## **VI. Research and Evaluation**

### **A. Leader Advisor Program Report**

The Director for Research and Evaluation presented on the SCSC's evaluation of its Leader Advisor Program (LAP), which assists new school leaders and those experiencing challenges in the areas of operational efficiency and student achievement.

The LAP was implemented in 2017. This year, 12 schools are participating in the program. Ten schools are located in metro-Atlanta. The cohort represents all grades and various educational models. The SCSC used a "goals" based approach to assess the program which included a review of survey results, activity trackers, growth plans, and performance data to determine whether the program is meeting its goals. The SCSC's determined that the LAP is meeting all its intended goals. A copy of the presentation may be viewed [here](#).

In response to questions from commissioners and the SCSC Executive Director, SCSC staff explained that the SCSC maintains a robust roster of Leader Advisors. While school leaders are initially hesitant about the time commitment the program requires, once involved they do not want to exit the program.

Staff also explained that the SCSC is piloting an Authorizer Standards Evaluation program, wherein the SCSC's performance as an authorizer will be evaluated. The program is currently in phase one. Phase two will include state charter school feedback.

## **VII. Action Items**

### **A. Utopian Academy for the Arts Replication**

M. Dudgeon made a motion to approve the staff recommendation that the petition for Utopian Academy for the Arts be approved by authorizing the SCSC Chair to execute a charter contract for the operation of a state charter school for an initial term of five (5) years.

F. Johnson seconded the motion.

Prior to the motion, but before debate, the Chairman allowed representatives from Utopian Academy for the Arts and the Fayette County School District to speak.

The CEO and Board Chair for Utopian Academy for the Arts expressed gratitude for an opportunity to replicate their existing school model for students statewide. The Superintendent for the Fayette County School District (District) opposed the replication on grounds that the district has schools that offer opportunities similar to those provided by

Utopian Academy for the Arts and that the District's schools outperform Utopian Academy for the Arts academically.

After the motion and second, commissioners discussed that the goal of charter schools is to offer a different option to students that want or need one. In addition, Georgia students should have exposure to the state's billion dollar entertainment industry. Lastly, the hope is that the school and district can work collaboratively to serve the best interests of Georgia's students.

The board **VOTED** unanimously to approve the motion.

## **VIII. Tabled Items**

### **A. Virtual Preparatory Academy Start-Up Petition**

M. Dudgeon made a motion to remove the item from the table.

J. Perez seconded the motion.

Johnson recused.

The board **VOTED** unanimously to approve the motion.

L. Millan made a motion to approve the staff recommendation to deny the charter application for Virtual Preparatory Academy.

M. Dudgeon seconded the motion.

Prior to debate, the Chairman permitted representatives from Virtual Preparatory Academy (VPA) to speak. The Board Treasurer for VPA asked the SCSC to approve the school's charter application or in the alternative, to delay its vote to give the school an opportunity to clarify matters SCSC staff got wrong.

Commissioners discussed the current enrollment numbers for existing statewide virtual schools; how quickly the school might be able to begin operations if it were to resubmit its application; the governing board's independence from its Education Service Provider (ESP); and, the performance of existing schools operated by VPA's selected ESP.

The board **VOTED** to approve the motion.
