guardian requests an evaluation, or the school suspects a disability after consistent intervention and data review, the student would be recommended for evaluation by our school psychologist. Evaluations take a maximum of 60 days to complete. Families who want to request evaluation should reach out to the Director of Student Supports and Services. Additionally, for students in Tier 3 of MTSS that do not show progress, we may recommend a Special Education evaluation. Under GaDOE SBOE 160-4-7.09-6, we will communicate the recommendation for evaluation to parent(s)/guardian(s) for them to consent to or decline testing through a meeting and parental consent to evaluation (PCE) form. If the parent(s)/guardian(s) declines evaluation, the student will remain in Tier 3 MTSS support. Special Education evaluations will be conducted by a licensed psychologist through a contracted vendor. The initial evaluation must include at least two measures of cognitive intelligence and intelligence-based testing. Students will be tested in all areas of suspected disability.

After an evaluation, the results will be shared with the IEP team (parent(s)/guardian(s), classroom teacher, special education teacher, Director of Student Support and Services, at the eligibility meeting. Parent(s)/guardian(s) participation is critical in the determination of eligibility for special education and in the development of an Individualized Education Plan (IEP - see below). Every reasonable effort will be made to schedule meetings such that parent(s)/guardian(s) have the opportunity to participate. Parents may also participate by phone if unable to attend the meeting. Parent(s)/guardian(s) are welcome to invite others to attend the meeting. Parent(s)/guardian(s) should notify the school at least three (3) school days in advance of the meeting the name(s) and role(s) (i.e., family, friend, advocate, attorney) of each individual that will be attending the meeting at their invitation.

Eligibility for Special Education

In order to be eligible for special education services, a student must meet all of the following criteria:

1. The student has a disability, as defined by the Individuals with Disabilities Education Act ("IDEA") and meets criteria for one of the eligibility categories as defined by the state of Georgia
2. Due to the disability, the student is not making effective progress in the general education program

3. The student requires specifically designed instruction or related services (examples include occupational therapy, speech therapy, or physical therapy)

Students with disabilities requiring specialized support may qualify for a support plan under an IEP under the IDEA. The creation of the IEP must be completed within 30 days of the student being found eligible for special education services. An IEP must include present levels, goals with input from classroom data and the child's teacher(s), special educator(s), external evaluation results, the family, Behavior Improvement Plan (BIP – as needed), and any related services. After IEP creation and consent from parent(s)/guardian(s), all services will be implemented by school personnel, and, as appropriate, contracted service providers.

Individualized Education Plans (IEPs)

The IEP is a legal document that identifies the services and accommodations that are necessary for students to make effective progress.

An IEP is reviewed every year by a team that includes the student's teachers, any specialists involved in the student's education, the parent, anyone the parent invites, and the student if the student is of an appropriate age to participate.

Related Services

Sometimes students with disabilities may need support in areas other than just instruction. For example, if a student has been evaluated and determined to have challenges with speech, then that student should also work with a speech therapist to help them develop important skills for communicating within school. This type of service is called a related service, and is provided by a specialist who is trained in a specific area (for example, a speech therapist rather than a classroom teacher). Sankofa Montessori works with external contracts to provide different related services.

Section 504

Section 504 of the Rehabilitation Act of 1973 prohibits discrimination against individuals whose physical or mental impairment substantially limits one or more major life activities, including:

- Caring for one's self
- Performing manual tasks
- Walking
- Seeing
- Hearing
- Speaking
- Working

- Learning

Sankofa Montessori's section 504 coordinator is Ms. Rhushanda Barnes.

504 Accommodation Plans

Upon receiving medical documentation and meeting eligibility requirements, a 504 Accommodation Plan may be developed for qualified students. A 504 Plan is a legal document, which is primarily a classroom accommodation plan. It is not an IEP. The 504 Team, which includes the (parent(s)/guardian(s), classroom teacher, Director of Student Support and Services, and Manager of Family Engagement will be responsible for determining the special accommodations and services that are needed to ensure that the student receives a free appropriate education. The Plan will specify how services will be provided and by whom.

Annual Review

The teacher or other person(s) designated by the Section 504 Team shall monitor the student's progress and the effectiveness of the student's plan. The teacher or other designated person will meet with the parent(s) at least annually to determine whether the Section 504 Plan continues to be appropriate or whether any changes are thought to be necessary. A Section 504 team meeting will be convened at any time to review the changes in student need or other appropriate concerns.

Reevaluation

A multi-source evaluation for eligibility purposes should be completed at minimum every 3 years to re-determine eligibility under Section 504 and/or before any significant changes are made in the Section 504 Plan.

Manifestation Hearing

In cases where a student with an IEP or 504 plan has a long-term suspension (more than 10 days at once or cumulatively throughout the year), our school will follow the manifestation meeting protocols outlined in the IDEA law. A team of family members, teacher, special educator, Manager of Family Engagement and Student Culture, Executive Director and any other involved staff will convene for the manifestation hearing. The team will analyze antecedents, perceived motives, reactions, and outcomes of the behavior resulting in the disciplinary infractions, to determine the answers to two questions: "Was the behavior caused by or directly and substantially related to the child's disability? Was the behavior a direct result of the school's failure to implement the child's IEP?" If the behavior was a result of the student's disability or the school's failure to implement the student's IEP, then the behavior was a manifestation. No further disciplinary actions may be taken, and the school will evaluate improvements to support plans and implementation. If the behavior was not a manifestation,

the need for a functional behavioral assessment and a behavioral intervention plan should be considered to prevent the behavior from recurring.

Disputes

Sankofa Montessori will make every effort to resolve any concerns from families through IEP team meetings to make the best decision for our students. Please note, parent(s)/guardian(s) always have the right to file complaints regarding special education in accordance with O.C.G.A 20-2-1160. directly with the State Department of Education, the Office of Civil Rights, or filing an administrative complaint. Parent(s)/guardian(s) will receive a copy of their parental rights at the beginning of every special education meeting, which will detail the right parent(s)/guardian(s) to file complaints.

English Language Learner Services

Sankofa Montessori will identify students learning English and deliver programming to ensure student success in accordance with GaDOE SBOE Rule 160-4-6-.02. All students will be placed in general education classrooms and taught in English.

Enrollment

All information will be provided to families in a language that the parents understand. Upon enrollment at Sankofa Montessori, all families will complete the Home Language Survey. The Home Language Survey is used to determine whether a language other than English is used in the student's home and is not used to determine a student's language classification or immigration status. The information provided on the Home Language Survey is kept in the student's cumulative record. The Home Language Survey consists of three questions 1) Which language does your child best understand and speak? 2) Which language does your child most frequently speak at home? 3) Which language do adults in your home most frequently use when speaking with your child? If the answers to all questions on the Home Language Survey are "English", then no further action is taken. If there is evidence of significant non-English exposure, then the pupil must be assessed for ELL status.

English Language Learner Identification

For all families that indicate a language other than English is spoken in the home on the home language survey, students will be assessed using the ACCESS for ELLs 2.0 to determine English language proficiency levels in the domains of speaking, listening, reading and writing within two weeks of enrollment. Sankofa Montessori will utilize qualified staff or external evaluation vendor to conduct assessments.

English Language Learner Programming

The results of the assessment and the programming plan will be communicated with families in their preferred language, as indicated on the home language survey. If a student is identified as ELL, they will be provided with Sheltered English Immersion instruction – Sheltered Content Instruction and/or Direct ESL instruction depending on the ACCESS data. This instruction will be provided during the morning work block of the day

Progress Monitoring

Sankofa Montessori will utilize the WIDA suite to monitor progress and adjust appropriate instruction, accommodations, and modifications to ensure student progress. Students will be exited from the ELL program when indicated by ACCESS exam scores or general education assessments indicate language proficiency. Upon exiting the ELL program, students will be monitored with ACCESS for two years, and will be provided services again if regression is measured.

Students whose primary language is not English have equal rights of access to all academic and non-academic components of the Sankofa Montessori experience.

Homeless Student Services

In accordance with the Education for Homeless Children and Youths: Subtitle B of Title VII of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11431 et seq.) Sankofa Montessori adheres to the principle that all eligible children and youth, including the homeless, are entitled to a free, appropriate public education.

Students identified as homeless or “in transition” will be given full opportunity to meet state and local academic achievement standards and will be included in state and district wide assessments and accountability systems. Our school will ensure that children and youth in transition are free from discrimination, segregation, and harassment. Homeless students will be provided all district services for which they are eligible, including limited English proficiency, vocational and technical education programs, gifted and talented programs, and after school programs where applicable.

Definitions

In accordance with the Act and State Board Rule 160-5-1-.28, the term “homeless child and youth” is defined as individual who lack a fixed, adequate, and regular nighttime residence, including children and youth who are:

1. Sharing the housing of other persons due to loss of housing, economic hardship or a similar reason.
2. Living in motels, hotels, trailer parks or camping grounds due to lack of alternative adequate accommodations.
3. Who are living in emergency shelters.
4. Who are abandoned in hospitals or are awaiting foster care placement.
5. Whose primary nighttime residence is a public or private place not designed for or ordinarily used as a regular sleeping accommodation.
6. Who are living in cars, parks, public spaces, abandoned buildings, or substandard housing, bus or train stations, or similar settings.
7. Migratory students who qualify as homeless because the children are living in any of the above described circumstances.
8. Unaccompanied and are not in the physical custody of a parent or guardian.
9. A child shall be considered to be experiencing homelessness for as long as he or she is in a living situation as described above.
10. “Unaccompanied youth” means a youth not in the physical custody of a parent or guardian, who is in transition as defined above.
11. “Immediate” means without delay
12. “School of origin” means the school the child or youth attended when permanently housed or the school in which the child or youth was last enrolled.

Identification

In collaboration with school personnel and community organizations, the school’s homeless liaison (Manager of Family Engagement and Student Culture) will identify children and youth experiencing homelessness within our school. The liaison will train school personnel on possible indicators of homelessness, sensitivity in identifying families and youth as experiencing homelessness, and procedures for forwarding information indicating homelessness to the liaison. The liaison will also instruct school registrars and secretaries to inquire about possible homelessness upon the enrollment and withdrawal of every student and to forward information indicating homelessness to the liaison. Community partners in identification may include: family and youth shelters, soup kitchens, motels, campgrounds, drop-in centers welfare departments and other local social services agencies, faith based organizations, truancy and attendance officers, local homeless coalitions, and legal services.

Admission of Homeless Students

Students are immediately admitted to Sankofa Montessori even if the student is unable to produce records normally required for enrollment such as previous academic records, medical records, proof of residency or other documentation. Sankofa Montessori will make all efforts

to update and keep these records current. Unaccompanied youth must also be immediately enrolled in school. They may either enroll themselves or be enrolled by a parent, non-parent caretaker, older sibling, or Sankofa Montessori's homeless liaison.

Education of Homeless Students

All students, including those students who are homeless or in transition have a full and equal opportunity at Sankofa Montessori. Parents and guardians of homeless students are informed of the educationally related opportunities available to their children and are provided with the opportunities to participate in the education of their children. Homeless families and students will receive educational services for which all students are eligible. Referrals to health care and immunization services, dental services, health services, and other appropriate services will be made available to all families and students.

Program Procedures

1. Sankofa Montessori is responsible for identifying a homeless liaison (Manager of Family Engagement and Student Culture).
2. Homeless students will be identified based on the definition prescribed by McKinney-Vento Homeless Assistance Act and via a numeric code in the school's student information system. All staff in the school will be trained in the identification and recruitment of homeless students.
3. The homeless liaison will provide annual training for all school staff having contact with homeless students.
4. School leadership will receive annual training on the identification and needs of homeless students.
5. The school will display flyers, brochures, and posters that identify the Homeless Liaison contact information.
6. Services for homeless students will be evaluated based on student academic achievement.

Enrollment/Withdrawal

Enrollment of Homeless students occurs at the appropriate grade level. School Operations team is trained and attentive to the identification of homeless students during the enrollment process. Any identification of a homeless student/ family will be immediately identified to the Homeless Liaison for investigation. If Sankofa Montessori is contacted by another school for a homeless student's records, requested information will be provided and sent to the requesting school district within 10 business days of receiving the request.

Program Training and Information Dissemination

The Homeless Liaison or designee annually conducts training and sensitivity/awareness activities each fall to heighten the awareness of the following personnel of the specific needs of unaccompanied and homeless youth: school leadership, teachers, and support personnel. Homeless liaison will lead and coordinate the schools' compliance with this policy and will receive training annually. Meeting documentation includes the PowerPoint presentation, agenda, and sign-in sheets. The Homeless Liaison or designee distributes posters and brochures in throughout the school and the Family Resources center in the lobby. Posters and brochures are also distributed to the community throughout the year at various locations including but not limited to the following: Department of Family and Children's Services, Community Centers, Local Churches, Health Department, Fire Department, Hospital, Soup Kitchen, Local Law Enforcement, Safe Haven, and Local Doctor Offices.

Transportation

Sankofa Montessori will put into place a transportation plan for any identified homeless students (e.g., MARTA cards, or other supports).

Academic Credit

A student's homeless status shall not be a barrier to receiving appropriate credit for full or partial coursework satisfactorily completed while attending a prior school.

Disputes and Resolution of Complaints

Any complaints will be submitted in writing to the Governing Board who will resolve the issue. The parent and the student will be given every opportunity to participate meaningfully in the resolution of the dispute. If a dispute arises under the McKinney-Vento Act over eligibility, school selection, or school enrollment, the Act requires LEAs to take the following steps:

1. The child or youth shall be immediately enrolled in the school in which enrollment is sought, pending final resolution of the dispute, including all available appeals. In the case of an unaccompanied youth, the homeless education liaison (Manager of Family Engagement and Student Culture - hereafter local liaison) must ensure that the youth is enrolled immediately in the school in which the youth seeks enrollment pending final resolution of the dispute. While disputes are pending, students have the right to participate fully in school and receive all services for which they are eligible.
2. The parent, guardian, or unaccompanied youth must be provided with a written explanation of any dispute-related decisions made by the school/LEA involved, including the right of the parent, guardian, or unaccompanied youth to appeal such decisions

3. The LEA (Governing Board) must provide this written explanation, including the reasons for its determination and information regarding the right to appeal, in a manner and form understandable to the parent, guardian, or unaccompanied youth.
4. The parent, guardian, or unaccompanied youth can file a complaint to the Georgia Department of Education at:

Homework

Philosophy of Homework

In the Montessori view, play and work are intimately connected. Learning does not stop at the end of the school day, but continues in different ways. We recognize that through their own self-directed play, children develop skills and strengths that prepare them for school success as well as success in life. We believe that homework should be developmentally-appropriate, meaningful, and supportive of our educational goals. We also strongly feel that students need to make family connections, engage in extracurricular activities, and relax after school and on the weekends. That said, each night we expect children to spend some time doing the following:

Children in kindergarten and lower elementary (grades 1-3) should read or be read to for at least 30 minutes a day, in addition to spending one hour doing some of the activities listed below:

- Take a meaningful role in the life of the family: help with yard work, table setting, meal planning and preparation, participating in errands, caring for pets
- Play outdoors: running, playground time, bike riding, swinging, exploring natural spaces
- Play by themselves (not mediated by a screen): playing games, making art, making music, playing with simple toys, writing stories, daydreaming. Sometimes this play will extend lessons the child was doing in school– they might be excited to measure the rooms of their house, calculate the perimeter of a table, read a book about sharks, or try writing in Egyptian hieroglyphs.
- Engage in open-ended play with friends and/or siblings
- Share conversation with a trusted adult

Children in upper elementary (grades 4-6) should spend at least one hour a day reading, in addition to completing any specific assignments provided to them by their guide.

Students Needing Additional Support

Sometimes, a child struggling with a particular academic challenge will benefit from working in a more structured way with parents, guardians, or older siblings at home. If this is the case, the child's teacher will contact the family to share ideas for specific homework activities.

Classroom and School Technology

Student Cell Phone Policy

Students are not allowed to use cellphones in school, at school-sponsored activities, or on school field trips, unless specified by a staff member or chaperone in specific circumstances. This includes any cell phone features and applications such as camera, video recorder, calculator, texting or social media. If, during these times, a cell phone is used, rings, vibrates, flashes, or is seen by a staff member or chaperone, your child will be asked to turn it off and place it in the child's backpack.

For repeated instances, and at the school's discretion, the cellphone will be confiscated (secured in a locked location) and returned to either the student by the end of the day or to a parent/guardian at an agreed upon time. The school may pursue disciplinary consequences found in the Code of Conduct depending on how disruptive the incident is and/or if a student has had multiple violations. Cell phones brought to school must be powered off, stored away in a locker or backpack area and cannot be taken out until the end of the instructional day.

Sankofa Montessori assumes no responsibility or liability for the theft loss or damage to a cellular telephone nor does it assume responsibility for the unauthorized use of any device.

Student Toy, Game, & Special Item Policy

At Sankofa Montessori students are not permitted to bring toys, board games or loveys (small reminders of home like small teddy bears, blankets, or photos) to the school from home.

While we strongly urge families to label all personal possessions, Sankofa Montessori assumes no responsibility or liability for the theft, loss, or damage of children's personal possessions.

Technology and Media in the Classroom

At Sankofa Montessori, screen-based technology is not emphasized. Students are instead offered lots of hands-on, active, brain-building activities, especially at the elementary level

(1st-6th grade). These hands-on activities support collaborative work and the ability to work on a team.

To support familiarity with computer functions and in preparation for standardized testing, technology use will be monitored and computer access will be available to students as practical life activity in the classroom through laptops and/or tablets. All technology use must comply with Sankofa Montessori's [Acceptable Use Policy](#).

The organization may use various media to educate students. Teachers are welcome to occasionally use videos in the classroom and at school sponsored events, provided that teachers follow the legal copyright requirements of videos and media within the classroom.

Media at Home

Sankofa Montessori strongly encourages families to significantly limit screen time at home. Children's developing brains need activities that use the hand and mind together (arts and crafts; cooking; building things; and other play); active time outdoors; opportunities to support in the work of the household; and time to daydream and engage in self-directed play.

To support the safe use of media at home, families can utilize the following resources:

- Internet Access:
 - The Georgia Department of Community Relations has [compiled internet connectivity resources](#) from Georgia telecom companies.
 - The [Emergency Broadband Program](#) can support families in purchasing high-speed internet and/or a home device.
 - The Clayton County Library has [prepaid hotspots available for checkout](#) to cardholders aged 18+ for up to 21 days.
 - [Comcast Internet Essentials](#) is a \$9.95/month option that is free for 60 days.
- Managing family technology:
 - Non-technical adult actions that have a positive influence on students' healthy use of technology:
 - Adults role modeling healthy use of technology.
 - Clear, regularly-reviewed expectations about acceptable technology use.
 - Regular conversations about children's online experiences.
 - Adults and students exploring together the positive ways technology can connect families, support learning, and contribute to society.

Montessori Curriculum

The Montessori Approach

Over a century ago, Dr. Maria Montessori developed a comprehensive approach to education based on her observations of children's needs and her understanding of children's natural learning tendencies. The Montessori approach draws its principles from the natural development of the child and is designed to help children with their task of inner construction as they grow from childhood to maturity. The child's innate passion for learning is encouraged by giving him/her opportunities to engage in spontaneous, purposeful activities with the guidance of a trained adult. Through their work, children develop concentration and joyful self-discipline. Within a framework of order, children progress at their own pace and rhythm, according to their individual capabilities.

Mixed Age Groups

One of the hallmarks of the Montessori method is that children of mixed ages work together in the same class. Age groupings are based on developmental planes. Children from 3-6 years of age are together in Primary classes, 6-12 year olds share the elementary classes, often grouped as Lower Elementary for 6-9-year-old children and Upper Elementary for children ages 9-12 years. Because the work is individual, children progress at their own pace; there is cooperation rather than competition between the ages. Younger children learn from older children and older

children naturally become classroom leaders. Since Sankofa Montessori does not have a Pk 3 and Pk4, our Kindergarten students will not be in multi-age groupings.

The Prepared Environment

The “prepared environment” is Dr. Montessori’s concept that the classroom environment should be designed by the adult to facilitate maximum, independent learning and exploration by the child. Attributes of a prepared environment include order and reality, beauty and simplicity. Everything is child-sized to enhance children’s independent functioning. In the Montessori classroom, learning materials are arranged invitingly on low, open shelves. Children may choose any materials they would like to use and may work for as long as the material holds their interest after they have been given a lesson on the material. When they are finished with each material, they return it to the shelf from which it came.

Kindergarten Program

A. Practical Life

- This area is where children learn basic skills that improve their independence, like dressing themselves, pouring water, cleaning messes, sewing, etc. This also helps to develop fine motor skills that prepare them for writing.

B. Sensorial Exercises

- Children use sensorial materials to define their senses of touch, smell, sight, sound, and taste. These materials help to prepare the brain for mathematics and their ability to understand dimensions, shapes, colors, and quantity.

C. Language

- In the Children’s House, children first learn the language around them. Then, they learn the sounds of the words they know (not the letter names), followed by a journey into cursive writing. This process culminates into children’s ability to read and write with a basic understanding of conventional grammar.

D. Mathematics

- All children have a mathematical mind, and are doing math intuitively. But the curriculum materials begin with an exploration of quantity and symbol and build skills such as operations, skip counting (beginning multiplication), numeration, place value, and an understanding of basic geometry.

E. Science

- This is a revolving set of materials based on the interests of the class. This often includes things the children observe about their world, such as types of leaves, bugs in the garden, seasons and weather, and states of matter.

F. Geography and Cultural Studies

- We begin our exploration of geography with a basic understanding of the world and the continents, and include studies of the people, animals, flags, and culture of our world.

Elementary Program

The elementary curriculum is called “Cosmic Education,” and encompasses all the magic and glory of the cosmos. It celebrates the natural world and encourages curiosity and “deep dive” explorations into student interests. Students learn in a multi-age classroom using a multi-disciplinary approach to learning that creates a vast web of knowledge for children. Each curriculum area is introduced with what we call “Great Stories,” impressionistic tales that pique children’s curiosity and wonder. Students follow their interests and teachers (or “Guides”) give them lessons along the way so that they keep learning to their maximum potential. These are the areas of our elementary classroom:

- Language
- Biology (botany and zoology)
- Geography (cultural and physical)
- Art
- History
- Mathematics
- Geometry
- Music
- Intermediate Science (anatomy and microbiology)

Students in elementary are also encouraged to learn a variety of skills related to care of the environment, care of self, care of plants and animals, and care of each other. Older students serve as mentors to younger students, and younger students look to older students as guides and helpmates. Students also learn a variety of handcrafts, including sewing, crocheting, knitting, weaving, spinning, felting, origami, pottery, whittling, cooking, and drawing. These

serve to stimulate the brain and develop critical thinking, creativity, fine motor skills, and attention to detail.

Assessments

Teachers and administrators at Sankofa Montessori use a computerized record keeping system, Transparent Classroom, in order to monitor each student’s significant work, social and emotional development, and academic growth and to record their observations. Students are assessed throughout the year using various assessment methods including formative and summative assessment, both formal and informal. Formative assessments are those that provide teachers with information needed to adjust individual and group lessons while they are happening. Summative assessments are used to determine a student's knowledge base. All students at Sankofa Montessori will participate in the following assessments:

<p>NWEA Measures of Academic Progress (MAP) is a computer-adaptive benchmark assessment for reading and math. It provides a different, personalized test for each student. Grading & Progress Reports

Sankofa Montessori will use a curriculum-based system aligned with the GA standards of excellence for tracking student learning. We do not give conventional letter grades (i.e. no A, B, C). Instead, our consistent, school-wide approach to reporting is that parents will periodically receive regular progress reports indicating what students are working on and have mastered, as well as attendance and behavior records, and standardized test scores. We also hold three conferences to discuss children’s growth. When students transfer to another school, Sankofa Montessori will provide the aforementioned detailed information about student progress. The receiving school may determine what if any conventional letter “grade” corresponds to student mastery. Conversely, because of our curriculum- and standards-based “grading” system, grades received from prior schools for transferring-in will be considered in determining division placement (as per below), but will not be translated into grades at Sankofa Montessori; our progress reports and report cards will be based on work completed at Sankofa Montessori.

Retention and Promotion

Initial placement

At Sankofa Montessori, students work in multi-age classrooms: Lower Elementary (generally age 6-9, i.e. 1st-3rd grades), Upper Elementary (generally age 9 to 12, i.e. 4th - 6th grades). Students enrolling or transferring-in will generally be assigned to the division equivalent to their age and plane of development; however, our faculty may also complete an academic screening (e.g., GKIDS assessment for school age students) as well as review incoming students’ academic records to determine optimal placement.

Extended time in environment

Generally, a student shall move to the next level environment based both on demonstrating proficiency in the current class level as well as meeting the developmental criteria for the next level. Sometimes it may be deemed best for developmental reasons to have the child continue for a more extended time in the same level environment. Special consideration for extended time in environment shall be given to students with special academic, social, and emotional needs. These decisions are made by the school based on the recommendation of the teacher and support staff and in consultation with families. Decisions about transitions between environments generally occur during the second half of a school year, although students can

transition between environments during the school year as needed. Extended time in an environment does not necessarily impact a student's grade level assignment.

Grade level retention

Students may also be retained in their grade level assignment if the school is concerned about a child's readiness to succeed at the next level. Teachers will inform families of concerns as they arise. Teachers will also submit concerns to the Child Study Team to develop and monitor interventions and complete a thorough review process, considering data listed below. Families will receive communication during the second half of the year about the process, and have the opportunity for meetings with school staff as needed. Upon completion of the review process, a final recommendation will be made to school administration, which will notify families in writing by the end of the year of the decision to retain or promote grade level. Please note that the timeline may be altered for students entering during the course of the school year, or who have other extenuating circumstances. "Social promotion" is not a practice of Sankofa Montessori.

Factors to be considered in the decision to retain may include, but are not restricted to, the following:

- Current knowledge and skill level, as determined by formal and informal assessments; Social-emotional needs;
- Readiness to learn the knowledge and skills required at the next grade or course level;
- Plane of child development and sensitive periods for learning materials;
- Record of previous intervention;
- Number of absences;
- Previous retention;
- Student conduct that may impact academic performance;
- Extenuating circumstances that may have adversely affected the student's participation in either the required instruction and/or assessments;
- Expected benefits and risks of promotion or retention for the student.

For potential extension of environment or grade level retention of students with disabilities, the school will consider the following factors:

- Retention is a change of placement and must be an IEP team decision;
- The IEP team should consider the student's growth on IEP goals and performance on cognitive assessments;
- The IEP team should also consider whether another year in the division will lead to the student's ability to gain further access to and/or excel in the general education curriculum.

Appeal

The parent or guardian has the right to appeal the school's decision to retain a student's grade level. If a parent or guardian of a student attending Sankofa Montessori is not satisfied with the school's decision, the parent may address their concern through our grievance policy.

Discipline

The emotional development of each child is extremely important to us at Sankofa Montessori. We believe that each child has an innate goodness that thrives with consistency and clarity. Our basic goal is to help the development of self-discipline, responsibility and courtesy within the child as s/he matures. To discipline is to teach. Discipline is based on love and logical, natural consequences.

²Discipline Philosophy and Equity Statement

- Right to a High-Quality Education: All students have a right to a high-quality education. As such, school disciplinary measures should not be used to exclude students from school or otherwise deprive them of such an education, unless it is necessary to preserve the safety of students and staff.
- General Principles: The goal of student discipline is to teach students to behave in ways that contribute to our school's community and success. Successful school discipline is guided by the following principles:
 - Effective and engaging instruction and well-established routines within a classroom community are the foundation for effective discipline.
 - School discipline is best accomplished before a community infraction occurs, and using effective interventions after they occur.
 - Our school community's success and safety are formed and strengthened when all school personnel build positive relationships with students and families.
 - School personnel should promote high standards of behavior that supports our community by teaching, modeling, and monitoring behavior that is consistent.
 - School discipline that is paired with meaningful instruction and guidance, offers students opportunities to learn from their mistakes and to contribute to the school community, and is more likely to result in the student re-engaging with the learning community.
 - Effective discipline maximizes the amount of time students spend learning and minimizes the amount of time students are removed from their classroom.

² Adapted from DeKalb Brilliance Discipline Philosophy and Equity Statement

- Reasonable Consequences: The School will make every reasonable effort to teach student community-affirming behavior and repair community infractions through school-based responses at the lowest possible level, and to support students in learning the skills necessary to enhance a positive school environment and avoid negative behavior. The vast majority of disciplinary issues should be addressed at the classroom level by teachers. In all instances, school discipline should be reasonable, timely, fair, age-appropriate, and should match the severity of the student's misbehavior.
- Use of Out-of-School Suspensions and Expulsions Should be Minimized: Out-of-school suspensions and expulsions should be reserved for infractions that cannot be appropriately addressed through other interventions and disciplinary responses. Absent rare exceptions, expulsions will only occur in cases of state or federal mandates involving weapons and illegal substances.
- Limited Role of Law Enforcement: involvement should be limited to situations when it is necessary to protect the physical safety of students and staff or appropriate to address criminal behavior of persons other than students. Police involvement should not be requested in a situation that can be safely and appropriately handled by the School's internal disciplinary procedures.
- Addressing Racial Disparities in School Discipline: While overly harsh school discipline policies can affect all students, they have disproportionately impacted students of color. Black, Latino/Hispanic, and Native American students, in particular, are far more likely to be suspended, expelled, and arrested than their White peers, even for the same behavior. Students of color also tend to receive harsher punishments than their peers receive for the same offenses. School staff is responsible for implementing this Policy and eliminating disparities for students from racial and ethnic groups or other protected classes that have historically been over-represented among those students who are suspended or expelled.
- Students with Disabilities: Students with disabilities have too often had their education needlessly interrupted by inappropriate out-of-school suspensions, expulsions, referrals to alternative schools, and referrals to law enforcement. This is especially concerning when the behavior resulting in the punitive response was a manifestation of the student's disability. School staff is responsible for implementing this Policy and eliminating the over-punishment of students with disabilities, along with ensuring that any disciplinary consequences are in accordance with students' individualized education plans (IEPs), behavior intervention plans (BIPs), and 504 plans (as applicable).

- **Non-Discrimination:** School staff is responsible for implementing this Policy without discrimination based on ethnicity, race, color, religion, national origin, ancestry, gender, sexual orientation, age, or disability.
- **Due Process:** Sankofa Montessori will ensure due process for any students facing long-term suspension or expulsion (see [due process section](#)). For students with IEP or 504 plans, Sankofa Montessori will hold Manifestation Hearings (see [Manifestation Hearing section](#)).
- **Staff Training:** All Sankofa Montessori staff will receive specific training on our positive discipline approach, the Nautilus Approach, and our approach to the Code of Conduct.
- **Community Involvement:** Meaningful parent, student, and community involvement in the creation and application of school policy is essential for building effective schools with positive and inclusive learning environments.

Code of Conduct & Discipline Responses Matrix

At Sankofa Montessori, we categorize child misbehavior into eight phases. We then use these levels to respond in different ways with the use of our systems. These behaviors and our responses are outlined in our [Code of Conduct & Discipline Response Matrix](#).

SECTION 4: STUDENT & FAMILY RIGHTS

Policy Prohibiting Harassment, Discrimination, and Retaliation

Sankofa Montessori does not tolerate the harassment of applicants, employees, students, parents, vendors, or any other member of or visitor to the School community. Any form of harassment relating to an individual's race, color, religion, national origin, age, disability, pregnancy, genetic information, sexual orientation, marital status, citizenship status, service member status, or any other category protected by federal, state, or local law is a violation of this policy.

Violation of this policy will result in disciplinary action, up to and including immediate termination of employment.

At a minimum, the term "harassment" as used in this policy includes:

- Offensive remarks, comments, jokes, slurs, or verbal conduct pertaining to an individual's race, color, religion, genetic information, national origin, sex (including same sex), pregnancy, age, disability, citizenship status, service member status, sexual orientation, or any other category protected by federal, state, or local law;
- Disseminating or displaying Offensive pictures, drawings, photographs, figurines, or other graphic images, conduct, or communications, including e-mail, faxes, and copies

Our managers, supervisors, and administrators are covered by this policy and are prohibited from engaging in any form of harassing, discriminatory, or retaliatory conduct. No manager or supervisor has the authority to suggest to any applicant or employee that employment or advancement will be affected by the individual entering into (or refusing to enter into) a personal relationship with the supervisor or manager, or for tolerating (or refusing to tolerate) conduct or communication that might violate this policy. Such conduct is a direct violation of this policy.

Similarly, no employee has the authority to suggest to a student that the student's continued attendance, grade, or promotion will be affected by the individual entering into (or refusing to enter into) a personal relationship with the employee, or for tolerating (or refusing to tolerate) conduct or communications that might violate this policy. Such conduct is a direct violation of this policy.

Non-employees are also covered by this policy. Sankofa Montessori prohibits harassment, discrimination, or retaliation of our employees in connection with their work by non-employees. Immediately report any harassing or discriminating behavior by non-employees. Any employee who experiences or observes harassment, discrimination, or retaliation should report it using the guidelines listed below.

Reporting

If you have any concern that our Policy Prohibiting Harassment, Discrimination, and Retaliation may have been violated by anyone, you must immediately report the matter. Due to the very serious nature of harassment, discrimination and retaliation, you must report your concerns to the Executive Director. If your concern is about the Executive Director, you must report your

concern to the Board Chair. You should report any actions that you believe may violate our policy no matter how slight the actions may seem.

Sankofa Montessori will investigate the report and then take prompt, appropriate remedial action. Sankofa Montessori will protect the confidentiality of employees reporting suspected violations of this or any other School policy to the extent possible consistent with our investigation. However, consistent with the need to conduct an adequate investigation, complete confidentiality cannot be guaranteed.

You will not be penalized or retaliated against for truthfully reporting improper conduct, harassment, discrimination, retaliation, or other actions that you believe may violate this policy.

An individual who retaliates against someone who has reported a concern in good faith is subject to disciplinary action up to and including termination of employment.

Sankofa Montessori is serious about enforcing our policy against harassment. We cannot resolve a potential policy violation unless we know about it. You are responsible for reporting possible policy violations to us so that we can take appropriate actions to address your concerns. Managers and supervisors are required to report possible policy violations and failure to do so may result in disciplinary action, up to and including termination.

Any questions about this policy should be addressed to:

Rights Under Section 504

Section 504 of the Rehabilitation Act of 1973, commonly referred to as "Section 504," is a nondiscrimination statute enacted by the United States Congress. The purpose of Section 504 is to prohibit discrimination and to assure that disabled students have educational opportunities and benefits equal to those provided to nondisabled students.

The implementing regulations for Section 504 as set out in 34 CFR Part 104 provide parents and/ or students with the following rights:

8. You have the right to ensure that the school system will consider information from a variety of sources as appropriate, which may include aptitude and achievement tests, grades, teacher recommendations and observations, physical conditions, social or cultural background, medical records, and parental recommendations. 34 CFR 104.35.
9. You have the right to ensure that placement decisions are made by a group of persons, including persons knowledgeable about your child, the meaning of the evaluation data, the placement options, and the legal requirements for least restrictive environment and comparable facilities. 34 CFR 104.35.
10. If your child is eligible under Section 504, your child has a right to periodic reevaluations, including prior to any subsequent significant change of placement. 34 CFR 104.35.

Notification of Rights Under the Family Educational Rights and Privacy Act of 1974 ("FERPA")

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days after the day Sankofa Montessori (the "School") receives a request for access.

Parents or eligible students who wish to inspect their child's or their education records should submit to the Associate Director of Operations a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the School to amend their child's or their education record should write to the Associate Director of Operations, clearly identify the part of the record they want changed and specify why it should be changed. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to provide written consent before the School discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School or the school district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a school board member or director; a volunteer, contractor, or consultant who, while not employed by School, performs an institutional service or function for which the School would otherwise use its own employees and who is under the direct control of the School with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record to fulfill his or her professional responsibility. Upon request, School discloses education records without consent to officials of another school or school district in which a student seeks or intends to enroll or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer. (Note: FERPA requires a school or school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request or the disclosure is initiated by the parent or eligible student).

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

Directory Information

FERPA allows the School to disclose appropriately designated "directory information" from a student's education record without written consent. "Directory Information" is information that is generally not considered harmful or an invasion of privacy if released. The School has designated the following as "Directory Information:" the student's name, address, email address, grade level, date and place of birth, telephone number, and his/her parents' or

guardians' names, mailing addresses, email addresses, telephone numbers, participation in officially recognized activities and sports, awards and honors received, photographs and videos of students participating in school or school-sponsored activities that have appeared in school publications, and dates of attendance. Student social security number or student identification or unique student identifier will not be designated as Directory Information.

The School may disclose Directory Information to the general public, including military recruiters, the media, colleges and universities, prospective employers, and other outside organizations, such as companies that manufacture class rings or publish yearbooks. In addition, the School may reach out to parents to inform them of, and/or connect them with, opportunities to engage civically, including to advocate for educational issues that impact their student and school. The School may release Directory Information, namely parent names and contact information (mailing addresses, email addresses, and telephone numbers), to contractors and partners involved in those efforts. The School does not engage directly in any electoral activities, and does not support or oppose any political party or candidate for public office.

Parents can object to the release of Directory Information regarding their student, which includes parent contact information. Please contact our Associate Director of Operations, within 14 days of provision of this notice if you do not wish for your student's Directory Information to be released.

Family Engagement & Collaboration Policy

Sankofa Montessori is a public Montessori charter school working to provide a high-quality experience for all of its members. We know that children grow in a village of attachments to their families, teachers, and community, therefore our team commits to supporting you in your child's education.

To ensure these strong partnerships support our students, Sankofa Montessori will leverage the expertise of families to:

1. build strong relationships, learn about the child's strengths, and learn about the family's dreams for their child's future
2. ensure families are full partners in their child's education and are included, as appropriate, in decision-making to assist in the education of their child.
3. ensure the carrying out of other activities, such as those described in Section 1116 of the Every Student Succeeds Act (ESSA).

About the Family Engagement Policy

In support of strengthening student academic achievement and parent engagement, Sankofa Montessori has developed a parent and family engagement policy that establishes our expectations and objectives for meaningful family engagement and guides the strategies and resources that strengthen school and parent partnerships in our Title I school. This plan describes Sankofa Montessori's commitment to engage families in the education of their children and to build the capacity in its status as a Title I school to implement family

engagement strategies and activities designed to achieve our student academic achievement goals.

Title I, Part A provides for substantive family collaboration at every level of the program, such as in the development and implementation of the school plan, and in carrying out the school improvement provisions. Section 1116 of ESSA contains the primary Title I, Part A requirements for schools and school systems to involve parents and family members in their children's education. Sankofa Montessori will work to ensure that the required school-level parent and family engagement policies meet the requirements of federal law and each include, as a component, a school-parent compact.

Jointly Developed

During the school's planning stages, the Board of Directors, school leadership, and community stakeholders were invited to participate and provide suggestions and ideas to create Sankofa Montessori's parent and family engagement policy for the 2023-2024 school year. In future years, Sankofa Montessori will send an email to all parents informing them about this meeting and post an announcement on the school's website. During this meeting, parents will have an opportunity to review and discuss the Consolidated LEA Improvement Plan (CLIP), the Comprehensive Support and Improvement School's Plan, and the Targeted Support and Improvement School's Plan. Additionally, our school will use its Sankofa Family Association to review the school's parent and family engagement policy before the end of the 2023-2024 school year.

Upon final revision, the initial parent and family engagement policy will be incorporated into the CLIP which will be submitted to the state. Parents are welcome to submit comments and feedback regarding the policy at any time on the school website or by submitting written comments to the school. All feedback received by July 2023 will be considered for revisions to this policy.

The school's plan to distribute this policy is to post it on the schools website and disseminate it during the annual Title I school meeting in the fall, and email the link to all parents in a format and language they can understand.

Strengthening Our School

This year, the Sankofa Montessori Manager of Family Engagement and Student Culture who will serve as our school family engagement coordinator (FEC) will provide technical assistance and support our school to ensure family engagement requirements are being satisfied and that family engagement strategies and activities are being implemented.

Reservation of Funds

Sankofa Montessori will reserve 1 percent from the total amount of Title I funds it receives in 2023-2024 to carry out the parent and family engagement requirements listed in this policy and as described in federal law. Furthermore, Sankofa Montessori will distribute 90 percent of the amount reserved to the school to support our family engagement programs and activities. The district will provide clear guidance and communication to assist the school in developing an adequate family engagement budget that addresses their needs assessment and parent recommendations. Next year, our school will host an annual School Improvement Forum in May for parents to provide suggestions on how these family engagement funds could be used in the upcoming year at the district and school-level. Comment cards and minutes from these meetings will be reviewed by the district to determine areas of need for the upcoming school year and consider changes to the family engagement budget.

Opportunities for Meaningful Consultation

Input and suggestions from parents, family members, and community partners are an essential component of the district and school improvement plans that are developed each year. All families are invited to attend two meeting opportunities described in this section to share their ideas and suggestions to help the district, schools, and students to reach our student academic achievement goals.

Sankofa Family Association ~ February 2024

The school will host a forum for parents and family members to participate in roundtable discussions to review the schoolwide plan, the school's parent and family engagement policies as well as provide input on the family engagement budget and topics for school staff training. Sankofa Montessori will send invitations home as well as email and text parents to notify them about the date and time of the forum. Information regarding the Sankofa Family Association will also be made available on the school websites.

Input on the use of Title I funds to support family engagement programs may also be provided through the annual school survey. The survey will contain questions related to the family engagement budget and school staff training for families to provide their comments.

State of the District Meeting ~ March 2024

All parents are welcome to hear the latest updates from Sankofa Montessori as well as review and provide input into the district parent and family engagement policy and the Consolidated LEA Improvement Plan for the 2024-2025 school year. Notices regarding this meeting will be emailed to all parents in advance of the meeting. Sankofa Montessori will also communicate information regarding this meeting on the school district website.

Building Capacity

Sankofa Montessori will build partnerships between the school, families, and community with the goal of developing mutual support for student achievement. To develop capacity for this support, Sankofa Montessori will implement a variety of family and community engagement initiatives.

Of Parents - Sankofa Montessori will provide families with information about the overall Title I program and its requirements. The district works with its Title I schools to help families understand academic expectations for student learning and progress. Specific information related to the State's challenging academic standards, and local and state assessments—including alternative assessments, will also be provided. The district also offers assistance to parents in understanding use of its online student information system and other digital resources, including the harms of copyright piracy, through its technology specialists. Notifications about these opportunities will be posted on the district website and shared through school messaging systems, newsletters, and social media postings. In addition, the district and school websites contain resources and materials such as parent guides, study guides, practice assessments, and materials for at-home learning. Hard copies of these materials are also available at all Title I schools, including copies in Spanish. Sankofa Montessori will coordinate and integrate the district's family engagement programs under this part with parent and family engagement strategies, to the extent feasible and appropriate, with other relevant Federal, State, and local laws and programs such as, the local preschool program and other federal and state funded preschool programs in the district. The district will invite faculty and staff from those programs to attend planning meetings focused on family engagement activities. In the spring, schools will host Kindergarten Ready days, Middle School Transition Nights, and College and Career Fairs so parents may receive information to help prepare them and their children for the next life stage.

Of School Staff - Sankofa Montessori will conduct four trainings during the school year for leadership staff and school FEC(s) to learn and discuss strategies to increase family engagement, improve school-family communication, and build ties with parents and the community. Sankofa Montessori will also host a training for appropriate school staff and faculty that will focus on creating welcoming environments.

To ensure that information related to district, school, parent programs, and activities are available to all parents, each Title I school is required to send home and post online information for parents and family members in an understandable language and uniform format. At the beginning of the year, school staff will be trained on parent notifications and resources to be sent home in parents' preferred language, where applicable, and providing interpreters at parent events. Information posted on the district website will be translated to the extent

practicable. The district will also utilize school phone call systems, district and school websites, local news media, and social media to post information for parents.

Parent and Family Engagement Evaluation

Each year, Sankofa Montessori will conduct an evaluation of the content and effectiveness of this parent and family engagement policy and the family engagement activities to improve the academic quality of the Title I school through an annual parent survey and the School Improvement Forums.

Beginning in April, the school will send home a survey and email a link to the survey for parents to provide valuable feedback regarding the parent and family engagement activities and programs. These surveys will also be posted on the district and school websites for parents to complete. In addition to the annual survey, the school will also use the School Improvement Forum to facilitate group discussions to discuss the needs of families of children eligible to receive Title I services to design strategies for more effective family engagement.

Sankofa Montessori will use the findings from the school forums and the survey results to design strategies to improve effective family engagement, to remove possible barriers to parent participation, and to revise its parent and family engagement policies.

Accessibility

In carrying out the parent and family engagement requirements established by Section 1116 of the ESSA, Sankofa Montessori's Manager of Family Engagement and Student Culture will communicate and collaborate with the Office for Student Support Services to ensure full opportunities for participation of parents with limited English proficiency, parents with disabilities, and parents of migratory children including providing information and school reports in a language parents can understand.

Safety

Security and Emergency Procedures

During the school day one front door will be the sole entrance for students and families. Visitors will need to ring the security buzzer to enter the school. All visitors must sign in and out.

Emergency exits have been identified for each room. Maps indicating these exits will be posted in the rooms. Regular emergency drills—including fire, tornado, and lockdown drills—will take place during the year at both campuses. All areas of the Sankofa Montessori campus are on an intercom system. Teachers are issued walkie-talkies for daily dismissal and emergencies. Families are notified of emergencies via Transparent Classroom and via text/email to the information in our SchoolMint system.

- **Lockdown Protocols:** In the event of a lockdown, Administration or Operations staff will inform school staff in-person and/or via the intercom feature on class telephones.
 - **Lockdown (Interior):** Threat is inside the building; close and lock all exterior/classroom doors; open exterior window blinds or curtains to allow exterior visibility into the classroom.

In the case of ongoing custody disputes, it is the responsibility of the parents/guardians to provide a copy of the most recent court order, including any temporary orders.

Further, students may not use this system for commercial purposes to offer, provide, or purchase products or services through the system or use the system for political lobbying. Access to the Internet is available through this school only with permission of the Executive Director (or his or her designee) and the student's parent(s)/guardian(s) permission. Cybersafety Notice for Families

As a potential recipient of e-rate funds, Sankofa Montessori is required to have in place a versatile cyber safety system. Sankofa Montessori will:

- Enhance learning through the safe use of technology, and do its best to keep the students and their data safe online. This includes working to restrict access to inappropriate, illegal, or harmful material when students use, on- or off-campus, Sankofa Montessori-owned equipment/devices and/or Sankofa Montessori-issued service credentials (e.g. Google Workspace). At a minimum, this involves using a content filter as

required by the [Children's Internet Protection Act](#) (for all Sankofa Montessori-associated devices and accounts).

- Work with children and their families to develop an understanding of the importance of cybersafety through education designed to complement and support the use agreement.
- Provide children with cybersafety strategies.
- Respond to any breaches in an appropriate manner.
- Welcome inquiries from students and families about cybersafety or privacy issues.

Parent/guardian responsibilities:

- Read the [acceptable use agreement section](#).
- Discuss the information with my child and explain why it is important.
- Support the school's cybersafety program by encouraging my child to follow the cybersafety rules, and to always ask the teacher any questions about technology use.
- Contact the school to discuss any questions you have about cybersafety and/or this use agreement.

Student responsibilities:

- Review [acceptable use agreement section](#) with a parent/guardian.
- Follow the cybersafety rules and instructions whenever using the school's technology.
- Follow the cybersafety rules whenever using privately-owned technology on the school site or at any school-related activity, regardless of its location. Sankofa Montessori is not responsible for repair or replacement of family's or student's damaged, lost, or stolen equipment.
- Avoid any involvement with material or activities that could put at risk the safety or privacy of any student, the school, or other members of the school community.
- Take proper care of school technology, with an understanding that being involved in the damage, loss, or theft of Sankofa Montessori-owned equipment/devices can lead to the student/family being responsible for the cost of repairs or replacement.
- Ask a teacher if they have any questions about this agreement.

Searches by School Personnel

In accordance with state and federal law, should a school staff member have reasonable suspicion that a crime or violation of school rules has occurred, a member of the administrative team has the authority to conduct an appropriate search.

Reasonable suspicion is defined to mean that the person initiating the search has a well founded suspicion—based on objective facts that can be articulated—of either criminal activity or a violation of school rules. Reasonable suspicion is more than a mere hunch or supposition.

If reasonable suspicion exists, and if the school staff can justify the search at its inception, a reasonable search can be conducted to prove or disprove the stated suspicion.

Student lockers and desks may be searched by school administrators or staff who have a reasonable suspicion that the lockers or desks contain drugs, alcohol, material that violates school rules, stolen properties, weapons, items posing a danger to the health or safety of students and school employees, or evidence of a violation of school policy.

Students or student property may be searched based on reasonable suspicion of a violation of school rules, policy, or state law. The privacy and dignity of students shall be respected. Searches shall be carried out in the presence of adult witnesses, preferably both the individual conducting the search and the witness will be of the same gender as the student. Students may be asked to empty pockets, remove jackets, coats, shoes, and other articles of exterior clothing for examination if reasonable under the circumstances. No employee shall perform a strip search of any student at any point.

Law enforcement officials shall be contacted if the search produces a controlled substance, drug paraphernalia, weapons, stolen goods, or evidence of a crime, or in any case involving a violation of law. Parent(s)/guardian(s) will also be contacted.

Due Process Procedures

Our school will implement logical consequences and limit suspensions and expulsions as much as possible.

The following due process procedures only govern the suspension or the expulsion of a student from the school's regular educational program. For students receiving services documented through an IEP or 504, please see the [Manifestation Hearing](#) section.

If a student charged with violation of this [Student Code of Conduct](#) has been returned to the regular school program pending a decision, then such action of reinstatement shall not limit or prejudice the school's right to suspend or expel the student following that decision.

- A. Suspension of Ten (10) School Days Or Less: As a general rule, prior to any suspension of the student, the school administration shall provide the student with the following due process:
 - a. The student will be informed of the charges against him/her, and, if the student denies the charges, the school administration shall provide the student with an explanation of the evidence.
 - b. The student shall be provided an opportunity to explain his/her version of the facts.

If a student's presence in school poses an immediate danger to students or staff, the school administration may immediately suspend the student, and as soon thereafter as reasonable, provide the student with his/her due process rights as set forth in this section.

If, after providing the student with his/her due process rights, the school administration determines that the student has engaged in a prohibited act under this [Student Code of Conduct](#), then he/she may impose a disciplinary penalty of a suspension not to exceed ten (10) school days. The school administration shall inform (in person or by phone) the student's parent of the suspension and of the reasons and conditions of the suspension. A decision to suspend a student for ten (10) or fewer school days is final and not subject to further review or appeal.

Pursuant to O.C.G.A. § 20-2-742, students in Pre-K through 3rd grade will not be suspended for more than 5 consecutive or cumulative school days in a school year without first receiving a multi-tiered system of support, such as RTI, unless the student possessed a weapon or dangerous instrument, possessed illegal drugs, or the student's behavior endangers the physical safety of other students or school personnel.

- B. Suspension for Eleven (11) or more school days and Expulsion: The Executive Director has the discretion to recommend a long-term suspension or expulsion upon referring a matter to hearing. Hearings shall be heard before a hearing officer designated by the Board of Directors. Such hearing officer shall meet the training requirements of the State Board of Education and Georgia law.

If a student's presence in school poses an immediate danger to students or staff, the school administration may immediately suspend the student, and as soon thereafter as reasonable, provide the student with his/her due process rights as set forth in this section.

Acts of misconduct warranting expulsion require that the student be immediately placed on suspension for up to ten (10) school days pending the hearing.

1. Hearing for Long-Term Suspension or Expulsion: If a student is charged with a violation of the [Student Code of Conduct](#) carrying a consequence of long term suspension or expulsion, the student and his parent shall be notified of such in writing by registered mail, as well as the student's rights of due process as set forth herein.

The written notice of violation shall state the nature of the violation, the proposed consequence, and the student's and parent's right to a due process hearing at a specified time and place to determine (i) whether a violation occurred and (ii) whether the consequence of such violation merits the imposition of a long-term suspension.

The notice shall also set forth the right of the student and his parent and an advocate of their choice and at their expense to participate in the hearing, the right of the student to review and observe the evidence offered against him or her during the hearing and the right of the student to present written evidence or testimony on the student's behalf. The hearing shall be held in closed session and a written record of the hearing shall be recorded. The student shall have the right to appeal to the Board of Directors if the hearing was not originally held before the Board of Directors.

The hearing officer shall preside at the hearing for long term suspension, at which time the student and parent shall be advised of the alleged violation and the facts leading toward the allegation. Following the hearing within twenty-four (24) hours the hearing officer shall issue his or her decision in writing along with a written statement of the student's right to appeal the result.

The parent of the minor child shall be responsible for making arrangements for the child's educational needs during a long term suspension and/or expulsion.

The Board of Directors shall review the decision of the hearing officer for the erroneous application of the handbook's provisions based upon the grounds presented by the student in his/her written request for appeal.

The request for appeal shall be presented at the next regular meeting of the Board of Directors following receipt of the notice of appeal, at which time the Board of Directors shall review the written request for appeal. The appeal may

be considered in open or closed session, at the student or parent's request and shall be conducted in accordance with the rights of confidentiality adhering to Education Records as that term is defined in 20 USC 1232g. In reviewing the written request for appeal, the Board of Directors may, during the review, ask the administration to respond to the written request for appeal orally and may request information of the student or his/her parent. The Board of Directors shall notify the student and his/her parent of the result in writing within five (5) business days of the board meeting at which the appeal was heard.

All determinations of the Board of Directors on appeal or with respect to expulsions are final with regard to due process at the school.

Handling Of Reported Violations

Sankofa Montessori will promptly investigate all reports filed in accordance with this policy with due care. Matters reported internally without initial resolution will be investigated to determine if the allegations are true, whether the issue is material and what actions, if any, are necessary to correct the problem. Sankofa Montessori staff will issue a full report of all matters raised under this policy to the Governance Committee. The Governance Committee may conduct a further investigation upon receiving the report from the Executive Director.

For matters reported directly to the Governance Committee or the chair of the Board, the Governance Committee shall promptly acknowledge receipt of the complaint to the complainant if the identity of the complainant is known and conduct an investigation to determine if the allegations are true and whether the issue is material and what, if any, corrective action is necessary. Upon the conclusion of this investigation, the Governance Committee shall promptly report its findings to the Sankofa Montessori Board of Directors.

Authority of Governance Committee

The Governance Committee shall have full authority to investigate concerns raised in accordance with this policy and may retain outside legal counsel, accountants, or any other resource that the Committee reasonably believes is necessary to conduct a full and complete investigation of the allegations.

No Retaliation

This [Whistleblower Policy](#) is intended to encourage and enable board members, advisors, employees and volunteers to raise serious concerns within the organization for investigation and appropriate action. With this goal in mind, no director, advisor, employee or volunteer who, in good faith, reports a concern shall be threatened, discriminated against or otherwise subject

to retaliation or, in the case of an employee, adverse action as a result of such report. Moreover, a volunteer or employee who retaliates against someone who has reported a concern in good faith is subject to discipline up to and including dismissal from the volunteer position or termination of employment.

Acting in Good Faith

Anyone reporting a concern must act in good faith and have reasonable grounds for believing the matter raised is a violation of law or policy or of accounting or auditing procedures. The act of making allegations that prove to be unsubstantiated and that prove to have been made maliciously, recklessly, with gross negligence, or with the foreknowledge that the allegations are false, will be viewed as a serious disciplinary offense and may result in discipline, up to and including dismissal from the volunteer position or termination of employment. Depending on the circumstances, such conduct may also give rise to other actions, including civil or criminal lawsuits.

Confidentiality

Sankofa Montessori will treat all communications under this policy as confidentially as possible, but may need to disclose information for business reasons, including: 1) to conduct a complete and fair investigation, or 2) for review of Sankofa Montessori operations by Sankofa Montessori board, Finance Committee, independent public accountants, and/or legal counsel.
