### **B. Social Emotional Health Surveys**

Dr. Stifel joined the board to present data from the CHKS and the Covitality Surveys administered in the spring.

California Healthy Kid Survey:

- Conducted through CDE. The primary focus of the survey is assessing student perceptions and experiences related to:
  - school climate, connectedness, and learning engagement;
  - perceived school safety and frequency of, and reasons for, harassment and bullying at School;
  - developmental supports (protective factors) that promote positive academic, social, and emotional outcomes: experiences of caring adult relationships, high expectations, and opportunities for meaningful participation at school;
  - mental health, supports for social-emotional learning, and positive behavior; and
  - health-related and behavioral learning barriers (e.g., substance use, violence at school, physical health, mental health).

#### Social-Emotional Health Survey:

- Bridges Charter School is committed to whole-child learning. In order to better understand our students and their strengths, we will be conducting universal monitoring of all 3rd through 8th grade students utilizing the Social Emotional Health Survey (SEHS). SEHS measures Covitality, or a person's overall wellbeing
- and thriving development.
- The SEHS for 3rd through 5th grade measures of Covitality via:
  - Gratitude
  - Zest
  - Optimism
  - Persistence
- The SEHS for 6th through 8th grade measures of Covitality, via:
  - Belief in Self
  - Belief in Others
  - Emotional Competence
  - Engaged Living
