Learn4Life High School-Charleston has a proven model that includes personalized learning, flexibility, one-on-one instruction and workforce readiness programs that is committed to supporting students in becoming career, college, and/or military ready according to their own personal paths.

This vision is in direct alignment with the principles of the South Carolina Charter Schools Act (S.C. Code Ann. § 59-40-10 et seq.) and is specifically designed to:

- Improve student learning
- Increase learning opportunities for students
- Create new, innovative, and more flexible ways of educating children within the public school system, with the goal of closing achievement gaps between low performing student groups and high performing student groups.

MISSION STATEMENT

Learn4Life High School-Charleston's mission is "Helping students overcome barriers to attaining a high school diploma and prepare for life beyond high school."

WHAT IT MEANS TO BE AN "EDUCATED PERSON" IN THE 21ST CENTURY

An "educated person" in the 21st century is, at the least, a high school graduate who understands that education is a lifelong process, and that people are continually learning. An educated person in the 21st century has developed self-motivation and confidence to accomplish multiple responsibilities and handle daily life challenges successfully. He or she has successfully obtained a certificate or degree related to a career pathway and is able to apply knowledge and skills in the workplace. He or she fits the profile of the South Carolina graduate and shall have the knowledge, skills, and opportunity to be college ready, career ready and life ready for success in the global, digital and knowledge-based world.

STUDENT LEARNING OBJECTIVES

1. High School Completion: Learn4Life High School-Charleston students attain higher levels of education by acquiring a high school diploma, career pathway exploration and guidance, and occupational skills training.
2. Leadership: Learn4Life High School-Charleston students actively serve their local community and workforce system by mastering skills of financial literacy, entrepreneurship (or professional skills), and teamwork.
3. Post-secondary Success: Learn4Life High School-Charleston graduates are lifelong learners who are prepared to contribute to the workforce through continuing education offered in the context of aligned industry occupations, obtainment of a certificate or degree, or job placement.

SCHOOL OBJECTIVES

Learn4Life High School-Charleston utilizes an Individualized Learning Plan, and the state required Individualized Graduation Plan to track and monitor credit attainment, career interests, and help students plan for their future. High School credits will be awarded in specific subjects, as designated by South Carolina state standards and course requirements for high school graduation requirements. The education program offered in grades 9 through 12 shall include a course of study that provides an opportunity to meet the requirements necessary to complete a South Carolina accredited high school diploma, and prepare students for post-secondary admission into college, technical programs, workforce certifications, and military entrance. Learn4Life High School-Charleston collaboratively sustains a variety of partnerships with community organizations and stakeholders to ensure the delivery of comprehensive support services to students. Partners include businesses, non-profits, other secondary and post-secondary education institutions, and social service agencies.

Students will be assigned an advisory teacher who will evaluate their academic progress, assessment data, and provide guidance on plans for future goals. Each student will also have access to a school counselor that will implement the individualized graduation plan according to the South Carolina Department of Education regulations.

On a regular and consistent basis, the assigned teacher and/or school counselor, student, and parent, as applicable, shall evaluate the student's Individualize Learning Plan (ILP) and Individualized Graduation Plan (IGP). The assigned teacher in collaboration with the school counselor and administration will make decisions regarding the student's educational program, except students who qualify for special education services whose services and outcomes will be determined by an Individual Education Plan (IEP) team, pursuant to law.

The high school courses on the transcript must be approved courses for grades 9-12 in the state of South Carolina or equivalent.

GRADUATION CEREMONY AND HONORS

Learn4Life High School-Charleston offers two graduation ceremonies – one in the Spring and one in the Fall – for our graduating seniors. The Graduation Ceremonies celebrate graduating students that have culminated their high school studies during the year. Learn4Life High School-Charleston also invites graduating seniors to be considered candidates for delivering a speech during the graduation ceremony. Students will be notified of their graduation status and asked to make a commitment to satisfactorily complete course load to be eligible for graduation. Information will be provided to the student and parent about the specifics of graduation and other ceremonial requirements.

WHO ENROLLS AT LEARN4LIFE HIGH SCHOOL-Charleston

Students enroll at Learn4Life High School-Charleston for a great variety of reasons. Most have left school before graduation and now want the opportunity to move toward their goals. Some students have found the personalized instruction and flexible time requirements suit their needs better than a traditional school. Some students come to us to make up classes and then return to traditional campuses; others only need a few classes to graduate. Learn4Life High School-Charleston provides appropriate support and guidance to employed students or to those who are seeking employment. It is Learn4Life High School-Charleston's desire to accommodate everyone's individual need.

We welcome all students at Learn4Life High School-Charleston. You might belong at Learn4Life High School-Charleston if you:

- Have stopped going to school
- Have not graduated
- Have adult responsibilities
- Work better in a personalized learning/independent study mode
- Need to make up classes in order to be prepared for graduation
- Have unavoidable scheduling conflicts that keep you from attending a traditional school
- Interested in early graduation
- Enjoy a small educational setting or have needs that require a smaller school setting

Grades Served and Age Limits

Learn4Life High School-Charleston serves students in grades 9 through 12 and ages 14- 21. Twelfth grade students who turn 21 while enrolled at Learn4Life High School-Charleston will remain enrolled at Learn4Life High School-Charleston until the end of that school year of enrollment.

ENROLLMENT PROCEDURES

Students may submit enrollment forms on an ongoing basis. After student enrollment is confirmed, students are required to submit enrollment documents, including immunization records, updated transcripts, proof of residency and other enrollment paperwork before moving forward with enrollment. Students are accepted throughout the entire school year from July 1 to June 30 for enrollment in the current or following school year. Learn4Life High School-Charleston will request an official transcript, academic and behavior record from the previous school prior to official enrollment. Student and parent must complete orientation to begin attending school.

Per the McKinney-Vento Act, homeless youth have the right to immediate enrollment, even if they do not have transcripts, immunization records, or proof of residence. Unaccompanied homeless youth have the right to immediate enrollment without proof of guardianship.

The Alternative Education campus definition does not preclude students that are NOT high risk from enrolling at Learn4Life High School-Charleston. While preference is given to students who are “high risk” is it not exclusive. Learn4Life High School-Charleston is open to enrollment for all students that fall within the age and grade range of an alternative education high school.

Parents and students need to inform the school office of any changes that occur during the school year regarding addresses, telephone numbers, and emergency and alternate emergency contact persons. Information provided within the emergency cards will only be used to respond to specified emergency situations, not for any other purpose.

Lottery

Timing and Notice

As directed by the charter of Learn4Life High School–Charleston, when the number of applications exceeds capacity, Learn4Life–Charleston will implement a lottery in compliance with S.C. Code Ann. Sect. 59-40-50, to determine student enrollment. A lottery is a random selection process that determines the order of enrollment of student applicants. The lottery shall take place within 30 days after the closing date of the application period. Parents and/or guardians of all affected applicants will be notified of the date on which the lottery will occur.

Process

The lottery will be conducted via lottery selection software. Due to Learn4Life High School-Charleston’s designation as an Alternative Education Campus (AEC), the enrollment lottery will be weighted for students who are classified as “high-risk” in accordance with South Carolina Code 59-40-111(A)(3)(a)-(l). The principal or designee will conduct the computerized lottery. This ensures that the admissions list and the waiting list are selected randomly.

Procedures

The lottery will be paused momentarily after the computerized lottery fills all available seats allowed by the enrollment cap. The drawing will then continue, and the randomly selected students will be used to create a waiting list. As space becomes available, applicants on the waiting list will be called in the order that they were selected, beginning with the student selected first.

Wait List

The roster for admission will include the students whose names were drawn in the lottery order equal to the number of enrollment openings. The remaining names will compose the wait list by order of the students’ lottery numbers.

Single Year Wait List

There is no appeal process when an applicant is denied admission because of lottery results. Acceptance to the school, through standard enrollment or the lottery, may not be deferred to another year.

Student Appeal Process

In the event that an applicant believes they were denied admission for a reason other than the results of a lottery, the student may appeal the denial to the school's sponsor, South Carolina Public Charter School District (SCPCSD). The appeal must be in writing and state the grounds on which the appeal is based, and the written appeal must be provided to both SCPCSD and to the school. The decision made by SCPCSD will be binding on the student and the school per S.C. Code Ann. Sect. 59-40-50(C)(1).

Racial Composition

Learn4Life–Charleston serves students statewide and strives to mirror the racial composition of the SCPCSD. Racial composition is not a factor in lottery placement.

Immunizations

All students must provide proof that all state required immunizations are up to date as a condition of enrollment. The immunization status of all students will be reviewed periodically. Pursuant to South Carolina Code Ann. Sect. 44-29-180, and South Carolina Code of Reg. 61-8, "no superintendent of an institution of learning, no school board or principal of a school...may...enroll or retain a child or person who cannot produce satisfactory evidence of having been vaccinated or immunized so often as directed by the Department of Health and Environmental Control.... Records of vaccinations or immunizations must be maintained by the institution, school or day care facility to which the child or person has been admitted." A South Carolina Certificate of Immunization must be signed by a licensed physician or his/her authorized representative. The state of South Carolina Department of Health and Environmental Control (DHEC) will update and provide the requirements for immunizations each year for school attendance. Students will have a maximum of 60 days from the start of school to meet this requirement for the 2022-2023 school year.

South Carolina state law requires a valid SC Certificate of Immunization or valid exemption. Children without a valid certificate or exemption will not be allowed to attend childcare and/or school. Failure to comply with this law may result in audits and/or legal action.

Immunization Exemptions

Medical Exemptions

The Medical Exemption section of the SC Certificate of Immunization should only be completed when a child has a permanent or temporary medical reason for exclusion from the receipt of vaccine(s). The Medical Exemption section must be completed by a licensed Physician (MD or DO) or his/her authorized representative (e.g., Physician's Assistant or Advanced Practice Registered Nurse). For temporary medical exemptions, an expiration date in the future is documented when the next immunizations are due.

Religious Exemptions

A religious exemption may be granted to any student whose parents, parent, guardian, or person in loco parentis signs the appropriate section of the South Carolina Certificate of Religious Exemption stating that one or more immunizations conflicts with their religious beliefs. The South Carolina Certificate of Religious Exemption can only be obtained from a DHEC health department. The parent or guardian must sign the DHEC form in the presence of a notary.

Special Exemptions

The school may issue a SC Certificate of Special Exemption signed by the principal to transfer students while awaiting arrival of medical records or who have been unable to secure immunizations or documentation of immunizations already received. This exemption is only valid for 30 calendar days for the current enrollment and may be issued only once. At the expiration of the Certificate of Special Exemption, a student must produce a valid SC Certificate of Immunization, a valid SC Certificate of a Medical Exemption, or a valid SC Certificate of Religious Exemption.

Students Not Meeting Requirements

Those students who do not meet the State guidelines may be excluded from school until the requirements are met. Students who have been exposed to a communicable disease for which they have not been immunized may be excluded from school at the discretion of the school. Students who do not meet the State requirements shall be referred to their physician or local health department. The school will provide families a written notice indicating which doses are lacking.

NOTICE OF NON-DISCRIMINATION

Learn4Life High School-Charleston is committed to providing a safe working and learning environment where all individuals are afforded equal access and opportunities. Learn4Life High School-Charleston does not discriminate based on race, sex, gender, gender identity, religion, color, national origin, age, handicap, or veteran status in the provision of educational opportunities and benefits, in compliance with Title VII of the Civil Rights Act of 1964 and Title IX of the Educational Amendments of 1972.

Learn4Life High School-Charleston adheres to all provisions of federal law related to students with disabilities, including, but not limited to, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990 (“ADA”), and the Individuals with Disabilities Education Improvement Act of 2004 (“IDEA”).

Learn4Life High School-Charleston does not condone or tolerate harassment of any type, including discrimination, intimidation, or bullying, including cyber sexual bullying, by any employee, independent contractor, or another person with which Learn4Life High School-Charleston does business, or any other individual, student, or volunteer. This applies to all employees, students, or volunteers and relationships, regardless of position, gender or other characteristics. Learn4Life High School-Charleston will promptly and thoroughly investigate any complaint of harassment and take appropriate corrective action, if warranted.

STUDENTS, PARENTS, GUARDIANS: KNOW YOUR EDUCATIONAL RIGHTS

Your Child has the Right to a Free Public Education

- All children in the United States have a right to a free public education. The Constitution requires that all students have an equal educational opportunity regardless of immigration status and regardless of the immigration status of the students’ parents or guardians.

Information Required for School Enrollment

When enrolling a child, schools must accept a variety of documents from the student’s parent or guardian to demonstrate proof of the child’s age or residency. You never have to provide information about citizenship/immigration status to have your child enrolled in school. Also, you never have to provide a Social Security number to have your child enrolled in school.

Confidentiality of Personal Information

- Federal and state laws protect student education records and personal information. These laws generally require that schools get written consent from parents or guardians before releasing student information, unless the release of information is for educational purposes, is already public, or is in response to a court order or subpoena.
- Some schools collect and provide publicly basic student “directory information.” If they do, then each year, your child’s school must provide parents/guardians with written notice of the school’s directory information policy and let you know of your option to refuse the release of your child’s information in the directory.

Family Safety Plans if You Are Detained or Deported

- You have the option to provide your child’s school with emergency contact information, including the information of secondary contacts, to identify a trusted adult guardian who can care for your child in the event you are detained or deported.
- You have the option to complete a Petition for Appointment of Temporary Guardian of the Person, which

may enable a trusted adult, the authority to make educational and medical decisions for your child.

Right to File a Complaint

- Your child has the right to report a crime or file a complaint to the school if he or she is discriminated against, harassed, intimidated, or bullied based on his or her actual or perceived nationality, ethnicity, or immigration status.

ACADEMIC STANDARDS AND PROCEDURES

Learn4Life High School-Charleston offers a curriculum enabling and preparing students for entrance into college, trade school, and/or the workforce. We offer a diploma that meets all of the State of South Carolina requirements and enables the student to be enrolled in a wide array of colleges, universities, and other institutions, which require a high school diploma.

COURSE OFFERINGS

Our classes consist of core curriculum, career technical education, and electives developed to continually ensure that all content areas are infused with college and career readiness content. Students will have their transcripts evaluated and take assessment tests to determine the appropriate level of instruction. The order in which the instruction is offered is purposely done to maximize learning. Intervention courses, such as Read 180 or Math 180, will be required of students who need additional academic support in English Language Arts and Mathematical foundations, as determined by district assessments. Learn4Life High School-Charleston offers the required core classes necessary to meet all state standards and graduation requirements, according to South Carolina State law. For English for Speakers of Other Languages (ESOL) students, Learn4Life High School-Charleston will administer an English language proficiency assessment, and written communication will be provided by Learn4Life High School-Charleston to notify the parent/guardian when their student has been identified as an English for Speakers of Other Languages (ESOL) student. This notification also describes the school's language development program placement, which allows the parent/guardian to make an informed choice regarding the best program option for their student learning English. Learn4Life High School-Charleston provides tutoring, specialized reading instruction and/or academic skills-targeted support depending on the students' Individual English Language Development Plan (IELDP).

Course Drop/Add Policy

The school counselor will work individually with students, and parents, when necessary, to create a student schedule according to student Individualized Learning Plan (ILP) and state graduation requirements, as well as elective preferences. Once scheduled into a course, a student will have two weeks from the add day to request to be dropped from the class. Student should complete a drop/add form and detail the reason for the drop. The principal or designee will be required to sign off on the form to process the drop. The course will not be dropped after the two week drop/add period, except in extenuating circumstances. In this case, the course will remain on the student's schedule, and the resulting grade will be calculated in the student grade point average (GPA). Request to drop a class outside of the two weeks drop window will be considered by the principal for approval. These changes in course must be approved by the principal.

Once a student completes a course, and the required assessment is scheduled, a student may request that a new course be added to their schedule. The counselor will review the audited transcript to determine the best course to add to the student's schedule, while prioritizing the core courses when appropriate. The counselor will work with the student to select a course that aligns with the student's interests and graduation requirements. Granting requests will be paused for additional considerations (course progress, completion, pacing, ILP, student motivation, academic needs/plans and other factors), when there is 8 or less weeks left in the academic calendar, before an additional course is added.

CAREER TECHNICAL EDUCATION (CTE)

The changing nature of work in our society requires that students develop the appropriate work skills, habits, and attitudes that may be transferred to a variety of employment situations. The Career Technical Educational program aims

to provide students with relevant career education and experience in preparation for the working world while earning credit.

The CTE Program design ensures that all students gain awareness of their own interests and talents and the opportunity to explore related careers in specific sectors and industries. In the introductory CTE program, all students learn basic employability skills that, in combination with the results of unique career surveys, direct them to possible career and post-secondary education pathways. Students may proceed beyond the introductory CTE program into a more specialized pathway program and course of study that aligns with a chosen career field. CTE pathway programs offer SC CTE Curriculum Standards-aligned concentrator and capstone courses, which provide deeper instruction and hands-on learning opportunities. Work-based learning experiences are combined with coursework and can serve as a bridge to internships and employment after graduation.

TEST SECURITY POLICY

According to S.C. Code Ann. Regs. 43-100 (2015), "Each local school board must develop and adopt a district test security policy. The policy must provide for the security of materials for the entire period (before, during, or after testing) the materials are in the district and/or the schools within that district. The policy must address security for paper-based, online-based, and customized assessments. "District" in this instance means charter school.

Learn4Life High School-Charleston publishes this test security policy, in accordance with the state requirement, to maintain the integrity of its assessments and to assist with the implementation of and adherence to test security practices. School Test Coordinator, school administrators and testing personnel are responsible for following these procedures and ensuring that staff and students are aware of and follow said procedures. It is the legal responsibility of the principal, School Test Coordinator or other testing personnel to enforce securing testing materials upon all staff taking delivery of materials and afterward. Only testing personnel and others qualified as part of the testing process may have access to any testing materials. Security of Testing Materials: All testing materials must be kept secure. This includes but is not limited to computerized-testing versions, test booklets, answer sheets, test administrator manuals (TAMs) and other test related materials (scratch paper, test tickets, etc.). Test delivery should be coordinated with the School Test Coordinator and staff who receive mail. Test materials should be immediately secured and inventoried, by reporting the delivery to the School Test Coordinator as soon as possible.

Authorized Personnel

No unauthorized personnel should be allowed access to test materials either online or paper-pencil versions for both district and state-level tests. Security procedures for computerized testing and paper test booklets must be held to the same standard. Testing personnel must remain in the testing room throughout an entire test session to ensure that everyone follows all testing rules. Testing personnel must ensure that they follow all test administration directions as dictated in the Test Administration Manual.

Electronic/Online Test

Online testing will take place in a designated test area, at a designated test area under the supervision of a trained proctor (staff member). All test materials (test tickets, login credentials, scratch paper, etc.) should be collected after each test session. Students who are not testing should not enter the test room/test area during the designated testing time. Further, students taking the test should not possess or use any electronic devices of any kind while testing.

Paper test booklets

Paper-based test booklets and related test materials should be always kept in locked storage, when not in use. Prior to the distribution of test booklets, the test administrator must account for all test booklets through a sign-out/sign-in process for tracking purposes. As examinees finish a test, they must put their answer sheet inside their test booklet and wait until the conclusion of the testing session. The administrator must ensure that each test booklet is returned before anyone leaves the testing facility.

Confidentiality

No tests materials or test items may be used in any form – published or unpublished – as a tool to prepare examinees for the testing process. Test materials may never serve as practice tests in any capacity or for any purpose. Test items may not be reviewed, discussed, or explained to anyone at any time. The School Test Coordinator will store, dispose of, pack and return mail test materials in accordance with each test regulation set forth by the testing agency (SCDE, College Board, local district, etc.).

Copyright Infringement

No test materials may be duplicated, photocopied, or reproduced in any manner. Federal copyright law prohibits unauthorized reproduction and use of copyrighted test materials. All testing personnel must be trained in accordance with and adhere to training stipulation outlined by the testing agency. Learn4Life High School-Charleston reserves the right to take appropriate action to rectify the violation of its test security policy.

Student Violation

Students who knowingly and intentionally violate the test security policy will receive consequences, up to and including out-of-school suspension. Parents will be notified of the violation, and the appropriate consequences will be applied. Additionally, test violations will be reported according to the regulations set forth by the testing agency.

DUAL ENROLLMENT POLICY

Learn4Life High School-Charleston currently partners with Trident Technical College to provide dual enrollment courses with an established memorandum of understanding. Scholars can take courses on campus, online or at Learn4Life when courses are offered on campus.

Dual Enrollment is a college program that allows high school students who are capable of college-level work to take college courses for which they can earn college credit and apply it to high school graduation requirements. Scholars who desire to take a dual enrollment course must meet the requirements to receive approval from the School Counselor or administration. With permission from their high schools, qualified students may enroll in college courses that apply toward a baccalaureate or associate degree offered by accredited institutions in South Carolina. It is important that students work with the school counselor and administrator to determine students' eligibility to enroll. Students taking dual credit courses are building two transcripts: the institution of higher education (IHE) transcript and the high school transcript.

Please note the following information regarding the Dual Enrollment:

- A 3-semester-hour college course transfers as one unit of credit towards high school graduation.
- One quality point may be added to the CP weighting for dual credit courses that are applicable to baccalaureate degrees, associate degrees, or certification programs that lead to an industry credential offered by accredited institutions per established district articulation agreements (*see SBE Regulation 43-234, Defined Program, Grades 9–12, and Regulation 43-259, Graduation Requirements*).
- Tuition costs and any other college fees (registration, books, equipment, etc.) are the responsibility of the individual student and parent or legal guardian. *Students who are eligible to receive Free/Reduce Lunch may solicit Trident Technical College high school program office for scholarship and grant aid opportunities.*
- Scholars must work with the school counselor to determine appropriate courses that align with a career or college pathway, per the student's IGP.
- The principal will make the final decision for eligibility to participate in the dual enrollment program.

Scholars must meet the **minimum requirements** to be approved to participate in the Dual Enrollment program at Learn4Life High School-Charleston:

- A strong work ethic and demonstrated responsibility.
- Students should have earned eight credits before being considered for dual credit.
- For seniors, dual credit courses must be completed, and grades received prior to graduation.
- Demonstrated ability to compete at the college level based upon the administrator’s estimation of the student’s preparation for the course, prior academic performance, and the appropriateness of the course for the student’s educational goals and graduation requirements.
- A transportation plan must be verified. Parents are solely responsible for transportation to/from college campus.
- Demonstrated maturity and are in good standing behaviorally.

The following steps must take place for participation in the Dual Enrollment program:

1. The scholar must complete a Learn4Life Dual Enrollment program application to indicate interest.
2. Schedule a meeting with the School Counselor which will involve a parent/guardian, if under the age of 18 years.
3. After acceptance in the program, the scholar must apply to Trident Technical College online and get accepted to the program.
4. Trident requires ACT/SAT scores, or students must take an Accuplacer test to determine course placement.
5. Course registration will happen after acceptance to the Trident Technical College. Students must adhere to course registration timelines and withdrawals deadlines set by Trident Technical College.
6. Upon completion of dual enrollment courses, the college shall provide documentation of the final grade to the high school in the form of an official/secure grade report. These grades will appear on the student report card and transcripts.

Passing/Failing Grades

Scholars who take Dual Enrollment classes and receive a failing grade will not be dropped from the program and not be allowed to continue in the program the following semester. Student eligibility must be determined and granted by both the counselor and principal to re-enter the Dual Enrollment program at Learn4Life High School-Charleston. Failed courses will be added to the high school transcript and will negatively impact the student’s GPA.

ADVANCE PLACEMENT (AP) COURSE POLICY

Advanced Placement (AP) courses are sponsored by The College Board[®]. These courses are college-level and give students an opportunity to potentially earn college credits while in high school. Scholars who complete an AP course and pass will earn credit towards high school graduation and have an opportunity to take an exam for the class. An exam score of 3-5 will earn college credit that is equivalent to introductory level college credit. The number of college credits awarded is based on the course taken and determined by College Board[®].

Learn4Life High School–Charleston currently offers AP Courses through the VirtualSC platform. VirtualSC offers these courses at no cost. Scholars must be enrolled in the AP courses by the designated deadline set by VirtualSC. Scholars in grades 9-12 are eligible to take an AP course and must sign up with the school Counselor to get support in registering with VirtualSC. The school Counselor will provide a weekly check-in day and time for students to get support with progress monitoring and resources.

PART-TIME WORK

Learn4Life High School-Charleston recognizes that part-time jobs can give students needed supplementary income, valuable work experience, and enhanced self-esteem. We provide a flexible schedule which consists of two cohort options for school attendance. This allows students to work a part-time job and still maintain school attendance and academic progress.

ATTENDANCE AND CREDIT

Students must attend school daily and on time. The student’s attendance is taken daily, and per class period; failure to

attend school will be considered an absence, thus, subject to local truancy laws. Attendance for online courses is determined by coursework completion, and number of minutes logged into the online course system (i.e. Edmentum).

Academic Progress Policy

Learn4Life High School-Charleston is an alternative education campus (AEC) which targets students who need to attain and recover academic credit, often at an accelerated rate in effort to graduate in time or close to their original GR9 graduate year. Because it is imperative that students commit to making academic progress in accordance with their individualized learning plan:

- Learn4Life High School-Charleston will provide academic support, 1-on-1 and small group instruction, tutoring, and an academic pacing guide to all students. Further, all students will receive progress monitoring assessments, and have access to a school counselor, and advisory teacher.
- Students who consistently fail to demonstrate academic progress towards graduation will be placed on academic probation.
 - School will send monthly progress reports to parents, place parent phone calls from teachers, and send absence notifications.
 - School will request a mandatory parent-student-school meeting, forming an academic wrap-around team.
 - The Academic Wrap-around team will identify goals, strategies and additional support and resources to support the students' academic achievement.
 - The team will reconvene 4 weeks later to review student progress and implementation plan. If the student does not show progress or refuses to use supports/resource or comply with the plan, he/she will be referred to a program better situated for the student's needs (dropped from L4L enrollment.)

Attendance policy

Students are expected to attend school on time, every day. School start time depends upon the cohort selected, AM (8:00AM-12:00PM) or PM (12:15-4:15PM). Consistent daily attendance is expected in order for students to make academic progress. Students may not accumulate ten (10) or more consecutive days of unlawful absences within a school year, or they will be dropped from enrollment.

Lawful absences -

- student illness or other health complications
- Death or serious illness of family member
- Religious holiday or other religious excuse
- Schedule doctor's appointments
- extenuating family circumstances
- Other absences approved by the principal in advance.

Unlawful absences –

- Student overslept, or just stayed home.
- Skipping school
- Student choosing to leave school due to behavior, not meeting expectations, or frustration.
- Work schedule; our model is flexible to allow a work schedule opposite our cohort time.

Parents should contact the school when their students are absent and complete an absence excuse form. Notes should be turned in as soon as possible, or the note may not help the absence count as lawful. If you do not contact your child's school about the absence by the designated date, it will be an unlawful absence no matter what the reason. The principal has the final decision in all matters concerning attendance. Days missed because of an approved school function are counted as school-related absences. All absences of three days or more must be pre-approved by the principal.

Please turn in all excuse notes to the front desk or using the online form.

Excuses

Within one week after returning to school, students must submit a written excuse or complete an online absence form to the front desk explaining the absence, signed by parent(s) or guardian, and accompanied, if applicable, by a doctor's statement. If students do not do so, the absence will be considered unlawful. The excuse should contain the following information:

- Date excuse was written.
- Reason for the absence.
- Date of absence.
- Telephone number where parent or guardian can be reached.
- Signature of parent, guardian, and/or doctor.

Note: Attendance is taken by –class period; therefore, sign-in or sign-out may cause a variance in the number of absences in individual classes.

Truancy

When a student accumulates 3 unexcused/unlawful absences, the truancy process will be initiated. The school will work with the family to create an Attendance Support Plan to help the student avoid additional absences. The school will make every effort to develop strategies and intervention to support the student's positive attendance. Student and parent are required to participate in the Attendance Support Plan. Failure to do so will result in continued absences that will have a negative impact on the student academically. Continued unlawful absences equal to 5 days are considered habitually absent and may result in a referral to the Department of Social Services. Additional absences, more than 7, are considered chronically absent and may result in a referral to the Family courts.

Attendance & Truancy Policy

SC Code of Law 59-65-10 "South Carolina Compulsory Attendance Law requires that a parent or guardian shall require his child to attend regularly a public or private school or kindergarten of this State which has been approved by the State Board of Education, a member school of the South Carolina Independent Schools and Association, a member school of the South Carolina Association of Christian Schools, or some similar organization, or a parochial, denominational, or church-related school, or other programs which have been approved by the State Board of Education from the school year in which the child is five years of age before September first until the child attains his seventeenth birthday or graduates from high school."

At Learn4Life students are expected to attend school daily and attend classes on their class schedule, as research shows attendance in school and class is critical to academic success. According to SC state law, any student absent for 10 consecutive days will be withdrawn from school.

Learn4Life policy indicates that a student who does not attend school regularly is subject to the following support steps:

- Every 1-day absence, the family will receive an auto- call and email indicating that the student was not in attendance at school.
- After 3 consecutive days or 5-total days a personal attendance phone call will be made to the parent to provide support.
- After 5 consecutive days or 7 total days, parents and students will be required to attend a truancy planning meeting. Student and family will be placed on attendance and academic probation and mandated to receive intervention supports, including but not limited to academic intervention such as tutoring, parent weekly check-ins, identifying attendance barriers and solutions, and other wrap-around services.
- The probationary period will last not less than 2 months, with a check-in and service assessment at the end of the four weeks.
- At the four-week check-in, additional services will be added, or removed based on the needs of the family, and monitored for another four weeks.

- Students and families who comply with the truancy plan will graduate from the plan after 8 weeks of successful truancy intervention and support.
- Students and families not adhering to the truancy plan with provided intervention/wrap around services will be referred to Family Court or dropped from enrollment.
- Student will be eligible for re-enrollment after one semester away from Learn4Life and enter on academic probation contract.

Online Class Attendance Policy

Online class attendance is determined by whether a student participates in assigned activities in accordance with the online site. Students who participate in assigned learning experiences or submit completed assignments during the week the assignment is assignment, will be considered present. Students who fail to participate in assigned learning experience(s) should be considered absent. Whether the absence is “excused” or “unexcused” will be established by school procedures and policies and be consistent with state law and regulations. An online class is defined as a class that is offered as an online synchronous or asynchronous Learning Management platform as determined by and named by the school. This does not constitute courses that are offered on a virtual platform only.

In order for a student to receive credit, a passing grade of “D” or better is required. If the failed course is required to meet SC Graduation Requirements, the student will be scheduled to retake the class. If the course is a prerequisite for a later/higher level course, the failed course must be successfully completed before advancing to the next class. If the failed course was an elective, the student has the option to retake the course to receive credit and recalculate their GPA.

ACADEMIC ASSISTANCE

Students who are functioning below grade level, may be required to take an intervention course in math or English and satisfactorily complete it in order to advance to grade-level math and English. Students are encouraged to make an appointment with their content area teacher for individual support, log in to weekly teacher office hours and use our tutoring support program (via online/phone support). Personal, one-on-one assistance is offered to encourage and build academic excellence. All students are encouraged to participate in our tutoring program.

Learn4Life High School-Charleston will provide textbooks, supplemental materials, and other learning supplies for the student’s use. If these materials are lost, damaged, or abused, the student may be charged a replacement cost in accordance with state law.

The parent of any student suspected of needing or qualifying for accommodation under Section 504 may make a referral for an evaluation to the principal or designee. A copy of Learn4Life High School-Charleston's Section 504 policies and procedures is available upon request.

The following shall serve as Learn4Life High School-Charleston's annual notice to parents/guardians and "eligible students" to attend Learn4Life High School-Charleston's directory information policies.

FERPA requires that Learn4Life High School-Charleston, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. Learn4Life High School-Charleston shall require written parental or guardian consent to release student information unless the information is relevant for a legitimate educational interest or includes directory information only. - Students are asked not to play car audio systems loudly while parked near the school.

Parents, guardians, family, or friends are welcome to set up an appointment to meet with teachers or other staff members. During school hours access to the classroom area will be limited in order to protect academic time. The reception area is available for anyone waiting for a student to complete his/her classroom appointments.

Students must understand that when they enter the Learn4Life High School-Charleston learning center area or classroom area, they are expected to engage in instruction and complete their work. Students are not permitted to leave and re-enter the learning center/classroom area at will. Learn4Life High School-Charleston has a closed campus. A parent will be required to sign a student out if a student's needs to leave early for an appointment or other reasons. Students must always wear their IDs while on campus.

In the event of an emergency, parents may call the front office, or students may use the phone in the reception area to avoid distraction or disruption of other students.

Student Behavior:

- Learn4Life High School-Charleston practice Positive Behavior Intervention and Support (PBIS) to teach, practice and reinforce behavior expectations with students. Learn4Life High School-Charleston staff will also use restorative and trauma informed practices in their approach to student behavior and social emotional needs.
- In the event of any direct threat, violent act, possession of any weapon, narcotics, illegal substance, or any other act considered illegal by the State of South Carolina, the student will be suspended and/or expelled from Learn4Life High School-Charleston, and criminal charges may be filed against the student. Lobby Telephone Access:

- The student telephone, provided in the reception area, is not for personal use. Students needing to make transportation arrangements or emergencies may use the telephone.

Rules:

- Teachers will post, discuss, and reinforce classroom rules within the classroom setting. These rules are specific to the classroom, and work in concert with schoolwide expectations.

Safety Drills:

- According to state regulation Learn4Life High School-Charleston will schedule and implement emergency protocol and activate emergency practice drills throughout the school year. Students shall participate in and practice all safety drills that occur while they are on campus. It is imperative that all students know and understand all safety protocols. You may request to review the complete updated management plan for asbestos-containing material in school buildings. (40 CFR 763.93).

Academic Dishonesty including plagiarism, cheating, or copying the work of another, using technology for illicit purposes, or any unauthorized communication between students for the purpose of gaining advantage during an examination—is strictly prohibited. Teachers often expect, even encourage, students to work on assignments collectively. This is okay, as long as whose work being presented is clearly relayed.

- **Collaboration** is to work together (with permission) in a joint intellectual effort.
- **Plagiarism** is to commit literary theft; to steal and pass off as one’s own ideas or words, and to create the production of another. When you use someone else’s words, you must put quotation marks around them and give the writer or speaker credit by citing the source. Even if you revise or paraphrase the words of someone else, if you use someone else’s ideas, you must give the author credit. Some Internet users believe that anything available on-line is public domain. Such is not the case. Ideas belong to those who create and articulate them. To use someone else’s words or ideas without giving credit to the originator is stealing.
- **Cheating** includes, but is not limited to, copying, or giving an assignment to a student to be copied (unless explicitly permitted by the teacher). Cheating also includes using, supplying, or communicating in any way unauthorized materials, including textbooks, notes, calculators, computers, or other unauthorized technology, during an exam or project.
- **Forgery** or **stealing** includes, but is not limited to, gaining unauthorized access to exams or answers to an exam, altering computer or grade-book records, or forging signatures for the purpose of academic advantage.

The determination that a student has engaged in academic dishonesty shall be based on specific evidence provided by the classroom teacher or other supervising professional employee, taking into consideration written materials, observation, or information from others. Students found to have engaged in academic dishonesty shall be subject to disciplinary as well as academic penalties. Parental Involvement:

- Parental involvement is not a requirement for acceptance to or continued enrollment at Learn4Life High School-Charleston. We encourage and value parent partnership, and believe it is one of the keys to school success. Parent involvement can take many forms and we honor the support parents can provide, while navigating the demanding job of parenting.

Students will understand that Learn4Life High School-Charleston Personalized Learning/Independent Study Program is an optional educational alternative, and that no pupil is required to participate in this program.

SUSPENSION AND EXPULSION POLICY AND PROCEDURE

Trauma-Sensitive and Restorative Practices Policy

Learn4Life High School-Charleston is dedicated to being a student-centered organization. Accordingly, it recognizes a standardized, effective behavior management system is key to ensuring students feel supported and can be successful in school. The school has embraced a trauma-sensitive approach when considering student behavioral issues by examining what happened in a particular incident rather than faulting the student's character. To support this perspective, Learn4Life High School-Charleston practices setting clear parameters around expectations for both students and educators, thereby limiting or reducing unwanted behaviors while also using restorative practices to maintain the relationships of respect when an incident does occur. Recognizing that a high percentage of our school's students have experienced adverse childhood experiences, these systems help us create a safe learning environment in which students feel valued, respected and are able to work at their own pace to get back on track in their academic and personal lives.

Suspension and Expulsion Policy

This Pupil Suspension and Expulsion Policy has been established in order to promote learning and protect the safety and well-being of all students at Learn4Life High School-Charleston. Learn4Life High School-Charleston is committed to an annual review of policies and procedures surrounding suspensions and expulsions and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

When the Policy is violated, it may be necessary to suspend or expel a student from regular classroom instruction. This policy shall serve as Learn4Life High School-Charleston's policy and procedures for student suspension and expulsion, and it may be amended from time to time without the need to amend the charter so long as the amendments comport with legal requirements. Learn4Life High School-Charleston staff shall enforce disciplinary rules and procedures fairly and consistently among all students. Suspension is a consequence that may be determined by the principal in response to egregious behaviors that take place during the school day, school related activities or other behaviors that pose a threat to safety and well-being of students and staff. The Learn4Life High School-Charleston board may order the suspension or expulsion of any pupil for the commission of any crime, gross immorality, gross misbehavior, persistent disobedience, or violation of written rules. This Policy and its Procedures will be printed and distributed as part of the Student Handbook and will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff, or other persons or to prevent damage to school property.

Learn4Life High School-Charleston administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline policies and procedures. For new students, this requirement can be fulfilled by providing parents/guardians and students with the approved Family Student Handbook for Learn4Life High School-Charleston at the time of enrollment. For continuing students, they will be provided with a copy of Learn4Life High School-Charleston's rules related to discipline, suspension, and expulsion at the beginning of the school year.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom Learn4Life High School-Charleston has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general education students except when federal and state law mandates additional or different procedures. Learn4Life High School-Charleston will follow all applicable federal and state laws when imposing any form of discipline on a student identified as an individual with disabilities or for whom Learn4Life High School-Charleston has a basis of knowledge of a

suspected disability or who is otherwise qualified for such services or protections in accordance with due process to such students.

Learn4Life High School-Charleston will adhere to state laws prohibiting the use of seclusion and behavioral restraint techniques, except as allowed by law.

Learn4Life High School-Charleston shall involuntarily remove no student for any reason unless the student's parent or guardian has been provided written notice of intent to remove the student no less than five school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent or guardian or if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder, and shall inform him or her of the right to initiate the procedures specified below for suspensions before the effective date of the action. If the student's parent, guardian, or educational rights holder initiates the procedures specified below for suspensions, the student shall remain enrolled and shall not be removed until Learn4Life High School-Charleston issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions or expulsions pursuant to the suspension and expulsion procedures described below.

C. Suspension Procedures

Suspension shall be initiated according to the following procedures:

1. Conference

The suspension shall be preceded, if possible, by a conference conducted by the Principal, or Designee with the student, and his or her parent whenever practical,

The conference may be omitted if the Principal, or Designee determines that an emergency situation exists. An “emergency situation” involves a clear and present danger to the lives, safety, or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and the student shall be notified of the student’s right to return to school for the purpose of a conference.

At the conference, the pupil shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense. This conference shall be held within a reasonable amount of time unless the pupil waives this right or is physically unable to attend for any reason, including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a pupil for the failure of the pupil’s parent or guardian to attend a conference with Charter School officials. Reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil’s parent or guardian at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall contact the parent/guardian by telephone, written means or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice may also state the date and time when the student may return to school. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the Principal, or Designee, the pupil and the pupil’s parent/guardian or representative will be invited to a conference to determine if the suspension for the pupil should be extended pending an expulsion hearing. In such instances when Learn4Life High School-Charleston has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the pupil or the pupil’s parents unless the pupil and the pupil’s parents fail to attend the conference.

This determination will be made by the Principal, or Designee upon either of the following:

- 1) the pupil’s presence will be disruptive to the education process, or
- 2) the pupil poses a threat or danger to others.

Upon either determination, the pupil’s suspension will be extended pending the results of an expulsion hearing.

4. Homework

Upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the pupil, or the affected pupil, a teacher shall provide to a pupil, who has been suspended from school for two or more school days, the homework that the pupil would otherwise have been assigned.

If a homework assignment that is requested pursuant to the above and turned into the teacher by the pupil either upon the pupil’s return to school from suspension or within the timeframe originally prescribed by the teacher,

whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the pupil's overall grade in the class.

D. Authority to Expel

Students recommended for expulsion are entitled to a hearing. The procedures herein provide for such a hearing and the notice of said hearing, as required by law. A student may be expelled either by the Learn4Life High School-Charleston Board of Directors following a hearing or by Learn4Life High School-Charleston Board of Directors upon the recommendation of Administrator, to be assigned by the Board of Directors as needed. The Administrator may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

E. Expulsion Procedures

Unless postponed for a good cause, the hearing shall be held within thirty (30) school days after the Superintendent, Principal, or Designee determines that the pupil has committed an expellable offense.

In the event an Administrator expels the student, it will make a recommendation to the Board for a final decision whether to expel. The hearing shall be held in closed session (complying with all pupil confidentiality rules under FERPA) unless the pupil makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the pupil. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of the specific facts, charges, and offenses upon which the proposed expulsion is based;
3. A copy of Learn4Life High School-Charleston's disciplinary rules which relate to the alleged violation;
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at Learn4Life High School-Charleston to any other school district or school to which the student seeks enrollment;
5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. The right to inspect and obtain copies of all documents to be used at the hearing;
7. The opportunity to confront and question all witnesses who testify at the hearing;
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf, including witnesses.

F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

Learn4Life High School-Charleston may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by Learn4Life High School-Charleston. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the pupil.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable

disciplinary rules and advised of his/her right to (a) receive five days' notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.

2. Learn4Life High School-Charleston must also provide the victim with a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.
7. If one or both of the support persons is also a witness, Learn4Life High School-Charleston must present evidence that the witness' presence is both desired by the witness and will be helpful to Learn4Life High School-Charleston. The entity presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness, and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the pupil being expelled, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard.

G. Record of Hearing

A record of the hearing shall be made and shall be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

H. Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of judicial hearings. A recommendation by an Administrator to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of

whom the Board or Administrator determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If the hearing is held at a public meeting due to a written request by the expelled pupil and the charge is committing or attempting to commit a sexual assault or committing a sexual battery, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The decision of the Administrator shall be in the form of written findings of fact and a written recommendation to the Board of Directors, which will make a final determination regarding the expulsion. The final decision by the Board of Directors shall be made within ten (10) school days following the conclusion of the hearing. However, if the Board does not meet on a weekly basis, its decision on whether to expel a student shall be made within 40 school days after the student is removed from his/her school of attendance. The decision of the Board of Directors is final.

If the Administrator decides not to recommend expulsion, the pupil shall immediately be returned to his/her educational program.

I. Written Notice to Expel

The Principal or designee, following a decision of the Board of Directors to expel, shall send written notice of the decision to expel, including the Board of Directors' adopted findings of fact, to the student or parent/guardian. This notice shall also include the following: (a) Notice of the specific offense committed by the student; and (b) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with Learn4Life High School-Charleston.

The Principal or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following: (a) The student's name; and (b) The specific expellable offense committed by the student.

K. No Right to Appeal

The pupil shall have no right of appeal from expulsion from Learn4Life High School-Charleston as Learn4Life High School-Charleston Board of Directors' decision to expel shall be final; however, the expulsion shall last for the period of one year, after which time, the student may apply for reenrollment

L. Expelled Pupils/Alternative Education

Parents/guardians of pupils who are expelled shall be responsible for seeking alternative education programs, including, but not limited to, programs within the County or their school district of residence. Learn4Life High School-Charleston shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during the expulsion.

M. Special Procedures for the Consideration of Suspension and Expulsion of Students with Disabilities

1. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

2. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, Learn4Life High School-Charleston, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

- a. If the conduct in question was caused by or had a direct and substantial relationship to the child's disability; or
- b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If Learn4Life High School-Charleston, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If Learn4Life High School-Charleston, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

- a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that Learn4Life High School-Charleston had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
- b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
- c. Return the child to the placement from which the child was removed, unless the parent and Learn4Life High School-Charleston agree to a change of placement as part of the modification of the behavioral intervention plan.

If Learn4Life High School-Charleston, the parent, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then Learn4Life High School-Charleston may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

3. Due Process Appeals

The parent of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or Learn4Life High School-Charleston believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent or Learn4Life High School-Charleston, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 U.S.C. Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the parent and Learn4Life High School-Charleston agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement or the manifestation determination, or if Learn4Life High School-Charleston believes that maintaining the

current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in the placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

4. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Principal, or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- a. Carries or possesses a weapon, as defined in 18 U.S.C. Section 930, to or at school, on school premises, or to or at a school function;
- b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
- c. Has inflicted serious bodily injury, as defined by 20 U.S.C. Section 1415(k)(7)(D), upon a person, while at school, on school premises, or at a school function.

5. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

6. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated Learn4Life High School-Charleston's disciplinary procedures might assert the procedural safeguards granted under this administrative regulation only if Learn4Life High School-Charleston had knowledge that the student was disabled before the behavior occurred.

Learn4Life High School-Charleston shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
- b. The parent has requested an evaluation of the child.
- c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If Learn4Life High School-Charleston knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay put.

If Learn4Life High School-Charleston had no basis for knowledge of the student’s disability, it should proceed with the proposed discipline. Learn4Life High School-Charleston shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the educational placement determined by Learn4Life High School-Charleston pending the results of the evaluation.

Learn4Life High School-Charleston shall not be deemed to have knowledge that the student had a disability if the parent has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Student Safety Policy: Erin's Law and Gavin's Law

At Learn4Life High School-Charleston, we prioritize the safety and well-being of our students in accordance with the laws of South Carolina.

In the year of 2014, the State of South Carolina passed Act 293 known as “Erin’s Law,” as part of health and safety education for its public schools. The purpose of the law is to ensure all students, pre-kindergarten through high school, receive this prevention instruction during the academic school year. The intent of Erin’s Law is to give students skills in knowing how to stay safe from sexual assault and how to report any incidents of sexual assault.

The South Carolina Department of Education created Erin’s Law instructional units in support of the new legislation that amended the Comprehensive Health Education Act. South Carolina Code of Laws Section 59-32-20 (B) was amended to read that the State Board of Education through the South Carolina Department of Education “shall select or develop instructional units in sexual abuse and assault awareness and prevention, with separate units appropriate for each age level from four-year-old kindergarten through twelfth grade.”

In the year of 2023, the State of South Carolina passed Act 54 of 2023 known as “Gavin’s Law.” The legislation states the crimes are for “threaten(ing) to release, exhibit, or distribute a private image of another in order to compel or attempt to compel the victim to do any act or refrain from doing any act against” that person’s will. Convictions can be punished by up to 20 years in prison if the victim was a child or a vulnerable adult, and up to five years for the first conviction if the victim is an adult.

Gavin’s Law also requires that schools collaborate with the State Department of Education, the South Carolina Law Enforcement Division, and the Attorney General's office to implement a policy to educate and notify students of the law, which includes adequate notice to students, parents or guardians, the public, and school personnel of the change in law and the dangers of sexual extortion. The Department of Education recommends Gavin’s Law be taught as part of the Erin’s Law curriculum with age-appropriate instruction on the dangers and consequences of sexual extortion.

In line with our commitment to the safety and well-being of our students, we have implemented the following policies, as required by Erin's Law, S.C. Code Section 59-32-20 and 59-32-30(G) and Gavin's Law, S.C. Code Section 16-15-430, to create a safe and supportive learning environment for all students:

1. Prevention Education:

- Age-appropriate curricula: We will incorporate age-appropriate prevention education programs into our curriculum that address child sexual abuse, assault, exploitation, and extortion. These programs will be tailored to different grade levels to ensure students receive the information in an age-sensitive manner.
- Awareness campaigns: We will regularly conduct awareness campaigns to educate students, parents, and staff about the signs, risks, and prevention of child sexual abuse, bullying, and extortion. These campaigns will aim to foster a culture of openness, trust, and mutual support within our school community.

2. Reporting Mechanisms:

- Safe reporting channels: We will establish multiple safe and confidential reporting channels, such as trusted staff members, anonymous hotlines, or online platforms, to encourage students to report any incidents of abuse, bullying, harassment, or extortion without fear of reprisal.
- Prompt response: Upon receiving any reports, we will ensure a prompt and thorough investigation, adhering to all legal requirements and protecting the privacy of all parties involved to the extent legally possible.

3. Staff Training and Support:

- Professional development: All school staff, including teachers, administrators, and support personnel, will receive regular training on recognizing and responding to signs of child sexual abuse, bullying, harassment, and extortion. This training will equip them with the necessary skills and knowledge to support students effectively.
- Supportive environment: We will foster a supportive environment where students feel comfortable reaching out to trusted adults. Staff members will be trained to listen, believe, and respond empathetically to students who disclose abuse, bullying, harassment, and/or extortion.

4. Community Collaboration:

- Partnerships: We will collaborate with local law enforcement agencies, community organizations, and mental health professionals to ensure a coordinated response to incidents of child abuse, bullying, harassment, and extortion. Together, we will work towards preventing such incidents and supporting affected students.
- Parental involvement: We will actively engage parents and guardians through regular communication, workshops, and resources, to create a united effort in promoting student safety and well-being.

By implementing this policy, we aim to ensure the safety, well-being, and success of all our students. Together, we can create a nurturing environment where every student feels protected, valued, and empowered to thrive.

Security

Learn4Life High School-Charleston cannot and does not guarantee the security of electronic files located on the Google systems. Although Google does have excellent security and a dynamic content filter in place for email, Learn4Life High School-Charleston cannot assure that users will not be exposed to security breaches and/or unsolicited information.

Privacy

The general right of privacy will be extended to the furthest degree possible in the electronic environment. Charter School and all electronic users should treat electronically stored information in individuals' non-public files as private. However, users of student email are strictly prohibited from accessing files and information other than their own, except as they may be intentionally created for online file sharing among students and teachers. Learn4Life High School-Charleston reserves the right to access the school's Google systems, including current and archival files of user accounts when there is reasonable suspicion that unacceptable use has occurred.

ELECTRONIC COMMUNICATIONS POLICY

All Charter School employees, independent contractors, advisors, and volunteers (collectively "Personnel") have a responsibility to maintain only appropriate communications with students at all times. With the advances in communication technology, Learn4Life High School-Charleston recognizes that more opportunities exist for school and non-school related communications between Personnel and students. As the opportunities increase for such communications, Personnel and students have an increased responsibility to ensure that all forms of communication between Personnel and students are appropriate and comply with applicable law and requirements to protect against inappropriate and unsolicited electronic and text messages.

Learn4Life High School-Charleston realizes that there are many convenient and efficient means of communication available to Personnel who need to contact students. For example, Personnel can contact students via telephone, school e-mail accounts, a school-wide notification system, text messaging, and/or other forms of electronic and social media.

Personnel and students should be respectful and courteous to other individuals. Each individual should consider the appropriateness of any content before sending the message to another. The sender will be solely responsible for what he/she communicates. Inappropriate content that may include discriminatory remarks, harassment, threats of violence, lewd, sexually explicit, or similar inappropriate or unlawful conduct will not be tolerated and may subject the sender to disciplinary action up to and including termination or expulsion.

When sending electronic communications, including but not limited to SMS/MMS text messages and other forms of social media (e.g., Twitter, Facebook, Instagram, Snapchat, etc.), permission should be obtained from each recipient to whom such communications are sent. This is referred to as an "opt-in process."

Changes to the permission forms previously submitted to Learn4Life High School-Charleston via the enrollment package may be made by completing a new permission form and submitting it to Learn4Life High School-Charleston. The permission form does NOT grant permission for students to send or receive social messages from fellow students, friends, or family during the school day.

Learn4Life High School-Charleston is not responsible for and does not pay for charges that may be incurred by students/parents/guardians for sending or receiving a text or other electronic messages. Parents and students should check with their wireless carrier for any applicable text messaging and/or data usage charges.

CHILD ABUSE REPORTING

Employees are mandated reporters under S.C. Code Ann. Sect. 63-7-310, and as defined by law and administrative regulation, and are obligated to report all known or suspected incidents of child abuse and neglect that are supported by facts which warrant a finding by a preponderance of evidence that abuse, or neglect is more likely than not to have occurred. Mandated reporters shall not investigate any suspected incidents but rather shall make a report to the appropriate law enforcement agency responsible for investigating and prosecuting cases of child abuse and neglect or to the county department of social services.

SUICIDE PREVENTION

Protecting the health and well-being of all students is of utmost importance to the school. The school has adopted a

suicide prevention policy which will help to protect all students through the following steps:

1. Students will learn about recognizing and responding to warning signs of suicide in friends, using coping skills, using support systems, and seeking help for themselves and their friends. This will occur in all health classes.
2. Each school will designate a suicide prevention coordinator to serve as a point of contact for students in crisis and to refer students to appropriate resources.
3. When a student is identified as being at risk, the student will be assessed by a school employed mental health professional who will work with the student and help connect him or her to appropriate local resources.
4. Students will have access to national resources which they can contact for additional support, such as:
 - The National Suicide Prevention Lifeline (800) 273-8255 (TALK) www.suicidepreventionlifeline.org
 - The Trevor Lifeline (866) 488-07386 www.thetrevorproject.org
5. All students will be expected to help create a school culture of respect and support in which students feel comfortable seeking help for themselves or their friends. Students are encouraged to tell any staff member if they, or a friend, are feeling suicidal or in need of help.
6. Students should also know that because of the life-or-death nature of these matters, confidentiality or privacy concerns are secondary to seeking help for students in crises.
7. For more details, please see the full *School Policy on Suicide Prevention*.

If a volunteer is uncomfortable following the direction of the teacher or aid, the volunteer may leave their volunteer position for that day.

Unless specifically authorized, parents, guardians, family, and friends are not permitted in the classroom area.

 4. Before leaving campus, the visitor shall return the Visitor's Permit and follow the visitor sign out process in the main office.
 5. The principal, or designee, may refuse to register a visitor or volunteer if it is believed that the presence of the visitor or volunteer would cause a threat of disruption or physical injury to teachers, other employees, or students.
 6. The principal or designee may withdraw consent to be on campus even if the visitor has a right to be on campus whenever there is reason to believe that the person has willfully disrupted or is likely to disrupt Learn4Life High School-Charleston's orderly operation. If consent is withdrawn by someone other than the Principal, the Principal may reinstate consent for the visitor if the principal believes that the person's presence will not constitute a disruption or substantial and material threat to Learn4Life High School-Charleston's orderly operation. Consent can be

withdrawn for up to fourteen (14) days.

7. The principal or designee may request that a visitor who has failed to register or whose registration privileges have been denied or withdrawn promptly leave school grounds. When a visitor is directed to leave, the principal or designee shall inform the visitor that if he/she reenters the school without following the posted requirements, he/she will be guilty of a misdemeanor.

Any visitor that is denied registration or has his/her registration revoked may request a conference with the principal.
