Ana Ulloa introduced Doug Stutzman from Innovative Modular Solution to provide an overview of the four classrooms and two restrooms proposal bid logistics. St. Anne's church will not charge the academy for the playground space that will be used for the modular. Mr. Stutzman indicated that the deposit and side cost will be adjusted to create a low payment. Madam President Cristina Stamatina asked Doug Stutzman to provide clarity on what are side costs. Mr. Stutzman explained that side cost is simply additional materials items or permits that may be needed to accommodate the completion of the installation. The delivery and installation timeline is anticipated to be completed by the start of school in the fall. Ms. Ulloa mentioned if the academy was to seek a second location, the overhead cost will duplicate. Madam President inquired if the academy decides to relocate within the 36 months of the lease, will there be an additional cost to move the modular. Doug Stutzman stated yes, due to the breakdown of the modular and disconnecting the utilities. Sanga Monthly Management Report

The Sanga Management monthly report was presented by Lyndsey McClintic and Ana Ulloa. The academy is continuing to build upon its experience and blooming expertise in regards to virtual learning. Lyndsey McClintic is honing the academy's focus on three categories: focused instruction, participation and engagement, and assessment strategies. School-wide NWEA comparison data is currently not accessible. Madam Vice President Andreea Bordieanu pointed out that Central Michigan University is one of the leading universities in Michigan in terms of online teaching. CMU is a great resource to reach out to for navigating online teaching. Madam President Cristina Stamatina stated that student engagement is important but how much are the students learning is also important. Assessments are important to understand if students are learning at their grade level. The academy Spanish teachers and support staff have centered their schedules on providing additional support to students for independent learning tasks in small groups. This allows for students to converse in or have support in their first language.

Sanga is happy to announce that the computers from Detroit Children's Fund have been received. Macro Connect will set up the computers for distribution next week. Hotspots will also be distributed to families within the coming week. The family engagement team attended a session with Attendance Works, a National Organization that has been recognized as the gurus in the prevention of chronic absenteeism. Accolades were expressed to Beatrice Hill for her ongoing support with waking students up daily to connect for remote learning, assisting families with connectivity issues, and organizing weekly food distribution. Ms. Ulloa presented the academy families' demographic data to the board. It's important for the academy to know the customers we serve. Madam President Cristina Stamatina thanked Ana Ulloa for gathering this vital information and presenting it to the Board of Directors.

VI. Extended Public Comment:

A. This public comment section is reserved for all remaining comments.

Martha Escutia (EA Academy 5th-grade parent), expressed to the Board of Directors how unhappy she was with her child's previous 5th grade teacher. The teacher would play music or videos during scheduled class time with no instruction or Eureka Math. Parent Teacher Conference link was not shared with parent as requested. The parent is very happy with the teacher that is in place. If the previous 5th grade teacher is allowed to return to the academy, parents will get together to try and stop this from happening. Madam President Cristina Stamatina thanked Sanga for addressing the parent concerns.
