Addressing the Board – Board meetings are meetings of the Board of Directors and will be held in a civil, orderly and respectful manner. All public comments or questions should be addressed to the Board through the Chair of the Board. To ensure an orderly meeting and an equal opportunity for each speaker, persons wishing to address the Board must complete a Speaker Request Card and submit it to Miguel Aguilar, Executive Assistant to the Superintendent. The Speaker Request Card must contain speaker name, contact number or email, and subject matter and submitted to the Executive Assistant to the Superintendent prior to the start of the meeting. Members of the public may address the Board on any matter within the Board’s jurisdiction and have **three (3) minutes each** do so. The total time of each subject will be fifteen (15) minutes, unless additional time is requested by a Board Member and approved by the Board.

The Board may not deliberate or take action on items that are not on the agenda. However, the Board may give direction to staff following a presentation. The Chair is in charge of the meeting and will maintain order, set the time limits for the speakers and the subject matter, and will have the prerogative to remove any person who is disruptive of the Board meeting. The Board of Directors may place limitations on the total time to be devoted to each topic if it finds that the numbers of speakers would impede the Board’s ability to conduct its business in a timely manner. The Board of Directors may also allow for additional public comment and questions after reports and presentations if it deems necessary.

Superintendent's Report  
September 24, 2018

Great work is happening throughout the organization. This report is meant to highlight several of the functional areas with updates for the Board of Directors:

Business Services

- Finance:
  - In the upcoming months, several long-term contract will come to an end, including copier leases, postage meter, and mobile phone (equipment only). We will be evaluating the use and cost for all of these and determining the value of replacing at a lower cost or eliminating where possible.
  - Investment ladder has matured with JP Morgan Chase. We have rolled these funds over per policy. *See enclosed portfolio report.*
- Information Technology:
  - ZoHo Help Desk has been upgraded which now allows help tickets to be submitted by staff and scholars separately, allowing analytics to be used to a greater extent and with much more proficiency.
- Human Resources:
  - SafeSchools is our new platform for mandatory staff training. In addition to required annual training courses, the platform offers many other training webinars that all staff have the ability to view. The SafeSchools platform is provided by our insurance carrier, NIAC, at no cost.
  - We will be using the Employee Satisfaction Survey in BambooHR for the first time on September 30<sup>th</sup>. The survey asks two questions: "How likely are you to recommend CCS as a place to work on a scale of 0-10?" and then asks a follow up question for why they gave the score they did. BambooHR provides an extensive dashboard where the leadership team can easily see trends and read specific feedback.
  - Organizational changes have transpired since the last meeting. *See enclosed worksheet.*
- Operations:
  - We offered two summer sessions, one starting on July 3<sup>rd</sup> and the other on July 30<sup>th</sup>. The participation for session A included 61 non-CCS scholars; 24 in session B; and 34 that participated in both (not included in previous counts). We are projecting 73% ADA for session A and 90% for session B.
  - As of September 17<sup>th</sup>, our enrollment was at 1,255 scholars! 540 are part of the Online program, while 715 are part of the Options program.
  - We have implemented new internal assessment tools, Istation for scholars in grades TK-8, and Galileo for scholars in grades 9-12. The Galileo assessment is embedded into the content of courses our online courses. Our goal is to

increase our participation rates and obtain reliable data to best support the academic performance of our scholars.

### Personalized Learning

- **Counseling Services:**
  - We will be a participant in The California College Application and Success Campaign (CCASC). The CCASC is part of a nationwide movement led by the American Council of Education to increase the number of first-generation scholars from low-income families who pursue post-secondary education. The primary purpose of this effort is to help our high school seniors navigate the complex college admissions process and ensure they apply to at least one post-secondary institution.
  - The team kicked-off their Counseling with Compass Live at the Orange County Learning Center in Santa Ana. With the introduction of Counseling with Compass Live, counselors will have an opportunity to build stronger connections with our scholars and families to provide in person counseling services we typically only provide virtually throughout the academic school year.
- **Engagement:**
  - We kicked off the school year by hosting five Back to School Picnics across the state. Picnics were held in Clovis, Thousand Oaks, Riverside, Costa Mesa and San Diego on Friday, September 7<sup>th</sup>. Combining all picnics together, we had approximately 275 staff, scholars, learning coaches and guests attend our picnics.
  - We held our first Virtual Scholar Workshop for the school year last Tuesday, September 11<sup>th</sup>. Captain Douglas J. Bradt, U.S. Navy (Retired), shared about his career along with practical applications of academics to scholar's futures. Coordination was made with the USS Midway Museum and Capt. Douglas Bradt used a webcam and microphone to present from aboard the USS Midway. Virtual Scholar Workshops provide scholars with an opportunity to experience enrichment from the comfort of their homes which helps increase our LCAP goal of scholar engagement. The plan is for these to occur bi-monthly through the year.
  - We have 22 scholar-led clubs planned for the 2018-19 school year, and we are excited to have scholars able to select the clubs that they would like to participate in at the Virtual Club Kick Off event. Scholar-led Clubs include Photography, Skateboarding, Chess, Creative Writing, Esports, and many more.
- **Exceptional Scholar Services:**
  - The department has a growing team and with this new team, more innovative processes for scholar support are in the works.
  - We have increased our scholar count by over 40 scholars with IEP's since the start of the school year.

- Online Learning:
  - The AVID program will soon be expanding to all grade levels. For high school scholars, the AVID Elective is now an a-g approved course. Professional development and mentoring will soon be provided for our elementary and middle school teachers so that they can introduce AVID strategies to their scholars during learning labs and one-on-one support sessions. The AVID culture encourages scholars to begin thinking about and preparing for life after school, which helps close the opportunity gap before it begins.
  - StrongMind has made a change to their learning management system (LMS). This is the system that allows our online scholar to access the content, grades, resources of their classes. The system is Canvas-based.
- Options Learning:
  - We currently have over 650 approved vendors from San Diego to Fresno that are available for the use of instructional funds by our Options scholars. Our partnerships continue to grow to support the educational needs of the scholars in this program.

### Executive

- We successfully hosted our in-person All-Staff Retreat August 8<sup>th</sup> 11<sup>th</sup> in Palm Springs. We spent a majority of our time in department and division sessions, creating mission statements and goals for the year. Our new committees also met, creating their mission statements and goals they wish to complete by the end of the school year. We also put together 30 backpacks and donated them to our CCS of Fresno authorizer, Orange Center School District.
- We hosted virtual Welcome Back Nights for new and returning scholars and learning coaches at the end of August. These were hour-long programs, meant to set the tone for the upcoming school year, introduce our new systems, and left room for a Q&A with those in attendance. They were recorded and those recordings were shared with all of our scholars, learning coaches, and staff.
- CCS participated in a number of recruiting fairs and marketing events, including Valley PBS Dog Days of Summer (we were the presenting sponsor), Back to School Bash in Thousand Oaks, California Homeschool Network Family Expo and Homeschool Fair in Ontario, ValleyPBS Phone Bank, and ValleyPBS Zoo Nite (we were the presenting sponsor).
- The first *Compass Chronicle* newsletters of the year will go out for Elementary School, Middle School, High School and Options families this Thursday, September 27<sup>th</sup>. The newsletter will highlight back to school updates, important events as well as spotlighted some families, staff and scholars. *See enclosed newsletter.*
- I am honored to continue my service on the El Dorado County Charter SELPA's CEO Executive and Selection Committees, Digital Learning Collaborative, Digital Learning Annual Conference Advisory Committee, and the Editorial Board for *The Charter Schools Resource Journal* out of Central Michigan University.

A lot of great work is taking place, thanks to our dedicated staff, to continue to improve the educational experience we provide our scholars. My thanks to our team for everything they do each and every day.

Respectfully Submitted,

Important Information

COMPASS CHARTER SCHOOL

Statement Period : September 29 - October 31, 2018

**Messages****SHORT DEBIT FEE DISCLOSURE**

Clients engaging in short sales currently incur fees that are based on a fluctuating rate applied daily to the market value of the securities sold short. These fees, which are in addition to interest charged on any debit balances in your account created in connection with your short positions, are based on (i) the costs and expenses incurred by J.P. Morgan to settle and maintain those transactions, and (ii) service fees in connection with the establishment and/or maintenance of your short positions. Any rate that may be established at the time a short sale settles or established thereafter is not guaranteed or otherwise fixed for any period of time and is subject to change without notice. Rates may vary depending upon market conditions, including the then-prevailing difficulty in the market of borrowing the particular security. The ease or difficulty of borrowing any particular security, and the related cost, may change rapidly and materially and such change is not predictable. Before engaging in short selling, customers should take into account the fees charged on short sales and the risk that those fees may increase rapidly and materially. Customers who maintain short positions are urged to review their account statements and speak with their J.P. Morgan Securities Financial Advisor regularly to monitor the fees being charged. These fees will appear on your account statements.

**NON RECEIPT OF CHECKS OR STOCKS**

Please report any difference or non-receipt of checks or stocks, indicated as delivered to you, to Client Services Operations at 800-634-1428; or write to Client Services Operations at J.P. Morgan Securities LLC, Four Chase Metrotech Center, Brooklyn, N.Y. 11245-0001

**MARGIN ACCOUNT**

If you are a customer with a margin account, you consent to JP Morgan's right (to the extent permitted by applicable law) to use, lend or pledge any securities held by J.P. Morgan Securities LLC in your margin account. In certain circumstances, such loans or other use may limit, in whole or in part, your ability to receive dividends directly from the issuing company and/or your right to exercise voting and other attendant rights of ownership with respect to the loaned, sold or pledged securities. Such circumstances include, but are not limited to, loans of securities that you own in your margin account that continue over record dates for voting purposes and ex-dividend dates for dividend distributions. If you do not receive dividends directly from the issuing company, you may receive payments-in-lieu of dividends which could cause you to lose the benefit of the preferential tax treatment accorded to dividends.

If you carry a margin balance, your account statement will reflect the current annual interest rate applicable to your margin loan. Please review the current rate, as under certain circumstances the rate may change without advance notice. If you have any questions or concerns about your current interest rate, please speak to your Financial Advisor.

**ELECTRONIC FUNDS TRANSFER NOTICE**

In case of errors or questions about electronic transfers in your brokerage account transmitted through the ACH Network, you must contact the Client Services Operations department of J.P. Morgan Securities LLC immediately at telephone number (800) 634-1428 or (347) 643-9953 or write to J.P. Morgan Securities LLC, Attn: Client Services Department, Four Chase Metrotech Center, Brooklyn, NY 11245 if you think your account statement or transaction record is wrong or if you need more information about a transaction listed on your account statement or transaction record. We must hear from you no later than 60 days after we sent the first account statement on which the problem or error appeared.

1. Tell JPMS your name and account number.
2. Describe the error or the transfer you are unsure about, and explain as clearly as you can why you believe it is an error or why you need more information.
3. Tell JPMS the dollar amount of the suspected error.

If you tell JPMS orally, JPMS may require that you send it your complaint or question in writing within 10 business days.

JPMS will determine whether an error occurred within 10 business days after JPMS hears from you and will correct any error promptly. If JPMS needs more time, however, JPMS may take up to 45 days to investigate your complaint or question. If JPMS decides to do this, JPMS will credit your account within 10 business days for the amount you think is in error, so that you will have the use of the money during the time it takes JPMS to complete its investigation. If JPMS determines at the conclusion of the investigation that there was no error, JPMS will charge your account for the credited amount. If JPMS asks you to put your complaint or question in writing and JPMS does not receive it within 10 business days, JPMS may not credit your account.

For errors involving new accounts or foreign-initiated transactions, JPMS may take up to 90 days to investigate your complaint or question. For new accounts, JPMS may take up to 20 business days to credit your account for the amount you think is in error.

JPMS will tell you the results within three business days after completing its investigation. If JPMS decides that there was no error, JPMS will send you a written explanation. You may ask for copies of the documents that JPMS used in its investigation.

For questions, please contact us using the information provided on the front of this statement.

**NOTICE OF AMENDMENT OF CUSTOMER AGREEMENT(S)**

Please be advised that pursuant to the Amendment section of any and all of your Customer Agreement(s) with J.P. Morgan Securities LLC ("JPMS") or any of its predecessors, JPMS hereby notifies you that, effective December 11, 2017, the Collection and Other Account-Related Costs section of each such Customer Agreement is amended to provide that:

**COLLECTION AND OTHER ACCOUNT-RELATED COSTS**

You hereby agree to pay, on demand, all reasonable costs, fees, expenses, liabilities and damages (collectively, "Costs") incurred by J.P. Morgan in connection with (i) enforcing its rights hereunder; (ii) any investigation, litigation or proceeding involving your Account(s) or any property therein; (iii) (A) the use of our access to the Electronic Services (as defined in section 20 below) by you or any person authorized to act on your behalf or (B) the failure by you or any person authorized to act on your behalf to comply with any terms, conditions or limitations applicable to such Electronic Services; (iv) any breach or failure by you to perform any term or provision of this Agreement, any other agreement between you and any J.P. Morgan entity or any agreement governing your use of or access to any Electronic Service; or (v) J.P. Morgan acting in reliance upon your instructions or the instructions of any other person authorized to act on your behalf. In each case and whether or not demand has been made therefor, you hereby authorize J.P. Morgan to charge your Account(s) for any and all such Costs, provided, however, that in no event shall you be obligated to pay Costs to the extent payment or demand therefor would violate the securities laws or the rules of a securities industry self-regulatory organization.

**IMPORTANT INFORMATION REGARDING PURCHASES INDICATED AS AVERAGE PRICE**

\*\*\* Your orders are processed in either (1) one execution at the confirmed price or (2) more than one execution, in which case the confirmed price is an average price. Details regarding the actual prices are available from your J.P. Morgan representative.

**IMPORTANT INFORMATION FOR CLIENTS HOLDING RESTRICTED SECURITIES**

Restricted Securities (typically noted as "Restricted" or "RSTD" in the security description) have not been registered under the Securities Act of 1933 and may not be "freely traded." Since restricted securities are subject to certain restrictions which may render them illiquid or less liquid than freely-tradeable shares, there can be no assurance a secondary market exists. While we typically use the value of the registered/unrestricted security of the same issuer and same class for statement (and other) reporting purposes, the price realizable in a sale of the securities may be less than the "Market Value" indicated and could be zero. No attempt has been made to independently value the specific security subject to its restriction. Additionally, inclusion of pricing of these holdings will result in the aggregated value of your portfolio as reflected on this report being overstated by an amount equal to the difference (if any) between the value of the freely-traded underlying security and the actual value of your restricted shares. For additional information on pricing, please see "Market Prices" on the back of your account statement.

**IMPORTANT INFORMATION REGARDING AUCTION RATE SECURITIES (ARS)**

ARS are debt or preferred securities with an interest or dividend rate reset periodically in an auction. Although there may be daily, weekly and monthly resets, there is no guarantee that there will be liquidity. If there are not enough bids at an auction to redeem the securities available for sale, the result may be a failed auction. In the event of a failed auction, there is no assurance that a secondary market will develop or that the security will trade at par or any other price reflected on statements. Accordingly, investors should not rely on pricing information appearing in their statements with respect to ARS. Where J.P. Morgan Securities LLC. was unable to obtain a price from an outside service for a particular ARS, the price column on your statement will indicate "unpriced."

For questions, please contact us using the information provided on the front of this statement.

### Important Information about Your Account Statement(s)

Unless otherwise indicated, accounts are held at J.P. Morgan Securities, LLC (JPMS), member FINRA and SIPC. JPMS is not a member of the Federal Deposit Insurance Corporation (FDIC).

**NON-DISCRETIONARY:** JPMS brokerage accounts are non-discretionary and all investment decisions are made by the client. For managed accounts, discretionary services are provided by JPMS, an affiliate or an authorized third party.

**ACCOUNT PROTECTION:** As a member of the Securities Investor Protection Corporation (SIPC), JPMS provides account protection for the net equity of a customer's funds and securities positions. SIPC provides \$500,000 of primary net equity protection, including \$250,000 for claims for cash (SIPC Coverage). Account protection applies when a SIPC member firm fails financially and is unable to meet its obligations to its securities customers, but does not apply to losses from the rise or fall in the market value of investments or to SIPC ineligible assets such as futures, options on futures, foreign exchange transactions, or any investment contracts that are not registered as securities or deposit account balances. For more information about SIPC Coverage, including the SIPC Brochure, visit [www.sipc.org](http://www.sipc.org) (follow the link to How SIPC Protects Investors) or call SIPC at (202) 371-8300.

**CUSTODY:** JPMS carries your account and acts as your custodian for funds and securities received, which have been deposited directly with us or received as a result of transactions we process for your account. Inquiries regarding your Statement may be directed to JPMS at (347) 643-9953

As used in the course of these statements, "J.P. Morgan" is the global brand name for JPMorgan Chase & Co. and its subsidiaries and affiliates worldwide.

**MARKET PRICES:** The market value of your holdings is as of the last business day of the statement period or the last available price. Prices for determining market values represent estimates. These estimates are obtained from multiple sources deemed to be reliable. This information is not guaranteed for accuracy and is furnished for the exclusive use of the client.

J.P. Morgan makes no representation, warranty or guarantee, express or implied, that any quoted value represents the actual terms at which securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated. Such values are only indicative.

**ESTIMATED PRICING AND COST BASIS:** Certain assets, including but not limited to, pooled and private investments, non-publicly traded and infrequently traded securities, derivatives, partnership interests and tangible assets are generally illiquid, the value of such assets may have been provided to us by third parties who may not be independent of the issuer or manager. Such information is reflected as of the last date provided to us, and is not independently verified.

Pricing estimates may be based on bids, prices within the bid offer spread, closing prices or matrix methodology that uses data relating to other securities whose prices are more ascertainable to produce a hypothetical price based on the estimated yield spread relationship between the securities. Pricing estimates do not constitute bids for any securities. Actual prices realized at sale may be more or less than those shown on your statement.

**Unpriced Direct Participation Program (DPP) and Real Estate Investment (REIT) Securities:** DPP and REIT securities are generally illiquid and the value of the security will, generally, be different

from its purchase price. Accurate valuation information is not available. The total cost basis for each security position and the unrealized gain/loss are provided solely as a general indication of performance and should not be used for tax purposes or otherwise relied upon without the assistance of your tax advisor. With respect to security positions received into your account, cost basis information, if any, has been provided by you. Further information is available upon request.

You may hold positions where the original cost basis has been adjusted to reflect amortization or accretion.

For **Regulated Investment Companies** or **Dividend Reinvestment Plan** sales, for which the average price method has been chosen, positions are closed out on a First-In-First-Out (FIFO) basis.

These statements are not official documents for income tax reporting purposes and should not be relied upon for such purposes, including determination of income, cost basis, amortization or accretion, or gain/loss. Such information, which may be inaccurate, incomplete or subject to updating, should be confirmed with your records and your tax advisor.

**DIVIDEND INCOME:** Dividends credited to your account may include capital gains, non-taxable dividends and/or dividends on foreign stock. You may wish to consult your tax advisor with regard to your tax liability on these dividends.

**ESTIMATED ANNUAL INCOME AND ESTIMATED YIELD:** Estimated Annual Income (EAI) is calculated by multiplying either the current coupon rate or an estimated annual dividend (generally calculated by annualizing the most recent regular cash dividend) by the quantity of the security held. For balances other than sweep program balances, Estimated Yield (EY) is calculated by dividing EAI by the market value of the security. These figures are estimates based on mathematical calculations using data obtained from outside sources. Because prices of securities, coupon and dividend rates are subject to change at any time, these estimates should not be relied upon exclusively for making investment, trading, or tax decisions. Because different asset types (e.g. equities versus fixed income securities) tend to have different investment characteristics, these estimates should not be compared across asset types. These calculations are for informational purposes only and are not a projection or guarantee of future returns. Additionally, please note that EAI and EY for certain types of Securities might include Return of Principal or Capital Gains in which case the EAI and EY would be overstated. There is no guarantee that your investments will actually generate EAI or EY presented. Actual income and yield might be higher or lower. Please contact us for additional information.

**IMPORTANT INFORMATION REGARDING AUCTION RATE SECURITIES (ARS):** ARS are debt or preferred securities with an interest or dividend rate reset periodically in an auction. Although there may be daily, weekly and monthly resets, there is no guarantee that there will be liquidity. If there are not enough bids at an auction to redeem the securities available for sale, the result may be a failed auction. In the event of a failed auction, there is no assurance that a secondary market will develop or that the security will trade at par or any other price reflected on statements and online. Accordingly, investors should not rely on pricing information appearing in their statements or online with respect to ARS. When J.P. Morgan is unable to obtain a price from an internal or outside source for a particular ARS, the price column on your statement will indicate "unpriced".

A description of J.P. Morgan's practices and procedures regarding ARS is available at [www.jpmorgan.com/muniars](http://www.jpmorgan.com/muniars).

For questions, please contact us using the information provided on the front of this statement.

Statement Period : September 29 - October 31, 2018

**VALUATIONS OF OVER-THE-COUNTER DERIVATIVE TRANSACTIONS:** Valuations of over-the-counter derivative transactions, including certain derivatives-related deposit products, have been prepared on a mid-market basis. These valuations are sourced from the various issuers of the securities, affiliates or they are sourced from a third party valuation provider. J.P. Morgan expressly disclaims any responsibility for (1) the accuracy of the models or estimates used in deriving the valuations, (2) any errors or omissions in computing or disseminating the valuations, and (3) any uses to which the valuations are put. Valuations are provided for information purposes only and are intended solely for your own use. Please refer to the trade confirmation for details of each transaction.

**UNPRICED SECURITIES:** When we are unable to obtain a current value from an internal or outside source for a particular security, the price column on your statement will indicate "Unpriced." Although such securities may have value, please note that the value of a security indicated as "Unpriced" will not be included in your overall current market value as reflected on the statement.

**RESTRICTED SECURITIES:** Restricted Securities (typically noted as "Restricted" or "RSTD" in the security description) have not been registered under the Securities Act of 1933 and may not be "freely traded." Since restricted securities are subject to certain restrictions which may render them illiquid or less liquid than freely-tradable shares, there can be no assurance a secondary market exists. While we typically use the value of the registered/unrestricted security of the same issuer and same class for statement (and other) reporting purposes, the price realizable in a sale of the securities may be less than the "Market Value" indicated and could be zero. No attempt has been made to independently value the specific security subject to its restriction. Additionally, inclusion of pricing of these holdings will result in the aggregated value of your portfolio as reflected on this report being overstated by an amount equal to the difference (if any) between the value of the freely-traded underlying security and the actual value of your restricted shares. For additional information on pricing, please see the "Market Prices" paragraph.

**THIRD PARTY INFORMATION:** This statement contains (i) information obtained from multiple direct, indirect, affiliated, unaffiliated, public and proprietary data sources (including, but not limited to identifying information, market data, calculated data, reference data, valuations, ratings, coupon and dividend rates and other fundamental data) and (ii) information which is calculated based upon such information (including but not limited to, market values, Current Yield and Estimated annual income). Although JPMS believes these sources and the sources of market values are reliable, it does not independently review or verify such information and neither JPMS nor any source will have any duty or obligation to verify, correct, complete, or update any such information. Such information is being provided to you with all faults for use entirely at your own risk; without any warranty whatsoever by JPMS, its affiliates or any such source. Neither JPMS or its affiliates nor any such source shall have any liability whatsoever relating to any inaccuracy or lack of timeliness or completeness of such information or any use thereof or for omissions therefrom nor for any lost profits, indirect, special or consequential damages. Moreover, such sources retain exclusive proprietary rights in such information. You may use such information only for your internal use and purposes and not for reuse (other than in connection with the transaction or position for which the information is provided) or retransmission without prior written approval of the source, or for any unlawful or unauthorized purpose.

**METHODS OF COMPUTING INTEREST ON DEBIT BALANCES :** Interest is charged on a day by day basis for any day that there is a net debit balance in your overall account. The calculation is made on a 360-day basis at the rate or rates shown on the statement. Interest rates may be changed from time to time with fluctuating money market rates or for other reasons.

**CUSTOMER FREE CREDIT BALANCES:** For accounts that are held at JPMS, customer free credit balances may be used in this firm's business subject to the limitation of 17CFR Section 240.15c3-3 under the Securities Exchange Act of 1934. You have the right to receive from us in the course of normal business operation, upon demand, the delivery of:

- a) any free credit balances to which you are entitled
- b) any fully-paid securities to which you are entitled
- c) any securities purchased on margin upon full payment of any indebtedness to us

If this is a margin account and we maintain a special memorandum account for you, this is a combined statement of your general account and a special memorandum account maintained for you under Section 220.6 of Regulation T issued by the Board of Governors of the Federal Reserve System. The permanent record of this separate account, as required by Regulation T, is available for your inspection.

Unless we hear from you to the contrary, it is our understanding that any free credit balances in your account are being maintained to facilitate your intention to invest such amounts through us.

**FOR OPTIONS ACCOUNTS:** Further information with respect to commissions and other charges related to the execution of listed options transactions has been included on confirmation of such transactions previously available to you and such information will be made available to you promptly upon written request.

**PARTIAL CALLS:** If a partial call is made with respect to an issue of securities included in your Accounts we will allocate the call by a method we deem fair and equitable.

**BEARER BONDS:** If any securities held by us for your account are bearer obligations which have been issued since December 31, 1982 with original maturities of more than one year, we agree that we will satisfy the conditions set forth in subdivisions (i), (ii) and (iii) of the Treasury Regulation Section 1.165-12(c)(3) and covenant that we will comply with the requirements of Treasury Regulation Section 1.165-12(c)(2)(iii) concerning the delivery of such bearer obligations.

**MESSAGE FOR ACCOUNTS WITH NON-US DOLLAR ACTIVITY AND/OR ACTIVITY:** The holdings listed within each asset class are segregated by currency. Online Elementary School | Fall 2018

## Happy fall, everyone!

The K-8 team had an exciting month of October! Our teachers hosted fun, exciting Learning Labs, and scholar participation continues to grow. We are so proud of our scholars for using their voice and participating during live lessons. Scholars are using a variety of interactive online tools to show mastery in their courses. We have begun using Vocaroo, FlipGrid, Nearpod, and Go Formative just to name a few. While they are still learning to use these applications, the scholars are showing enthusiasm and creativity and it sure is a lot of fun!

## What's New in Online K-8?

**FLIPGRID** ~ The Kindergarten through 5th grade online teaching team has begun to implement the use of Flipgrid in their weekly online Learning Labs. We collectively noticed how much our scholars love having the opportunity to interact with each other in our Learning Labs. Flipgrid allows us, as

This social learning application is easy to use and allows our scholars to connect face to face through video responses and replies. Because the platform can be accessed from any device and at any time, the learning never stops!

We want you to know that Flipgrid is a safe alternative to other social media platforms. The only way that anyone can reply to a topic is if they have a Compass Gmail account. Even if a link is shared out publicly, no one can enter without the Compass Gmail account. As an additional safety net, each teacher has the moderator control which allows us to view each response before it is posted on the topic or grid for your scholars to see. The speaking and listening skills that scholars can gain from this platform, the shared learning that we can accomplish, and the connections we can create with friends and teachers are very beneficial. There are also many other skills we can practice and other technology that can be integrated with this platform, and our teachers are eager to explore all that Flipgrid has to offer for our Compass scholars. Please join us weekly in our Learning Labs so that you, too, can amplify scholars' voices.

**FALL FUN** ~ During the month of October, the K-8 team embraced all of the fun, fall seasonal activities! Our Elementary Teachers hosted their annual CCS Virtual Halloween Parade, and our Compass families had a blast watching our scholars share their fantastic costumes! The K-1 team did an amazing Pumpkin Project with their scholars, and our Middle School Teachers hosted October-themed Learning Labs, including Spooky Science Learning Labs where our scholars got to learn all about germs, see some exciting chemistry experiments, make a witches brew, and more! Scholars also got the opportunity to decorate pumpkins together, do some fun Kahoots, and participate in a spooky Reader's Theater together! Science was also a big focus for our team during the month of October! Our 4th-grade scholars participated in a Science Unit on Earth's Atmosphere, learned all about Barometers and Anemometers, and had an amazing STEM challenge as well!

## FAMILY SPOTLIGHTS

### **We are featuring learning coach Bonnie S. and her middle school scholar, Petra S.**

**CCS: We know that often with our scholars that each day is different, but what would a typical day look like for you and your scholar?**

Bonnie: The great thing about homeschooling is that a later alarm clock is a bonus! Petra wakes around 8am and has some breakfast. She dedicates a small journal to her daily schedule and I write out each day with what she should accomplish. I take into consideration a few break times, lunch etc... before her daily Learning Lab, Petra will usually have a tutor come for Math (she is doing Algebra 2), French (Petra is in her 8th year of studying the French language) or Violin (she has been playing since 1st grade). Her "school day" usually ends around 4pm, mostly because she needs to catch up on work because of her Tuesday STEM classes in Brentwood. She is with other homeschoolers from all around the city from 9am to 3pm and studies, Physics, Math, Tech Expression & Chemistry - it's called ASTEME and I highly recommend it for anyone in the area!

**CCS: What has been your greatest joy in schooling your scholar at home?**

Bonnie: The greatest joy for our family about having Petra homeschooled is the freedom. Petra can work at her own pace. We can go for a walk or run errands and still have time for her studies. We have only been doing this for about a year, so it's still new, but for our family, it really works. I love being able to kiss her on the top of her head ANY time I want to and sneak in snacks or treats while she is doing her school work. Another joy is knowing that she is safe, happy and still very involved with her friends.

**CCS: Share a challenge that you have experienced as a learning coach and how you have worked to overcome the challenge.**

Bonnie: We have had a few challenges, especially in the beginning. The schedule took a little time to get used to and organizing Petra's day. I soon realized that I couldn't just say "OK, get to work on your stuff," because Petra likes a "schedule" and being told what is expected of her. The daily scheduling journal we use works great. I put an inspirational quote on the page as well, to keep it light, because sometimes it does look daunting, especially when you are working alone! Another challenge has been "defending" the choice to homeschool. So many people assume it's easier or less challenging or they assume she has no friends or social interaction, but to be honest, we have made sure that Petra is always challenged and between her close friends (who text or call her daily) and playing Club Volleyball, she has plenty of social interaction. She is also a member of NCL, a philanthropy organization that keeps her with a few dozen girls her age all of the time!

**CCS: Why did you decide to school from home with Compass Charter Schools?**

Bonnie: Our reasons for choosing homeschool stemmed from a severe change at the school Petra had attended since Kindergarten. We pulled her out last year (7th grade) about this time and needed to find a solution immediately. We scoured the internet, knowing that we would be homeschooling until 9th grade and called a few places. Compass Charter really was the ONLY one that spoke with us over the phone with our relentless questions and concerns. My husband and I felt confident that with a little bit of supplementation, Compass Charter was the right fit. We were right :)

**CCS: What do you enjoy most about being part of our Compass community?**

Bonnie: Our family enjoys the ease of Compass and the communication is great. We have gone on a few social outings that are offered and have had a really fun time getting to know other families. If we

**CCS: Share a piece of advice you'd give to a parent thinking about taking their child out of school to school at home?**

Bonnie: It's scary, I know. There are SO many things to consider, but the most important is your child's true happiness. If your child is stressed out, burnt out, begging to be homeschooled or just feels unsafe in their school surroundings then I encourage you to take the leap. Don't listen to those who say "it's too much for me" or "my child will miss their friends" - yes, there are some sacrifices, but the benefits have far outweighed them for our family. We are lucky because we both work from home, but there still are challenges... find a local group for working families who homeschool or bring your child to work with you - I've met a few families who do this.... there are other solutions. It's the best decision we have ever made for our daughters well being. It takes a little getting used to, but SO worth it!

**CCS: What do you, your scholar and the family enjoy doing together during your free time?**

Bonnie: During our free time, we enjoy traveling. Petra also surfs, skis, rides horses and plays volleyball, so we lead a fairly active lifestyle. We also like to watch movies as a family...recently watching Poltergeist (in preparation for Halloween) and The Breakfast Club... We have 5 animals at home as well that take up some of our time and Petra volunteers about 50 hours a year at local philanthropies. Art and music also play a large role in our family. Homeschooling has afforded us some great "extra" experiences because our time is our own! Thank you Compass Charters!!

## STAFF SPOTLIGHT

### Roxi Slakey, Elementary Teacher

**CCS: What is your job title and what are a couple of the things you do at Compass Charter Schools? How long have you worked for this organization?**

Roxi: I am an Online Elementary teacher. I am co-leader of the Virtual Field Trip Club. This is my third year at Compass.

**CCS: Tell us your "why" for doing what you do here at CCS?**

Roxi: I originally started teaching in the virtual world when I started having babies of my own. I wanted to be a stay at home mom, but did not want to be out of the education field! Working at CCS has allowed me to be the mom and wife I want to be and still be involved with scholars on a daily basis!

**CCS: As an educator, is there a piece of advice you'd like to share with learning coaches or scholars?**

Roxi: One thing I have always told parents is to meet your scholar where they are! It doesn't matter where you end up as long as constant progress is made!

**CCS: Share one thing about you very few people know?**

Roxi: There is not much I keep a secret! I am an open book! However, most people do not know that I love the old VW bus! I want to own one at some point in time!

**CCS: What do you and your family like to do during your free time?**

## SCHOLAR WORK SAMPLES

The 7th-grade scholars also created 3-D images of different molecules using toothpicks and different colored marshmallows that showed the atomic composition of each molecule, including one that had ionic bonding.

Salt 5g	Starting Temperature °C	Final Temperature °C	Change In Temperature °C	Cost \$
lithium chloride (LiCl)	20.00	30.5	Up 10.5	\$3.25
potassium chlorate (KClO3)	20.00	16.00	Down 4.00	\$2.98
sodium acetate bifluoride (NaC2HF3O2)	20.00	17.1	Down 2.9	\$0.32
sodium chloride (NaCl)	20.00	19.2	Down 0.8	\$0.45

The 7th-grade scholars did research on how different salts could be more useful in creating a cold pack using 5 grams of each salt. They also researched the salt that they chose and the drop in temperature when adding 1 gram at a time of salt. Here are their findings.

Ms. Angelo hosted a virtual Cell Wall Walk for her 6th-grade science scholars! We are all very impressed by their hard work and creativity!

The 7th-grade scholars also did a health newsletter that would inspire other people to stay healthy with colorful pictures and slogans.

The 4th and 5th Graders explored watercolor resist by creating warm colored fall leaves on a cool colored background.

4th and 5th graders finished a weather unit with creating their own anemometer and then reflecting on what went well and what they would change/or advice they would give future scholars who did the experiment.

Online High School | Fall 2018

## Fall brings the fall leaves, football, and a time to be thankful for those we love.

The high school team is thankful for our hard-working scholars and committed learning coaches who have been striving for success this fall semester. As families and homeroom teachers have met during parent/teacher conferences, scholars have set both short term and long term goals to ensure our CCS scholars exemplify all of our ARTIC core values: Achievement, Respect, Teamwork, Integrity, and Communication.

Teachers and scholars have all enjoyed engaging learning labs that have included philosophical chairs, collaborative group work, and literature analysis to explore each aspect of their courses. Scholars are thriving in their courses by incorporating focused note-taking to study for exams and complete projects. The high school team is thankful for the hard work and success that our CCS high schools are having this fall!

Sincerely,

Janae Smith, High School Coordinator

## WHAT'S NEW IN HIGH SCHOOL?

This has been a busy fall for our online scholars. Our 9th-grade scholars have been participating in AVID tutorials and weekly AVID learning labs. Each week, the 9th-grade scholars complete a tutorial request to prepare for their AVID tutorials. During these tutorials, scholars and the tutor work together to help answer challenging questions. The additional support scholars receive is paying off! Scholars are understanding those hard concepts and doing well on their exams.

Along with AVID tutorials, our scholars who are taking physical science, biology, chemistry, and physics have attended our live, in-person science labs to earn their a-g credit for their science lab requirements. Scholars have determined the rate of diffusion, analyzed chemical reactions, and studied motion and waves during these full day labs. Not only do the scholars get to participate in labs, but they work together in their groups creating friendships that go beyond the virtual classroom.

As we look ahead at the end of the fall semester, there are exciting opportunities coming for our high school scholars. The first is the AVID Leadership Conference, which will be held in January at California State University, Long Beach. Our 9th-grade AVID scholars who applied will have the unique experience of attending this conference and tour the college campus. They even get to attend a college basketball game! Also, scholars who like to perform and write will have the opportunity to participate in our Poetry Out Loud competition and compete for a chance to represent CCS in the Los Angeles competition. We look forward to seeing our scholars take advantage of these unique and fun opportunities!

## SCHOLAR SPOTLIGHT

### **This month our scholar spotlight is Gio C., a 10th grader**

**CCS: We know that often with our scholars that each day is different, but what would a typical day look like for you and your scholar?**

LC: Each morning, Gio wakes up and takes care of our two dogs, Indie and Evie, before starting his coursework. He often has a small breakfast and attends a live session class before working on his assignments. I run errands and tend to our household, while periodically checking in on him to answer any questions he may have. We often have lunch together, talk about his classes and watch an episode of *Parks and Recs* before he goes back into his room to complete his assignments. Gio is often done around 3pm and socializes with his friends until we have dinner. During dinner, we discuss his day and what he is currently learning. Gio then watches his favorite shows, completes his evening chores and goes to bed.

**CCS: What has been your greatest joy in schooling your scholar at home?**

LC: The greatest joy of schooling Gio at home is getting to see his development. It is truly rewarding to know that I am part of his educational and social-emotional learning process.

**CCS: Share a challenge that you have experienced as a learning coach and how you have worked to overcome the challenge.**

LC: I frequently face the same challenge, guiding Gio without giving him the answers. It takes effort to get Gio to arrive at his own answers, instead of simply telling him what I think or know. I often ask Gio what he thinks is right and then ask him why he thinks that. I, then, use his answers to help guide him and give him feedback.

**CCS: Why did you decide to school from home with Compass Charter Schools?**

LC: I decided to school from home with Compass Charter School because I felt that it would give our family the ability to personalize Gio's education. We wanted him to feel invested and responsible for his education. We wanted him to figure out how he learns best and that was not likely to happen in a traditional classroom.

**CCS: What do you enjoy most about being part of our Compass community?**

LC: What I most enjoy about being part of the Compass Community is having a variety of options. There are labs, field trips and activities that we can choose to be part of but I also have the opportunity to support Gio's learning on my own.

**CCS: Share a piece of advice you'd give to a parent thinking about taking their child out of school to school at home?**

LC: The greatest piece of advice I could give to any parent considering homeschooling is to know and respect your child. Homeschool is not for every child and/or family. It requires a unique type of commitment and dedication from both the scholar and the learning coach.

**CCS: What do you, your scholar and the family enjoy doing together during your free time?**

LC: We enjoy hanging out, eating and watching TV with friends and family when we get some free time.

## STAFF SPOTLIGHT

### **Alyssa Ginn, History and AVID Electives Teacher**

**CCS: Where did you attend college and earn your degrees/credential?**

Alyssa: I attended Saint Mary's College and earned my Bachelor of Arts and Teaching Credential. I attended San Francisco State University and earned my Master of Arts in History.

**CCS: How many years have you worked in education?**

Alyssa: This is my seventh year of teaching.

**CCS: What were you doing before you joined CCS?**

Alyssa: Before I joined CCS, I worked for a different online charter school.

**CCS: How long have you been part of Compass?**

Alyssa: This is my third year at Compass.

**CCS: If you could travel anywhere on vacation, where would you go?**

Alyssa: Somewhere in Europe, but I can't decide between Portugal, Scotland or France.

**CCS: Please share one fun fact about yourself.**

Alyssa: I love to plan trips! Even if I don't take them, I love the planning!

## SCHOLAR WORK SAMPLES

For Spanish 1, our high school scholars, Alicia L. (grade 11) and Aiden G. (grade 9), created a multimedia research presentation about a Spanish-speaking culture and a cultural product. They used an instructional outline, followed directions, completed extensive research, and composed the presentation on their own.

Scholars in Art History discuss beautiful pieces of art work.

Scholars in AVID increased their critical thinking skills by participating in philosophical chairs.

AVID tutorials started this fall with scholars collaborating with their tutor to get additional support

In government, 12th grader Ava D. created a presentation for the country she would create. See her foreign policy she would put into place if she ran her own country:

Chemistry scholars review chemical compounds in learning lab with Ms. Woodley

Hailey, Trinity, and Noa sit back and wait for the chemical reaction at the Los Angeles science lab.

Julian works hard to complete all of his data for his science lab.

Mr. Spink gets the scholars started at the science labs

Mr. Spink and Gevorg work on a biology lab.

Options Program | Fall 2018

## Hi, Options Families!

We hope you are enjoying the fall season and getting settled into your routine -- whatever that may look like for your family. With the first two learning periods under our belts, the EFs have enjoyed connecting with new and returning families and getting to know your scholars.

During this season of Thanksgiving, I want to take the opportunity to thank you for choosing Compass. There are many important decisions to make when deciding to homeschool, so we are grateful that you have chosen to allow us to support you in this endeavor.

We have lots to share in this newsletter! We highlight a family who has been homeschooling and loving it and an EF who has enjoyed sharing her homeschooling experience with the families she is supporting. You will also have the opportunity to read up on what's been happening in Vendor Relations, Counseling, and Exceptional Scholar Services. But the best part, in my opinion, is that you will see some of our amazing scholars' activities in this newsletter, such as labeling all the countries in Africa from memory and using science to make raisins "dance." Enjoy!

## What's New in Options?

Thank you to those parents who participated in our Options Roundtable in September, where learning coaches and Educational Facilitators shared some wonderful resources for teaching social studies. It's always helpful to hear from someone who is familiar with a curriculum before taking the plunge and purchasing. At the end of this month, we will tackle the topic of integrating subject areas. Many learning coaches have expressed the desire to integrate areas such as math and science, or social studies and language arts, but many find it intimidating. We hope the roundtable discussion helps those who have a desire to integrate rise to the challenge!

## FAMILY SPOTLIGHT

## The Gleason Family

**CCS: What are the names and ages of your scholar(s)?**

Rochelle: My daughter's name is Makenzie Gleason. She is 6 1/2 yrs old and in 1st grade.

**CCS: Why did you decide to homeschool, and why do you enjoy homeschooling?**

Rochelle: There are so many! One of the greatest benefits to homeschooling is allowing her to learn and grow at her own pace while not being stuck in a room for 6-7 hours a day only to then have homework.

**CCS: What is your favorite part of homeschooling?**

Rochelle: My favorite part about homeschooling is being in charge of my daughter's education, advancing her where she's able to, and working one on one where needed. Also, she enjoys quality time and has the flexibility to learn and still be a kid.

**CCS: How long have you been part of Compass Charter Schools?**

Rochelle: I have been homeschooling since the middle of last spring. So altogether, about one year.

**CCS: What are your scholar's favorite subjects to study?**

Rochelle: My daughter's favorite subject is math.

**CCS: Do your scholars participate in any music or sports activities?**

Rochelle: Yes, Kenzie is in gymnastics two days a week. We do our own music by singing at home and are currently looking into karate. She is on a swim team every summer as well. I recommend Precision Gymnastics -- It is for both boys and girls, and they even have a new homeschool P.E. Class.

**CCS: Have you ever been on a CCS field trip? If so, what was your favorite one?**

Rochelle: We have done many field trips, the one I'd say was most informative and fun to share was the School House Rock play. It was all math and learning and a fun musical play.

Rochelle: I believe having the EF I have has truly helped equip me to be more knowledgeable in my position as a homeschooling mom. I also would say enjoy it, learning is fun and educating our children is very important! I'd like to add that I am very grateful to have this opportunity to teach my daughter at home and be a part of Compass Charters! I'm thankful for Compass supporting me in my journey and for my EF, Sharlie Walker, who has been absolutely amazing.

## STAFF SPOTLIGHT

### **Lindsey Chalco-Paz, Educational Facilitator**

This month, we feature Lindsey Chalco-Paz, Educational Facilitator with the Options Program at Compass. Lindsey loves working with homeschooling families and has been with Compass for several years. We hope you enjoy learning a little more about her and her family in this brief interview.

**CCS: What is one of your favorite parts about working with homeschooling families?**

Lindsey: I really enjoy helping families create a customized learning experience for their child. It is so fun to see how kids can flourish when they are able to learn in an individualized and flexible environment.

**CCS: What is your favorite thing to do outside of work?**

Lindsey: I love to spend time with my family, I really enjoy baking and trying new recipes, I love to be at the beach, and I am slowly learning to love camping!

**CCS: Is there anything unique about you that you'd like our families to know?**

Lindsey: I spent several years teaching in South America and I would love to move back some day! My husband is from Peru, so we often talk about opening up an International School in his hometown of Arequipa.

**CCS: What is your favorite subject?**

Lindsey: My favorite subject is reading! This year I am doing Moving Beyond the Page with my 4th-grade daughter, and we are really enjoying the unit studies that accompany each novel.

**CCS: Anything personal that you'd like to add?**

Lindsey: I have been married to my husband, Jimmy, for 11 years, and we have 3 kiddos. Sofia is 9, Lucas is 7, and Mateo is 3. We live in Simi Valley and are very involved with the local homeschooling community here.

**CCS: What advice do you have for scholars or learning coaches that you wish someone would have told you when you were a student?**

Lindsey: It has taken me a while to learn that schooling doesn't look the same for each child, even children in the same household or family! While my daughter loves checklists and accomplishing tasks, my son craves a different kind of experience. He is very tactile and social and wants to be in constant communication with other people. I have had to accept that my idea of the perfect schooling experience may not be the best experience for my kids, and that is okay! The goal is always fostering a love of learning and academic growth at their level.

## SCHOLAR WORK SAMPLES

Our first-grade scholar, Reilly Kim, really enjoys his *Learning with Friends* class at the Arbor Learning Center. During the month of October, he learned all about spiders. He listened to *Anansi the Spider: A Tale from the Ashanti* by Gerald McDermott created a Venn diagram showing the differences between spiders and insects, and completed a "Spider Sprints" page where he sequenced two-digit numbers.

Our TK scholar, Andrez Garcia enjoyed learning about plants in October. He learned the different parts of a seed and how it germinates and grows. He furthered his knowledge by labeling a plant, including the roots, stem, and leaves.

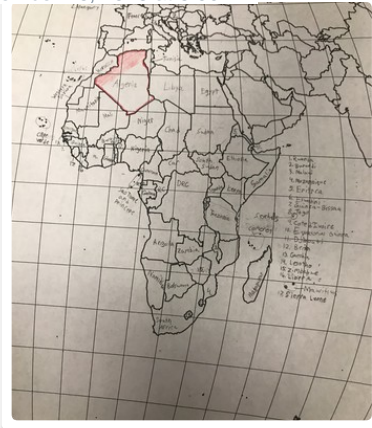

Elijah C. is a 1st grader learning about and categorizing different animals.

Emma M., one of our 8th-grade scholars, has a passion for studying and developing skills in the art genre of anime and manga. Her incredible art samples are freehand drawings, focusing on the application of varied color techniques. It's exciting to see her talent blossom.

Tess M. is a Kindergarten scholar who is working on learning addition by using an abacus.

Eszter N. is a 5th-grade scholar who is part of the OCLC Navigators' Community. She correctly filled in this map of Africa from memory in Mrs. Beamish's history class, using only a list of names of the countries in Africa as a guide. Way to go, Eszter!

TK scholar Nate M. loves to do science experiments! This month, he learned about carbon dioxide through an experiment called "Dancing Raisins", where he was able to see the gas bubbles in the soda make the raisins dance around.

Luke M. is 3rd grader working on his multiplication facts. To make it fun for Halloween, he would find his answers and then color in the picture.

Darla O. is a Kindergarten scholar who created her own calendar. She numbered all the days of October herself and is learning the days of the week. Every day, Darla uses the calendar to learn what day it is.

Heat H., a 6th grader, is creating a science notebook. This page is his study of Earth's Spheres.

Brighton S. is a 1st grader who is learning about world geography in her social studies class in our Navigators' Community.

Counseling | Fall 2018

## Can you believe it's already November?

It feels like the school year just began! The counseling team has definitely been enjoying the school year so far and we hope that you feel the same way, too. Throughout the months of September and October, we did a lot of fun and interactive activities at Compass Charter Schools and look forward to continuing the momentum throughout the next few months.

As you saw in the last newsletter, the Counseling Services Department took to the road with our new initiative, Counseling with Compass Live, geared to engage and connect with our scholars, face-to-face, on a deeper level. We expect our next visit to be toward the end of this month at an Orange County location that serves as a mid-point for our Orange County and Los Angeles County scholars. We plan on having some exciting and informative round-table discussions to support scholars in personal and academic growth. If you haven't confirmed your attendance to the event yet, please visit the calendar in Parent Square to sign up to join us. We'd love to have as many learning coaches and scholars there. Reach out to your scholar's school counselor if you need help completing the RSVP. We look forward to seeing and connecting with you!

Sincerely,

## WHAT'S NEW IN COUNSELING?

We're now just over one month into another exciting school year and our counseling team is deeply immersed in working directly with scholars to meet with them (via virtual or phone conference) to ensure they have their goals, plans, and schedules in order to finish off the semester and school year strong. Coupled with the efforts of our counselors are those of our Scholar Success Coordinator, Kasey Wingate, who has worked hard to lead our cross-departmental team in designing and implementing our Multi-Tiered Systems of Support (MTSS) program at CCS! With the implementation of this program, we expect to be able to provide instructional and behavioral assistance, at a school-wide level, in a timely manner for our scholars that need the support the most by taking a proactive approach.

With the kick off of the FAFSA and College Application season, Ms. Olson, our College Career Readiness Counselor continues to support scholars in their pursuit of post-high school education via webinars and 1:1 support, while the rest of the counseling team continues to deliver a robust lineup of webinars/lessons focused around other topics that our scholars benefit from such as Virtual Bullying & Safety, Grade Level Presentations, Organization, and our College and Career Success Cafe. This school year, in addition to the wonderful webinars brought to you by the counseling services department team, you can also find us on YouTube with short SEL (Social-Emotional Learning) Spotlight videos hosted by Mrs. Gonzalez that focus on skills to help you in daily life! Check out our growing list of videos by visiting <http://bit.ly/2PqdlUf> today!

## FAMILY SPOTLIGHT

### **This month we are happy to highlight the Rockett Family!**

**CCS: What does a typical day look like for you and your scholars?**

LC: After the kids made it to the TOP 14 on America's Got Talent, there haven't been many "typical days" for us! We have circled the globe traveling to 40 countries for television appearances as well as toured with their live show. When we are not traveling, we are based in Los Angeles and maintain a somewhat normal schedule that we follow with the kids doing their school during regular school hours except for meetings or auditions. However, when we are traveling, EVERYTHING changes.

We fly a lot so we have internet passes so the kids can do their school on planes. Kadan laughs at the thought that sometimes when he is doing a learning lab with his class, he might be 35,000 feet in the air traveling at 500 miles per hour! Earlier this year the kids headlined a 21 state tour where they traveled on a custom entertainers coach bus. They had their own rooms and did their school daily while traveling from state to state. Depending on what's on their schedule, every week can bring something different. We are preparing to do a South American tour of TV & live shows in 2019 and are planning to work ahead during what would normally be the kids' spring break so they can finish their school early and have more free time to explore during their travels.

**CCS: What has been your greatest joy and what has been your greatest challenge in schooling at home? How did you overcome the challenge(s)?**

LC: Getting to spend more time with family and the flexibility that schooling at home brings is awesome! When we were in China for 3 weeks, we found out the school was blocked by their Internet and we fell 3 weeks behind! This was a real challenge for the kids and caused them to work weekends, scheduled school breaks, and during times other kids were not having to do school work.

**CCS: Why did you Compass Charter Schools, among the vast competition out there?**

LC: looked at several programs and talked to others who had homeschooled their children and decided on Compass Charter Schools' online program for my children. It offered the flexibility we desired along with an easy to navigate the program. We like the way we can monitor the children's progress daily and see their current grades at any time.

**CCS: What do you enjoy most about being part of our Compass community?**

LC: The flexibility that online homeschooling allows is crucial to making our schedules work. We like being able to do school on weekends, evening hours or even holidays if needed.

**CCS: What advice would you give parents thinking about schooling their child at home?**

LC: I wouldn't hesitate to recommend Compass Charter Schools. I believe that a LOT of time is wasted in public schools. With homeschooling, your child is able to learn at his or her own pace around your family schedule. The biggest concern that I have addressed many times when others ask me about homeschooling is in regards to the child's social life and interaction with their peers. We have made sure that they have outside activities with friends on a regular basis so this has never been an issue for us. We did not choose online homeschooling because we are trying to shelter our kids from the real world. We are all about empowering our kids with more opportunities and by utilizing homeschooling we feel we are able to maximize what we are able to offer.

## STAFF SPOTLIGHT

### **This month we recognize Mataya Olson, College and Career Readiness Counselor**

**CCS: What is your job title and what are a couple of the things you do at Compass Charter Schools? How long have you worked for this organization?**

Mataya: I am the College Career Readiness Counselor at Compass Charter Schools. In this role, I support scholars in college and career planning, obtaining work permits, and concurrent enrollment. This is my first year at Compass Charter Schools.

**CCS: Tell us your “why” for doing what you do here at CCS?**

Mataya: I love the aspects of college and career, and how it is always evolving. It is especially rewarding to help scholars plan for what is next after high school. There are so many possibilities out there and it is amazing to see each scholar’s unique passions and interests.

**CCS: As an educator, is there a piece of advice you’d like to share with learning coaches or scholars?**

Mataya: It is never too early to start thinking about college and career! There are many great opportunities available to middle and high school scholars. The earlier you start planning, the more aware and prepared you will be.

**CCS: Share one thing about you very few people would know?**

Mataya: I played the trombone in band during high school, but I never fully understood how to read music, so most of the time I would just pretend.

**CCS: What do you and your family like to do during your free time?**

Mataya: Some of my favorite things to do in my free time are scuba diving, golfing and attending sporting events or musicals with friends and family.

Exceptional Scholar Services | Fall 2018

## Hello Compass Parents and Scholars!

We have all had time now to settle into Fall, and with that, the school year is moving right along. SAI, specialized academic instruction, is underway as our dedicated special education teachers are meeting in virtual classrooms daily with scholars and sharing back many stories of excitement as they enjoy those “aha” moments as scholars understand that impossible math concept or that tricky sentence structure and the lightbulb goes off. I receive these proud texts almost daily! These are the teachers that are supporting your children and that makes me proud.

## What's New in Exceptional Scholar Services?

Our department has had many changes. At a time when California is experiencing a shortage of Special Education Teachers across the state, we have been extremely fortunate at Compass in recruiting high caliber, deeply compassionate teachers who believe in the mission and vision of the CCS Family. It is an ongoing process that continues, but rest assured that we will not budge on our standards.

Lastly, we continue to have an array of resources to incorporate into SAI time with scholars such as the Read Naturally program to assist in building up areas that need some extra supports as Special Education teachers work with scholars either one to one or in group sessions.

## STAFF SPOTLIGHT

### Please meet the amazing Barbara Johnston, Special Education Instructor

**CCS: What is your job title and what are a couple of the things you do at Compass Charter Schools?**

Barbara: I am an Exceptional Scholar Instructor. I assist scholars with reaching their goals by utilizing their strengths, discovering their preferred learning modality and addressing the needs of each individual scholar. I build a rapport with families to gain awareness of each scholar's culture and dynamic before developing a tailored Individualized Education Plan (IEP) and fulfill Specialized Academic Instruction according to the IEP description.

**CCS: How long have you worked for this organization?**

Barbara: I began on August 8, 2018.

**CCS: Tell us your “why” for doing what you do here at CCS?**

Barbara: My desire to work with Exceptional Scholars has been present for over twenty-five years. However, I have rarely had opportunities to collaborate with a staff as passionate about serving the needs of ALL scholars as I have since meeting the staff at CCS. The teachers and administration refer to the scholars as, "our" scholars, whereas, at other schools, they were "your students". When you work for a team with a common thread with a goal of developing minds for the future, who can say no?

**CCS: As an educator, is there a piece of advice you'd like to share with learning coaches or scholars?**

Barbara: Life can be demanding. At times it seems like you never get a break. However, we get one shot, one chance to live it. Life does not give us "do-over's." If we invest our time wisely into the education of the young, we receive the reward by watching them stand on their own two feet. Not only does the scholar feel a sense of accomplishment, but the learning coach knows they gave their all with this "one-shot" to provide the appropriate tools for learning to our scholars.

**CCS: Share one thing about you would very few people know?**

Barbara: In college, I had to write and sing a commercial for dog biscuits.

**CCS: What do you and your family like to do during your free time?**

Barbara: We like to attend painting classes and each create drastically unique pieces of art from the same initial design.

## ParentSquare Poll | September

*“How has your Compass Experience been thus far?”*

- Becky Jans has been amazing! I came to Compass because I felt comfortable asking her questions on the phone. She was always kind, and never made me feel like my questions were an inconvenience. I'm really excited for all that Compass offers my daughter this year. And, I look forward to working with Becky along the way.
- I like the platform way better than last year. A couple of glitches here and there, but overall, we are able to view all of videos this time via Microsoft Edge (Chrome does not seem to work very well for this). Also, having a couple of learning labs on one day is WAY too much - our school day, which starts at 7am, does not finish until after 4! Maybe cut down each lab to 30 minutes - that would help out tremendously. Teachers are phenomenal :) Galit gordon
- Still have not received school supplies/curriculum.
- WE LOVE CCS.... As a parent for 3 scholars I am so thankful for Ms.Sharlie Walker for her help. She's been so helpful for getting me prepared and support for the new school year.... THANK YOU ALL FOR YOUR DEDICATION. ♥
- Hi!  
I do appreciate my EF and her contacting me regularly. She has been helpful with curriculum choices and checking in on us. I do love the field trips offered by Compass and the prices for them, we quickly signed up for 2 that worked great for us and are looking forward to going.

In general, though I feel like the school wasn't prepared for the initial start of school. I have still not received all my curriculum and I'm disappointed in that, I am very on top of it and ordered asap although I heard after I spent a great amount of time looking through Amazon and placing my order, and then I was told that it would be a hard and long journey for the orders to arrive. I wish that we could have had the funds available before the first day of school so that curriculum would have been available for the children the first day of their school year. There are not many vendors in my area, as in none of our interest within a half hour (dance, swim, karate...), I am disappointed that it's been difficult to get my daughter into any classes. I was declined from a class I really wanted her to take and another I tried has taken quite some time. These have been hurdles for me as a first time homeschooling mom of a tk.

- I wish there were more vendors in the Rancho/Fontana area
  - I also wish there was a way to connect with other families to plan parkways and have our kids meet other kids in our area.
  - If I could change one thing it would be the way information is distributed. It can be a bit overwhelming to keep up with all of the emails. One per week with all pertinent information would be great!
  - Everyone has been very helpful so far and we really appreciate it.
  - Since it is only 3 weeks into the school year and we have only been with the school 2 weeks for 1 kid and 1 week for the other we are actually between Neutral and Satisfied.
  - The new interface is great, EXCEPT that the large red LATE message that resides next to assignments is anxiety provoking.... especially for a kid like mine who prides themselves on completing assignments perfectly. The assignments are maybe done the next day because my child is an over achiever who is out doing other school tutoring, languages, music etc so to see LATE or MISSING in ReD after only a day is frustrating!! Other than that, terrific!!
  - Some teachers are substitutes for 7th grade spanish. She's not very good at giving this info right of the bat. Hard to get in touch with. Not much instruction and the program already tough. Aren't you supposed to start with vocabulary 1st? Kind of disorganized few weeks all around!
  - I'd feel better if there were fewer attempts to treat this like a regular school. It's homeschooling, I don't want to deal with field trip requests, attempts to have kids meet online, etc. We socialize her on our own. I do love our teacher, though, and the ability to go at my child's own pace.
  - To much change on EF's. Just when you get used to one, they give you a different one.
  - The Options program is just what my son needed.
- Thanks,  
Christine Arevalo
- Thankful for our teachers and all those who help put this school together. Frustrated that we are still in Santa Ana after all this time when this was a learning center originally in Newport (perhaps a Costa Mesa location could be a compromise?). Seems to be way too much digital communication and websites we have to connect through.

- I love the flexibility of choosing the curriculum that works best for my son Mateo. Until now, I didn't know that Mateo loves "hands on" assignments, and to my surprise, he is learning more and faster.  
I'm very grateful to Jan Marquez for letting us know about Compass Charter School.  
Thank you Jan!
- when wanting new vendors everything is too strict while other charters have a ton of vendors. Removing field trips like explorer field trips to amusement parks was a dumb move. Not having enough Book subscription boxes for tweens/teens, not enough secular stuff.
- Melissa Collier is very helpful and knowledgeable as always!
- We are still learning. It's our first time ever of Home school. We still can't get used to the routine. But I'm sure we'll get there. It takes time to get the hang of it. We need to get settled.
- it has been very confusing with the new update and with the materials provided
- the new update has made this experince all confusing for me along with the new matetials provided.
- none
- I especially love the teachers and staff with the Navigators program for Compass. They are amazing and so, so great with our kids! The communication within Compass is incredible, and I always feel like there is someone I can reach out to, ask for help or just bug about an idea I have. This Charter is amazing and doing the good work!
- Teacher was not getting back to my daughter quickly and she's had two new teachers. She has a problem with change.
- I Love everthing that is being done. My son is always up early ready to stary his day. Im so happy.
- We are new to Compass Charter. I appreciate the communication and support from the staff.
- I was very nervous to switch schools because I had such an amazing EF with the other charter. Since the switch I couldn't be happier! Our new EF is amazing and has been so helpful making the transition so easy and stress free which is amazing. I am grateful to this new journey with compass charter.
- Computer difficulties first two weeks of school and praying all problems solved now!!  
Everything back in order. 🙏
- Format is good but difficult to keep track of all the different and many additional files and locations as opposed to last year's one screen for all. Needs getting used to.
- My Daughter says that her teachers were not responding to her quickly enough and then had two teacher replacements. She is someone who does not do well with change. It has made it a bit stressful
- We have a wonderful facilitator and she has made it easy to work with.
- The only thing that bothered me, is that when the boys tried to use the PSP site on their Chromebooks, they had to wait several minutes for the calendar to load and they were frustrated with the location of the arrows on the checkpoints and workbooks (they would

end up accidentally clicking on the "next" button instead of the arrow button for the next question on the quiz) They didn't like having to scroll constantly to click the answer then scroll to go to the next question and like I said before they would (out of habit) click the 'next button on the bottom of the page instead of going on to the next question in the quiz or checkpoint. Also, sometimes, the workbooks and checkpoints wouldn't load at all and the entire page would have to be reloaded, losing the progress of everything on the page. Just a few things that the kids were upset about. When using the PSP on a desktop computer, things did load slightly faster, but again the problem with the workbooks or checkpoints not loading at all is still there. Maybe someone would be able to take a look at that and find out why it takes a long time to load or doesn't load at all. Thanks for letting me put this out to show our opinions. One thing that me personally as one of the parents is that the communication between everyone is phenomenal! I have never been so happy to have great communication between the staff, the scholars, and the parents! It all runs so smoothly!

- The ordered curriculums came during the 2nd and 3rd week after school started, I hope there's a way to order the curriculum a month prior so that it arrives before school begins and there's time for the parents to study and prepare for them.
- Curriculum is great and teachers very available. Our son is much more focused on this program than on previous programs we have been enrolled in!
- We are having a hard time with so many activities on our schedule, almost makes me feel defeated if we can't get it ALL Done!
- Last year one of the exciting parts of Kameron's day was to see his grade in each class. It motivated him to the point I would go in his room at 9:00 pm and he would be working on completing another unit so when he woke up he would see his grade. An exceptional motivating tool to keep him excited about putting his all into his work. Kameron and I both miss that in this new system.
- awesome
- Overall our experience has been OK, but some points to consider:  
CCS changed their online system this year once again. My kind was extremely frustrated about how slow the new system is now compared to two previous years.  
Also, some teachers take about 1 week to grade my kid's assignments. I think a couple of days should suffice.
- It's taking way too long to get our classes set up. We are doing the "Options" program. We are using the same online classes through Silicon Valley that we used with the previous school. So we thought it would be a quick and easy switch.

We had this same problem with our previous school. Every new semester it would take a month or longer to get situated.

This leaves my daughter with the disadvantage of being a month behind in her studies. It's very stressful for my student and frustrating for me.

I hope this is just because we are new to Compass, and that next semester is seamless.

- I believe this program was put into Kameron's life so he wouldn't feel the pressure of peers and feel overwhelmed by daily scramble of getting work done. Last year Kameron did an excellent job of catching up, but this year on a daily basis he has been overwhelmed by opening his course and seeing LATE LATE LATE on everything. He has been behind this year and still is behind as that continues to overwhelm him along with not seeing his grade in the class only a percentage.
- As far as the teachers and the curriculum go I have been extremely satisfied. I do have a complaint with the tech issues. Though IT is great when it comes to solving the issues that they can. There have been kinks with the programs that are not worked out prior to us using them which then causes my child's work to be late. IE: His email address to submit work samples, didn't know there was an issue until the due date, by the time it was sorted out they were late. And now this week's Activity Log, the notice says due by 10pm 9/25 I tried to access it at 9:30pm and it tells me it's past due and that the deadline was 9/24. These types of issues have been frustrating. I know, it's online school, these things are bound to happen.
- There is Parent Square, Shutterfly, SeeSaw (and maybe other sites I'm not aware of) in which to do things or check things or schedule things. Needs to be one site. Too confusing.
- I appreciate all the support and I am able to contact someone anytime I have questions! Claire Harding has been amazing.
- still learning about Home school. so far we love it.
- Mrs. Marquez our EF is very helpful, informative and has made the new student process go smoothly. I look forward to our continued work together through this school year! Thanks!
- We love Compass and Mrs. Wormald!
- I love the Options Program :-)
- Hating old system with all the text books again. Lames program was better suited for moving forward in online learning environment
- My daughters books didn't arrive yet.
- Very likely we will change charter schools again at the end of the year. Really sad because I had high hopes for CCS and we left the school I had thought we would get through high school with to follow our beloved EF.
- Feel the security and guidance by our EF while working at our pace independently! Thanks to you Options Program.
- Since this is an online based school, we would expect a better response to emails sent to teachers.
- From what my child has been telling me since the start of the school year, it seems that she is very unsatisfied with the new system change. Since my child started this program when she was in seventh grade, now in the tenth, the system has changed twice. While it was hard for her to get used to the system from last year she eventually was able to work it out. Now with a new system change and no warning she has to all over again get used to a new system that is a lot slower and harder to manage. Even some of her teachers talk

about how they don't like the new system. Overall she has not had a great experience in a long time.

- Thank you, my facilitator is amazing and so helpful.
- We are behind and just can't get caught up yet...pray for us...
- All great so far! Thank you so much!
- Her IEP classes were delayed and now the ONLY instructor she has this year is switching the schedule. Our schedules are tight and these changes are a huge inconvenience. We love her EF but seriously considering switching schools. I'm not sure what happened with Mrs.Hodge, Mr.Johnson and Mr.Holbeck but going from 3 instructors to 1 and the unplanned schedule changes are frustrating.

### **A. Call the Meeting to Order**

### **B. Record Attendance and Guests**

Council members were asked to introduce themselves, sharing their name, grade, program and favorite Compass moment so far this school year:

Alexis Gordon: 7th grade, Online Program.

## INDEPENDENT AUDITORS' REPORT

To the Board of Directors of  
Compass Charter Schools  
Thousand Oaks, California

### **Report on the Financial Statements**

We have audited the accompanying financial statements of Compass Charter Schools (the "Organization") which comprise the statement of financial position as of June 30, 2018, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Compass Charter Schools as of June 30, 2018, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**Other Matters*****Supplementary Information***

Our audit was conducted for the purpose of forming an opinion on the financial statements of Compass Charter Schools taken as a whole. The supplementary information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated **November X, 2018**, on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2018**

**NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES**

**A. Reporting Entity**

Compass Charter Schools (the “Organization”), was formed as a nonprofit public benefit corporation on October 28, 2011 under the name Academy of Arts & Sciences. In February 2017, the Organization changed its name to Compass Charter Schools. The main purpose of the Organization is to manage public charter schools. Compass Charter Schools’ mission is to inspire, and develop innovative, creative, self-directed learners, one scholar at a time. Funding sources primarily consist of state apportionments, in lieu of property tax revenues, and grants and donations from the public. During the fiscal year ended June 30, 2018, Compass Charter Schools operated three (3) California public charter schools. Information on each charter school is as follows:

Charter School	Charter No.	Classes Began	Authorizing Agency	County
Compass Charter Schools of San Diego	1454	8/27/2012	MEUSD	San Diego
Compass Charter Schools of Fresno	1631	7/1/2014	OC	Fresno
Compass Charter Schools of Los Angeles	1651	7/1/2014	AADUSD	Los Angeles

The authorizing agencies noted above include: Acton-Agua Dulce Unified School District (AADUSD), Mountain Empire Unified School District (MEUSD), and Orange Center School District (OC).

**B. Basis of Accounting**

The Organization’s policy is to prepare its financial statements on the accrual basis of accounting; consequently, revenues are recognized when earned rather than when cash is received and certain expenses and purchases of assets are recognized when the obligation is incurred rather than when cash is disbursed.

**C. Financial Statement Presentation**

Compass Charter Schools is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. Unrestricted net assets include all resources available for use by the Board of Directors and management’s discretion in carrying out the activities of the organization in accordance with its Bylaws. Temporarily or permanently restricted net assets are only expendable for the purposes specified by the donor or through the passage of time. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets. Permanently restricted net assets are generally required to be held by the organization in perpetuity while the earnings on those assets are available for use by the organization to support operations. Donors can place restrictions on the earnings from permanently restricted contributions at the time the contributions are made or pledged. Fund accounting is not used in the Organization’s financial statement presentation.

**D. Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures, such as depreciation expense and the net book value of capital assets. Accordingly, actual results could differ from those estimates.

**COMPASS CHARTER SCHOOLS**  
**NOTES TO FINANCIAL STATEMENTS, continued**  
**JUNE 30, 2018**

---

**NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)**

**E. Functional Expenses**

The costs of providing services have been summarized on a functional basis in the statement of activities and detailed in the statement of functional expenses. Certain costs and expenses have been allocated between program and supporting services based on management's estimates.

**F. Contributions**

Contributions that are restricted by the donor are reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the revenue is recognized. All other donor restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the existence or nature of any donor restrictions.

Non-cash contributions of goods, materials, and facilities are recorded at fair value at the date of contribution. Contributed services are recorded at fair value at the date of contribution if they are used to create or enhance a non-financial asset or require specialized skills, are provided by someone possessing those skills, and would have to be purchased by the organization if not donated.

**G. In Lieu of Property Taxes Revenue**

Secured property taxes attach as an enforceable lien on property as of March 1. Taxes are payable in two installments on December 10 and April 10. Unsecured property taxes are payable in one installment on or before August 31. The County bills and collects the taxes for the authorizing agency. In lieu of distributing funds out of property tax proceeds, the authorizing agency makes monthly payments to Compass Charter Schools. Revenues are recognized by the Organization when earned.

**H. Cash and Investments**

Compass Charter Schools considers all highly liquid deposits and investments with an original maturity of less than ninety days to be cash equivalents. The Organization's method of accounting for most investments is the fair value method. Fair value is determined by published quotes when they are readily available. Gains and losses resulting from adjustments to fair values are included in the accompanying statement of activities.

**I. Receivables and Allowances**

Accounts receivable are stated at the amount management expects to collect from outstanding balances. An allowance for doubtful accounts is established, as necessary, based on past experience and other factors which, in management's judgment, deserve current recognition in estimating bad debts. Such factors include the relationship of the allowance for doubtful accounts to accounts receivable and current economic conditions. Based on review of these factors, the Organization establishes or adjusts the allowance for specific revenue sources as a whole. At June 30, 2018, an allowance for doubtful accounts was not considered necessary as all accounts receivable were deemed collectible.

**NOTES TO FINANCIAL STATEMENTS, continued**  
**JUNE 30, 2018**

---

**NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)**

**J. Capital Assets**

Compass Charter Schools has not yet adopted a policy to capitalize asset purchases in conformance with generally accepted accounting principles because the Organization does not own, nor does it plan to acquire, property or equipment of significant value.

**K. Deferred Revenue**

Deferred revenue arises when potential revenue does not meet the criteria for recognition in the current period and when resources are received by the organization prior to the incurrence of expenses. In subsequent periods, when both revenue recognition criteria are met, the liability for deferred revenue is removed from the statement of financial position and revenue is recognized.

**L. Income Taxes**

Compass Charter Schools is a 509(a)(1) publicly supported nonprofit organization that is exempt from income taxes under Section 501(a) and 501(c)(3) of the Internal Revenue Code and classified by the Internal Revenue Service as other than a private foundation. The Organization is exempt from state franchise or income tax under Section 23701(d) of the California Revenue and Taxation Code. As an organization operating schools, the Organization is not required to register with the California Attorney General as a charity.

The Organization's management believes all of its significant tax positions would be upheld under examination; therefore, no provision for income tax has been recorded. The Organization's information and/or tax returns are subject to examination by the regulatory authorities for up to four years from the date of filing.

**M. Fair Value Measurements**

The Fair Value Measurements Topic of the FASB *Accounting Standards Codification* establishes a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1     Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2     Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3     Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

**NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)**

**N. New Accounting Pronouncements**

**Not-for-Profit Financial Reporting Model Standard**

In August 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for Profit Entities* whereby significant changes were proposed in seven areas: net asset classes, liquidity and availability of resources, classification and disclosure of underwater endowment funds, expense reporting, statement of cash flows, investment return, and release of restrictions on capital assets. The amendments in ASU No. 2016-14 are effective for annual financial statements issued for fiscal years beginning after December 15, 2017. The Organization has not yet determined the impact on the financial statements.

**Revenue Recognition**

In May 2014, the International Accounting Standards Board (IASB) and FASB issued a joint accounting standard on revenue recognition to address a number of concerns regarding the complexity and lack of consistency surrounding the accounting for revenue transactions. Consistent with each board's policy, FASB and IASB issued new reporting standards on revenue recognition. FASB issued ASU No. 2014-09, *Revenue from Contracts with Customers (Topic 606)*. The guidance in FASB ASU No. 2014-09 provides a framework for revenue recognition and supersedes or amends several of the revenue recognition requirements in FASB ASC 605 *Revenue Recognition*. The guidance was originally effective for public entities for the fiscal year beginning after December 15, 2016. In August 2015, FASB issued ASU No. 2015-14, *Revenue from Contracts with Customers (Topic 606): Deferral of the Effective Date*, to allow entities additional time to implement systems, gather data, and resolve implementation questions. The new requirements are to be applied to fiscal years beginning after December 15, 2017. The Organization has not yet determined the impact on the financial statements.

**Leases**

In February 2016, FASB issued ASU 2016-02, *Leases (Topic 842)*. The objective of the ASU is to increase transparency and comparability in financial reporting by requiring balance sheet recognition of leases and note disclosure of certain information about lease arrangements. The new FASB ASU topic on leases consists of five subtopics: overall, lessee, lessor, sale and leaseback transactions, and leveraged lease arrangements. ASU No. 2016-02 is applicable to any entity that enters into a lease and is effective for public business entities for fiscal years beginning after December 15, 2018. The Organization has not yet determined the impact on the financial statements.

**NOTE 2 – CASH AND CASH EQUIVALENTS**

Cash and cash equivalents as of June 30, 2018, consist of the following:

Cash in county treasury	\$ 2,316,349
Cash in banks, non-interest bearing	511,409
Cash in banks, interest bearing	166,078
<b>Total Cash and Cash Equivalents</b>	<b>\$ 2,993,836</b>

**NOTE 2 – CASH AND CASH EQUIVALENTS (continued)**

**Cash in Banks**

**Custodial Credit Risk**

Custodial credit risk is the risk that in the event of a bank failure, an organization's deposits may not be returned to it. Compass Charter Schools does not have a policy for custodial credit risk for deposits. The FDIC insures up to \$250,000 per depositor per insured bank. As of June 30, 2018, \$308,911 of Compass Charter Schools' bank balance was exposed to custodial credit risk as there were deposits over \$250,000 at two separate banks.

**Cash in County Treasury**

**Policies and Practices**

Compass Charter Schools is a voluntary participant in an external investment pool for two of its charter schools. The fair value of the Organization's investment in the pool is reported in the financial statements at amounts based upon the Organization's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio in relation to the amortized cost of that portfolio. The balance available for withdrawal is recorded on the amortized cost basis and is based on the accounting records maintained by the County Treasurer.

**General Authorizations**

Except for investments by trustees of debt proceeds, the authority to invest Organization funds deposited with the county treasury is delegated to the County Treasurer and Tax Collector. Additional information about the investment policy of the County Treasurer and Tax Collector may be obtained from its website. The table below identifies examples of the investment types permitted in the California Government Code:

**NOTE 2 – CASH AND CASH EQUIVALENTS (continued)**

**Cash in County Treasury (continued)**

**Interest Rate Risk**

Interest rate risk is the risk that changes in the market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of the investment, the greater the sensitivity of its fair value to changes in the market interest rates. The Organization has managed its exposure to interest rate risk by investing in the County Treasury.

The Organization's investments in the San Diego County Investment Pool, which combines the share of the portfolio for Compass Charter Schools of San Diego, has a combined fair value of \$2,124,537 and an amortized book value of \$2,138,372 as of June 30, 2018. The average weighted maturity for this pool is 331 days. The Organization also holds investments with the Fresno County Investment Pool for Compass Charter Schools of Fresno. The investments in this pool had a combined fair value of \$178,004 and amortized book value of \$177,977 at June 30, 2018. The average weighted maturity for this pool is 803 days.

**Fair Value Measurement**

Investments in the San Diego and Fresno County Treasury investment pools are not measured using the fair value input levels noted in Note 1M because the Organization's transactions are based on a stable net asset value per share. All contributions and redemptions are transactions at \$1.00 net asset value per share.

**NOTE 3 – INVESTMENTS**

The following table provides a description and sets forth, by level within the fair value hierarchy explained in Note 1M, the Organization's investments as of June 30, 2018:

		Quoted Market Price for Assets Level 1
Fixed income securities	\$ 2,013,082	\$ 2,013,082
Money market funds	250,553	-
<b>Total Investments</b>	<b>\$ 2,263,635</b>	<b>\$ 2,013,082</b>

The portion of investments held in money market funds noted above are carried at amortized cost. These types of investments do not qualify as securities as defined in FASB ASC 320, *Investments – Debt and Equity Securities*, thus the fair value disclosures required by ASC 820, *Fair Value Measurements and Disclosures*, are not provided.

In accordance with California Education Code 47613(a), the authorizing agency may charge actual costs of oversight not to exceed one percent of revenue from local control funding formula sources. Total oversight fees paid or payable to the authorizing agencies amounted to \$228,382 for the fiscal year ended June 30, 2018.

**Interagency Activity**

**NOTE 8 – EMPLOYEE RETIREMENT PLANS**

Qualified employees are covered under multiple-employer defined benefit pension plans maintained by agencies of the State of California. In accordance with *California Education Code 47605*, charter schools have the option of participating in such plans if an election to participate is specified within the charter petition. The Charters have made such election. Certificated employees are members of the California State Teachers' Retirement System (CalSTRS). The Organization offers all employees social security as an alternative plan to those who may not qualify for CalSTRS.

**California State Teachers' Retirement System (CalSTRS)**

**Plan Description**

Compass Charter Schools contributes to the California State Teachers' Retirement System (CalSTRS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalSTRS. The plan provides retirement, disability and survivor benefits to beneficiaries. Benefit provisions are established by state statutes, as legislatively amended, within the State Teachers' Retirement Law. CalSTRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalSTRS annual financial report may be obtained from CalSTRS, 7667 Folsom Boulevard; Sacramento, California 95826.

**Funding Policy**

Active plan members are required to contribute 10.25% or 9.205% of their 2017-18 salary depending on the employee's membership date in the plan. The required employer contribution rate for fiscal year 2017-18 was 14.43% of annual payroll. The contribution requirements of the plan members are established by state statute. Compass Charter Schools' contributions to CalSTRS for the past three years are as follows:

	Contribution	Percent of Required Contribution
2017-18	\$ 704,604	100%
2016-17	\$ 511,730	100%
2015-16	\$ 359,120	100%

**On-Behalf Payments**

The State of California makes direct on-behalf payments for retirement benefits to CalSTRS on behalf of all school agencies in California. The amount of on-behalf payments made for Compass Charter Schools charter schools in operation during 2016-17 is estimated at \$295,404 for 2017-18, which is computed as the proportionate share of total 2016-17 State on-behalf contributions. The amount has been proportionately allocated and recorded for each charter school based on 2017-18 contributions to CalSTRS.

**NOTE 9 – COMMITMENTS AND CONTINGENCIES**

**Governmental Funds**

Compass Charter Schools has received state and federal funds for specific purposes that are subject to review and audit by the grantor agencies. The Organization has undergone certain reviews and has experienced certain expenditure disallowances under the terms of the grants, which have been recorded in the financial statements. Any future such audits could generate additional expenditure disallowances under funding terms; however, it is believed that any required reimbursements would not be material.

**Multi-employer Defined Benefit Plan Participation**

Under current law on multiemployer defined benefit plans, the Organization's voluntary withdrawal from any underfunded multiemployer defined benefit plan would require the Organization to make payments to the plan, which would approximate the Organization's proportionate share of the multiemployer plan's unfunded vested liabilities. CalSTRS has estimated that the Organization's share of withdrawal liability is approximately \$7,037,840 as of June 30, 2017. The Organization does not currently intend to have its charter schools withdraw from CalSTRS. Refer to Note 8 for additional information on employee retirement plans.

**Legal Settlement**

In April 2017, the Organization agreed to a settlement agreement and release with the New Jerusalem Elementary School District (the "District") to resolve all claims, issues, disputes, and appeals related to a legal action under *New Jerusalem Elementary School District v. Academy of Arts and Sciences Charter School*, a case with the Superior Court of San Joaquin. As a result of the settlement agreement, the Organization agreed to an initial payment of one million dollars to the District, as well as monthly installment payments in the amount of \$50,000 for a period of twelve (12) consecutive months beginning July 1, 2017. The total amount of the legal settlement payable from the Organization to the District was \$1,600,000. During the fiscal year ended June 30, 2018, the Organization paid the remaining amount of \$550,000. As of June 30, 2018, there was no outstanding balance attributed to the legal settlement.

**Operating Lease**

In July 2016, the Organization entered into a lease agreement to occupy approximately 4,623 square feet of commercial space located at 850 Hampshire Road, Suite P in Westlake Village, California. The facility is utilized by the Organization for general administrative office space and a performing arts lab. The lease agreement covers a term of five (5) years commencing July 1, 2016 and ending June 30, 2023. The agreement allows for an optional renewal for an additional five-year term up on six-months written notice. The lease allows for termination based on a mutual agreement between both parties; therefore, the agreement is deemed an operating lease. The base rent for the first year of the agreement was established as \$1.75 per square foot per month or \$8,090. The base rent is to increase by three percent each year on the anniversary date. Future payment obligations under this lease are as follows:

<u>Fiscal Year Ending June 30,</u>	<u>Payment</u>
2019	\$ 102,995
2020	106,085
2021	109,268
<b>Total</b>	<b>\$ 318,348</b>

**NOTE 10 – SUBSEQUENT EVENTS**

Compass Charter Schools has evaluated subsequent events for the period from June 30, 2018 through **November X, 2018**, the date the financial statements were available to be issued. Management did not identify any transactions that require disclosure or that would have an impact on the financial statements.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON  
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING  
STANDARDS***

Independent Auditors' Report

To the Board of Directors of  
Compass Charter Schools  
Thousand Oaks, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Compass Charter Schools (the "Organization") as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the Organization's basic financial statements and have issued our report thereon dated November X, 2018.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Organization's internal control over financial reporting ("internal control") to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Organization's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## REPORT ON STATE COMPLIANCE

### Independent Auditors' Report

To the Board of Directors of  
Compass Charter Schools  
Thousand Oaks Thousand Oaks, California

#### **Report on State Compliance**

We have audited Compass Charter Schools' compliance with the types of compliance requirements described in the *2017-18 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, prescribed in Title 5, California Code of Regulations, section 19810, that could have a direct and material effect on each of Compass Charter Schools' state programs for the fiscal year ended June 30, 2018, as identified below. Reference to Compass Charter Schools within this letter is inclusive of all charter schools referenced in Note 1A of the accompanying notes to the financial statements.

#### **Management's Responsibility**

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state programs.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of Compass Charter Schools' state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *2017-18 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, prescribed in Title 5, California Code of Regulations, section 19810. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on the state programs noted below occurred. An audit includes examining, on a test basis, evidence about Compass Charter Schools' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance with the requirements referred to above. However, our audit does not provide a legal determination of Compass Charter Schools' compliance with those requirements.

### Opinion on State Compliance

In our opinion, Compass Charter Schools complied, in all material respects, with the types of compliance requirements referred to above that are applicable to the state programs noted in the table below for the year ended June 30, 2018.

### Procedures Performed

In connection with the audit referred to above, we selected and tested transactions and records to determine Compass Charter Schools' compliance with the state laws and regulations applicable to the following items:
