## **Academic**

Due to the reduction in the number of ELA EOCs administered and data interruptions caused by COVID, GaDOE will not report SGPs for High School ELA for the 2023 or 2024 school years. The Progress score calculation will be calculated by assigning math SGPs a 90% weight and English Learner progress towards English-language proficiency a weight of 10%. SCSC will use Progress as reported by GaDOE and Value-Added as measures of growth on the academic section of the Comprehensive Performance Framework.

Due to the ESSA amendment, CCRPI scores will be delayed. It is unsure when the SCSC will receive these scores.

SCSC commissioners and staff discussed the impact this will have on SCSC accountability score calculations.

## **C. Financial**

The FY 2023 Financial (DE 46) final upload is due to GADOE on September 29, 2023. This report is required, so please ensure your school completes its submission by the deadline to avoid losing points on the Comprehensive Performance Framework for the 2023-2024 school year.

Federal FY2023 ends September 30, with FY 2024 starting October 1.

The SCSC is communicating with GADOE regarding the potential impact of a federal government shutdown and will share more information as it becomes available. QBE allotments will not be affected since these come from state funds.

SCSC commissioners and staff discussed which funds the federal government shutdown will impact. Depending on how long the shutdown lasts, schools can still draw its grant funds.
