VIII. Pre-Opening Schools

A. Pre-Opening Schools

The SCSC currently has seven new schools and two replication schools in the pre-opening pipeline. To date, Georgia School of Innovation and the Classics and Savannah Exploratory Charter Academy have elected to defer their opening until Fall 2024. As of March 1st all pre-opening schools were required to receive their facility code from the Georgia Department of Education. To date, three schools are operating on an extension request for that deadline. We are in communication with all those schools and anticipate that they should still be able to submit their facility codes without having a major impact on their pre-opening trajectory. Additionally, on March 24th, all schools were required to submit evidence that they had received applications from students equivalent to at least 65% of the school's year one enrollment target. All schools met that enrollment target however, some schools were very close to that mark so we will continue to monitor their enrollment at our next April milestone. We anticipate continuing to provide pre-opening updates at upcoming SCSC meetings.

IX. Petition Update

A. Petition Update

The deadline to submit a petition for a start-up charter school was March 17th. The SCSC received 12 petitions.

SCSC also received a local transfer petition in March from RISE Prep and RISE Grammar, which serve K-8 and are currently authorized through June 30th by the Fulton County Board of Education.

The deadline for schools to submit a replication petition is July 14th.

X. Accountability

A. Academic Accountability

The SCSC Research Analyst provided an update on GaDOE's request to amend the state's ESSA plan to the US Department of Education, which would eliminate the CCRPI grade band and single score.
