-------------------	-----	----------------	---

Addressing the Board - Board meetings are meetings of the Board of Directors and will be held in a civil, orderly and respectful manner. All public comments or questions should be addressed to the Board through the Chair of the Board. To ensure an orderly meeting and an equal opportunity for each speaker, persons wishing to address the Board must complete a Speaker Request Card and submit it to Miguel Aguilar, Executive Assistant to the CEO. The Speaker Request Card must contain speaker name, contact number or email, and subject matter and submitted to the Executive Assistant to the CEO prior to the start of the meeting. Members of the public may address the Board on any matter within the Board's jurisdiction and have **three (3) minutes each** to do so. The total time of each subject will be

fifteen (15) minutes, unless additional time is requested by a Board Member and approved by the Board.

The Board may not deliberate or take action on items that are not on the agenda. However, the Board may give direction to staff following a presentation. The Chair is in charge of the meeting and will maintain order, set the time limits for the speakers and the subject matter, and will have the prerogative to remove any person who is disruptive of the Board meeting. The Board of Directors may place limitations on the total time to be devoted to each topic if it finds that the numbers of speakers would impede the Board's ability to conduct its business in a timely manner. The Board of Directors may also allow for additional public comment and questions after reports and presentations if it deems necessary.

Important Information For Clients Holding Restricted Securities:

Restricted Securities (typically noted as "Restricted" or "RSTD" in the security description) have not been registered under the Securities Act of 1933 and may not be "freely traded." Since restricted securities are subject to certain restrictions which may render them illiquid or less liquid than freely-tradeable shares, there can be no assurance a secondary market exists. While we typically use the value of the registered/unrestricted security of the same issuer and same class for statement (and other) reporting purposes, the price realizable in a sale of the securities may be less than the "Market Value" indicated and could be zero. No attempt has been made to independently value the specific security subject to its restriction. Additionally, inclusion of pricing of these holdings will result in the aggregated value of your portfolio as reflected on this report being overstated by an amount equal to the difference (if any) between the value of the freely-traded underlying security and the actual value of your restricted shares. For additional information on pricing, please see "Market Prices" on the back of your account statement.

As part of the Financial Industry Regulatory Authority (FINRA) Investor Education Program, you may obtain information on FINRA's Public Disclosure Program by contacting FINRA at telephone number (800) 289-9999 or via the internet address which is www.finra.org. Large Trading Reporting:

The U.S. Securities and Exchange Commission ("SEC") Rule 13h-1 Large Trader Reporting System requires U.S. and non-U.S. market participants who meet the definition of "Large Trader"* as of October 3, 2011, or at any point thereafter to:

- (i) File an electronic Form 13H with the SEC (via EDGAR) to obtain a large trader identification number (LTID); and
- (ii) Promptly disclose to U.S. broker-dealers that execute trades or carry accounts for the Large Trader, their LTIDs and the accounts to which the LTIDs apply.

*A "Large Trader" is a legal entity or natural person who, directly or indirectly, through the exercise of investment discretion, effects transactions in NMS securities that equal or exceed either: (i) 2 million shares or \$20 million during any calendar day; OR (ii) 20 million shares or \$200 million over any calendar month.

If you are a "Large Trader" and have completed a Form 13H, you will receive an LTID from the SEC. In order to ensure that LTID's are captured and reported as required under the Rule, you are required to promptly report your LTID to your broker and identify each account to which the LTID should be applied.

As you may know, the U.S. Securities and Exchange Commission ("SEC") recently adopted Rule 13h-1 Large Trader Reporting System and related Form 13H under Section 13(h) of the Securities Exchange Act of 1934. The Rule requires U.S. and non-U.S. market participants who meet the definition of "Large Trader"* as of October 3, 2011, or at any point thereafter to:

- (i) File an electronic Form 13H with the SEC (via EDGAR) to obtain a large trader identification number (LTID); and

Rule 5320 - Prohibition Against Trading Ahead of Customer Orders

FINRA Rule 5320 generally prohibits member firms that accept and hold customer orders from trading for their own account at terms that would satisfy customer orders, unless the member immediately thereafter executes customer orders at the same or better price than it traded for its own account. Described below are certain exceptions to the Rule and an explanation of how J.P. Morgan Securities LLC (JPMS) will handle those exceptions. Please note that consistent with regulatory guidance, not-held orders are outside the scope of the Rule.

Large orders (orders of 10,000 or more shares with a total value of \$100,000 or more) and orders executed on behalf of institutional accounts are exempted from the requirements of Rule 5320. JPMS will generally work such orders in accordance with customer instructions. While working such orders, JPMS may trade for its own account at prices that would satisfy the customer order.

Your messages (continued)

In addition, if a firm implements and utilizes an effective system of internal controls, Rule 5320 permits the respective separate units to trade independent of one another for purposes of the Rule. JPMS maintains Rule 5320 internal controls known as information barriers between its trading units. The information barriers are designed to prevent one trading unit from having knowledge of customer orders held by a different trading unit. With these barriers in place, one trading unit may hold a customer order while another trading unit, including the market making trading unit, executes an order for a Firm account that would satisfy the customer order.

Clients with questions or who object to the manner in which JPMS handles orders should contact their JPMS Financial Advisor.

Reporting any Inaccuracy or Discrepancy in your Account:

You are advised to promptly report any inaccuracy or discrepancy in your account to your broker and J.P. Morgan Securities LLC (JPMS LLC) at the telephone numbers listed. In order to protect your rights, including any rights under the Securities Investor Protection Act ("SIPA"), any such communications should be reconfirmed in writing to your broker /financial service professional or financial advisor and JPMS LLC. Compensation Received in Connection With Mutual Fund Transactions

Advisers, distributors or other affiliates of certain mutual funds (which include money market and non-money market funds) may enter into arrangements to pay brokers that distribute their shares for administrative, technological or other services, including marketing and other support services provided to such funds or their affiliates. These fees, commonly referred to as "revenue sharing," are separate from and in addition to any shareholder servicing or distribution fees that a mutual fund pays out of its own assets pursuant to its Rule 12b-1 plan and other expenses which are described in a fund's prospectus fee table. Revenue sharing fees are paid out of the assets of the fund affiliate and not from the fund's assets and, therefore, have no impact on a fund's expense ratio or yield.

J.P. Morgan Securities LLC receives compensation from fund families or their affiliates for providing certain administrative and clearing services. These payments are calculated either based on a percentage of the average dollar value of the fund assets held by J.P. Morgan Securities LLC in customer accounts or based on the number of mutual fund positions in the accounts. These fees may be paid from fund assets or may be subsidized in whole or in part by the advisor, distributor or other affiliates of the fund through revenue sharing. Revenue sharing payments are negotiated separately with each fund family and not all fund families pay the same amount or pay according to the same formula. There is, therefore, a potential conflict of interest in the form of an additional financial incentive to JPMS for making available to customers mutual funds whose affiliates enter into revenue sharing arrangements.

Your messages (continued)

Compensation Received in Connection With Mutual Fund Transactions (contd):

For the administrative and clearing services noted above, J.P. Morgan Securities LLC may receive revenue sharing payments of up to 0.54% per year of the average daily assets of fund shares carried in customers' accounts at J.P. Morgan Securities LLC and/or a rate of up to \$21 per year per mutual fund position in each account, as applicable. To establish such arrangements with a fund company, J.P. Morgan Securities LLC either has entered into an agreement directly with the fund company, or J.P. Morgan Securities LLC has entered into an agreement with a service provider which, in turn, has entered into an agreement directly with the fund company. Please note that the actual amount received by J.P. Morgan Securities LLC may be subject to periodic waivers by fund families and such waivers may reduce the actual amount received by J.P. Morgan Securities LLC. Funds whose affiliates do not make such revenue sharing payments to J.P. Morgan Securities LLC are generally not offered or recommended by JPMS, and, in some cases, have higher returns or yields than funds whose affiliates do make revenue sharing payments. Compensation J.P. Morgan Securities LLC receives under these arrangements may be passed on to affiliates or non-affiliates of J.P. Morgan Securities LLC

The prospectus and statement of additional information of mutual funds available through JP Morgan may contain additional information regarding revenue sharing payments made by affiliates of the fund company

Important Information Regarding Auction Rate Securities (ARS):

ARS are debt or preferred securities with an interest or dividend rate reset periodically in an auction. Although there may be daily, weekly and monthly resets, there is no guarantee that there will be liquidity. If there are not enough bids at an auction to redeem the securities available for sale, the result may be a failed auction. In the event of a failed auction, there is no assurance that a secondary market will develop or that the security will trade at par or any other price reflected on statements. Accordingly, investors should not rely on pricing information appearing in their statements with respect to ARS. Where JPMS was unable to obtain a price from an outside service for a particular ARS, the price column on your statement will indicate "unpriced".

Electronic Funds Transfer Notice

In case of errors or questions about electronic transfers in your brokerage account transmitted through the ACH Network, you must contact Client Services Operations department of J.P. Morgan Securities LLC immediately at telephone number (800) 634-1428 or (347) 643-9953 or write to J.P. Morgan Securities LLC., Attn: Client Services Department, Four Chase Metrotech Center, Brooklyn, NY 11245 if you think your account statement or transaction record is wrong or if you need more information about a transaction listed on your account statement or transaction record. We must hear from you no later than 60 days after we sent the first account statement on which the problem or error appeared.

1. Tell JPMS your name and account number.
2. Describe the error or the transfer you are unsure about, and explain as clearly as you can why you believe it is an error or why you need more information.
3. Tell JPMS the dollar amount of the suspected error.

Your messages (continued)

If you tell JPMS orally, JPMS may require that you send it your complaint or question in writing within 10 business days.

JPMS will determine whether an error occurred within 10 business days after JPMS hears from you and will correct any error promptly. If JPMS needs more time, however, JPMS may take up to 45 days to investigate your complaint or question. If JPMS decides to do this, JPMS will credit your account within 10 business days for the amount you think is in error, so that you will have the use of the money during the time it takes JPMS to complete its investigation. If JPMS determines at the conclusion of the investigation that there was no error, JPMS will charge your account for the credited amount. If JPMS asks you to put your complaint or question in writing and JPMS does not receive it within 10 business days, JPMS may not credit your account.

For errors involving new accounts or foreign-initiated transactions, JPMS may take up to 90 days to investigate your complaint or question. For new accounts, JPMS may take up to 20 business days to credit your account for the amount you think is in error.

JPMS will tell you the results within three business days after completing its investigation. If JPMS decides that there was no error, JPMS will send you a written explanation. You may ask for copies of the documents that JPMS used in its investigation.

Extended Hours Trading Risk Disclosure

Risk of Lower Liquidity. Liquidity refers to the ability of market participants to buy and sell securities. Generally, the more orders that are available in a market, the greater the liquidity. Liquidity is important because with greater liquidity it is easier for investors to buy or sell securities, and as a result, investors are more likely to pay or receive a competitive price for securities purchased or sold. There may be lower liquidity in extended hours trading as compared to regular market hours. As a result, your order may only be partially executed, or not at all.

Risk of Higher Volatility. Volatility refers to the changes in price that securities undergo when trading. Generally, the higher the volatility of a security, the greater its price swings. There may be greater volatility in extended hours trading than in regular market hours. As a result, your order may only be partially executed, or not at all, or you may receive an inferior price in extended hours trading than you would during regular market hours.

Risk of Changing Prices. The prices of securities traded in extended hours trading may not reflect the prices either at the end of regular market hours, or upon the opening the next morning. As a result, you may receive an inferior price in extended hours trading than you would during regular market hours.

Extended Hours Trading Risk Disclosure contd:

Risk of Unlinked Markets. Depending on the extended hours trading system or the time of day, the prices displayed on a particular extended hours trading system may not reflect the prices in other concurrently operating extended hours trading systems dealing in the same securities. Accordingly, you may receive an inferior price in one extended hours trading system than you would in another extended hours trading system.

Risk of News Announcements. Normally, issuers make news announcements that may affect the price of their securities after regular trading hours. Similarly, important financial information is frequently announced outside of regular trading hours. In extended hours trading, these announcements may occur during trading, and if combined with lower liquidity and higher volatility, may cause an exaggerated and unsustainable effect on the price of a security. **Risk of Wider Spreads.** The spread refers to the difference in price between what you can buy a security for and what you can sell it for. Lower liquidity and higher volatility in extended hours trading may result in wider than normal spreads for a particular security.

MARGIN ACCOUNTS

Securities and other assets in your account are the firm's collateral for any margin loan made to you. If the securities and other assets in your account decline in value, so does the value of the collateral supporting your loan, and, as a result, the firm can take action, such as issue a margin call and/or sell securities or other assets in any of your accounts held with the member, in order to maintain the required equity in the account. It is important that you fully understand the risks involved in trading securities on margin. These risks include the following:

- You can lose more funds than you deposit in the margin account.
- The firm can force the sale of securities or other assets in your account(s).
- The firm can sell your securities or other assets without contacting you.
- You are not entitled to choose which securities or other assets in your account(s) are liquidated or sold to meet a margin call.
- The firm can increase its "house" maintenance margin requirements at any time and is not required to provide you advance written notice.
- You are not entitled to an extension of time on a margin call.

Further, if you have a margin account with us, as permitted by law we may use certain securities in your account for, among other things, settling short sales and lending the securities for short sales, and as a result may receive compensation in connection therewith.

Non Receipt of Checks or Stocks:

Please report any difference or non-receipt of checks or stocks, indicated as delivered to you, to Client Services Operations at 800-634-1428; or write to Client Services Operations at J.P. Morgan Securities LLC, Four Chase Metrotech Center, Brooklyn, N.Y. 11245-0001

Margin Account:

If you are a customer with a margin account, you consent to JP Morgan's right (to the extent permitted by applicable law) to use, lend or pledge any securities held by JPMS in your margin account. In certain circumstances, such loans or other use may limit, in whole or in part, your ability to receive dividends directly from the issuing company and/or your right to exercise voting and other attendant rights of ownership with respect to the loaned, sold or pledged securities. Such circumstances include, but are not limited to, loans of securities that you own in your margin account that continue over record dates for voting purposes and ex-dividend dates for dividend distributions. If you do not receive dividends directly from the issuing company, you may receive payments-in-lieu of dividends which could cause you to lose the benefit of the preferential tax treatment accorded to dividends.

Foreign Exchange

Forward and spot transactions in foreign exchange are subject to a commission of up to 1.00% of the notional amount per transaction. Pricing varies according to the market conditions at the time of trade and takes into consideration the notional amount of the foreign exchange transaction.

Greetings AAS Family!

Happy 2017! We are so honored that you are part of our family, working to become innovative, creative, self-directed learners! The start of 2017 has been busy for us, as we celebrated National School Choice Week, the Great Kindness Challenge, and National School Board Recognition Month. Thank you for celebrating with us! I would like to take a few moments to thank our Board of Directors for their continued dedication and service to AAS – THANK YOU Dr. Cohen, Mr. Cummings, Dr. Granger, Mr. Koblick and Mr. McDonald. I encourage everyone to visit our [Board](#) page to learn more about our governing board and the work they do to support our scholars.

J.J. Lewis
President & CEO

Speaking of 2017 – preparations are being made to celebrate our 8th graders who will be entering 9th grade next year, and our graduating seniors who are part of the Class of 2017! We have commencement ceremonies and 8th Grade Promotion ceremonies planned for June, in Fresno, Rohnert Park, San Diego, and Thousand Oaks. Our amazing Counseling Services staff will be connecting with eligible scholars and families in the coming weeks to talk about these opportunities to celebrate your achievements.

And while we are at it, we have started to think about the start of the 2017-18 school year! I will be hosting Parent Town Halls in February to share exciting updates and information on our plans to be your educational partner in the next school year. Watch your mailboxes, and inboxes, for more information soon. I am excited to share what we have in store during these Parent Town Halls next month!

[MOUNTAIN EMPIRE UNIFIED SCHOOL DISTRICT RENEWS ACADEMY OF ARTS & SCIENCES' \(AAS\) SAN DIEGO CHARTER!](#)

Thousand Oaks, CA – The Mountain Empire Unified School District approved the renewal of the charter petition for Academy of Arts & Sciences: San Diego at their regularly scheduled board meeting on Tuesday, December 13, 2016. Their decision continues the partnership between AAS and the district to serve the needs of scholars looking for unique educational opportunities.

“It is a great honor to have our AAS San Diego charter petition renewed by our partners, the Mountain Empire USD,” said J.J. Lewis, AAS President & CEO. “We are committed to providing a robust educational experience to the scholars we serve throughout the region and look forward to growing these opportunities for our current and prospective scholars and their families.”

The board approved the charter renewal for another five-year term after a comprehensive review by district staff, along with comments from AAS scholars, parents, partners, and staff during last month’s Public Hearing. AAS currently serves close to 400 scholars who reside in San Diego, Imperial, Orange, and Riverside Counties through its virtual program.

AAS is a growing independent study charter school providing a rigorous virtual education to scholars in grades TK through 12. Scholars come from various backgrounds and experiences and are looking for individualized educational choices that fit their schedules, lifestyles, and interests. AAS teachers and staff provide direct instruction in virtual classroom sessions, offer field trips and enrichment activities, and use research-based programs to benchmark and support scholar success throughout the year.

Elementary K-5

Steven Thompson
Elementary School
Coordinator

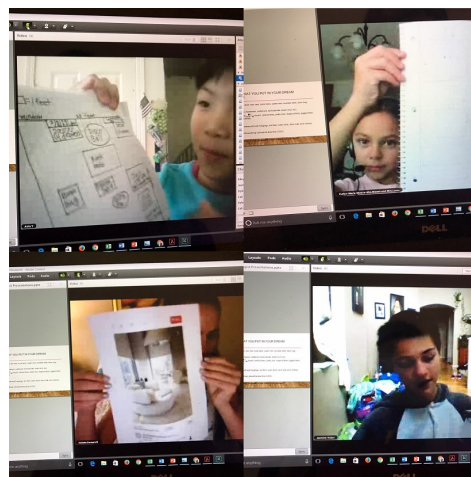

Happy New Year! We are excited to start a new year at AAS! We hope that all of our scholars and learning coaches had a wonderful time resting and relaxing! Please take the time to listen to the weekly video from Mr. Thompson! For 2017 we are changing it to Afternoon Minutes with Mr. Thompson, the weekly message will arrive via email at 5pm every Monday. Please make sure to watch it because there is vital information given each week.

In November, the 2nd and 3rd grade Scholars identified a real life issue, formulate research questions, gather data, and design and implement an action plan to help better their community. Donating blankets to homeless, picking up trash at local parks, reading to kids at the library, and holiday toy drives are just a few of the awesome action plans created. It has been amazing to watch them become heroes in their communities!

“It has been amazing to watch our scholars become heroes in their communities,” said Ms. Fisher.

Middle School 6-8

Melissa Blitzstein
Middle School
Coordinator

Happy New Year Middle School Families! I hope you had a wonderful holiday season with your family and are ready to jump headfirst into 2017! Your teachers are teaching weekly Learning Labs and Q&A sessions that should not be missed! Learning Labs will include skills and content from the course while Q&As are a good place to come if you need some 1-on-1 assistance from your teacher. There, your teacher can work with you to answer questions on assignments and help you understand concepts. Both Learning Labs and Q&A sessions are important to scholar's success! Don't miss out! For the new year, I will recommence sending out Monday Morning Messages, as I did last year. These short messages will include important information and tips for your scholar's success. Be sure to check your email every Monday for this message and don't hesitate to reach out to me if you have any questions or concerns. I look forward to a great second semester! Cheers!

“Both Learning Labs and Q&A sessions are important to a scholar’s success,” said Ms. Blitzstein.

Parent Advisory Council

The Parent Advisory Council serves to provide parent feedback on school policies and procedures at the Academy of Arts and Sciences to ensure that they are consistent with its Mission, Vision, Values, and Strategic Plan. Members act as a committed group of advisors to the staff and administration, regarding issues that affect the scholars and school of AAS. They provide feedback and insight from the parent's perspective on school process, policies and initiatives to ensure that the needs of parents and their families are included as decisions are made. They also serve as an advisory, not a decision-making body, that makes recommendations, encourages brainstorming and provides opportunities for parent involvement on committees.

Mountain Empire Unified School District Renews Academy of Arts & Sciences' (AAS) San Diego Charter

Thousand Oaks, CA – The Mountain Empire Unified School District approved the renewal of the charter petition for Academy of Arts & Sciences: San Diego at their regularly scheduled board meeting on Tuesday, December 13, 2016. Their decision continues the partnership between AAS and the district to serve the needs of scholars looking for unique educational opportunities.

“It is a great honor to have our AAS San Diego charter petition renewed by our partners, the Mountain Empire USD,” said J.J. Lewis, AAS President & CEO. “We are committed to providing a robust educational experience to the scholars we serve throughout the region and look forward to growing these opportunities for our current and prospective scholars and their families.”

The board approved the charter renewal for another five-year term after a comprehensive review by district staff, along with comments from AAS scholars, parents, partners, and staff during last month’s Public Hearing. AAS currently serves close to 400 scholars who reside in San Diego, Imperial, Orange, and Riverside Counties through its virtual program.

“We look forward to continuing our relationship with the Academy of Arts and Sciences San Diego. As a public school of choice, the Academy of Arts and Sciences San Diego provides families with an educational option for their children,” remarked Dr. Kathy Granger, Mountain Empire USD Superintendent. “The dedicated staff members at AAS create a personalized learning plan and environment for each of the AAS scholars and provide the structure and support for scholar success every step of the way.”

AAS is a growing independent study charter school providing a rigorous virtual education to scholars in grades TK through 12. Scholars come from various backgrounds and experiences and are looking for individualized educational choices that fit their schedules, lifestyles, and interests. AAS teachers and staff provide direct instruction in virtual classroom sessions, offer field trips and enrichment activities, and use research-based programs to benchmark and support scholar success throughout the year.

“I believe that a school like AAS is much needed in this day and age, whether you have a scholar who is excelling, or one that needs a little extra help. The academics of AAS are exemplary. Our scholar is able to concentrate on learning without any distractions,” shared Therese Christopher, learning coach and member of the Parent Advisory Council. “The teachers are awesome! They are more than supportive, and will go to any lengths to ensure their scholars needs.”

RE: College Readiness Block Grant Proposal

In June 2016, the California state budget included \$200 million specifically allocated for the College Readiness Grant. Measurement of Scholar College Readiness

Utilize three constructs to measure college readiness data: 1) academic performance and engagement including scholar and school data on enrollment status, demographics, assessment performance, credit accumulation, GPA, SAT/ACT scores, high school credentials earned, and participation in accelerated learning programs, a-g college-ready, and AP courses, 2) postsecondary access to determine scholar completion for federal student aid and postsecondary admissions, and 3) attainment of a degree at a postsecondary institution by tracking scholar college enrollment and degree completion. This continuous collection and analysis of college readiness data will ensure our program and services play a major role in advancing college readiness and closing opportunity gaps.

RE: Rebrand

The Board of Directors approved a rebrand process during its Special Meeting on December 21, 2016. Staff were notified of this process during a special CEO Town Hall meeting following the Special Meeting. Enthusiasm was high amongst the staff.

Staff were invited to submit potential names for the new school. The only criteria were to ensure the name was not already taken by another charter school in California, and that we would be able to have web and social media with the new name. We narrowed down the options to **Compass Charter Schools** (Compass Charter Schools ... we believe in preparing self-directed learners, one scholar at a time. We believe that our scholars will be prepared for their next chapter after high school, college and/or career. We believe we are their compass on this TK-12 journey ...) and **Hōm Charter Schools** (The name hōm Charter speaks to who we are as a home based education model for both home study and online home based learners.). A final vote was taken, where the staff overwhelmingly selected Compass Charter Schools.

We have worked with our StrongMind partners to create our brand identity. This has been endorsed by both our Parent Advisory Council and Staff Advisory Committee. We have also worked with legal counsel to prepare revisions to our governing documents, sought guidance from our authorizers and auditor, and are prepared to move forward once final approval is granted by the Board.

Action Requested:

A motion to approve the name Compass Charter Schools, effective March 1, 2017.

Board Meetings

Open Session

All meetings of the Board shall be open to the public and the media, except that the Board may hold closed sessions as authorized by the Brown Act.

Public Participation at Meetings

Public comment generally: At a regular meeting, any person may address the Board concerning any item on the agenda and any other matters within the Board's subject matter jurisdiction. At a special meeting, any person may address the Board only concerning the items on the agenda. The

total time devoted to presentations to the Board on all public comment (including agenda items and non-agenda items at regular meetings) shall not exceed one-half hour, unless additional time is granted by the Board. Members of the public may speak for up to two (2) minutes on agenda and non-agenda items. At the discretion of the Chair of the Board, the two (2) minute time limit may be extended to three (3) minutes.

Members of the public desiring Board action on an item are encouraged to seek placement of the issue on the Board agenda in accordance with this policy rather than presenting the matter during general public comment. This will facilitate discussion and expedite resolution since the Board cannot discuss items in a meeting that are not on the agenda. This policy is not intended to prevent the public from providing public comment in line with this policy.

Willful interruption of Board meeting: In the event that any meeting is willfully interrupted by a group(s) of persons so as to render the orderly conduct of such meeting unfeasible and order cannot be restored by the removal of individuals who are willfully interrupting the meeting, the Board may order the meeting room cleared and continue the session. Only matters appearing on the agenda may be considered in such a session. Representatives of the press or other media, if not participating in the disturbance, shall be allowed to attend any such session

Time for public comment: All public comment concerning all matters shall be heard prior to the Board's consideration of the agenda items.

Recording and/or broadcasting of meeting: Persons attending an open meeting have the right to record or broadcast the proceedings with an audio or video recorder or a still or motion picture camera unless the Board reasonably finds that the recording or broadcast cannot continue without noise, illumination or obstruction of view that constitutes, or would constitute a persistent disruption of the proceedings.

Requests to address the Board: Prior to the beginning of the meeting, members of the public seeking to address the Board on agenda and non-agenda items may complete a, "Request to Address the Board" form (located in the Board Meeting Room), and give it to the Chair of the Board or Board Secretary, or his or her designee.

Board Members at Meetings

Board discussion and action: No action or discussion shall be taken on any item not appearing on the posted agenda. However, at a regular meeting, Board members or staff may briefly respond to statements made or questions posed by persons during public comment. At regular meetings, a Board member may, on his/her own initiative or in response to a question posed by the public, ask a question for clarification, make a brief announcement or make a brief report on his/her own activities. Additionally, a Board member may provide a reference to staff or other resources for factual information, request staff to report back to the Board at a subsequent meeting concerning any matter, or take action to direct staff to place a matter of business on a future agenda.

Exceptions in regular meetings: In regular meetings, the Board may take action on items of business not appearing on the posted agenda if any of the following conditions apply: 1) A

majority of the Board determines that an emergency situation exists as defined by the Brown Act; 2) A determination by a two-thirds vote of the Board members present at the meeting, or if less than two-thirds are present, a unanimous vote of those Board members present, that there is a need to take immediate action and that the need for action came to the attention of the Board after the agenda was posted; or 3) The item was properly posted for a prior meeting occurring not more than five (5) calendar days prior to the date action is taken on the item, and at the prior meeting, the item was continued to the meeting at which action is being taken. If items are discussed under these conditions, the Chair of the Board shall publicly identify the item(s).

Closed session: Prior to holding any closed session, the Board shall disclose, in open session of the meeting, the basis for holding a closed session pursuant to Government Code Section 54954.5. The disclosure may take the form of a reference to the item(s) as they are listed by number or letter on the agenda. In the closed session, the Board may only consider the disclosed closed session agenda items.

After any closed session, the Board shall reconvene into open session prior to adjournment and make a report of any action taken in closed session and the vote or abstention of every Board member present thereon in accordance with Government Code Section 54957.1.

Minutes of Board Meetings

Open Session: Board meeting minutes shall include the time and place that the meeting was held; whether the meeting was annual, regular, special, or emergency and, if special or emergency, how authorized; the notice given; the names of directors present at the meeting, state all motions made, document the names of Board members making and seconding motions, and state the vote or abstention of each Board member present for each action taken. The minutes pertaining to open session may also record the recommendations of the administration and the general substance of the Board's discussion or the general substance of statements pertinent to Board's business made by members of the staff or public.

Closed Session: Minutes will not be taken during Closed Session.

Minutes for Emergency Meetings: Any time an emergency meeting is held, the minutes must provide a list of persons who were notified or attempted to be notified, a copy of the roll call vote, and any actions taken at the meeting. The minutes will be posted for a minimum of 10 days in a public place as soon after the meeting as possible.

Storing the minutes: The official minutes of the Board shall be kept in a fireproof storage box. The following documents shall be bound with the official minutes and referred to in the text of the minutes to which they apply:

- Original copies of all resolutions unless required by other agencies, in which case photocopies of the originals may be substituted;
- Original copies of all budget transfers;
- Copies of any document determined by the Board to be attached to the official minutes; and

- Other documents which, in the opinion of the Secretary, are necessary to fully substantiate or record Board action.

In addition to the official minutes, an additional copy of all minutes and attached documents shall be maintained in the office of the Secretary of the Board. This set of minutes shall be bound, indexed by those categories detailed above and by subject.

Quorum Requirements

A majority of the directors then in office shall constitute a quorum of the Board, which is necessary for the Board to transact business. All motions, in order to pass, need positive action by at least a majority of the directors present at a duly held meeting at which a quorum is present. Should there be less than a majority of the Board present at the inception of any meeting, the meeting shall be adjourned.

Continuances and Adjournment

Continuances

Items appearing on agendas for regular meeting may be continued to another meeting, to be held within five (5) calendar days from the date of the originally posted meeting, without triggering the requirement that the agenda item be re-posted with the requisite notice.

Adjournment

The Board may adjourn any regular or special meeting to a time and place specified in an order of adjournment. Less than a quorum may so adjourn from time to time. If all members are absent from any regular meeting, the Board Secretary may declare the meeting adjourned to a stated time and place and he/she shall cause a written notice of adjournment to be given. A copy of the notice of adjournment shall be conspicuously posted on or near the door of the place where the regular or special meeting was held within 24 hours after the time of adjournment. When a regular meeting is adjourned, the resulting adjourned regular meeting is a regular meeting for all purposes. When an order of adjournment fails to state the hour at which the adjourned meeting is to be held, it shall be held at the hour specified for regular meetings.

SECTION 2 - BOARD GOVERNANCE – BOARD OPERATIONS

Roberts Rules of Order

Absent a policy to the contrary and to the extent consistent with the Brown Act, the business of the Board of Directors (the “Board”) at its meetings will be conducted in accordance with Roberts Rules of Order. Any member may raise a point of order under these rules, which action shall take precedence over all other business before the Board.

Polling of Board of Directors

Voting on resolutions shall be executed through the polling of Board members. Secret ballots and proxies are prohibited.

Officers, Directors and School Liability Insurance

The School will maintain adequate insurance to cover all risks associated with school activities and operations.

Appointment of Board Committees

Consistent with the charters, Bylaws, and any other applicable provisions of contract or law, the Board may appoint committees for any purpose deemed appropriate by the Board. The resolution establishing the committee shall clearly define the range of the committee’s responsibility and authority, and shall specify whether the committee shall be a standing or limited-term committee. In meeting and carrying out designated purposes, any such committee shall comply with any applicable legal or contractual requirements.

Board Appointment/Nomination Process

The Board shall carry out its appointment and nomination process consistent with the requirements of its charters and Bylaws. Should the charters and Bylaws not address any issue which may arise, the Board may adopt policies or regulations which address such concerns. Should the Board wish to alter its appointment or nomination process, it must do so consistent with any requirements of its charters, unless the charters are revised.

SECTION 3 - BOARD GOVERNANCE - PUBLIC RECORDS REQUESTS – PUBLIC RECORDS ACT COMPLIANCE

Public Records

Public Records Defined

CCS provides the public with access to its public records in accordance with legal requirements. Public records are those writings containing information relating to the conduct of CCS' business that are prepared, owned, used or retained by CCS regardless of physical form or characteristics. Certain public records, however, are exempt from disclosure by express provision of law. These records will not be disclosed to the public. CCS may not deny disclosure of public records based on the purpose for which the record is being requested.

Records Exempt from Disclosure

Public access shall not be given to records listed as exempt from public disclosure in the California Public Records Act or other applicable statutes. Some of the more common exemptions are:

- Preliminary drafts, notes or inter/intra-school memoranda that are not retained by the School in the ordinary course of business, when the public interest in withholding clearly outweighs the public interest in disclosure;

Records pertaining to pending litigation to which CCS is a party or to claims filed against the CCS, which were created in connection with the litigation or claims and were intended to be confidential, until the pending litigation or claim has been finally adjudicated or otherwise settled.;

- Personnel, medical, or similar files, the disclosure of which would constitute an unwarranted invasion of personal privacy;
- Test questions, scoring keys and other examination data used to administer an examination for employment or academic examination, unless specifically authorized by law.
- The content of real estate appraisals or engineering or feasibility estimates and evaluations made for or by CCS relative to the acquisition of property, until all of the property has been acquired or all of the contract agreement obtained.
- Records, the disclosure of which is exempted or prohibited pursuant to federal or state law, including, but not limited to, provisions of the Evidence Code relating to privilege. This includes student records protected from disclosure under the Family Educational Rights and Privacy Act ("FERPA"), a federal statute that protects the privacy interests of parents and students with regard to education records;
- A document prepared by or for CCS that assesses its vulnerability to terrorist attack or

other criminal acts intended to disrupt CCS operations and that is for distribution or consideration in a closed session.

- Records where, on the facts of the particular case, the public interest served by not disclosing the record clearly outweighs the public interest served by disclosure of the record.

CCS may, in its discretion and as permitted by law, waive the applicable exemption to the records. In this case, the disclosure constitutes a waiver for all requestors of that public record and will be open to public inspection.

Process for Requesting Public Records

Requests for Public Records

Any person wishing to inspect CCS' public records shall make the request, preferably in writing, to the: **President & CEO, CCS, 850 Hampshire Road Suite P, Thousand Oaks, CA 91361.** While a request need not be in writing, if the request is verbal, the requestor will be asked to reduce the request to writing so there is a written record of the records being requested. If the requestor chooses not to reduce the request to writing, the President & CEO or designee shall reduce the request to writing and confirm the request with the requestor. The request must reasonably describe an identifiable public record(s) and must be specific and focused.

To the extent reasonable under the circumstances, CCS will assist the requestor to make a focused and effective request by:

- Assisting the requestor in identifying records and information that are responsive to the request or to the purpose of the request, if stated.
- Describing the information technology and physical location in which the records exist.
- Providing suggestions for overcoming any practical basis for denying access to the records or information sought.

If CCS is unable to identify the requested information after making a reasonable effort to elicit additional clarifying information from the requestor that will help identify the record(s), CCS will not provide further assistance to the requestor.

Response to Public Records Request

The President & CEO will, within 10 days of receipt of the request, provide a written response to the requestor of public records. The written response shall contain the following information:

- Notice informing the requestor whether the request, in whole or in part, seeks copies of disclosable public records in the possession of CCS and the reasons for the determination.
- If the School denies any request for records, in whole or in part, and the request was in writing, the notification of denial will set forth the names and titles or positions of each person responsible for the denial.

- The estimated date and time when the records will be made available.
- CCS may charge for copies of public records or other materials requested by individuals or groups. The charge, based on the direct cost of duplication, shall be determined by the Board of Directors or its designee. The direct cost of duplication includes the pro rata expense of the copying equipment used and the pro rata expense in terms of staff time required to produce the copy. It does not include the cost of locating, retrieving, or inspecting records.
- If the requestor seeks copies in electronic format, CCS may charge the requestor the direct cost of producing a copy of the record in that format. If, in order to comply with these requirements relating to electronic formatted records described below, CCS is required to produce a copy of an electronic record and the record is one that is produced only at otherwise regularly scheduled intervals or the request would require data compilation, extraction or programming to produce the record, CCS may charge the requestor the cost to construct a record, the cost of programming and computer services necessary to produce the record.
- In unusual circumstances, the President & CEO may extend the 10-day limit for up to 14 days by providing written notice to the requestor and setting forth the reasons for the extension and the date on which a determination is expected to be made. Unusual circumstances include, but only to the extent reasonably necessary to properly process the request, the following:
 - 1) The need to search for and collect the requested records from field facilities or other locations that are separate from the office processing the request;
 - 2) The need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records that are demanded in a single request;
 - 3) The need for consultation, which shall be conducted with all practicable speed, with another agency having a substantial interest in the determination of the request, or among two or more components of CCS having substantial subject matter interest therein;
 - 4) The need to compile data, to write programming language or a computer program, or to construct a computer report to extract data.

If an inspection is requested, any person shall have reasonable access, during normal business hours, to the public records of CCS within the requirements of state law. However, if records are not readily available, or if portions of the records to be inspected must be redacted to protect exempt material, then CCS must be given a reasonable period of time to perform these functions prior to inspection. Such records shall be examined in the presence of the staff member regularly responsible for their maintenance.

Records Inspections or Copies

Time and Place of Inspection: A person who has made a public records request may inspect the records after the date and time identified in the response to the request. Generally, records

inspections may take place at **850 Hampshire Road Suite P, Thousand Oaks, CA 91361** during office hours of the School, which are **8:00A.M. to 5:00 P.M.**

Electronic Formatted Records: If CCS has information that constitutes an identifiable public record not exempt from disclosure that is in an electronic format, and it has been requested in an electronic format, CCS will make that information available in an electronic format. CCS will make the information available for inspection in any electronic format in which it holds the information. If the requested format is one that CCS uses to create copies for its own use or for provision to other agencies, CCS will provide a copy of the electronic record. CCS will not, however, provide electronic records in the electronic form in which it is held by CCS if its release jeopardizes or compromises the security or integrity of the original record or of any proprietary software in which it is maintained.

If CCS no longer has the record in electronic format, CCS will not reconstruct the record in electronic format.

Partial Disclosure: If the requested records are only partially disclosable as a portion of the record is exempt from disclosure, the reasonably segregable disclosable portion of the record(s) will be made available for inspection

SECTION 4 - FISCAL – CONTROLS

The Board of Compass Charter Schools (“CCS” or the “Charter School”) has reviewed and adopted the following policies and procedures to ensure the most effective use of the funds of CCS to support the mission and to ensure that the funds are budgeted, accounted for, expended, and maintained appropriately. If needed, the school’s budget is again revised to match likely revenues.

- The Board reviews a copy of the audit. The President & CEO and Finance Committee, with the assistance of the Charter School's back office services provider, address any audit exceptions or adverse findings. Audit report and any follow-up plans are submitted to the charter authorizer and other entities, as required by law.
- The President & CEO, with the assistance of the Charter School's back office services provider, reviews current year actual versus budgeted revenues and expenditures after the second and fifth months of the school year and reports to the Finance Committee. The Board approves any needed changes to the annual budget.

Controls, Budget, and Fiscal Management: CCS will maintain in effect the following principles in its ongoing fiscal management practices to ensure that, (1) expenditures are authorized by and in accord with amounts specified in the board-adopted budget, (2) the schools' funds are managed and held in a manner that provides a high degree of protection of the schools' assets, and (3) all transactions are recorded and documented in an appropriate manner.

Segregation of Duties: CCS will develop and maintain simple check request and purchase order forms to document the authorization of all non-payroll expenditures. All proposed expenditures must be approved by the President & CEO, or his/her designee, who will review the proposed expenditure to determine whether it is consistent with the Board-adopted budget and sign the payment request form. All transactions will be posted in a general ledger. The transactions will be posted on the ledger by the Director of Operations or his/her assistant at the School site or as outsourced to a Board-approved back office provider or its outside accounting firm. To ensure segregation of recording and authorization, the Administrative Assistant in finance may not co-sign check requests for purchase orders or checks for payment.

Banking Arrangements: CCS will maintain its accounts either in the County Treasury or at a federally insured commercial bank or credit union. Funds will be deposited in non-speculative accounts including federally-insured savings or checking accounts or invested in non-speculative federally-backed instruments or in the County's Pooled Money Investment Fund. If funds are held in accounts outside of the County Treasury, the Board must appoint and approve all individuals authorized to sign checks or warrants in accord with these policies. All checks must have the additional signature of the President & CEO. An approved vendor will reconcile the school's ledger(s) with its bank accounts or accounts in the county treasury on a monthly basis and prepare (1) a balance sheet, (2) a comparison of budgeted to actual revenues and expenditures to date, and (3) a cash flow statement. The President & CEO and the Board will regularly review these statements. The School will deposit all funds received as soon as practical upon receipt. All funds received shall be deposited or transferred into the school's accounts at the earliest possible convenience and in no event later than 48 hours after receipt.

Purchasing Procedures: All purchases over \$50,000 must include documentation of a good faith effort to secure the lowest possible cost for comparable goods or services. The President & CEO or his/her designee shall not approve purchase orders or check requests lacking such documentation. Documentation shall be attached to all check and purchase order requests showing that at least three (3) vendors were contacted and such documentation shall be maintained for three (3) years.

- The President & CEO may authorize expenditures and may sign related contracts within the approved budget. The Governing Board must review all expenditures. This will be done via approval of a check register which lists all checks written during a set period of time and includes check #, payee, date, and amount. The Governing Board must also approve contracts over \$100,000.

- The Director of Operations must approve all purchases. Purchase requisitions, authorizing the purchase of items greater than \$5,000, must be signed by the President & CEO and submitted with the related invoice.
- When approving purchases, the Director of Operations must:
 - Determine if the expenditure is budgeted
 - Determine if funds are currently available for expenditures (i.e. cash flow)
 - Determine if the expenditure is allowable under the appropriate revenue source
 - Determine if the expenditure is appropriate and consistent with the vision, approved charter, school policies and procedures, and any related laws or applicable regulations
 - Determine if the price is competitive and prudent. All purchases over \$50,000 must include documentation of a good faith effort to secure the lowest possible cost for comparable goods or services
- Any individual making an authorized purchase on behalf of the Charter School must provide appropriate documentation of the purchase.
- Individuals other than those specified above are not authorized to make purchases without pre-approval.

- The President & CEO may authorize an individual to use a school credit card to make an authorized purchase on behalf of the Charter School, consistent with guidelines and limitations provided by the President & CEO and/or Board.
 - Individuals who receive a school credit card must ensure the card is kept in a safe location.

- Director of Operations will insure that the petty cash slip is properly completed and that a proper receipt is attached.

- At all times the petty cash box will contain receipts and cash totaling \$1,000. A register receipt must support the petty cash slip. The individual using the petty cash to make a purchase is responsible for submitting the receipt for the petty cash slip to the Director of Operations within 24 hours of withdrawing the petty cash.
- When expenditures total \$200, the Director of Operations will total the disbursements, complete a petty cash reimbursement form, and obtain the approval of the President & CEO. This should be done on at least a quarterly basis. The petty cash slips and supporting receipts will be attached to the reimbursement request form and forwarded to back office provider.
- Petty cash fund reimbursement checks will be made payable to the Director of Operations. The reimbursement check will be immediately cashed and the money returned to the petty cash fund.

Appropriate back-up copies of electronic and paper documentation, including financial and attendance accounting data, will be regularly prepared and stored in a secure cloud-based server separate from the Charter School Property Inventory.

The President & CEO, or his/her designee, shall establish and maintain an inventory of all non-consumable goods and equipment worth over \$2,500. This inventory shall include the original purchase price and date, a brief description, serial numbers, and other information appropriate for documenting the school's assets. This property will be inventoried on an annual basis and lists of any missing property shall be presented to the Board. All non-consumable school property lent to scholars shall be returned to the school no later than five (5) working days after end of the school year. Any excess or surplus property owned by the school may be sold or auctioned by the President & CEO, or his/her designee, provided he/she engages in due diligence to maximize the value of the sale or auction to the school. The sale or auction of property owned by the school with a fair market value in excess of \$25,000 shall be approved in advance by the Board.

Payroll Services: CCS will contract with a reputable, bonded, and insured payroll contractor to prepare payroll checks, tax and retirement withholdings, tax statements, and to perform other payroll support functions. The President & CEO, or his/her designee, will establish and oversee a system to prepare time and attendance reports and submit payroll check requests.

The President & CEO and Board will review payroll statements annually to ensure that (1) the salaries are consistent with staff contracts and personnel policies and (2) the proper tax, retirement, disability, and other withholdings have been deducted and forwarded to the appropriate authority. All staff expense reimbursements will be on payroll checks. Upon hiring of staff, a personnel file will be established with all appropriate payroll-related documentation including a federal I-9 form, tax withholding forms, retirement date, and an accounting of the use of sick leave.

Negotiating Funding Entitlements: The President & CEO shall prepare a set of negotiating principles for Board approval prior to engaging in negotiations over funding entitlements with the charter granting agency and state. President & CEO will take lead responsibility for negotiating

all revenue arrangements with the charter granting agency and appropriate state education agency staff. These arrangements will be documented in appropriate and detailed Memoranda of Understanding for approval by the Board.

Required Budget and Other Fiscal Reports: The President & CEO, working in conjunction with the Director of Operations, will produce and submit to authorizers any and all required fiscal reports as may be required by state or federal law, or mandated by the terms of the school's charter. These include, but are not limited to, attendance reports, enrollment and other data reports required by the California Basic Educational Data System, and other related data.

Fundraising, Grant Solicitation, and Donation Recognition: All fundraising or grant solicitation activities on behalf of the Charter School must be approved in advance by the Board. The Board shall be informed of any conditions, restrictions, or compliance requirements associated with the receipt of such funds, including grants or categorical programs sponsored by the state or federal government. The Board shall be notified no later than the next regular board meeting of the award or receipt of any funds and shall approve the receipt of any grants, donations, or receipts of fundraising proceeds prior to their deposit in the school's accounts.

- The President & CEO will approve proposed contracts and modifications in writing.

- Contract service providers will be paid in accordance with approved contracts as work is performed.
- The President & CEO and/or his designee will be responsible for ensuring the terms of the contracts are fulfilled.

- Once approved by the Director of Operations, he/she will stamp an approval on the invoice and complete the required information, including noting the specific budget line item that is to be charged for the specified expenditures. The invoice and supporting documentation will be sent to the back office provider on at least a weekly basis. The back office provider will then process the invoices with sufficient supporting documentation.
- The Director of Operations may authorize the back office provider to pay recurring expenses (e.g. rent) with the President & CEO's formal approval (signature) on the invoice when dollar amounts fall within a predetermined range. A list of the vendors and the dollar range for each vendor must be provided to the back office provider in writing and updated on an annual basis.

- The President & CEO and the Director of Operations will co-sign all checks.

SECTION 5 - FISCAL – PROCUREMENT AND CONTRACT BIDDING

I. General

The Board of Directors (“Board”) for Compass Charter Schools (“Charter School”) declares its intent for the Charter School to procure goods and services as well as bidding for construction projects such as new building and facility construction, reconstruction, rehabilitation, alterations and additions in a manner consistent with the guidelines set forth herein. The Charter School’s practices have been designed to give fair and equitable treatment to all persons who deal with the Charter School’s procurement system, to provide maximum economy in procurement activities, and to foster competition within the free enterprise system.

The policies and procedures presented herein are consistent with current applicable state and federal law. As, necessary, the Charter School’s Board of Directors will revise this document as the relevant laws may change from time to time.

II. Procurement Defined

Procurement for the purposes of this policy is defined as buying, purchasing, renting, leasing, or otherwise acquiring goods, services, or construction for the Charter School. It also includes all functions that pertain to the obtaining of any good, service, or construction for the Charter School, including complying with bidding procedures as described herein, as well as administering agreements for goods, services, or construction once established.

Procurement does not include expenditures that typically would not be reviewed by any system of hierarchy for approval, such as using a petty cash fund to purchase lunch for a group of teachers at a professional development seminar.

III. Procurement Policy

Any procurement of goods, services, or construction shall be made upon considering the totality of the circumstances surrounding the procurement, which may include but not be limited to price, quality, availability, timelines, reputation, and prior dealings.

No work, project, service, or purchase shall be split or separated into smaller work orders or projects for the purpose of evading the requirements of this policy.

IV. Professional Services Contracts

The Charter School may hire such professional services as are needed for the operation of the Charter School without complying with the bidding procedures described in Sections VII and VIII herein. Such professional services include, but are not limited to, the following professionals: attorneys, architects, accountants, engineers, accountants, construction management, administrative services, and financial advisors.

In selecting professionals for engagement, the Charter School may consider all relevant factors, including but not limited to experience, education, expertise, reputation, and cost. The selection of professionals providing these services shall be within the sole discretion of the Board.

V. Construction Contracts

Procurement of construction and/or construction related services (other than those services which constitute professional services as described above in Section IV) must be made in accordance with the bidding procedures described herein. Additionally, the Charter School must comply with the prevailing wage laws applicable to certain construction and/or services that constitute a “public works” project as defined under the Labor Code. (Labor Code §§ 1720, 1720.2, and 1720.3.)

A “public works” project is defined as “construction, alteration, demolition, installation, or repair work done under contract and paid for in whole or in part out of public funds...” (Labor Code § 1720(a)(1).)

An outline of the additional requirements applicable to public works projects are further described in Section X.

VI. Guidelines for Selecting Contractors/Vendors

A. Prequalification Procedures

The Charter School may, but is not required to, establish prequalification procedures for any contract for which bids are required.

B. Suspended and Debarred Contractors/Subcontractors

The Charter School may not consider any contractor or subcontractor that is debarred, suspended or is otherwise excluded from bidding on, accepting, or performing any public works contracts, by the Division of Labor Standards Enforcement (“DLSE”) of the California Department of Industrial Relations (“DIR”).

The Charter School is required to vet any potential contractor or subcontractor for suspension or debarment before a contract may be awarded. A list of suspended and debarred contractors and subcontractors may be accessed through the DLSE Debarments Web Site at <http://www.dir.ca.gov/dlse/debar.html>.

VII. Informal Bidding and Contract Approval – Contracts up to \$50,000

All purchases over \$50,000 must include documentation of a good faith effort to secure the lowest possible cost for comparable goods or services of similar value. The President & CEO or designee shall not approve invoices, purchase orders, or check requests lacking such documentation. Documentation shall be attached to all invoices, purchase orders, and check requests indicating that at least three (3) contractors/vendors were contacted, and such documentation shall be maintained for three (3) years. Informal quotes or proposals for goods and/or services may be requested and received in writing by mail, email, facsimile, and/or verbally, such as by telephone, as long as properly documented.

Contracts for purchases of up to \$100,000 within the approved budget may be executed by the President & CEO without prior Board approval. The Governing Board must review all expenditures. This will be done via approval of a check register which lists all checks written during a set period of time and includes check #, payee, date, and amount. The Governing Board must also approve contracts over \$100,000. The Director of Operations must approve all purchases.

VIII. Formal Bidding and Contract Approval – Contracts Over \$50,000

Contracts for the purchase of more than \$50,000 worth of equipment, materials or supplies to be furnished, sold, or leased to the Charter School, or contracts for more than \$50,000 worth of services or construction (excluding those professional services agreements enumerated in Section IV), shall be subject to the formal bidding requirements set forth herein.

If formal bidding is required, the Charter School shall utilize the following procedures:

A. Seeking Bids

The Charter School shall seek bids from those sources able to offer the best prices, consistent with quality, quantity, delivery, and service. To ensure that good value is received for funds expended, the request for bids shall be carefully designed to clearly and completely describe in detail the quality, delivery, and service required, and shall include the criteria that will be used to evaluate the offers and the relative weights given to the criteria. Further, the request for bids shall specify the date in which all bids must be received by the Charter School.

Notice of the request for bids may be provided in one or more of the following ways:

- (1) Publishing the request for bids in at least one newspaper of general circulation within the boundaries of each authorizer's County, once a week for at least [two (2) weeks] before the deadline for receiving bids;
- (2) Posting the request for bids on the Charter School's website or other electronic portal for at least [two (2) weeks] before the deadline for receiving bids; and/or
- (3) Directly submitting notice of the request for bids to an adequate number of qualified sources to permit reasonable competition consistent with the nature and purpose of this policy. Any list of potential contractors/vendors that is generated must be current and include enough qualified sources to ensure reasonable open and free competition.

B. Opening Bids

Bids may be opened only at the time and place prescribed by the President & CEO or designee. A bid that has been opened may not be changed for the purpose of correcting an error in the bid price. However, bidders retain the right to withdraw a bid due to a material mistake in the bid. After bids have been opened, they shall be available for inspection or copy by any interested party. The Charter School must maintain the bid document(s) for the duration of the contract and for three (3) years beyond the completion of the contract.

C. Contract Award

The Board, or any employee of the Charter School to whom responsibility has been delegated, shall award a competitively bid contract at the bid amount to the bidder offering the best value to the Charter School according to its selection criteria. The contract need not be awarded to the lowest responsible bidder. The selection criteria may include the following factors:

- (1) Purchase price;
- (2) Reputation of the contractor/vendor and of the contractor's/vendor's goods and/or services;

- (3) Quality of the contractor's/vendor's goods and/or services;
- (4) Extent to which the goods and/or services meet the Charter School's needs;
- (5) Contractor's/vendor's record of past performance;
- (6) Contractor's/vendor's financial standing and capacity;
- (7) Contractor's/vendor's past relationship with the Charter School; and
- (8) Total long-term cost to the Charter School to acquire the goods and/or services.

Contracts over \$100,000 must be approved by the Board prior to execution by the President & CEO.

Policy Statement on Safety

The safety and health of each Compass Charter Schools (CCS) employee is of primary importance to us. We are committed to maintaining a safe and healthful working environment, and to achieve this goal, we have developed and implemented this comprehensive Safety Manual and Injury and Illness Prevention Program (“IIPP”). This Manual is designed to prevent workplace accidents, injuries, and illnesses. A complete copy of the program is maintained at our office at 850 Hampshire Road, Suite P, Thousand Oaks, CA 91261. A copy is also maintained online via Facebook Workplace. You may ask to review it at any time. You may also contact our Director of Operations at (818) 769-7241, if you have any questions or concerns.

It is the intent of CCS to comply with all laws relating to occupational safety and health. Management will provide all necessary safeguards, programs, and equipment required to reduce the potential for accidents and injuries. To further increase workplace safety, we require the active participation and assistance of all employees. The policies and procedures contained in this Manual are mandatory. You should also be constantly aware of conditions in all work areas that can produce injuries or illness. No employee is required to work at a job that he or she knows is not safe. Never hesitate to inform your supervisor of any potentially hazardous situation or condition that is beyond your ability or authority to correct immediately. No employee will be discriminated against for reporting safety concerns to management.

It is the responsibility of each employee to support the company safety program and to perform in a manner that assures his or her own personal safety and the safety of others, including customers, visitors and other trades. To be successful in our endeavor, all employees on every level must adopt proper attitudes towards injury and illness prevention. We must also cooperate in all safety and health matters, not only between management and employees, but also between each employee and his or her respective coworkers. Only through such an effort can any safety program be successful. Our objective is a safety and health program that will reduce the total number of injuries and illnesses to an absolute minimum. Our ultimate goal is zero accidents.

7. Instruct all employees, under their supervision, in safe work practices and job safety requirements.
8. Hold occasional safety meetings with employees.
9. Ensure employee proficiency when assigning work requiring specific knowledge, special operations or equipment.
10. Ascertain that all machinery, equipment, and workstations are maintained in safe working condition and operate properly.
11. Correct unsafe acts and conditions that could cause accidents.
12. Communicate with all employees about safety and accident prevention activities.
13. Correct the cause of any accident as soon as possible.
14. Ascertain that proper first aid and firefighting equipment is maintained and used when conditions warrant its use.
15. Maintain good housekeeping conditions at all times.
16. Investigate all injuries and accidents to determine their cause and potential corrective action.
17. Ascertain that all injuries involving our employees that require medical attention are properly treated and promptly reported to the office.

The Safety Coordinator acts as a safety resource for the company and is responsible for maintaining program records. The Director of Operations is currently responsible for this role. The Safety Coordinator will also be our primary person to deal with outside agencies regarding the safety program and its contents. Additional duties include:

1. Coordinate of all loss prevention activities as a representative of management.
2. Act as a consultant to management in the implementation and administration of the policies set forth in this Manual.
3. Develop and implement loss prevention policies and procedures designed to insure compliance with the applicable rules and regulations of all federal, state, and local agencies.
4. Review all accident reports to determine cause and preventability.
5. Conduct periodic reviews of the program and job sites to evaluate performance, discuss problems and help solve them.

6. Consult with representatives of our insurance companies in order that their loss control services will support the IIPP.
7. Review Workers' Compensation Claims and help supply the insurance carrier with information about injured employees in order to keep loss reserves as low as possible.

Every employee is responsible for working safely, both for self-protection and for protection of fellow workers. Employees must also support all company safety efforts. Specific employee safety responsibilities include:

1. If you are unsure how to do any task safely, ask your supervisor.
2. Read and abide by all requirements of this Manual.
3. Wear all required personal protective equipment.
4. Report all accidents and injuries, no matter how minor, to your supervisor immediately.
5. Do not operate any equipment you have not been trained and authorized to use.
6. Report any safety hazards or defective equipment immediately to your supervisor.
7. Do not remove, tamper with or defeat any guard, safety device or interlock.
8. Never use any equipment with inoperative or missing guards, safety devices or interlocks.
9. Never possess, or be under the influence of, alcohol or controlled substances while on the premises.
10. Never engage in horseplay or fighting.
11. Participate in, and actively support, the safety program.

Office Safety

Office accidents can and do happen. To prevent them, CCS has developed the following rules for our office staff. We will also endeavor to include office employees in periodic safety meetings. If at any time, you feel there is a safety hazard, or you have any safety concerns, please do not hesitate to notify the Director of Operations.

1. Report all accidents and injuries, no matter how minor, to your Supervisor immediately.
2. Correct or report any safety hazards that you observe.
3. Clean up any spilled material that may present a slipping hazard.
4. Do not stretch any cords across aisles that may present a tripping hazard.
5. No one is allowed to climb on shelves or stand on chairs; you must use a step stool or ladder.
6. Keep all legs of the chair on the floor. Do not tilt chairs too far back.
7. No one shall be in the possession of, or under the influence of, alcohol or other intoxicating substances while on the premises.
8. No horseplay will be tolerated.
9. Close file drawers when not in use.
10. Do not open more than one file drawer at a time. This could cause the cabinet to tip.
11. Do not store heavy objects above your head that could fall on you in an earthquake.
12. Do not store flammable or combustible materials near heaters or other heat sources.
13. If you are unsure how to do any task safely, ask your supervisor.
14. Do not operate any equipment you are not trained and authorized to use.
15. Always follow safe lifting procedures when lifting any object and get help for heavy loads by doing the following:
 - Bend your knees, not your back.
 - Keep the load close to body.
 - Keep your back straight.
 - Lift with your legs.
 - Do not lift and twist.

Office Ergonomics

Studies have shown over the years that poorly designed and arranged work areas and repetitive motions can lead to a variety of injuries including carpal tunnel syndrome and tendonitis, which are often referred to as repetitive motion injuries (RMI). As with cancer, heart disease, and many other ailments, there are risk factors that increase an individual's likelihood of developing RMI. If the risk factors are reduced, so are the chances of being injured. While some of these risk factors, such as family history, cannot be controlled in the employment setting, many can, including:

- The force used to perform a task;
- Posture while performing tasks;
- The number of repetitions performed in a given time period; and
- Mechanical stresses such as hard surfaces.

Proper Adjustments to Office Equipment

The most significant RMI risk factor in office environments is poor body posture caused by improper workstation design or layout. In many cases employees are required to work in awkward positions for long periods of time. This greatly increases the likelihood of injury. Fortunately, this is often the easiest problem to correct. The goal is to perform work in neutral posture as much as possible. Neutral posture is best described as the most comfortable position and usually involves little or no twisting or deviation of the joints.

To apply the principle of neutral posture to the office setting we need to look at the five major components of office workstations. They are: the chair, the computer keyboard, the desk, the computer monitor, and the work product.

Chairs

Chairs are often the most overlooked piece of office equipment, yet they are the single most important item from an ergonomic standpoint. A poor chair that lacks adjustments and support makes it almost impossible to work comfortably and in neutral posture. Good office chairs are fully adjustable including:

- Chair height.
- Height of the backrest.
- The position forward or back of the backrest.
- The position forward or back of the seat pan.
- The angle (tilt) of the seat pan.
- If armrests are provided, they should be height and width adjustable.

In many cases, fully adjustable chairs are provided for employees, but they never adjust them. Make sure you understand all of the adjustments your chair has and how to use them. When in doubt, read the owner's manual or ask. A properly adjusted chair should allow the user to rest their feet comfortably on the floor without putting pressure on their lower thighs. Their knees should be approximately the same height as their hips, or slightly higher, and they should be able

to sit back against the backrest which is positioned for lower back support. If your feet do not rest comfortably on the floor the chair is too high. If the chair cannot be lowered any further, a footrest should be used. Whether armrests are provided depends on the type of workstation and personal preference. If they are provided, they should be height adjustable to allow the arms to rest comfortably on them without excessive shoulder drop. Armrests should also be well padded to reduce pressure on the lower arms.

Keyboards

The keyboard should be positioned to minimize bend in your wrists. In order to accomplish this, it is often necessary to have a position and height adjustable keyboard tray attached to the underside of the desk. Using a tray also frees up workspace on the desk where the keyboard once sat.

The height of the keyboard should be set so that there is approximately a ninety-degree (90°) angle between the upper and lower arms. There should also be a straight line from the elbow out through your fingers. If your fingers hang down too much or bend up, creating a “V” between your hand and forearm, you place extra stress on your wrist. Many people find it comfortable to use padded wrist rests in front of the keyboard. This often helps minimize wrist deflection. The keyboard tray should also be adjusted so that you do not have to reach forward too far to type. Your elbows should be close to your side and back by your spine, not out in front of you. Do not extend the small legs on the bottom of the keyboard tray. This increases the wrist angle unnecessarily. Many keyboard trays now also have extensions for your mouse. This places everything you need within easy reach.

Desks

Desks should be arranged so that you are able to comfortably write and use your office equipment. Some of these items may need to be moved closer to you. Your legs should also fit easily under the desk. Stored items, such as boxes, which block your legs should be removed. The standard desk height is fine for most people. If you are exceptionally tall or short, however, adjusting the desk up or down an inch, if possible, may be helpful.

Work product should be kept within easy reach. Heavy notebooks or binders that you use often should be placed near you. If you use the phone a lot, consider using a headset to reduce neck strain and free up your hands for other tasks. Copyholders can be very helpful if you are entering data or typing from paper. Set them up so they are as close to the screen as possible to reduce neck motion.

Computer Monitors

Your computer monitor should be directly in front of you. Monitors that are off to one side cause you to turn your neck, which can lead to injury. The top of the screen should be at about eye level. If the screen is too low your neck will ache from constantly looking down. Putting old phone books or reams of copy paper under them can easily raise monitors. You may also use a special adjustable monitor holder to free up desk space. Tilt the screen so that the top is closer to you than the bottom. This will reduce glare from overhead lights. If you cannot get away from outside

light, use a glare screen to improve contrast and reduce eyestrain that can cause headaches. Also know how to adjust the screen contrast and brightness controls and keep the screen clean and free of dust and fingerprints.

Force, Repetition, and Mechanical Stress

The risk factors of force, repetition, and mechanical stress are also controllable in an office environment. Force can be reduced by using automatic staplers and date stamps. If heavy files, boxes, or other items must be moved, use carts and dollies. When filing, use two hands to hold the larger files and keep heavy items stored between knee and shoulder height to reduce strain on your back and arms.

Repetition is controllable through the use of task management. Break up the work as much as possible throughout the day. If possible, do not spend more than two hours at a time typing or entering data. Intersperse other tasks such as filing to use other muscle groups. You should take ten-minute breaks every two hours if you are doing repetitive tasks.

Mechanical stress occurs when you rest parts of your body against hard or sharp objects. This cuts off blood flow and presses on nerves, which can lead to numbness and tingling. Sharp edges can be padded or cushioned where needed to reduce this.

Worksite Evaluation and Exposure Reduction.

Each job, process, or operation of identical work activity that has resulted in at least two (2) instances of RMI shall be evaluated for exposures that have caused RMI. CCS may request assistance from outside consultants for this purpose.

Any exposures that have caused RMI shall, in a timely manner, be corrected or if not capable of being corrected have the exposures minimized to the extent feasible. We shall consider engineering controls, such as work station redesign, adjustable fixtures or tool redesign, and administrative controls, such as job rotation, work pacing or work breaks.

Training

Affected employees shall be provided training that includes an explanation of:

- CCS program;
- The exposures which have been associated with RMI;
- The symptoms and consequences of injuries caused by repetitive motion;
- The importance of reporting symptoms and injuries to their supervisor; and
- Methods used to minimize RMI.

This training may be conducted as part of the regular safety meetings.

Fleet & Driving Safety

CCS has established the following guidelines and procedures for our drivers and vehicles to protect the safety of individuals operating any motor vehicle on company business. Protecting our employee drivers, their passengers, and the public is of the highest priority. The commitment of management and employees is critical to the success of this program. Clear communication of, and strict adherence to, the program's guidelines and procedures are essential.

Our primary goal is to maintain a high level of safety awareness and foster responsible driving behavior. Driver safety awareness and responsible driving behavior will significantly decrease the frequency of motor vehicle accidents and reduce the severity of personal injuries and property damage.

Drivers must follow the requirements outlined in this program. Violations of this program may result in disciplinary action up to, and including, suspension of driving privileges or dismissal.

Driver Selection

Only company authorized and assigned employees are allowed to drive company vehicles at any time. Prior to being authorized and assigned, CCS will check the following items. Drivers must have:

- A valid un-restricted driver's license;
- Current, valid driver's insurance; and
- A current driving record on file, reflecting no more than two (2) points and no serious or major violations (any conviction involving driving while under the influence will be deemed to be a serious and major violation).

CCS will also check driving records of all employees authorized to drive on company business on an annual basis.

Employees that do not meet these requirements are not authorized or allowed to drive company vehicles or drive their own vehicle on company business.

Driving Rules

These rules are mandatory for all employees driving on behalf of CCS.

1. Only authorized employees may drive on behalf of CCS . No other family members may drive vehicles on behalf of CCS.
2. Seat belts must be worn in CCS vehicles at all times. You should wear the lap belt low across your hips and have the shoulder strap directly across your chest. You also need to keep the belt tight. There should not be more than an inch between your body and the belt at any point.

3. No employee is permitted to drive vehicles behalf of CCS while impaired by alcohol, illegal or prescription drugs, or over the counter medications. You must be sober and alert at all times while driving.
4. All accidents which occur while driving behalf of CCS must be reported to the office immediately.
5. Employees with two (2) or more preventable accidents in a three (3) year period, or that obtain three (3) points on their driving record, will be subject to a loss of their driving privileges or have their driving privileges restricted.
6. Get the big picture while driving. Keep your eyes aimed high and try to anticipate hazards and other drivers' mistakes. You should be looking well ahead of where you are. You should also always leave yourself an out in case the other driver does the unexpected.
7. Maintain a safe following distance at all times. Approximately one-third ($\frac{1}{3}$) of all auto accidents are rear end collisions. You should be at least two (2) seconds behind the vehicle in front of you to allow yourself sufficient time to stop. Do not tailgate. Following distances should be increased for larger vehicles or if in slippery or rainy conditions.
8. Avoid passing on two lane roads. Head on collisions are the most common cause of fatalities. You should also turn on your headlights while driving on two lane roads. This helps oncoming traffic see and avoid you. Never pass another vehicle on blind turns or hills.
9. Inspect the vehicle for mechanical defects prior to each trip. Test your brakes as soon as you start out to insure they are properly operating. Worn tires can make your vehicle difficult to control or stop.
10. Avoid using your phone and other distracting activities while driving. These actions take your eyes off the road and often cause you to swerve. Pull over into a safe parking area before making that call.
11. Never drive faster than road conditions warrant. Slow down when road conditions are poor (rain, fog, night) and never exceed posted speed limits.
12. Always signal when changing lanes or turning.
13. Use caution when passing any stopped vehicle, especially near intersections or cross walks.
14. Avoid tailgating, rapid lane changes, speeding, and hand gestures to bad drivers. If you are being tailgated, change lanes and let them pass.
15. Intersection collisions are a significant problem. These are often caused by someone running the red light. You should always be under control when approaching an intersection and be prepared to stop if the light changes.

16. Slow down and look for trains at all railroad crossings. Even with modern signals and gates, hundreds of cars are hit by trains each year at grade crossings.
17. Use your low beams while driving in fog and slow down. If you cannot see, pull over into a safe parking area and wait for better visibility. Do not stop in the traffic lanes. You will almost certainly be hit by another vehicle if you do.
18. Always walk behind the vehicle before backing. This will insure that there are no people or objects behind you that you cannot see from the driver's seat. You should also make sure that all loads are properly secured to prevent them from moving. Numerous accidents are caused by objects that have fallen off vehicles carrying freight.
19. Always signal well in advance when changing lanes or turning, and make sure to check your blind spot for other vehicles. Also, avoid driving in someone else's blind spot. If they can't see you, they don't know you are there.
20. Yield the right of way until you are sure the other driver is going to stop. Just because you have the legal right of way does not mean you should always take it. Always yield the right of way to emergency vehicles.
21. Engage in defensive driving by expecting the unexpected, anticipating bad driving by others, looking ahead for hazards, leaving room for evasive maneuvers if necessary, always driving under control, and obeying the rules of the road.

Hazardous Materials and Chemicals Communication Program

It is the policy of CCS that the first consideration of work shall be the protection of the safety and health of all employees. We have developed this Hazard Communication Program to ensure that all employees receive adequate information about the possible hazards that may result from the various materials used in our operations. This Hazard Communication Program will be monitored by the Director of Operations, who will be responsible for ensuring that all facets of the program are carried out, and that the program is effective.

Please note that the following items are not included in the program:

- Foods, drugs, cosmetics or tobacco;
- Untreated wood products;
- Hazardous waste; and
- Consumer products packaged for sale to and use by the general public, provided that our exposure is not significantly greater than typical consumer exposure.

Hazardous Material Inventory

The Director of Operations maintains a list of all hazardous materials used in our operations. This list contains the name of the product, the type of product (solvent, adhesive etc.) and the name and address of the manufacturer.

Material Safety Data Sheets (MSDS)

Copies of MSDS for all hazardous substances to which our employees may be exposed will be kept in a binder in the office at 850 Hampshire Road, Suite P, Thousand Oaks, CA 91261. These MSDS are available to all employees, at any reasonable time, upon request. Copies of the most commonly used products will also be kept by the Supervisor at the work site.

The Director of Operations will be responsible for reviewing incoming MSDS for new and significant health/safety information. They will ensure that any new information is passed on to the affected employees.

The Director of Operations will also review all incoming MSDS for completeness. If an MSDS is missing or obviously incomplete, a new MSDS will be requested from the manufacturer. The California Occupational Safety and Health Administration (“Cal/OSHA”) will be notified if a complete MSDS is not received and the manufacturer will not supply one.

New materials will not be introduced into the shop or field until a MSDS has been received. The purchasing department will make it an ongoing part of their function to obtain MSDS for all new materials when they are first ordered.

Container Labeling

No container of hazardous substances will be used unless the container is correctly labeled and the label is legible.

All chemicals in cans, bags, drums, pails, etc., will be checked by the receiving department to ensure the manufacturer's label is intact, is legible, and has not been damaged in any manner during shipment. Any containers found to have damaged labels will be held until a new label has been installed. New labels will be obtained from the manufacturer.

The label must contain:

- The chemical name of the contents;
- The appropriate hazard warnings; and
- The name and address of the manufacturer.

All secondary containers will be labeled as to their contents with a reference to the original label.

Employee Information and Training

All employees will be provided information and training on the following items through the CCS safety training program and prior to starting work with hazardous substances. Such information and training shall include the following:

1. An overview of the requirements of the Hazard Communication Standard, including their rights under this regulation.
2. Information regarding the use of hazardous substances in their specific work areas.
3. The location and availability of the written hazard communication program. The program will be available from the Supervisor and Director of Operations.
4. The physical and health hazards of the hazardous substances in use.
5. Methods and observation techniques used to determine the presence or release of hazardous substances in the work area.
6. The controls, work practices and personal protective equipment that are available for protection against possible exposure.
7. Emergency and first aid procedures to follow if employees are exposed to hazardous substances.
8. How to read labels and material safety data sheets to obtain the appropriate hazard information.

Hazardous Non-Routine Tasks

Infrequently, employees may be required to perform hazardous non-routine tasks. Prior to starting this work, each involved employee will be given information by his/her supervisor about hazards to which they may be exposed during such activity.

This information will include:

- The specific hazards;

- Protective/safety measures which must be utilized; and
- The measures the organization has taken to lessen the hazards, including special ventilation, respirators, the presence of another employee, emergency procedures, etc.

Informing Outside Contractors and Vendors

To ensure that outside contractors are not exposed to our hazardous materials, and to ensure the safety of the contractor's employees, it will be the responsibility of the Supervisor to provide outside contractors the following information:

- The hazardous substances under our control that they may be exposed to while at the work site; and
- The precautions the contractor's employees must take to lessen the possibility of exposure.

We will obtain from outside contractors and vendors the name of any hazardous substances the contractor's employees may be using at a work site or bringing into our facility. The contractor must also supply a copy of the material safety data sheet relevant to these materials.

Employee Rights Under The Hazard Communication Standard

At any reasonable time, an employee has the right, upon request, to:

- Access the MSDS folder, and the Hazard Communication Program;
- Receive a copy of any environmental sampling data collected in the workplace; and
- See his/her employment medical records.

Hazard Identification and Evaluation

To assist in the identification and correction of hazards, CCS has developed the following procedures. These procedures are representative only and are not exhaustive of all the measures and methods that will be implemented to guard against injury from recognized and potential hazards in the workplace. As new hazards are identified and improved work procedures developed, they will be promptly incorporated into our Safety Manual.

Loss Analysis

Periodic loss analyses will be conducted by the Director of Operations. These will help identify areas of concern and potential job hazards. The results of these analyses will be communicated to management, supervision, and employees through safety meetings and other appropriate means.

Accident Investigations

All accidents and injuries will be investigated in accordance with the guidelines contained in this program. Accident investigations will focus on all causal factors and corrective action including the identification and correction of hazards that may have contributed to the accident.

Employee Suggestions

Employees are encouraged to report any hazard they observe to their supervisor. No employee of CCS will ever be disciplined or discharged for reporting any workplace hazard or unsafe condition in good faith. However, employees who do NOT report potential hazards or unsafe conditions that they are aware of will be subject to disciplinary action.

Regulatory Requirements

All industries are subject to government regulations relating to safety. Many of these regulations are specific to our type of business. Copies of pertinent regulations can be obtained from the Safety Coordinator/Director of Operations.

Outside Agencies

Several organizations will assist us in identifying hazards in our workplace. These include safety officers from other contractors, insurance carrier safety and health consultants, private industry consultants, the fire department, and Cal/OSHA Consultation.

Periodic Safety Inspections

Periodic safety inspections ensure that physical and mechanical hazards are under control and identify situations that may become potentially hazardous. Inspections shall include a review of the work habits of employees in all work areas. These inspections will be conducted by the Supervisor, Manager, Safety Coordinator/Director of Operations or other designated individual.

Periodic safety inspections will be conducted:

- When new substances, process, procedures or equipment are used;
- When new or previously unrecognized hazards are identified; and
- Periodically by the Safety Coordinator.

These inspections will focus on both unsafe employee actions as well as unsafe conditions. The following is a partial list of items to be checked.

- The proper use, condition, maintenance and grounding of all electrically operated equipment.
- The proper use, condition, and maintenance of safeguards for all power-driven equipment.
- Compliance with the Code of Safe Practices.
- Housekeeping and personal protective equipment.
- Hazardous materials.
- Proper material storage.
- Provision of first aid equipment and emergency medical services.

Any and all hazards identified will be corrected as soon as practical in accordance with the CCS hazard correction policy.

If imminent or life threatening hazards are identified, which cannot be immediately corrected, all employees must be removed from the area, except those with special training required to correct the hazard, who will be provided necessary safeguards.

Documentation of Inspections

Safety inspections will be documented to include the following:

- Date on which the inspection was performed;
- The name and title of person who performed the inspection;
- Any hazardous conditions noted or discovered and the steps or procedures taken to correct them; and
- Signature of the person who performed the inspection.

All reports shall be kept on file for a minimum of two (2) years.

Hazard Correction

The following procedures will be used to evaluate, prioritize and correct identified safety hazards. Hazards will be corrected in order of priority, with the most serious hazards being corrected first.

Hazard Evaluation

Factors that will be considered when evaluating hazards include:

- Potential severity (the potential for serious injury, illness or fatality);
- Likelihood of exposure (the probability of the employee coming into contact with the hazard);
- Frequency of exposure (how often employees come into contact with the hazard);
- Number of employees exposed;
- Possible corrective actions (what can be done to minimize or eliminate the hazard); and
- Time necessary to correct (the time necessary to minimize or eliminate the hazard).

Techniques for Correcting Hazards

1. **Engineering Controls:** Could include machine guarding, ventilation, noise reduction at the source, and provision of material handling equipment. These are the first and preferred methods of control.
2. **Administrative Controls:** The next most desirable method would include rotation of employees or limiting exposure time.
3. **Personal Protective Equipment:** Includes hard hats, hearing protection, respirators and safety glasses. These are often the least effective controls for hazards and should be relied upon only when other controls are impractical.

Documentation of Corrective Action

All corrective action taken to mitigate hazards should be documented. Depending on the circumstances, one of the following forms should be used:

- Safety Contact Report;
- Safety Meeting Report;
- Memo or letter; or
- Safety inspection form.

All hazards noted on safety inspections will be rechecked on each subsequent inspection and notations made as to their status.

Fire Prevention and Emergency Action Plan

CCS has developed the following emergency plan to cover those designated actions that must be taken to ensure employee safety from fire and during other emergencies. Any questions about this plan should be directed to the Director of Operations.

Office, Shop & Warehouse Emergency Evacuation and Fire Prevention

The Director of Operations is responsible for ensuring the following:

1. That all required emergency exits are clearly identified in the office, shop, and warehouse and that all required firefighting and emergency equipment is available and in good condition. The following items will be maintained:
 - First aid kit;
 - Drinking water;
 - Flashlight;
 - Portable battery powered radio and batteries;
 - Fire extinguishers;
 - Wrench to shut off the main gas valve; and
 - Pry bars, axes, saws, tools or similar devices for employee rescue.
2. That there is a facility map designating all emergency evacuation routes and the locations of all fire fighting equipment and emergency supplies and equipment. These maps will be posted in at least two (2) locations in the facility.
3. Training all exposed employees on the procedures to be followed in the event of fire, earthquake or other emergency including how to properly notify other affected employees.
4. Identifying potential fire hazards in the office, shop and warehouse and ensuring that adequate steps are taken to prevent fires.
5. Ensuring that combustible trash and materials are removed promptly from the facility, and that all flammable and combustible liquids are properly stored and handled.

During an Emergency

In the event of an emergency such as earthquake or fire, all employees are expected to evacuate the premises immediately.

Employees will be notified of emergencies through one of the following:

- Fire alarm;
- Intercom;
- Emergency horn; or

- Direct voice communication.

After the emergency evacuation has been completed, a head count will be taken to ensure everyone is out of the building.

Bloodborne Pathogen Exposure Control Plan

I. **INTRODUCTION**

A. **Purpose**

The purpose of this Bloodborne Pathogen Exposure Control Plan is to:

1. Eliminate or minimize employee occupational exposure to blood or certain other body fluids;
2. Comply with the Cal/OSHA's Bloodborne Pathogens Standard (8 CCR § 5193).

B. **Background**

Blood and body fluids may contain pathogens, which are small organisms that can cause serious disease. Some of the most common bloodborne diseases are:

1. Hepatitis B virus ("HBV") and Hepatitis C virus ("HCV"), which causes hepatitis, a potentially fatal liver disease; and
2. Human Immunodeficiency Virus ("HIV"), the cause of Acquired Immunodeficiency Syndrome ("AIDS").

HBV, HCV and HIV are usually passed on when disease organisms enter the body through mucous membranes or through breaks in the skin.

In the school setting, the most common way exposure can occur is when an employee has an open sore or injury and is in contact with blood or other infectious material, or when an employee is not wearing the proper personal protective equipment to protect against contact with infectious material such as blood, human tissue or other body fluids that contain blood.

C. **Management Commitment/Responsibility**

The development and implementation of an exposure control plan requires the commitment of management and participation of all employees at every level within the organization.

1. **Policy Statement**

It is the policy of CCS to provide a safe and healthy work environment for all of its employees by minimizing exposure to bloodborne pathogens.

2. **Responsibility**

- a. It shall be the responsibility of the Director of Operations to review the

organization's bloodborne pathogen exposure control program annually. Whenever necessary, the Exposure Control Plan will be amended to reflect new or modified tasks and procedures, which affect occupational exposure.

- b. It shall be the responsibility of the Director of Operations to conduct facility audits to assess exposure control compliance, including examination of engineering controls on a regular basis to ensure their effectiveness.
- c. The Director of Operations shall coordinate, implement and monitor the training, vaccinations, post-exposure evaluation and follow-up, post-exposure prophylaxis, and record keeping required annually to ensure compliance in accordance with bloodborne pathogens exposure control standards.
- d. The Principal for each school site is responsible for overseeing the implementation of the work practice controls at that site.
- e. The Director of Operations is responsible for assessing and selecting appropriate personal protective equipment.
- f. The Principal for each school site is responsible for ensuring that appropriate personal protective equipment is available to employees at that site. Employees are responsible for wearing the designated personal protective equipment.
- g. The Director of Operations is responsible for maintaining the training records.

II. EXPOSURE DETERMINATION

A. Definition of Occupational Exposure

Any employee with occupational exposure to blood or other potentially infectious materials is covered by the Exposure Control Plan. Potentially infectious materials include the following human body fluids: blood, semen, vaginal secretions, cerebrospinal fluid, synovial fluid, pleural fluid, pericardial fluid, peritoneal fluid, amniotic fluid, saliva, any body fluid that is visibly contaminated with blood, and all body fluids in situations where it is difficult or impossible to differentiate between body fluids.

Occupational exposure is defined by Cal/OSHA as "reasonably anticipated skin, eye, mucous membrane, or parenteral contact with blood or other potentially infectious materials that may result from the performance of an employee's duties." (Parenteral means piercing mucous membranes or the skin barrier through such events as needlesticks, human bites, cuts and abrasions). Further, to be considered "occupational exposure," the contact must result from the performance of an employee's duties.

B. Determination of Occupational Exposure

The Cal/OSHA regulations provide for the Hepatitis B vaccination of certain employees who may reasonably anticipate occupational exposure. Accordingly, it is the organization's responsibility to identify and list the following:

1. Each job classification in which all the employees have reasonably anticipated occupational exposure.
2. Each job classification in which some of the employees have occupational exposure.

In identifying the job classification, CCS must specify the job tasks and procedures in which occupational exposure is reasonably anticipated to occur. These job classifications and related job tasks and procedures are identified in the list that follows, entitled "Job Classifications in Which Employees Have Occupational Exposure to Bloodborne Pathogens."

Consequently, Hepatitis B vaccinations shall be provided to those employees determined by CCS to have occupational exposure to blood and other potentially infectious materials, and to be eligible for vaccination.

**Job Classifications in Which Employees
Have Occupational Exposure to Bloodborne Pathogens**

Below are listed the job classifications at CCS where some or all employees may handle human blood or other potentially infectious materials, and the tasks/procedures which may result in possible exposure to bloodborne pathogens:

III. HEPATITIS B VACCINATION PROGRAM

CCS recognizes that even with good adherence to all exposure prevention practices, exposure incidents can occur. As a result, the organization has implemented a Hepatitis B vaccination program, as well as set up procedures for post-exposure evaluation and follow-up should exposure to bloodborne pathogens occur.

This program is available, at no cost, to all eligible employees who have occupational exposure to bloodborne pathogens.

See Section II, Exposure Determination, to identify those employees who will be offered the vaccination. The vaccination is a series of either two or three injections. Field trials of the vaccines have shown eighty to ninety percent (80% - 90%) efficacy in preventing infections.

Vaccination for employees with occupational exposure will be made available following the required Bloodborne Pathogens training and within ten (10) working days of initial assignment.

Vaccinations are performed under the supervision of a health care professional. Employees taking part in the vaccination program are listed under the section Determination of Occupational Exposure. Employees who are eligible, but have declined to take part in the program are listed as well and have signed the "Vaccination Declination Form." (See **Appendix A**). The completed "Vaccination Declination Forms" shall be maintained by CCS. If any employee signs the "Vaccination Declination Form," but at a later date chooses to receive the vaccination, the organization will make it available at that time.

Employees who are designated first-aid providers are not mandatorily eligible for pre-exposure vaccination, but may be eligible for vaccination in the event the employee renders assistance during a first-aid incident involving the presence of blood or infectious material. See discussion regarding such vaccination under the section regarding Post Exposure Evaluation and Follow-up.

Designated first aid providers are defined as employees who may run a risk of occupational exposure, however, this risk arises in the context of the performance of a "collateral" duty, and is not performed on a regular basis.

IV. METHODS OF COMPLIANCE

There are a number of areas that must be addressed in order to effectively minimize exposure to bloodborne pathogens in our district. These include:

A. Universal precautions

Universal precautions is an approach to infection control. According to the concept of universal precautions, all human blood and body fluids are treated as if known to be infectious.

In the school setting, precautions shall include: hand washing, using gloves and other

appropriate protective equipment, careful trash disposal, and using an Environmental Protection Agency (“EPA”) approved disinfectant known to kill HBV, HCV and HIV. If injectables are given, use of safety syringes are recommended.

Universal precautions shall be used within the school setting at all times to prevent contact with blood or other potentially infectious materials.

All procedures involving blood or other body fluids shall be performed in such a manner as to minimize splashing, spraying, splattering, and generation of droplets of these substances.

B. Engineering and Work Practice Controls

Engineering controls means controls that isolate or remove the bloodborne pathogens hazard from the workplace (e.g., sharps disposal containers). See Section III D on Contaminated Needles and Sharps.

Work practice controls are controls that reduce the likelihood of exposure by altering the manner in which a task is performed.

Hand washing: Thorough hand washing is the single most effective means in preventing the spread of infectious diseases and should be practiced routinely by all school personnel and taught to students as routine hygienic practices.

All employees shall wash hands and any other skin with soap and water and flush exposed mucous membranes with water immediately, or as soon as practicable, following contact of such body areas with blood or other potentially infectious materials.

Employees shall wash their hands immediately, or as soon as possible after removal of gloves or other personal protective equipment.

How to wash hands: Wet hands with running water and apply soap from a dispenser. Lather well. You may wish to remove all jewelry from hands and place in a safe location at this time. Wash vigorously for fifteen (15) to twenty (20) seconds. Soap suspends easily-removable soil and microorganisms, allowing them to be washed off. Running water is necessary to carry away dirt and debris. Rinse well under running water with water draining from wrist to fingertips. Leave water running. Dry hands well with a paper towel and then turn off the faucet with paper towel. Discard the towel in appropriate container. Apply hand cream after frequent hand washing. Use lotion to prevent skin irritation, breakdown and subsequent infection. In some situations running water is not available. Liquid disinfectant and/or towelettes should be substituted temporarily. (Employees with frequent exposure to body fluids should not wear hand jewelry in the workplace.)

Hand washing facilities: Hand washing facilities or antiseptic solutions and/or towelettes (to be used as an immediate but temporary measure in places where hand washing facilities are not available) will be readily accessible. Hand washing facility means a facility

providing an adequate supply of running potable water, soap and single-use towels or hot air drying machines.

C. Personal Protective Equipment

Personal protective equipment is specialized clothing or equipment worn or used by an employee for protection against a hazard (e.g., gloves, eye protection, etc.).

All personal protective equipment used at CCS to provide a barrier against bloodborne pathogens will be provided without cost to employees. Personal protective equipment will be chosen based on the anticipated exposure to blood or other potentially infectious materials. The protective equipment will be considered appropriate only if it does not permit blood or other potentially infectious materials to pass through or reach the employees' clothing, skin, eyes, mouth, or other mucous membranes.

All personal protective equipment will be inspected periodically and repaired or replaced as needed to maintain its effectiveness. Employees shall be responsible for notifying his or her Supervisor of the need for repair or replacement of such materials.

Reusable personal protective equipment will be cleaned, laundered and decontaminated as needed at no cost to the employees. Personal protective equipment that cannot, for whatever reason, be decontaminated will be disposed of in accordance with biohazard rules and regulations. See Section G. Waste Disposal. Any garments penetrated by blood or other infectious materials will be removed immediately, or as soon as practicable. All potentially contaminated personal protective equipment will be removed prior to leaving a work area. Glasses, reusable gloves and barrier masks shall be decontaminated by the user by soaking in an EPA registered germicide or a fresh solution of one (1) part bleach to ten (10) parts water for at least five (5) minutes (if bleach is used, it must be mixed fresh daily).

Disposable (single-use) latex gloves should be used when contact with blood or body fluids is anticipated (such as a bloody nose). Gloves will be standard components of first-aid supplies in the schools so that they are readily accessible for emergencies and regular care given in school health offices, cafeterias, and athletic training rooms. Gloves shall also be used during decontamination procedures. In some instances, use of latex free gloves may be appropriate. (See Housekeeping for more information on decontamination.)

- Disposable (single-use) gloves shall be replaced as soon as practical when contaminated, torn, punctured or unable to function as a barrier. They shall not be washed or decontaminated for re-use.
- Utility gloves may be decontaminated for re-use if the integrity of the glove is not compromised. Utility gloves must be discarded if they are cracked, peeling, torn, punctured, deteriorated or when their ability to function as a barrier is compromised.

D. Contaminated Needles and Sharps

Broken glassware or other sharps, which may be contaminated shall not be picked up directly with the hands but shall be picked up by utilizing any mechanical means, such as a broom, dustpan or tongs. Gloves should be worn during this procedure.

Contaminated sharps shall NOT be recapped, broken or bent and should be discarded immediately into easily accessible containers that are closable, puncture resistant, leak proof on sides and bottom and properly labeled.

Containers should be located as close as possible to the immediate area where sharps are used (e.g., health room, science classroom, etc.), replaced immediately when full and shall not be allowed to overfill. Full sharps containers may not be stored more than seven (7) days.

When moving containers of contaminated sharps from the area of use, the containers will be closed immediately prior to removal or replacement to prevent spilling or protrusion of contents. The primary container must be placed in a secondary container if leakage is possible. The secondary container must be a container, which is closable, leak-proof, red and appropriately labeled (e.g., a red, labeled plastic bag).

E. Waste Disposal

Disposal of contaminated sharps and other “regulated waste” must be in accordance with the Medical Waste Management Act (“Act”). (Health & Saf. Code § 117600 *et al.*) Cal/OSHA defines “regulated waste” as liquid or semi-liquid blood or other potentially infectious materials; contaminated items that would release blood or other potentially infectious materials in a liquid or semi-liquid state if compressed; items that are caked with dried blood or other potentially infectious materials and are capable of releasing these materials during handling; contaminated sharps; and pathological and microbiological wastes containing blood or other potentially infectious materials.

Medical waste under the Act consists of biohazardous waste and sharps waste.

Biohazardous waste is not normally found in the school setting. Biohazardous waste includes waste, which contains recognizable fluid blood. In the event of unusual circumstances, the regulated waste must be double bagged in leakproof, appropriately labeled, color coded red, plastic bags tied and transported in accordance with all applicable state and local regulations.

Sharps waste includes any device having acute rigid corners, edges, or protuberances capable of cutting or piercing, including:

- Hypodermic needles, syringes, blades, and needles with attached tubing; and
- Broken glass items contaminated with medical waste.

Non-regulated waste may be disposed of as regular trash and includes waste such as disposables containing non-fluid blood (dressing, gauze cotton rolls, towels, rags, etc., with small amounts of dried blood or other body fluids). Please note that feminine hygiene products and Band-Aids or dressings with small amounts of dried blood are NOT considered to be medical wastes.

All waste baskets should be lined with disposable plastic bags. It is important to note that if a contaminated item such as a Band-Aid or a small dressing contains dried blood, it may be disposed of as regular trash.

F. Work Area Restrictions

Eating, drinking, applying cosmetics or lip balm, and handling contact lenses are prohibited in areas where occupational exposure may be expected.

Food and drink shall not be kept in refrigerators, freezers, shelves, cabinets, or on countertops or benchtops where blood or other body fluids are present.

G. Housekeeping Practices

Decontamination: Gloves shall be worn during decontamination procedures. All contaminated work surfaces will be decontaminated after completion of associated tasks/procedures, immediately or as soon as feasible after any spill of blood or other potentially infectious materials, and at the end of the work shift if the surface may have become contaminated since the last cleaning. Contaminated furniture, toys, educational materials/equipment shall be decontaminated with an EPA registered germicide or a solution of one (1) part bleach to ten (10) parts water.

Equipment/tools which have become contaminated with blood or other potentially infectious materials shall be decontaminated by using an EPA registered germicide or a 1:10 bleach/water solution prepared daily. Equipment which becomes contaminated will be examined prior to reuse, servicing or shipping, and decontaminated as necessary.

CCS shall assure that the work site is maintained in a clean and sanitary condition and shall determine and implement an appropriate cleaning schedule for rooms where body fluids are present. Schedules shall be as frequent as necessary depending on the area of the school, the type of surface to be cleaned, and the amount and type of soil present.

Custodial and maintenance staff shall wear appropriate personal protective equipment, including general-purpose utility gloves during cleanup of blood or other potentially infectious materials.

All blood and body fluid spills shall be immediately contained and as soon as practicable cleaned up by appropriately trained staff who are equipped to work with potentially infectious materials.

Initial clean-up of blood or other potentially infectious materials from all surfaces including sinks, work areas, equipment, floors, car/bus seats, etc., should be followed with the use of an appropriate disinfectant.

All waste baskets should be lined with a disposable plastic bag. In areas where blood is present, physical care is provided or personal care occurs (e.g., health office, restrooms, locker rooms, science classrooms, etc.), disposable plastic bags should be replaced daily.

H. Laundry Procedures

Laundry contaminated with blood or other potentially infectious materials (e.g., athletic uniforms and towels) should be handled as little as possible and with a minimum of agitation. Contaminated laundry should be bagged at the location of use in a biohazard labeled or color coded red, leak-proof bag. Contaminated laundry should not be sorted or rinsed in the location of use.

If laundry facilities are available and the contaminated laundry is to be laundered at school, the bag will be transported to the site where laundry is done. Universal precautions will be used at all times.

Each of these areas will be reviewed with employees during bloodborne pathogens related training (see Section VII Information and Training in this plan for additional information).

I. Labels and Signs

One of the most obvious warnings of possible exposure to bloodborne pathogens are biohazard labels. Because of this, CCS will implement a biohazard warning labeling program or when appropriate, using red “color-coded” containers.

The following items shall be properly labeled:

- Containers of regulated waste. (see Section III G on Waste Disposal).
- Sharps disposal containers.
- Contaminated laundry bags and containers.
- Contaminated equipment. (e.g., athletic equipment, shop equipment).

V. FIRST AID INCIDENTS INVOLVING THE PRESENCE OF BLOOD OR INFECTIOUS MATERIAL.

Designated first aid providers who have rendered assistance in any situation involving the presence of blood or other potentially infectious material, regardless of whether an actual exposure incident has occurred, have a duty to report such an incident before the end of the work shift during which the first aid incident occurred. The report must contain the information required of employees involved in occupational exposure incidents, as provided below. The report is used in determining whether the employee has been involved in an occupational exposure incident, and the types of

prophylaxis and follow-up treatment required in light of the incident. The report shall be recorded on a list of such first aid incidents, which shall be made available to all employees upon request.

Following a first aid incident involving the presence of blood or infectious material, the Hepatitis B vaccination will be made available to the first aid providers who rendered assistance during the incident within twenty-four (24) hours, regardless of whether an exposure incident occurred. See section regarding Hepatitis B Vaccination Program.

In the event that it is determined that the first aid incident also constituted an exposure incident, the procedures for post-exposure evaluation and follow-up, discussed below, shall be followed.

VI. POST-EXPOSURE EVALUATION AND FOLLOW-UP.

It is the employee's responsibility to report the occurrence of an occupational exposure incident, before the end of the work day during which the incident occurred. An occupational exposure incident is defined as a specific eye, mouth, other mucous membrane, non-intact skin or parenteral contact with blood or infectious material, resulting from the performance of an employee's duties.

The employee's report must contain the following information:

1. Name of the first aid provider who rendered assistance, or employee who suffered an occupational exposure incident.
2. Date and time of the incident.
3. A description of the first aid incident, including:
 - a. Whether potentially infectious materials were involved;
 - b. Source of the blood or infectious material;
 - c. Circumstances under which the incident occurred, i.e., accidental, unusual circumstances;
 - d. Description of where the incident occurred;
 - e. Description of the personal protective equipment used.
4. Explanation as to whether, in the opinion of the employee, an "occupational exposure" incident occurred.
5. The Hepatitis B vaccine was offered to the employee within 24 hours of the incident, whether an exposure occurred or not.

Safety concerns may be reported using the "Employee Safety Contact Report." (See **Appendix B**). In response to a report of an occupational exposure incident, CCS will:

1. Investigate the circumstances surrounding the exposure incident; and

2. Make immediately available to the employee involved in the occupational exposure incident, a confidential medical evaluation and follow-up, including at least the following elements:
 - a. Documentation of the route(s) of exposure, and the circumstances under which the exposure incident occurred; and
 - b. Identification and documentation of the source individual, if feasible and not prohibited by state or local law.

Following such action, the Director of Operations will seek to obtain the consent of the identified source individual to test that individual's blood to determine the presence of antibodies to the HIV, HBV or HCV. Once consent is obtained, the testing shall be done as soon as is feasible.

The Director of Operations will also seek to obtain the consent of the source individual for subsequent disclosure of the results of the above test by the health care provider and the employer, unless the source individual is already known to be infected. If such consent is obtained, the results of the test will be made available to the exposed employee, accordingly. CCS will document the refusal of the source individual to provide such consent in order to establish that consent cannot legally be obtained.

If the employee with occupational exposure consents, CCS will also arrange to collect and test his or her blood for HBV, HCV and HIV status. In addition, an appointment will be arranged for the exposed employee with a qualified health care professional to discuss the employee's medical status.

Finally, the employee will be provided with an evaluation of any subsequent reported illnesses, which are related to the occupational exposure incident. The employee will also be provided with appropriate post-exposure prophylaxis and counseling.

VII. INFORMATION AND TRAINING

All employees who have the potential for exposure to bloodborne pathogens will be trained and furnished with as much information as possible on this issue. Employees will be retrained at least annually to keep their knowledge current. Additionally, all new employees, as well as employees changing jobs or job functions, will be given initial or additional training which their new position requires at the time of their new job assignment.

A. TOPICS

The topics covered in our training program will include but not be limited to:

- An explanation of the symptoms and modes of transmission of bloodborne pathogens.
- An explanation of the use and limitations of methods of control that may prevent or reduce exposure including universal precautions, engineering controls, work practices, and personal protective equipment.

- An explanation of the basis for selection of personal protective equipment. Information on the HBV vaccine, including its efficacy, safety and the benefits of being vaccinated.
- An explanation of the procedure to follow if a first aid incident involving the presence of blood, or an exposure incident occurs, method of reporting the incident, and the medical follow-up that will be made available.
- An explanation of the signs, labels, tags and/or color coding used to denote biohazards (e.g., contaminated sharps containers).
- An accessible copy of the Cal/OSHA standard and an explanation of its contents.
- An explanation of the organization's exposure control plan and the means by which the employee can obtain a copy of the written plan.
- An explanation of the appropriate methods for recognizing tasks and other activities that may involve exposure to blood and other potentially infectious materials.
- Information on the types, proper use, location, removal, handling, decontamination and disposal of personal protective equipment.
- Information on the appropriate actions to take and persons to contact in an emergency involving blood or other potentially infectious materials.

Workplace Violence Prevention

CCS is committed to preventing workplace violence and to maintaining a safe work environment. CCS has adopted the following guidelines to deal with intimidation, harassment or other threats of or actual violence that may occur onsite or offsite during work-related activities.

Prohibited Conduct

All employees, students, parents, vendors and business associates should be treated with courtesy and respect at all times. Employees are expected to refrain from fighting, “horseplay” or other conduct that may be dangerous to others. Conduct that threatens, intimidates or coerces another employee, student, parent, or vendor will not be tolerated. CCS resources may not be used to threaten, stalk or harass anyone at or outside the workplace. CCS treats threats coming from an abusive personal relationship as it does other forms of violence.

Indirect or direct threats of violence, incidents of actual violence and suspicious individuals or activities should be reported as soon as possible to a supervisor, the Director of Operations, or any member of senior management. When reporting a threat or incident of violence, the employee should be as specific and detailed as possible. Employees should not place themselves in peril, nor should they attempt to intercede during an incident.

Employees should promptly inform the Director of Operations of any protective or restraining order that they have obtained that lists the workplace as a protected area. Employees are encouraged to report safety concerns with regard to intimate partner violence. CCS will not retaliate against employees making good-faith reports. CCS is committed to supporting victims of intimate partner violence by providing referrals to community resources and providing time off for reasons related to intimate partner violence.

Investigations and Enforcement

CCS will promptly and thoroughly investigate all reports of threats of violence or incidents of actual violence and of suspicious individuals or activities. The identity of the individual making a report will be protected as much as possible. CCS will not retaliate against employees making good-faith reports of violence, threats or suspicious individuals or activities. To maintain workplace safety and the integrity of its investigation, CCS may suspend employees suspected of workplace violence or threats of violence, either with or without pay, pending investigation.

Anyone found to be responsible for threats of or actual violence or other conduct that is in violation of these guidelines will be subject to prompt disciplinary action up to and including termination of employment.

CCS encourages employees to bring their disputes to the attention of their supervisors or the Director of Operations before the situation escalates. CCS will not discipline employees for raising such concerns.

Safety Communication

This section establishes procedures designed to develop and maintain employee involvement and interest in the Safety Manual and IIPP. These activities will also ensure effective communication between management and employees on safety related issues that is of prime importance to CCS.

The following are some of the safety communication methods that may be used:

1. Periodic safety meetings with employees that encourage participation and open, two-way communication.
2. New employee safety orientation and provision of the Code of Safe Practices.
3. Provision and maintenance of employee bulletin boards discussing safety issues, accidents, and general safety suggestions.
4. Written communications from management or the Safety Coordinator, including memos, postings, payroll stuffers, and newsletters.
5. Anonymous safety suggestion program.

Employees will be kept advised of highlights and changes relating to the safety program. Management shall relay changes and improvements regarding the safety program to employees, as appropriate. Employees will be involved in future developments and safety activities, by requesting their opinions and comments, as necessary.

All employee-initiated safety related suggestions shall be properly answered, either verbally or in writing, by the appropriate level of management. Unresolved issues shall be relayed first to the Director of Operations, and then to the President & CEO (if the Director of Operations is unable to resolve the matter in a satisfactory manner).

All employees are encouraged to bring any safety concerns they may have to the attention of management. CCS will not discriminate against any employee for raising safety issues or concerns.

CCS also has a system of anonymous notification whereby employees who wish to inform the company of workplace hazards without identifying themselves may do so by phoning or sending written notification to the following address:

ATTN: Director of Operations
850 Hampshire Road, Suite P
Thousand Oaks, CA 91361
Phone: (818) 769-7241
Fax: (805) 590-7077

Employee Safety Training

CCS is committed to instructing all employees in safe and healthful work practices. Awareness of potential hazards, as well as knowledge of how to control them, is critical to maintaining a safe and healthful work environment and preventing injuries. To achieve this goal, we will provide training to each employee on general safety issues and safety procedures specific to that employee's work assignment.

Such training provides the following benefits:

- Makes employees aware of job hazards;
- Teaches employees to perform jobs safely;
- Promotes two (2) way communication;
- Encourages safety suggestions;
- Creates interest in the safety program; and
- Fulfills Cal/OSHA requirements.

Every new employee will be given instruction by his/her Supervisor in the general safety requirements of their job. A copy of our Code of Safe Practices shall also be provided to each employee.

Managers, Supervisors, and employees will be trained at least twice per year on various accident prevention topics.

Employee training will be provided at the following times:

1. All new employees will receive a safety orientation their first day on the job.
2. All new employees will be given a copy of this Manual (which includes our Code of Safe Practices) and will be required to read and sign for it.
3. All employees given a new job assignment for which training has not been previously provided will be trained before beginning the new assignment.
4. Whenever new substances, processes, procedures or equipment that represent a new hazard are introduced into the workplace.
5. Whenever CCS is made aware of a new or previously unrecognized hazard.
6. Whenever management believes that additional training is necessary.
7. After all serious accidents.
8. When employees are not following safe work rules or procedures.

Training topics will include, but not be limited to:

- Employee's safety responsibility;
- General safety rules;
- Code of Safe Practices;
- Safe job procedures;
- Ergonomics;
- Use of safety equipment;
- Emergency procedures;
- Safe lifting and material handling practices; and
- Contents of safety program

The following training method should be used:

- **Tell them** how to do the job safely;
- **Show them** how to do the job safely;
- **Have them tell you** how to do the job safely;
- **Have them show you** how to do the job safely; and
- **Follow up** to ensure they are still performing the job safely.

Actual demonstrations of the proper way to perform a task are very helpful in most cases.

Emergency Medical Services and First Aid

CCS will ensure the availability of emergency medical services for its employees at all times. We will also ensure the availability of a suitable number of appropriately trained persons to render first aid. The Director of Operations will maintain a list of trained individuals and take steps to provide training for those that desire it.

First-Aid Kits

Every work site shall have access to at least one first-aid kit in a weatherproof container. The first-aid kit will be inspected regularly to ensure that it is well stocked, in sanitary condition, and any used items are promptly replaced. The contents of the first-aid kit shall be arranged to be quickly found and remain sanitary. First-aid dressings shall be sterile and in individually sealed packages.

At a minimum, the following first-aid supplies shall be kept:

Type of Supply Required by Number of Employees

**To be readily available but not necessarily within the first-aid kit.*

Drugs, antiseptics, eye irrigation solutions, inhalants, medicines, or proprietary preparations shall not be included in CCS first-aid kits unless specifically approved, in writing, by an employer-

authorized, licensed physician. Other supplies and equipment, if provided, shall be in accordance with the documented recommendations of an employer-authorized licensed physician upon consideration of the extent and type of emergency care to be given based upon the anticipated incidence and nature of injuries and illnesses and availability of transportation to medical care.

First Aid

The designated first aid person on each site will be available at all times to render appropriate first aid for injuries and illnesses. Proper equipment for the prompt transportation of the injured or ill person to a physician or hospital where emergency care is provided, or an effective communication system for contacting hospitals or other emergency medical facilities, physicians, ambulance and fire services, shall also be furnished. The telephone numbers of the following emergency services in the area shall be posted near the job telephone, or otherwise made available to the employees where no job site telephone exists:

1. A company authorized physician or medical clinic, and at least one alternate if available;
2. Hospitals;
3. Ambulance services; and
4. Fire-protection services.

Prior to the commencement of work at any site, the Supervisor or Manager shall locate the nearest preferred medical facility and establish that transportation or communication methods are available in the event of an employee injury.

Each employee shall be informed of the procedures to follow in case of injury or illness through our new employee orientation program, Code of Safe Practices, and safety meetings.

Where the eyes or body of any person may be exposed to injurious or corrosive materials, suitable facilities for drenching the body or flushing the eyes with clean water shall be conspicuously and readily accessible.

Accident Procedures

These procedures are to be followed in the event of an employee injury in the course of employment.

1. **For severe accidents call 911 and request the Paramedics.**
2. **Employees must report all work related injuries to their Supervisor immediately, even if they do not feel that it requires medical attention.** Failure to do so may delay Workers' Compensation benefits, and the employee may face disciplinary action.
3. The Supervisor, employee, and first aid person should determine whether or not outside medical attention is needed. When uncertainty exists on the part of any individual, the employee should be sent for professional medical care.

4. If medical attention is not desired or the employee refuses treatment, you must still fill out a CCS Accident Report in case complications arise later.
5. In all cases, if the employee cannot transport himself or herself for any reason, transportation should be provided.
6. In the event of a serious accident involving hospitalization for more than twenty-four (24) hours, amputation, permanent disfigurement, loss of consciousness or death, phone contact should be made with the office at (818) 769-7241. Contact must also be made with the nearest Cal/OSHA office within eight (8) hours.

Accident Investigation

The Supervisor, Manager, or other designated individual will investigate all work-related accidents in a timely manner. This includes minor incidents and “near accidents,” as well as serious injuries. An accident is defined as any unexpected occurrence that results in injury to personnel, damage to equipment, facilities, or material, or interruption of normal operations.

Responsibility for Accident Investigation

Immediately upon being notified of an accident, the Supervisor, Manager, or other designated individual shall conduct an investigation. The purpose of the investigation is to determine the cause of the accident and corrective action to prevent future reoccurrence, not to fix blame or find fault. An unbiased approach is necessary in order to obtain objective findings.

The Purpose of Accident Investigations

- To prevent or decrease the likelihood of similar accidents.
- To identify and correct unsafe work practices and physical hazards. Accidents are often caused by a combination of these two factors.
- To identify training needs. This makes training more effective by focusing on factors that are most likely to cause accidents.

What Types of Incidents Do We Investigate?

- Fatalities
- Serious injuries
- Minor injuries
- Property damage
- Near misses

Procedures for Investigation of Accidents

Immediately upon being notified of an accident the Supervisor, Manager, or other designated individual will:

1. Visit the accident scene, as soon as possible, while facts and evidence are still fresh and before witnesses forget important details and to make sure hazardous conditions to which other employees or customers could be exposed are corrected or have been removed.
2. Provide for needed first aid or medical services for the injured employee(s).
3. If possible, interview the injured worker at the scene of the accident and verbally “walk” him or her through a re-enactment. All interviews should be conducted as privately as possible. Interview all witnesses individually and talk with anyone who has knowledge of the accident, even if they did not actually witness it.

4. Report the accident to the office at (818) 769-7241. Accidents will be reported by the office to the insurance carrier within twenty-four (24) hours. All serious accidents will be reported to the carrier as soon as possible.
5. Consider taking signed statements in cases where facts are unclear or there is an element of controversy.
6. Thoroughly investigate the accident to identify all accident causes and contributing factors. Document details graphically. Use sketches, diagrams and photos as needed. Take measurements when appropriate.
7. All accidents involving death, disfigurement, amputation, loss of consciousness or hospitalization for more than twenty-four (24) hours must be reported to Cal/OSHA immediately.
8. Focus on causes and hazards. Develop an analysis of what happened, how it happened, and how it could have been prevented. Determine what caused the accident itself, not just the injury.
9. Every investigation must also include an action plan that includes an assessment of how such accidents be prevented in the future.
10. In the event a third party or defective product contributed to the accident, save any evidence as it could be critical to the recovery of claim costs.

Accurate & Prompt Investigations

- Ensures information is available
- Causes can be quickly corrected
- Helps identify all contributing factors
- Reflects management concern
- Reduces chance of recurrence

Investigation Tips

- Avoid placing blame
- Document with photos and diagrams, if needed
- Be objective, get the facts
- Reconstruct the event
- Use open-ended questions

Questions to Ask

When investigating accidents, asking open-ended questions beginning with “who,” “what,”

“when,” “where,” “why,” and “how” will provide more information than closed-ended questions such as, “Were you wearing gloves?”

Examples include:

- How did it happen?
- Why did it happen?
- How could it have been prevented?
- Who was involved?
- Who witnessed the incident?
- Where were the witnesses at the time of the incident?
- What was the injured worker doing?
- What was the employee working on?
- When did it happen?
- When was the accident reported?
- Where did it happen?
- Why was the employee assigned to do the job?

The single, most important question that must be answered as the result of any investigation is: “What do you recommend be done (or have you done) to prevent this type of incident from recurring?”

Once the Accident Investigation is Completed

- Take or recommend corrective action.
- Document corrective action.
- Management and the Safety Coordinator will review the results of all investigations.
- Consider safety program modifications.
- Information obtained through accident investigations can be used to update and improve our current program.

Enforcement of Safety Policies

The compliance of all employees with CCS's Safety Manual and IIPP is mandatory and shall be considered a condition of employment.

Training Programs

The importance of safe work practices and the consequences of failing to abide by safety rules will be covered in the New Employee Safety Orientation and safety meetings. This will help ensure that all employees understand and abide by CCS safety policies.

Retraining

Employees that are observed performing unsafe acts or not following proper procedures or rules will be retrained by their supervisor. A Safety Contact Report may be completed by the supervisor to document the training. If multiple employees are involved, additional safety meetings will be held.

Disciplinary Action

The failure of an employee to adhere to safety policies and procedures established by CCS can have a serious impact on everyone concerned. An unsafe act can threaten not only the health and wellbeing of the employee committing the unsafe act but can also affect the safety of his/her coworkers and customers. Accordingly, any employee who violates any of the organization's safety policies will be subject to disciplinary action.

Note: Failure to promptly report any on-the-job accident or injury, on the same day as its occurrence, is considered a serious violation of the organization's safety policies. Any employee who fails to immediately report a work-related accident or injury, no matter how minor, shall be subject to disciplinary action.

Employees will be disciplined for infractions of safety rules and unsafe work practices that are observed, not just those that result in an injury. Often, when an injury occurs, the accident investigation will reveal that the injury was caused because the employee violated an established safety rule and/or safe work practice(s). In any disciplinary action, the supervisor should be cautious that discipline is given to the employee for safety violations, and not simply because the employee was injured on the job or filed a Workers' Compensation claim.

Violations of safety rules and the Code of Safe Practices are to be considered equal to violations of other company policy. Discipline for safety violations will be administered in a manner that is consistent with CCS's Employee Handbook.

ii. Introduction

In 1992, the California State Legislature passed the Charter Schools Act, creating the vehicle for parents and educators to collaborate on innovative educational opportunities for children throughout the state of California. Pursuant to Education Code Section 47601, charter schools were created as a method to accomplish all of the following:

- Improve pupil learning
- Increase learning opportunities for all pupils with special emphasis on expanded learning opportunities for pupils who are identified as academically low achieving.
- Encourage the use of different and innovative teaching methods.
- Create new professional opportunities for teachers, including the opportunity to be responsible for the learning program at the school site.
- Provide parents and pupils with expanded choices in the types of educational opportunities that are available within the public school system
- Hold the schools accountable for meeting measurable pupil outcomes and provide the schools with a method to change from rule-based to performance-based accountability systems.
- Provide vigorous competition within the public school system to stimulate continual improvements in all public schools.

Compass Charter Schools fully embraces the Legislative intent of the Charter Schools Act, and its mandate. The founders of Compass Charter Schools are determined to offer a quality, rigorous virtual educational experience to families in COUNTY and adjacent counties.

Description of Program

Compass Charter Schools (CCS) CHARTER NAME shall be an innovative California independent study public charter school, open to scholars in grades Transitional Kindergarten through 12th grade. CCS shall attract scholars seeking an alternative educational program where parents have the role of "Learning Coach" and play an important role of partnering with CCS teachers to educate their children at home.

CCS shall offer two virtual educational program options for families: online and traditional home study. We recognize that in education one size does not fit all. CCS is designed and organized to serve scholars and families who have chosen an independent study program that can meet an individual scholar's unique needs. CCS educates scholars with a wide range of learning styles that allow for flexibility in pacing and that are aligned with Common Core standards. Enrollment in CCS is contingent on parent and scholar signing the Master Agreement in acknowledgement of the responsibilities as outlined in the Master Agreement. *See Appendix B for a copy of our Master Agreement.*

Our Mission and Vision describe our purpose and philosophy that shall guide our educational program.

MISSION STATEMENT

Our mission is to inspire and develop innovative, creative, self-directed learners, one scholar at a time.

VISION STATEMENT

Our vision is to create a collaborative virtual learning community, inspiring scholars to appreciate the ways in which arts and sciences nurture a curiosity for life-long learning, and prepare scholars to take responsibility for their future success.

CORE VALUES

Achievement

We will meet our scholars' needs by:

- Implementing an academically rigorous, 21st century, inquiry-based college preparatory curriculum which will meet Common Core standards.
- Combining cutting edge curriculum with a dynamic and innovative educational practices to meet the needs of our diverse scholars.

CCS has also developed Schoolwide Learning Outcomes (SLO's), which are closely aligned with our Mission, Vision, Core Values, and LCAP goals. The SLOs are representative of the characteristics and skills that we strive to teach, inspire, and instill in our scholars.

Effective Communicators
Academically Proficient
Collaboratively Minded
College and Career Ready

We will meet our families' needs by allowing them to:

- Create a compelling learning environment
- Provide challenging lessons on a daily basis
- Be a responsible and available learning coach.

A Day in the Life of a CCS Scholar

We encourage scholars to set a schedule for their day, one that works with their individual commitments and responsibilities. Some scholars receive and execute assignments early in the morning, much like the rhythm of a traditional brick and mortar school. Others find their productivity is best in the afternoon or evenings. At CCS, scholars learn at the times convenient to their schedules. Though scholars have the flexibility to choose the time frame in which they study, our courses are on a semester system. Scholars finish their courses within the semester by following the teacher-created pacing plan for each of course. This generally means scholars need to make daily progress in their courses to finish by the end of the semester.

Scholars may seek support and answers to questions either through email, telephone, or by attending their teacher’s weekly synchronous “Q and A” sessions. Every teacher holds “Q & A” sessions, using real time web conferencing software, two to three hours every week. Scholars may also schedule appointments with teachers to obtain help on coursework. Scholars can also communicate with their teachers by logging in to their account on our Learning Management System (LMS).

Regardless of when a scholar starts his or her daily learning, those utilizing our online program typically start by logging on to get assignments, networking with teachers and classmates, and checking for subject matter lesson sessions for their courses. Scholars turn in assignments daily or as appropriate, take tests and quizzes, and submit papers and projects through our secure LMS. Scholars’ progress and grades can be viewed 24/7 so that both scholar and Learning Coach are always aware of their progress.

Every CCS teacher conducts two, one-hour virtual classroom sessions of direct instruction for their class every week, known as “Learning Labs.” Scholars are required to attend these either synchronously or asynchronously. The combination of our Learning Labs and Q&A sessions allow our scholars to interact live with their teachers, up to five hours a week, and more if they schedule appointments with their teachers. Through their virtual interactions, scholars develop and pursue friendships, both during official virtual sessions and their participation in scholar-led clubs, monthly field trips, and school sponsored activities. Extracurricular school-sponsored events allow scholars to meet and build friendships based on mutual interests. In addition, many scholars pursue sports, music, and other activities in coordination with local organizations and local schools.

Scholars work collaboratively with their teachers and Learning Coach in creating a work flow plan that will allow them to complete all classes by semester’s end. Some scholars may spend an entire week concentrating on math or history; others work on all their courses throughout the week.

For those scholars using our home study option of independent study, scholars and Learning Coaches check-in with their Educational Facilitators on a consistent basis. Each day there is the expectation that work will be completed and that meetings with EFs will be kept.

Each and every day is unique for an CCS scholar – the flexibility we offer allows our scholars to, as our mission states, inspire and develop into innovative, creative, and self-directed learners.

See Appendix A for 2017-2018 School Calendar

Whom the School is Attempting to Educate

Our educational program is based on the instructional needs of our scholar profile, which is scholars from all backgrounds in grades TK-12. Our target scholar profile is not limited to any particular demographic. Instead, CCS is designed and organized to serve scholars and families who reside in COUNTY NAME County and its contiguous counties and have chosen an independent educational setting for any of the following reasons, or other reasons relevant to the individual:

- Individuals who are self-directed and choose a wider range of academic options.
- Family relationships, personal beliefs and values, and families who prefer virtual or home study instruction
- Family Schedules (i.e. sports, actors, military, extracurricular activities).
- High-risk/at-risk for successfully achieving high school graduation or equivalency.
- Health reasons prohibit them from attending normal classroom programs
- Scholars of all ability levels seeking additional academic and learning opportunities.
- Scholars that may have faced challenges such as bullying in traditional settings.
- Scholars with responsibilities such as work schedules that do not fit in an 8am-4pm schedule.
- Scholars from various backgrounds and ethnicities.
- Scholars that might otherwise choose to drop out of school due to scheduling issues.

In education, one size does not fit all and CCS is dedicated to providing scholars and families with an online or home study learning environment that can meet an individual scholar's needs.

21st Century Learner

Information is multiplying as quickly as it is becoming obsolete and ideas are continually revisited, retested and revised. At the same time, the world is becoming increasingly dependent on technology. These challenges mean that scholars must learn in a technological environment in order to participate effectively in the 21st century. As such, CCS believes an educated person in the 21st century has a mastery of 21st century learning skills and tools as well as a solid foundation in the state and common core standards, and core academic subjects.

CCS will prepare innovative, creative, self-directed learners for the 21st century. To do this CCS will employ a blend of independent study curriculum and methods to ensure all scholars gain the knowledge and skills that are valued in the modern world, and necessary for future success. As a result, scholars graduating from CCS will demonstrate the core characteristics of an educated person in the 21st Century:

1. Solid foundations in core academic subjects (Math, English, Science, History, Foreign Language)
2. 21st Century learning skills: Scholars will graduate with the following:
 - Research and Communication skills

- Thinking and problem solving skills
- Interpersonal and self-directional skills

3. **Mastery of 21st Century Tools:** According to Elizabeth Rich of EdWeek.org, “*The term ‘21st-century skills’ is generally used to refer to certain core competencies such as collaboration, digital literacy, critical thinking, and problem-solving that advocates believe schools need to teach to help students thrive in today’s world*” (EdWeek, 2010). CCS scholars will graduate with a proficiency in the use digital technology and communication tools to access, manage, integrate, and evaluate information; construct new knowledge; and effectively communicate with others.

How Learning Best Occurs

CCS believes that effective application of instructional technology in independent study learning best serves to meet the learning needs of our scholars. CCS is structured to support high scholar achievement by creating a rigorous independent study environment in both our online and home study programs for all our scholars. CCS also firmly believes that learning occurs best through the application of INACOL’s five standards for quality online learning: Equity, Stakeholder Involvement, Continuous Improvement, Personalization, Scholar Engagement, and Collaboration.

Equity

Scholars enrolled at CCS shall have access to challenging and equitable opportunities to develop learning skills, thinking skills, and life skills that prepare them for success at the next level. They shall be exposed to real world, scholar-centered, authentic, and inquiry-based learning experiences by teachers who utilize 21st century teaching practices.

Stakeholder Involvement

All stakeholders, not just teachers, shall be involved in the scholar’s educational experiences.

Continuous Improvement

Continuous improvement practices shall lead to improved scholar performance. Every staff member at CCS shall make performance goals that are tied to their job description, teaching practice, and CCS' LCAP goals. All staff members shall review progress towards their performance goals quarterly with their immediate supervisors in order to reflect, adjust and evaluate improvement goals. Teachers shall meet weekly by department, grade level, and/or subject as appropriate in order to analyze scholar work, collaborate on best teaching practices, and plan lessons and curriculum. This will allow our scholars to be offered a rigorous core curriculum. Teachers shall be observed regularly by their Coordinator, Instructional Services Manager, and Scholar Intervention Coordinator in order to continually improve our instructional practices.

Personalization

The scholar experience shall be personalized both in and out of the classroom. Teachers will get to know their scholars' learning needs through regular interaction with them. They will assist them with those needs through the LMS, Learning Labs, Q&A sessions, phone calls, and emails. Scholars shall have the opportunity to choose their time, their place, and their pace for studying, thereby empowering scholars to become independent, self-directed learners. Flexibility shall be offered to families as to how to educate their children.

Scholar Engagement

Research shows that scholar engagement has a positive effect on academic achievement (Heng, 2013; Leithwood & Jantzi, 2000; Skinner, Wellborn, & Connell, 1990). Because of the impact of scholar engagement on scholar achievement, scholars shall have additional opportunities in which to participate.

Scholars will be monitored and required to engage in their education. This will be accomplished through our virtual classrooms called "Learning Labs" which teachers conduct twice weekly, for scholars to participate in synchronous sessions in front of their computers with their teachers. Teachers also host regularly scheduled office hours for 1:1 or group tutoring through their virtual classrooms. Teachers will utilize a variety of teaching techniques, including Universal Design for Learning (UDL) to engage their scholars during instruction. Scholars will be held to high standards and expectations. The instructional techniques CCS will utilize are research-based. Quality instructional time will be devoted to working with individual scholar needs.

Additionally, CCS plans to have several scholar-led clubs, such as a Scholar Leadership Council and National Honor Society, that shall be created based on scholar interests. CCS will encourage our scholar clubs to meet and plan activities with a CCS staff member that shall serve as the advisor.

Collaboration

All stakeholders will have opportunities to collaborate. This involves hiring qualified staff, fostering scholar to teacher relationships, scholar to scholar relationships, teacher to learning coach relationships, and learning coach to learning coach relationships. One example of this is our

Learning Coach Lounge. Learning Coach Lounges shall be held weekly, either virtually through our web-based virtual software, or in-person at our Learning Center. These sessions will be hosted by CCS staff and attended by learning coaches. CCS staff will present a topic relating to increasing scholar success in a virtual environment and then give learning coaches time to ask questions or give comments.

A Challenging Learning Environment

CCS shall provide scholars with a demanding educational program and effective teachers. CCS is committed to establishing high standards and expectations for all scholars. Our courses are rigorous, requiring significant amounts of writing, and they provide scholars with opportunities to demonstrate higher-order thinking skills and apply concepts they have learned. CCS's courses have been designed to meet today's rigorous academic environment and follow an objective-based learning structure in accordance with the State Standards (including, but not limited to, the Common Core State Standards, Next Generation Science Standards, and California State Content Standards; collectively referred to herein as the "State Standards"). Scholars may have the opportunity to take AP courses as well as other traditionally rigorous courses.

Program Features

The following variety of strategies and features provide the best opportunities for all scholars to learn at high levels:

1. Virtual "Learning Labs" – uses a combination of synchronous and asynchronous learning environments.
2. Qualified teachers – subject-matter teachers, who are qualified and certified to teach in their content area, provide assignments, feedback and support to scholars on an individualized basis. Teachers have three days to return work with constructive feedback to scholars.
3. Regular and appropriate feedback on progress – Through regularly scheduled meetings for assessment and assignments, scholars receive feedback on their progress. Feedback is given to scholars and to parents frequently in a variety of ways:
 - Scholars receive written feedback from teachers on written assignments and tests.
 - Scholars and parents access this feedback in the grade book of the LMS.
 - Parents receive weekly emailed progress reports giving information on login times, course activity, assignments submitted, and grades.
 - Parents and scholars can get oral feedback virtually any time by calling or emailing the teacher of a course.
 - Teachers hold office hours where parents and scholars can log in to a virtual session and have real-time face-to-face communication with the teacher.
4. Flexible Course Scheduling – CCS scholars complete 10-12 semester long classes throughout the school year. This system allows scholars to progress at their own pace through a course, and to focus on fewer subjects at a time than they would in a traditional

school setting. Scholars complete the same amount of credits within a school year as in a traditional classroom setting, thus staying on track for high school graduation.

5. Technology – Technology underpins the pedagogical strategy of CCS. Our online scholars are taught virtually through asynchronous and synchronous interactive lessons.

CCS’s programs are designed using an independent, learner-centered model that helps scholars become more self-disciplined, better time managers, and more effective problem solvers. CCS’s courses make use of the latest educational techniques. CCS uses curriculum that integrates graphical enhancements, games, and multimedia activities with academic content.

Curriculum and Instructional Design

Overview of Learning Environment

CCS shall provide scholars with a demanding education program and qualified teachers. CCS is committed to establishing high standards and expectations for all scholars. CCS’s courses have been designed to meet today’s rigorous academic environment and follow an objective-based learning structure in accordance with state and common core standards. CCS will seek initial WASC accreditation. The high school curriculum is A-G accredited.

While some of the components of our program will be offered offline, such as coursework in grades TK-5 and our home study option, most of our curriculum will be delivered through an online LMS. CCS shall utilize an interactive, scholar centered, e-learning curriculum that builds on prior knowledge and cultivates higher-order thinking skills using instructional methods such as examples, practice, and feedback to promote learning.

Our self-paced virtual curriculum will foster and develop a love of learning in each scholar by providing an engaging State Standards-based curriculum with real world connections that is flexible enough to fit all schedules. This rigorous education shall provide a wide variety of content regardless of ability level, and strives to ready scholars for the next grade level.

CCS’ curriculum shall be effective in meeting the individual needs of its scholars because our teachers practice three key principles of effective virtual pedagogy.

1. Let the scholars do the work: First, our scholars work in a self-paced, independent study environment. During Learning Labs or Office Hours, you will rarely see our teachers practice “I talk, you listen.” Instead, CCS teachers are facilitators of learning. They are guides to helping their scholars learn for themselves and then demonstrate what they have learned. This helps keep the content relevant. Our teachers practice the following types of teaching strategies that model this principle: Scholar led discussions, Peer to Peer learning, Case study analysis, individual and group projects.
2. Interactivity is the heart and soul of asynchronous learning: Our scholars participate in an abundance of writing assignments and activities. Whether, it’s posting to message boards, microblogging, research papers, essays, or lab write ups, scholars are asked to interact in a variety of ways with their teacher, their peers, web browsing, and in small group break-out

sessions during learning labs. This type of interactivity allows scholars to learn in their own ways.

3. Create a sense of presence: Our teachers connect with their scholars by establishing a sense of community and trust. This is done by allowing scholars to get to know each other through assignments or class discussions or projects (*Three Principles of Effective Online Pedagogy, Journal of Asynchronous Learning Networks, (2010) Volume 14, Issue 1 Bill Pelz*)

Researchers advocate virtual learning for instructional effectiveness because scholars have 24/7 access to learning, are exposed to a variety of learning modes, and because scholars can control their pace of learning.

All of our unit lessons are followed by assessments, ensuring that each scholar has mastered content before moving on. The assessments are integrated with planning and progress tools, making it easy to find the right pace by subject and to stay on track. This unique, individualized approach allows each scholar to go as fast or slow as needed as long as they follow the pacing guides, keep track of semester end dates, and follow instructions provided by their teachers. Scholars in grades 6 through 12 will submit their assignments, tests, and quizzes online through our LMS. Both scholar and learning coach are able to see real time updates on progress and grades in all of their courses.

In Transitional Kindergarten through 5th grade, in addition to the online delivery of our program, each scholar will receive a physical box of materials in the mail, which includes textbooks, hands-on materials and assignments to complete. CCS believes this combination of interactive online lessons with offline materials fits the developmental needs and caters to a variety of learning styles.

Instructional Methods

Web-based Classrooms

Our teachers will host synchronous web-based classroom instruction, or Learning Labs, up to two hours a week for each subject to conduct standards based instruction. These lessons will be used to introduce new content, build on the prior knowledge of the self-paced work scholars are completing through the LMS, do test prep, review for tests, and answer scholar questions. Teachers will often conduct breakout sessions during the live sessions to allow scholars to participate in group activities, discussions, or projects. Parents of scholars in grades Transitional Kindergarten through 5th grade shall be encouraged to attend with them. In the elementary grades, these synchronous sessions will sometimes take the form of teacher and scholar guided reading groups. Teachers will also hold up to three office hours a week and be available to meet with scholars and learning coaches by appointment when necessary. This type of individualized assistance is what sets CCS apart from other virtual programs.

Learning Management System (LMS)

The school's LMS is designed to enable scholar learning and teacher support. The LMS is where the scholar and learning coach can log into their individual courses. The LMS includes web-style access and content is organized in courses by unit topics with clear instructions. Each lesson and unit has embedded multimedia, activities, and assignments. Teachers can imbed their own content as well.

Technology-based Skills Instruction

The use of instructional technology underpins the pedagogical strategy of CCS. Scholars will participate in Learning Labs either synchronously or asynchronously. Teachers will use web-based real time software to teach these lessons and record them for later use for scholars as needed. Teachers will also imbed content into the LMS using a variety of web 2.0 tools and scholars will submit their classwork through the LMS. Every math teacher at CCS will use a bamboo tablet to further enhance their math instruction during these live sessions. Every scholar in grades 6-12th will be assigned a Gmail account and be taught how to use the Google web 2.0 apps during his/her My Success introduction class. The use of these skills is an important part of 21st century learning and a part of the Common Core State Standards.

Digital Age Learning Practices

Our teachers will apply both Connectivism and Social Constructivism to their teaching practices. Connectivism explains how all the new technology available through the internet has created new opportunities for how people learn. Social Constructivism is scholar centered learning. At CCS, scholars will be allowed to discover meaning for themselves rather than being told what to learn. Scholars will build their own knowledge through social experiences using online resources. The application of these two digital age theories increases scholar satisfaction and therefore the effectiveness of online learning at CCS. Furthermore, the application of these learning theories allows for immediate feedback and progress reports, personalized learning, frequent checks for understanding, scholar led discussions during Learning Labs and the use of discussion boards, and the use of project based learning. (*Connectivism for the Digital Age (2005) George Siemens, International Journal of Instructional Technology and Distance Learning.*)

Regular feedback on progress

Feedback will be given to scholars and parents frequently in a variety of ways. CCS will have eight Learning Periods and scholars will be emailed an update on class progress using the following schedule:

- End of Learning Period 1 and 5: Scholars are emailed a "Snapshot" of current progress
- End of Learning Period 2 and 6: Scholars are emailed Quarterly Progress reports
- End of Learning Period 3 and 7: Scholar "Snapshot" and "At Risk" letters are emailed home
- End of Learning Period 4 and 8: Report cards are provided at the end of each semester

Additional feedback is provided in the following ways:

- Scholars receive written feedback from teachers on written assignments, tests and quizzes
- Scholars and parents access this feedback in the gradebook of the LMS
- Scholars and parent receive weekly progress reports
- Every teacher has a school provided cell phone. Scholars and parents can get verbal feedback by calling or emailing their teacher directly.
- Flexible Course Scheduling

Using the lesson content and assignments for each unit, each teacher will create an individualized pacing plan for their classes according to when the scholar starts the course. This will allow scholars to complete the courses they are placed in by the end of the semester. Scholars will be able to work at their own pace, work ahead, etc., as long as they finish their courses by the end of the semester.

Advantages of Virtual Learning

There are many benefits to virtual learning. Professionals that teach in an independent study environment are able to focus less on planning and content development, and more time to be spent on the other value-added tasks undertaken by highly effective teachers. In other words, more quality instructional time is spent working 1:1 with scholars or in small groups and interacting with them in the learning environment than on some of the behavioral and administrative tasks teachers typically assume. This enhances the learning experience for scholars and creates a clearer focus for teachers.

The table below describes six primary tasks executed by highly effective teachers and the differences between the independent study environment and a traditional classroom setting.

Task	Traditional Classroom	Virtual Classroom
Lesson Planning – Content Development	Lesson plan for daily teaching Prepare materials used for lessons Teach lessons Review lessons not learned	Material already planned and content already prepared – minimal planning and preparation required.
Grading	Grading all scholar work Short turnaround on math and daily assignments Longer turnaround times in Language Arts on research papers or essays Other subjects fall in the middle	Much scholar work graded automatically Math work done largely by computer with some answers graded by teachers Language Arts heavy on writing and require grading time equal to Face-to-Face More time available for “value-added” grading

Checks for Understanding	Must respond to scholars in the classroom Have one hour a day to answer questions	Questions come via email or in online chat sessions Can receive questions anytime Can respond to questions within 24 hours Many questions are repeats and teachers develop pre-arranged answers
Monitoring Scholar Achievement	Monitor in classroom Check grade book Respond to parent concerns Alert parents when problems arise Review scholar data and adjust teaching	Monitor online Refer to grade book Respond to parent/scholar concerns Alert parents when problems arise Review student data and coach student progress
Monitoring Behavior	Keep scholars in line with classroom rules	Keep scholars in line on chats

Curriculum

My Success/Start Up Course

All scholars in grades Transitional Kindergarten through 12th who are enrolling in CCS for the first will time take My Success, an introductory course designed to prepare scholars on how to be successful in independent study and online learning. This course will help scholars familiarize themselves with the CCS program, show them how to submit class work using their accounts in the school’s LMS, and teach them how to use Google apps such as Docs and Slide Show. The emphasis of this course is 21st century communication skills. This course also assists them in setting up daily routines and schedule to stay on track. Writing is an important communication skill and scholars are asked to complete a variety of types of writing and research throughout their courses. One of the lessons in My Success is how to prevent plagiarism. Scholars are exposed to plagiarism prevention during their core courses as well and teachers use “Safe-Assign” a plagiarism detection program imbedded into the LMS. Scholars also take the school’s benchmark test for math and reading using i-Ready in order to establish a baseline for where they are academically. Scholars must complete this course successfully before starting their general education curriculum.

Arts

The Arts provide the invaluable expressive element that connects and enhances all subject areas at CCS, and is an integral aspect to all learning at every level. Our mission is to inspire and develop innovative and learners. CCS believes that the arts nurture a curiosity for life-long learning. CCS will offer art electives at all grade levels. In grades TK-5, our program may partner with TEAL “Technology Enhanced Arts Learning Project” (www.tealarts.org), or another similar program. In the high school, scholars are required to take one year of Visual and Performing Arts (VPA) in

order to graduate. This is typically done through concurrent enrollment at a local community college.

Sciences

Like CCS's emphasis on the arts, our school also strives to inspire scholars to appreciate the ways in which the sciences nurture a curiosity for life-long learning. Science celebrates the wonder of human inquiry and facilitates seeking and finding deeper meaning in all aspects of life, often beyond the physical and sensory world. Our web based classrooms take on the feel of "labs" because of the investigative and inquiry based teaching practice that CCS emphasizes throughout its curriculum.

Blended Learning Wet Labs

CCS is one of the few independent virtual charter schools to have its biology and chemistry labs A-G accredited. As a result, our biology and chemistry courses offer a blended learning component. Scholars will complete their course work for their biology and chemistry courses as they do the rest of their classes. However, for the wet lab portion of the course, they will attend our real-time hands on labs. These labs will be taught virtually from our Central Offices. The goal of these labs is to provide scholars with the science lab experiences that will prepare them to meet the demands of university laboratory courses. Scholars living outside the local area may participate in the lab via a live stream of the lab.

Virtual Open House

Each year our scholars will participate in a Virtual Open House. The purpose of this is for scholars to showcase their classwork in selected courses. Scholars will demonstrate their learning by presenting an assignment or project of their choice, often in the arts or sciences. This will be conducted similar to a traditional Open House except that it is done virtually.

Scholar Engagement

As reflected in our LCAP goals, increasing scholar engagement is a priority for CCS. Our first step in this important endeavor was to have a Scholar Engagement Coordinator (SEC) join our leadership team. The Scholar Engagement Coordinator is responsible for overseeing all aspects of Scholar Engagement. From monthly Scholar Awards to our weekly Learning Coach Lounge, the SEC will research, plan, execute, and analyze the events and activities that we offer our scholars and families.

As will be outlined in our LCAP, our goal is to increase pupil engagement by offering more scholar specific activities, workshops, and live lessons and by tracking attendance and truancy rates. We will do this by offering college and career information sessions with our counselors, monitoring of weekly attendance by advisors, plan field trips and activities early in the year and make sure they are on our online master calendar, and enforce our truancy policy.

Additionally, as noted earlier, we will have several scholar-led clubs that will be created based on scholar interests as identified in family survey results, such as a Scholar Leadership Council,

Drama, Poetry, Photography, Creative Writing, and a National Honor Society program for our High School scholars.

Charter School Goals and Actions to Achieve the Eight State Priorities

Please see the section, “Goals, Actions and Measurable Outcomes Aligned with the Eight State Priorities,” in Element II of this Charter for a description of CCS’ annual goals to be achieved in the Eight State Priorities schoolwide and for all pupil subgroups, as described in Education Code Section 52060(d), and specific annual actions to achieve those goals, in accordance with Education Code Section 47605(b)(5)(A)(ii).

Independent Study Assurances and Attendance

CCS shall comply with all applicable independent study laws including, but not limited to, Education Code Sections 51745 *et seq.*, 47612.5, 47634.2; and Title 5, California Code of Regulations, Sections 11700-11705 and 19850-19854. These laws require, among other things, that CCS shall operate pursuant to an adopted independent study Board policy; each student will have a master agreement; and CCS must file for a funding determination as a condition of funding.

CCS will offer the same number of instructional minutes as set forth in Education Code Section 47612.5(a) for the appropriate grade levels and will operate for the required minimum of 175 days as set forth in the California Code of Regulations, Title 5, Section 11960. CCS will maintain written records that contemporaneously document all student attendance and make these records available for audit and inspection.

Master Agreement

Pursuant to Education Code Section 51747, enrollment in CCS is contingent on scholar, parent, and teacher signing a Master Agreement Form (MA) prior to the first day of class each year. This is a legal document and must be signed, dated, and returned to CCS. Parent and scholar will not have access to the curriculum until the MA is signed and returned. Failure to sign and return an MA within the first three (3) days of starting courses will result in the withdrawal of the scholar from CCS. The signed MA is the agreement that parent and scholar wish to continue enrollment in CCS. All scholars enrolled in Independent Study must sign a new Master Agreement each year. See *Appendix B for the Master Agreement*.

Excellence Pledge for Independent Study

A group of independent-study charter school leaders ... have signed an “Excellence Pledge,” and banded together to dispel what they say are myths about virtual charters they believe have been fueled by recent controversies involving legal battles, charter brokering and turf wars (The San Diego Union-Tribune, 2016).

The Pledge reads:

Independent study in the state of California is defined as non-classroom based instruction. Non-classroom--based instruction includes, but is not limited to, independent study, home study, work-study, and distance and computer-based education.

We, the undersigned, pledge to the following in the operation and management of our charter schools offering independent study.

1. As operators of high quality public charter schools offering independent study, we stand united behind the elements of integrity, trust, quality, and value in the operation of our schools. We know that offering personalized learning options meets the scholar where they are, aligns with what they individually need, while creating an academic program that is relevant, rigorous, and aligned to 21st Century learning.
2. As operators of high quality public charter schools offering independent study, we stand united in managing schools that are fiscally responsible in the use of public tax dollars in our care. We value the use of independent auditors that review our financial and operational activities annually and showcase reports that are exception---free. This speaks to the commitment that we hold on financial accountability and operational integrity.
3. As operators of high quality public charter schools offering independent study, we stand united in our efforts to operate schools that model strong integrity, value and utilize solid business practices, and abide by all rules and regulations placed upon us by school districts, regional Offices of Education, and the California Department of Education.
4. As operators of high quality public charter schools offering independent study, we stand united believing that the actions of a few rogue charter school operators do not reflect, align, or mirror anything about our programs. Having individuals or the media draw comparisons speaks to the fact that they are unaware of what we do or are acting on rumor and misinformation.
5. As operators of high quality public charter schools offering independent study, we stand united in stating clearly that we are here for one purpose: educating scholars. Our resource centers, school sites, and classrooms are solely for the purpose of academic programming for the benefit of scholars in our care. Our commitment to scholars does not center on money, influence, or politics.
6. As operators of high quality public charter schools offering independent study, we stand united in offering high quality programs that offer innovative and tested methods of instruction and self-paced learning. We are helping scholars to think, communicate, and achieve.
7. The undersigned represent schools and organizations serving scholars in 26 Counties. Our programs, events, and activities align with personalized and adaptive learning elements to meet scholars where they are educationally to promote and achieve their academic success.

Our commitment to excellence is unwavering and our focus on scholars is what motivates us to create, manage, and grow public charter schools within the space of independent study.

Attendance

Attendance is important for the success of a scholar. If a scholar does not attend school, then a scholar cannot succeed in their courses. Attendance at an independent study school looks very different than a brick and mortar school.

Work Samples

Independent study attendance credit is determined using the time value method which is based on assignments (work samples) given and evaluated by the certificated teacher and recorded by the school. (EC Section 51747.5, California Code of Regulations, Title 5, Section 11703.)

Attendance is determined by amount of work samples submitted rather than time in seat. Recorded attendance in days should not exceed more than five (5) days in one school week, unless on a specific attendance track. Attendance should be counted in days not hours.

Learning Periods

Learning periods will be less than 60 days or quarterly to minimize the amount of paperwork generated by independent study procedures. Attendance will be generated by the collecting of work samples during each learning period. (EC Section 517470(a).)

Virtual Classroom Attendance – Learning Labs

All CCS teachers host live synchronous web-based classes 1 hour a day, 5 days a week for their courses. Live teacher-led classroom instruction occurs in each of these classes 2-3 hours a week called “Learning Labs.” These sessions allow scholars to interact with their teachers and be taught in real time. All scholars are expected to participate in the sessions for each of their classes. Attendance to class connect sessions is part of the scholar’s participation grade for their classes.

Truancy Policy

Excessive absences are considered truant. In these cases, CCS may deem that enrollment at CCS is not in the best interest of a scholar. CCS will follow due process to determine if independent study is a good match for a child to succeed.

CCS scholars are considered truant if overall course work load completion is 10% or more below the weekly benchmark set by the school’s progress matrix.

Plan for Scholars that are Academically High Achieving

Scholars who are high achieving will thrive at CCS. This is because our curriculum is self-paced and highly personalized, allowing scholars to move ahead at their own pace. Teachers differentiate lessons and activities for high achieving scholars just as they do for low achieving scholars. Scholars will be encouraged to explore content in greater depth and incorporate scholar interests and strengths. CCS identifies high achieving scholars through the results of their I-Ready

diagnostic assessment, progress reports, and SBAC test results. Scholars in high school are able to take advantage of our Accelerated Course Options Program (ACOP; described below), concurrent enrollment at community colleges, and will have opportunities to take honors or other advanced courses.

Plans for Scholars that are Academically Low Achieving

Identification

We believe that early intervention is critical for all scholars who are in need of support. CCS will seek to quickly identify scholars who may be low-achieving in the first weeks of the academic year, and will implement an early intervention program. All scholars who are achieving substantially below grade level will be identified through multiple measures including diagnostic baseline testing for all scholars and regular performance measures in the classroom. As part of the enrollment process for each scholar, the past academic history will be reviewed and parents will be asked to provide information.

Parents will be asked to provide information on the scholar's past academic history for those who are identified as achieving substantially below grade level based on assessments and classroom performance. Written notification will be provided for parents of scholars who are identified as mildly experiencing an achievement gap, while a collaborative meeting will be scheduled with appropriate staff and parents to review the assessment data and develop a plan to support the scholar and close the achievement gap for those experiencing significant achievement gaps. Parents will continue to be actively involved in the process and kept up to date on the progress or lack of progress (which will require additional supports) of their scholars on a continuing basis. CCS believes strongly that a cohesive plan involving the scholar, parents or guardians and the school provides the best process to ensure scholar learning and achievement.

Support

CCS will provide all scholars identified as low achieving with an intervention program that best suits their needs and takes into consideration their individual learning styles.

CCS will implement the Response to Intervention model (RTI), a multi-tier system of supports to create an integrated, comprehensive framework that focuses on CCSS, core instruction, differentiated learning, scholar-centered learning, individualized scholar needs, and the alignment of systems necessary for academic, behavior, and social success. CCS is committed to the success of ALL scholars and to training and maintaining staff that is knowledgeable and effective at achieving this goal.

At CCS, RTI is set up as a three-tier system of support.

Tier 1: Universal Screening and Core Classroom Instruction

Within Tier 1, all scholars receive high-quality differentiated instruction and are screened to determine an academic baseline and identify struggling learners.

- At all levels TK-12, teachers will provide small group instruction to meet the differentiated needs of scholars.
- Scholars who are not showing adequate progress are moved to Tier 2.

Tier 2: Targeted Supplemental Interventions and Supports

Tier 2 Interventions will be provided in the areas of Math and Language Arts based on results from the i-Ready Diagnostic assessments, or referral through the SST process.

- Teachers will monitor and adjust the computer assisted instruction as appropriate for scholar needs.
- For scholars in Tier 2, progress monitoring will occur regularly (six weeks' maximum) to ensure that progress is being made with these interventions.
- Scholars who are not showing adequate progress are moved to Tier 3.

Tier 3: Intensive Interventions

We anticipate that a small percentage of scholars will require additional support beyond the Tier 2 intervention. Tier 3 scholars are provided the most intensive instruction, which typically means one-on-one intervention or working in very small groups (2-5 scholars).

- Skill-specific interventions are delivered by teachers to those small groups.
- Progress monitoring occurs more frequently (four weeks' maximum) to ensure progress is being made with the intervention.
- Scholars who do not achieve the desired level of progress may be referred for a comprehensive evaluation and may possibly be eligible for special education services under the Individuals with Disabilities Education Improvement Act of 2004.

Scholar Success Team Procedures

The purpose of a Scholar Success Team is to assist scholars who are performing below or above grade level or are academically challenged by developing a plan to address their individual needs.

An SST uses a systematic problem solving approach to assist scholars with concerns that are interfering with success. The SST clarifies problems and concerns; develops strategies and organizes resources; provides a system for school accountability; and serves to assist and counsel the parent, teacher, and scholar.

The function of the Scholar Success Team is to support the referring teacher, caregiver and student by looking at the strengths and concerns from each team member's unique viewpoint. The expectation is that teachers and other referring staff have attempted a variety of evidence-based interventions prior to an SST referral. The goal is to provide the referring parties with new interventions that address the concerns and tap into student strengths.

English Learners

CCS will meet all applicable legal requirements for English Learners ("EL") as it pertains to annual notification to parents, scholar identification, placement, program options, EL and core content instruction, teacher qualifications and training, re-classification to fluent English proficient status, monitoring and evaluating program effectiveness, and standardized testing requirement. CCS will implement strategies for serving English Learners which are research based and evaluated annually for effectiveness.

Home Language Survey and CELDT¹

Every scholar shall complete a Home Language Survey upon enrollment. The results will be reported to our Assessment Specialist who will arrange for and administer the California English Language Development (CELDT) or the English Proficiency Assessments for California (ELPAC) to those scholars that require it. All scholars who indicate that their home language is other than English will be assessed using the CELDT/ELPAC within thirty days of initial enrollment² and at least annually thereafter between July 1 and October 31 until re-designated as fluent English proficient.

CCS will notify all parents of its responsibility for CELDT/ELPAC testing and of CELDT/ELPAC results within thirty days of receiving results from publisher. The CELDT/ELPAC shall be used to fulfill the requirements under the Every Student Succeeds Act for annual English proficiency testing.

¹ All references in the charter petition to the CELDT will be understood by the Charter School and the District to mean the English Language Proficiency Assessments for California ("ELPAC"), when it replaces the CELDT.

² The thirty-day requirement applies to students who are entering a California public school for the first time or for students who have not yet been CELDT tested. All other students who have indicated a home language other than English will continue with annual CELDT testing based upon the date last tested at the prior school of enrollment.

English Language Instruction

CCS understands that we have obligations to our EL scholars, to provide a program for ELs designed to overcome language barriers and provide access to the core curriculum (Castañeda v. Pickard 648 F.2d 989, [5th Cir. 1981]). CCS has partnered with the El Dorado SELPA to train its teachers in the use of Universal Design for Learning (UDL) teaching strategies.

Reclassification Procedure

To be reclassified from an English Learner to a Reclassified Fluent English Proficient (RFEP), scholars must score in the intermediate to high range in all areas on the CELDT/ELPAC. Additionally, scholars need to be on track in their English classes with a completion rate/progress grade of at least a 75%. There must also be a recommendation from a teacher, as well as agreement by the parents. We will continue to monitor scholars that have been reclassified for an additional two years after qualifying.

Academic Dishonesty

Integrity and honesty are important traits in both 21st century learners and online learners. Because of this, CCS has a stringent Academic Dishonesty and Plagiarism Policy. Upon enrollment, scholars must read the Scholar Handbook and Academic Dishonesty and Plagiarism Policy. We want our scholars to know what our expectations and beliefs are on this subject.

Academic Dishonesty includes cheating, plagiarism and any attempt to obtain credit for academic work through fraudulent, deceptive, or dishonest means. CCS takes academic dishonesty in any form seriously and it will not be tolerated.

Some examples of this include:

- Using another person's work and claim as your own
- Copying from text, web site or other course material
- Using or attempting to use unauthorized materials or information in any academic exercise
- Hiring someone to write a paper
- Buying a paper or project
- Sharing files
- Copying from another person's work
- Turning in another person's work and claiming it as your own
- Letting a friend or parent do the work for you

What is Plagiarism?

Merriam-Webster online dictionary defines plagiarism as “the act of using another person's words or ideas without giving credit to that person: the act of plagiarizing something.”

To Plagiarize means:

- to steal and pass off (the ideas or words of another) as one's own.

- to use (another's production) without crediting the source.
- to commit literary theft or fraud.
- to present as new and original an idea or product derived from another source.

How to Avoid Plagiarism?

Scholars must give credit to the source for any information that is not either the result of original research or common knowledge. For example, it would be necessary to give credit to an author who provided an argument about the importance of the Emancipation Proclamation in the American Civil War. Conversely, major historical facts, such as the dates of the American Civil War, are considered common knowledge and do not require that credit be given to a particular author. If a scholar borrows the exact words of another author, the scholar must cite the source. If scholars are unsure whether or not they should cite, they should to ask their teachers for guidance. Teachers will dictate which citation format should be used and what the guidelines are for their class.

Prevention of Plagiarism

1. All scholars and Learning Coaches are given a copy of the CCS Parent/Scholar handbook which outlines the school’s policy on plagiarism during enrollment. *See Appendix C for the Parent/Scholar Handbook.*
2. Scholars in grades 6-12 complete a lesson in My Success with the following objectives and outcomes.
 - a. Scholars review CCS policy on plagiarism
 - b. Plagiarism is defined and examples are given
 - c. Scholars complete an assignment demonstrating their understanding of how serious plagiarism is and the consequences of plagiarizing while at CCS
3. Complete a lesson on understanding plagiarism in during one of your core courses. 6-12 scholars complete a lesson on plagiarism during their first unit of a core course.
4. Teachers will use “safe assign,” a program embedded into the StrongMind curriculum or other recognized plagiarism detection program, to check for plagiarism as necessary.

If a scholar is found to have plagiarized, CCS will implement a series of consequences including parent conferences, Disciplinary Action Committee hearings, and failing of an assignment or class.

Course Placement and Graduation Requirements

Elementary School Program (TK-5)

Our elementary school program is a reflection of our school’s mission and vision. Our TK-5 grade classes are taught in self-contained virtual groupings by grade level. Each scholar is assigned grade

level specific math, language arts, social science, and science courses. The curriculum is aligned with the State Standards and teachers are assigned to specific grade levels. Teachers partner with their scholars' learning coaches by inviting them to attend the Learning Labs together. Teachers individualize learning by getting to know their scholars' interests and needs and by using the formative and summative assessment data and I-Ready data to inform instruction. The TK-5 teachers incorporate virtual "reading circles" and teacher-directed reading regularly throughout the year. Instruction is self-paced and scholars can work ahead. TK-5 scholars who are ahead of the pacing plan will be able to choose from a variety of electives such as art, music, and world languages such as Spanish, French, or Latin. There are varying levels of both Art and Music, depending on the scholar's grade, ability, and interest level.

Following is a brief description of the various elementary grade level curricula.

English Language Arts

Scholars receive structured lessons on readiness skills through emphasis on phonics, language skills, literature, and handwriting to help develop comprehension, build vocabulary, and promote a lifelong interest in reading. From there courses cover reading comprehension; analysis; composition; vocabulary; and grammar, usage, and mechanics, including sentence analysis and diagramming. Structured lessons on spelling enable scholars to recognize base words and roots in related words, while direct and explicit instruction in vocabulary teaches scholars to identify and clarify meanings of grade level-appropriate and domain specific words.

Math

The research-based math courses focus on computational fluency, conceptual understanding, and problem solving. Math courses also feature new graphics, learning tools, and games; adaptive activities that help struggling scholars master concepts and skills before moving on and more support for Learning Coaches to guide their scholars to success. Each math course builds on scholar's understanding of numbers and operations and makes connections from the previous year's content to the next level of math content.

Science

Scholars begin to develop observation skills as they learn about the five senses, the Earth's composition, and the basic needs of plants and animals. Scholars will also explore topics such as measurement (size, height, length, weight, capacity, and temperature), the seasonal cycle, our Earth (geography, taking care of Earth), motion, and astronomy. Each year will expand on the material introduced the previous year. As they progress, scholars learn to perform experiments, record observations, and understand how scientists see the natural world. They germinate seeds to observe plant growth, and make a weather vane. Scholars will also explore topics such as matter, weather, animal classification and adaptation, habitats, the oceans, plants (germination, functions of roots, stems), and the human body. Scholars will explore topics such as the metric system, force (motion and simple machines, physicist Isaac Newton), magnetism, sound, and geology. They will also learn to observe and analyze through hands-on experiments and gain further insight into how scientists understand our world. Scholars will develop scientific reasoning and perform hands on experiments in Earth, life, and physical sciences.

Social Studies

The beginning social study courses teach the basics of world geography through a storybook tour of the seven continents, and provides an introduction to American history and civics through a series of biographies of famous Americans. Spanning the elementary grades, courses will provide an overview of world geography and history from the Stone Age to the Space Age.

Middle School Course Placement and Course Scheduling

All middle school scholars are required to enroll in four (4) academic courses (English, Math, Science, Social Science), physical education, and one elective course each semester of the academic school year depending on the cohort start date.

Our middle school academic program utilizes semester scheduling for all tracks. This helps prepare them for the high school experience. The number of courses a scholar is eligible to enroll in is dependent upon the scholar start date.

Course Transferability

CCS will seek WASC accreditation. High school scholars will receive information on the transferability of courses to other public high schools and how said courses meet college entrance requirements for the University of California and the California State Universities through regular meetings with the scholar's assigned counselor. The College and Career counselor will present information to parents and scholars during college workshops to make sure that our students are fully informed of their choices. CCS will inform parents of course transferability through the distribution of a parent/scholar handbook that includes specific information on course transferability to other public schools and that outlines school policies and expectations for all scholars and parents. Counselors will provide an A-G course list that meet University of California and California State University entrance requirements. The A-G course list and transferability off classes will be updated on an annual basis. A state-certified high school diploma will be issued to all scholars who meet the CCS graduation requirements.

Section 504 of the Rehabilitation Act

CCS recognizes its legal responsibility to ensure that no qualified person with a disability may, on the basis of disability, be excluded from participation, be denied the benefits of, or otherwise be subjected to discrimination under any program of CCS. Any scholar, who has an objectively identified disability which substantially limits a major life activity including but not limited to learning, is eligible for accommodation by the School.

A 504 team will be assembled by the Director of Academic Affairs and shall include parents/guardians, the scholar (where appropriate), and other qualified persons knowledgeable about the scholar, such as the teacher, evaluators, and any other person deemed necessary, the meaning of the evaluation data, placement options, and accommodations. The 504 team will review the scholar's existing records, including academic, social and behavioral records and is responsible for making a determination as to whether an evaluation for 504 services is appropriate. If the scholar has already been evaluated under the IDEA, but found ineligible for special education instruction or related services under the IDEA, those evaluations may be used to help determine eligibility under Section 504. The scholar evaluation shall be carried out by the 504 team who will evaluate the nature of the scholar's disability and the impact upon the scholar's education. This evaluation will include consideration of any behaviors that interfere with regular participation in the educational program and/or activities. The 504 team may also consider the following information in its evaluation:

- a. Tests and other evaluation materials that have been validated for the specific purpose for which they are used and are administered by trained personnel.
- b. Tests and other evaluation materials include those tailored to assess specific areas of educational need and not merely those which are designed to provide a single general intelligent quotient.
- c. Tests are selected and administered so as to ensure that when a test is administered to a scholar with impaired sensory, manual or speaking skills, the test results accurately reflect the scholar's aptitude or achievement level or whatever factor the test purports to measure rather than reflecting the scholar's impaired sensory, manual or speaking skills.

The final determination of whether the scholar will or will not be identified as a person with a disability is made by the 504 team in writing and notice is given in writing to the parent or guardian of the scholar in their primary language along with notice of the procedural safeguards available to them. If during the evaluation, the 504 team obtains information indicating possible eligibility of the scholar for special education per the IDEA, a referral for special education assessment will be made by the 504 team.

If the scholar is found by the 504 team to have a disability under Section 504, the 504 team shall be responsible for determining what, if any, accommodations or services are needed to ensure that the scholar receives a free and appropriate public education (“FAPE”) at CCS. The 504 team shall determine which charter school staff member is responsible for providing services and/or accommodations under the plan. In identifying necessary accommodations and services to develop the 504 Plan, the 504 team shall consider all relevant information utilized during the evaluation of the scholar, drawing upon a variety of sources, including, but not limited to, assessments conducted by CCS’s professional staff.

The 504 Plan shall describe the Section 504 disability and any program modification and services that may be necessary to allow the disabled scholar access to CCS. CCS understands it is entire responsible for compliance with Section 504, including by way of implementing 504 Plans.

All 504 team participants, parents, guardians, teachers and any other participants in the scholar’s education, including substitutes and tutors, must have a copy of the scholar’s 504 Plan. A copy of the 504 Plan shall be maintained in the scholar’s file. The scholar’s 504 Plan will be reviewed regularly to determine the appropriateness of the Plan, continued eligibility or readiness to discontinue the 504 Plan.

Parents/guardians shall be notified in writing of all decisions regarding the identification, evaluation or educational placement of scholars with disabilities or suspected disabilities.

Notifications shall include a statement of their rights to: examine relevant records, have an impartial hearing with an opportunity for participation by the parents/guardians and their counsel, have the right to file a Uniform Complaint pursuant to school policy, and seek review in federal court if the parents/guardians disagree with the hearing decision.

If a parent/guardian disagrees with the identification, evaluation or educational placement of a scholar with disabilities under Section 504, he/she may request a hearing to initiate due process procedures. The Section 504 Policy and Procedures shall outline the alternative dispute resolution process and the hearing process to deal with any such complaints.

II. Measurable Scholar Outcomes

***Governing Law:** The measurable pupil outcomes identified for use by the charter school. "Pupil outcomes," for purposes of this part, means the extent to which all pupils of the school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the school's educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both school wide and for all groups of pupils served by the charter school, as that term is defined in subparagraph (B) of paragraph (3) of subdivision (a) of Section 47607. The pupil outcomes shall align with the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, or the nature of the program operated, by the charter school. EC Section 47605(b)(5)(B).*

Pursuant to Education Code Sections 47605(b)(5)(A)(ii) and 47605(b)(5)(B), CCS' annual goals, actions and measurable outcomes, both schoolwide and for each subgroup of pupils, which address and align with the Eight State Priorities as described in Education Code Section 52060(d), can be found in the tables below. Each of these goals addresses the unique needs of all scholars, including numerically significant scholar subgroups, as applicable. The metrics associated with these goals shall help CCS ensure that its scholar subgroups are making satisfactory progress, and are provided with necessary additional supports made possible by additional funds from the Local Control Funding Formula.

Local Control and Accountability Plan (LCAP)

CCS shall annually update and develop the LCAP in accordance with Education Code Section 47606.5 and shall use the LCAP template adopted by the State Board of Education. CCS reserves the right to establish additional and/or amend school-specific goals and corresponding assessments throughout the duration of the Charter through the annual LCAP update. CCS shall submit the LCAP to the District and COUNTY NAME County Superintendent of Schools annually on or before July 1, as required by Education Code Section 47604.33.

The LCAP and any revisions necessary to implement the LCAP shall not be considered a material revision to the charter, and shall be maintained by CCS.

Goals, Actions and Measurable Outcomes Aligned with the Eight State Priorities

CCS' school goals shall be created via a collaborative effort involving all stakeholders. The goals shall contribute to our ability to meet of mission which is to inspire and develop innovative, creative self-directed learners, one scholar at a time.

Our annual school goals, which shall be finalized and stated in our LCAP, are:

Goal #1- Increase pupil engagement by offering more scholar specific activities, workshops, and live lessons and by tracking attendance and truancy rates.

Goal #2- Increase academic achievement by offering a variety of classes taught by credentialed teachers.

In addition to the unit tests, quizzes, and writing assessment supplied by the curriculum provider, CCS shall use i-Ready, an adaptive assessment program that provides instruction and supplemental work based on scholar test results. Through these resources, CCS shall monitor and adjust instruction based on scholar, class, and grade level results.

As scholars take the assessment, i-Ready provides instructional assistance which is aligned with the scholar's diagnostic results. Teachers can use this instructional component as additional tools and resources for scholars.

Curriculum Assessments

Throughout the curriculum, there are quizzes after each section, and tests after each unit. These curricula based exams allow teachers to monitor for understanding and re-teach areas as necessary. If it is determined by the Administrative Panel and/or Board of Directors that a student has brought a firearm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or dangerous device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. C. Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the President & CEO or designee with the scholar and his or her parent and, whenever practical, the teacher, supervisor or school employee who referred the scholar to the President & CEO. The conference may be omitted if the President & CEO or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of scholars or school personnel. If a scholar is suspended without this conference, both the parent/guardian and scholar shall be notified of the scholar's right to return to school for the purpose of a conference.

At the conference, the pupil shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense.

This conference shall be held within two (2) school days, unless the pupil waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization.

No penalties may be imposed on a pupil for failure of the pupil's parent or guardian to attend a conference with school officials. Reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil's parent or guardian at the conference.

2. Notice to Parents/Guardians

At the time of suspension, the President & CEO or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a scholar is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the scholar. In addition, the notice may also state the date and time when the scholar may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Placement/Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension.

Upon a recommendation of expulsion by the President & CEO or designee, the pupil and the pupil's guardian or representative will be invited to a conference to determine if the suspension for the pupil should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the pupil or the pupil's parents, unless the pupil and the pupil's parents fail to attend the conference.

This determination will be made by the President & CEO or designee upon either of the following determinations: 1) the pupil's presence will be disruptive to the education process; or 2) the pupil poses a threat or danger to others. Upon either determination, the pupil's suspension will be extended pending the results of an expulsion hearing.

D. Authority to Expel

A scholar may be expelled either by the Governing Board following a hearing before it or by the Governing Board upon the recommendation of an Administrative Panel to be assigned by the Governing Board as needed. The Administrative Panel should consist of at least three members who are certificated and neither a teacher of the pupil or a Board member of the Governing Board. The Administrative Panel may recommend expulsion of any scholar found to have committed an expellable offense.

E. Expulsion Procedures

Scholars recommended for expulsion are entitled to a hearing to determine whether the scholar should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the President & CEO or designee determines that the pupil has committed an expellable offense.

In the event an Administrative Panel hears the case, it will make a recommendation to the Governing Board for a final decision whether to expel. The hearing shall be held in closed session (complying with all pupil confidentiality rules under FERPA) unless the pupil makes a written request for a public hearing three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the scholar and the scholar's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the pupil. The notice shall include:

1. The date and place of the expulsion hearing
2. A statement of specific facts, charges and offenses upon which the proposed expulsion is based
3. A copy of CCS' disciplinary rules which relate to the alleged violation
4. Notification of the scholar's and/or parent/guardian's obligation to provide information about the scholar's status at the school to any other school district or school to which the scholar seeks enrollment
5. The opportunity for the scholar or the scholar's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor
6. The right to inspect and obtain copies of all documents to be used at the hearing
7. The opportunity to confront and question all witnesses who testify at the hearing
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the scholar's behalf including witnesses

F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

CCS may, upon finding a good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations which shall be examined only by the Governing Board, administrative panel, or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the pupil.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five days' notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. CCS must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the entity conducting the hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.

4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.
7. If one or both of the support persons is also a witness, CCS must present evidence that the witness' presence is both desired by the witness and will be helpful to CCS. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the pupil being expelled, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are not alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

G. Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

H. Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the scholar committed an expellable offense.

Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay and sworn declarations may be admitted as testimony from witnesses of whom the Governing Board or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the accused pupil, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in EC Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Governing Board who will make a final determination regarding the expulsion. The final decision by the Governing Board shall be made within ten (10) school days following the conclusion of the hearing. The decision of the Governing Board is final.

If the Administrative Panel decides not to recommend expulsion, the pupil shall immediately be returned to his/her educational program.

I. Written Notice to Expel

The President & CEO or designee, following a decision of the Board of Directors to expel, shall send written notice of the decision to expel, including the Board of Directors' adopted findings of fact, to the student or parent/guardian. This notice shall also include the following: (a) Notice of the specific offense committed by the student; and (b) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the Charter School.

The President & CEO or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following: (a) The student's name; and (b) The specific expellable offense committed by the student.

J. Disciplinary Records

CCS shall maintain records of all student suspensions and expulsions at the Charter School. Such

records shall be made available to the authorizer upon request.

K. No Right to Appeal

The pupil shall have no right of appeal from expulsion from CCS as the CCS Board of Directors' decision to expel shall be final.

L. Expelled Pupils/Alternative Education

Parents/guardians of pupils who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. CCS shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

M. Rehabilitation Plans

Students who are expelled from CCS shall be given a rehabilitation plan upon expulsion as developed by the Board of Directors at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the pupil may reapply to CCS for readmission.

N. Readmission

The decision to readmit a pupil or to admit a previously expelled pupil from another school district or charter school shall be in the sole discretion of the Board of Directors following a meeting with the President & CEO or designee and the pupil and parent/guardian or representative to determine whether the pupil has successfully completed the rehabilitation plan and to determine whether the pupil poses a threat to others or will be disruptive to the school environment. The President & CEO or designee shall make a recommendation to the Board of Directors following the meeting regarding his or her determination. The Board shall then make a final decision regarding readmission during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The pupil's readmission is also contingent upon the CCS' capacity at the time the student seeks readmission.

O. Special Procedures for the Consideration of Suspension and Expulsion of Students with Disabilities

1. Notification of SELPA

CCS shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student that CCS or the SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, CCS, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

- a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If CCS, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If CCS, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

- a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
- b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
- c. Return the child to the placement from which the child was removed, unless the parent and CCS agree to a change of placement as part of the modification of the behavioral intervention plan.

If CCS, the parent, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then CCS may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or CCS believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent or CCS, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 USC Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the parent and CCS agree otherwise.

5. Special Circumstances

CCS personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The President & CEO or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- a. Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;
- b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
- c. Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEIA and who has violated CCS' disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if CCS had knowledge that the student was disabled before the behavior occurred.

CCS shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to CCS supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
- b. The parent has requested an evaluation of the child.
- c. The child's teacher, or other CCS personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other CCS supervisory personnel.

If CCS knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEIA-eligible children with disabilities, including the right to stay-put.

If CCS had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. CCS shall conduct an expedited evaluation if requested by the parents; however the student shall remain in the education placement determined by CCS pending the results of the evaluation.

CCS shall not be deemed to have knowledge that the student had a disability if the parent has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

XI. Retirement Benefits

Governing Law: The manner by which staff members of the charter schools will be covered by the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security. EC Section 47605(b)(5)(K).

CCS's certificated staff shall participate in the California's State Teacher Retirement System (STRS), and non-certificated staff shall participate in the Social Security and/or the school sponsored 403(b) plan, a U.S. tax-advantaged retirement savings plan available for public education organizations according to the employee's position and eligibility. CCS shall participate in Social Security as required by law. As shall be arranged with the County, CCS shall pay the County a reasonable percentage for the provision of such services. The CCS President & CEO shall be responsible for ensuring that appropriate arrangements for retirement coverage are made for all CCS employees.

The CCS Board of Directors has adopted the attached teacher/administrator salary schedule (see Appendix). The Board of Directors may revise the salary schedule from time to time. CCS does not use a formal salary schedule. CCS recognizes that many of our teachers and staff members might also be considering positions in surrounding school districts; CCS will therefore meet or exceed salary levels offered by these surrounding districts. Additional salary increases and bonus compensation may be provided to employees. CCS is prepared to attract the most desirable candidates to the school by offering some individuals higher compensation than they would receive from local districts, if this is necessary to attract them to our program. The President & CEO has the authority to determine salaries, benefit levels and work year characteristics (e.g., length of year and day, vacation policies, etc.) for all employees.

See Appendix J for Staff Handbook

XII. Public School Attendance Alternatives

Governing Law: The public school attendance alternatives for pupils residing within the school who choose not to attend charter schools. EC Section 47605(b)(5)(L).

No student may be required to attend CCS. Students who reside within the District who choose not to attend CCS may attend school within the District according to District policy or at another school district or school within the District through the District's intra- and inter-district transfer policies. Parents and guardians of each student enrolled in CCS will be informed on admissions forms that students have no right to admission in a particular school of a local education agency as a consequence of enrollment in CCS, except to the extent that such a right is extended by the local education agency.

XIII. Employee Return Rights

Governing Law: The rights of any employee of the school district upon leaving the employment of the school district to work in a charter school and of any rights of return to the school district after employment at a charter school. EC Section 47605(b)(5)(M).

No public school district employee shall be required to work at CCS. Employees of the District who choose to leave the employment of the District to work at CCS will have no automatic rights of return to the District after employment by CCS unless specifically granted by the District through a leave of absence or other agreement. CCS employees shall have any right upon leaving the District to work in CCS that the District may specify, any rights of return to employment in a school district after employment in CCS that the District may specify, and any other rights upon leaving employment to work in CCS that the District determines to be reasonable and not in conflict with any law.

All employees of CCS will be considered the exclusive employees of CCS and not of the District, unless otherwise mutually agreed in writing. Sick or vacation leave or years of service credit at the District or any other school district will not be transferred to CCS. Employment by CCS provides no rights of employment at any other entity, including any rights in the case of closure of CCS.

XIV. Dispute Resolution

Governing Law: The procedures to be followed by the charter school and the entity granting the charter to resolve disputes relating to provisions of the charter. EC Section 47605(b)(5)(N).

Disputes Between the Charter School and the District

CCS recognizes that it cannot bind the District to a dispute resolution procedure to which the District does not agree. The following policy is intended as a starting point for a discussion of dispute resolution procedures. CCS is willing to consider changes to the process outlined below as suggested by the District.

CCS and AUTHORIZER will be encouraged to attempt to resolve disputes between them amicably and reasonably without resorting to formal procedures.

In the event of a dispute between CCS and AUTHORIZER, CCS agrees to first frame the issue in written format (“dispute statement”) and refer the issue to the Superintendent of AUTHORIZER and President & CEO of CCS. In the event that the AUTHORIZER Board of Trustees believes that the dispute relates to an issue that could lead to revocation of the charter in accordance with EC 47607, the matter shall be handled in accordance with EC Section 47607 and its implementing regulations, and shall not be subject to this dispute resolution process.

The CCS President & CEO and AUTHORIZER Superintendent, or their respective designees, shall informally meet and confer in a timely fashion to attempt to resolve the dispute, not later than five (5) business days from receipt of the dispute statement.

If this informal meeting fails to resolve the dispute, the Superintendent and the President & CEO, or their respective designees, shall meet to jointly identify and agree upon a neutral third party mediator. The format of the mediation session shall be developed jointly by the Superintendent and President & CEO, or their respective designees. Mediation shall be held within sixty (60) business days of receipt of the dispute statement. The costs of the mediator shall be split between AUTHORIZER and CCS. All timelines and procedures in this dispute resolution procedure may be revised if mutually agreed upon by AUTHORIZER and CCS.

If the dispute remains unresolved after mediation, both CCS and AUTHORIZER shall be deemed to have exhausted their administrative remedies, thus, allowing either party to pursue any further available legal remedy under the law.

Internal Disputes

CCS shall have an internal dispute resolution process to be used for all internal disputes related to CCS’ operations, and shall adopt and maintain a Uniform Complaint Policy and Procedures in accordance with state law. Parents, students, Board members, volunteers, and staff at CCS shall be provided with a copy of CCS’ policies and internal dispute resolution process. The District shall refer all disputes not related to a possible violation of the charter or law to CCS.

XV. Closure Procedures

Governing Law: The procedures to be used if the charter school closes. The procedures shall ensure a final audit of the school to determine the disposition of all assets and liabilities of the school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records. EC Section 47605(b)(5)(O).

Closure of CCS will be documented by official action of the Board of Directors. The action will identify the reason for closure. The official action will also identify an entity and person or persons responsible for closure-related activities.

CCS will promptly notify parents and scholars of CCS, AUTHORIZER, the COUNTY NAME County Office of Education, the School's SELPA, the retirement systems in which CCS' employees participate (e.g., State Teachers' Retirement System, and federal social security), and the California Department of Education of the closure as well as the effective date of the closure. This notice will also include the name(s) of and contact information for the person(s) to whom reasonable inquiries may be made regarding the closure; the pupils' school districts of residence; and the manner in which parents/guardians may obtain copies of pupil records, including specific information on completed courses and credits that meet graduation requirements.

CCS will ensure that the notification to the parents and scholars of CCS of the closure provides information to assist parents and scholars in locating suitable alternative programs. This notice will be provided promptly following the Board's decision to close CCS.

CCS will also develop a list of pupils in each grade level and the classes they have completed, together with information on the pupils' districts of residence, which they will provide to the entity responsible for closure-related activities.

As applicable, CCS will provide parents, scholars and AUTHORIZER with copies of all appropriate scholar records and will otherwise assist scholars in transferring to their next school. All transfers of scholar records will be made in compliance with the Family Educational Rights and Privacy Act ("FERPA") 20 U.S.C. § 1232g. CCS will ask AUTHORIZER to store original records of CCS scholars. All scholar records of CCS shall be transferred to AUTHORIZER upon school closure. If AUTHORIZER will not or cannot store the records, CCS shall work with the COUNTY NAME County Office of Education to determine a suitable alternative location for storage.

All state assessment results, special education records, and personnel records will be transferred to and maintained by the entity responsible for closure-related activities in accordance with applicable law.

As soon as reasonably practical, CCS will prepare final financial records. CCS will also have an independent audit completed within six months after closure. CCS will pay for the final audit. The audit will be prepared by a qualified Certified Public Accountant selected by CCS and will be provided to AUTHORIZER promptly upon its completion. The final audit will include an accounting of all financial assets, including cash and accounts receivable and an inventory of property, equipment, and other items of material value, an accounting of the liabilities, including

accounts payable and any reduction in apportionments as a result of audit findings or other investigations, loans, and unpaid staff compensation, and an assessment of the disposition of any restricted funds received by or due to CCS.

CCS will complete and file any annual reports required pursuant to EC section 47604.33.

On closure of CCS, all assets of CCS, including but not limited to all leaseholds, personal property, intellectual property and all ADA apportionments and other revenues generated by scholars attending CCS, remain the sole property of the CCS non-profit public benefit corporation and shall be distributed in accordance with the Articles of Incorporation upon the dissolution of the non-profit public benefit corporation to another California public educational entity which has established its tax exempt status under Section 501(c)(3) of the Internal Revenue Code, or the corresponding section of any future federal tax code, or shall be distributed to the federal government, or to a state or local government, for a public educational purpose. Any assets acquired from AUTHORIZER or AUTHORIZER property will be promptly returned upon school closure to the AUTHORIZER . The distribution shall include return of any grant funds and restricted categorical funds to their source in accordance with the terms of the grant or state and federal law, as appropriate, which may include submission of final expenditure reports for entitlement grants and the filing of any required Final Expenditure Reports and Final Performance Reports, as well as the return of any donated materials and property in accordance with any conditions established when the donation of such materials or property was accepted.

On closure, CCS shall remain solely responsible for all liabilities arising from the operation of the school.

As CCS is operated by a non-profit public benefit corporation, should the corporation dissolve with the closure of the school, the Board will follow the procedures set forth in the California Corporations Code for the dissolution of a non-profit public benefit corporation and file all necessary filings with the appropriate state and federal agencies.

As specified by the Budget in the Appendix, CCS will utilize the reserve fund to undertake any expenses associated with the closure procedures identified above.

Memorandum

To: Board of Directors
From: J.J. Lewis, President & CEO
Date: January 30th, 2017
RE: New Board Member

The Board By-Laws call for a parent representative to serve on the Board of Directors. Applications to serve have been open for over a year. During this time, no applications have been received.

In the summer of 2016, the Parent Advisory Council was formed. Ms. Lisa Robotham became the chair of the Council, and has been leading monthly meetings since October 2016.

It would be the start of a great precedence to name the chair of the Parent Advisory Council to serve on the full Board of Directors. This will ensure the parent voice is heard during Council meetings, and shared with the full board during their Board meetings.

Action Requested:

A motion to approve Lisa Robotham as the parent representative to the Board of Directors.

Reviewed and Approved for Submission:

A handwritten signature in black ink, appearing to read "J.J. Lewis".
