B. Financial Audit presented by Wilkerson & Associates P.C.

The financial audit for the year ended June 30, 2021, was presented to the Board of Directors by Mr. Larry Wilkerson of Wilkerson & Associates, P.C. As a result of auditing standards required to be implemented last year, the audit continues to require a strong emphasis to be placed on the Academy's internal control systems. During this year's audit process, no items were noted that required management to make changes; therefore, no recommendations were made for this year. The audit went extremely well with no findings, the provision of an unqualified opinion for the single audit and compliance with the federal requirements.

C. Automated Clearing House/Electronic Transfer Officers Resolutions - Important Update

Dr. Lorilyn Coggins shared the Automated Clearing House/Electronic Transfer Officers Resolutions important update communication received from The Governor John Engler Center for Charter Schools. It does not have an immediate impact on the academy.

V. Reports

A. 21st Century Community Learning Centers Monthly Report

September 2021 financial reports were presented by Dr. Lorilyn Coggins highlighting cash on hand, year-to-date revenues, year-to-date expenditures, and the current fund balance in a summarized format.

B. Charter Schools Program Grant Monthly Report

Dr. Lorilyn Coggins presented to the Board of Directors an overview of the Charter School Program Grant data which is required to be presented monthly at each board meeting. Dr. Coggins, Stephanie Yassine and Dr. Ovaes are working on an amended budget to present to the Board of Directors in the near future.

C. September Financials

September 2021 financial reports were presented by Dr. Lorilyn Coggins highlighting cash on hand, year-to-date revenues, year-to-date expenditures, and the current fund balance in a summarized format. The financials are in order.

D. Sanga Monthly Management Report

The Sanga Monthly Management Report was presented by Ana Ulloa, Stephanie

Yassine, Lyndsey McClintic, and Steven Ovaes. Escuela Avancemos Academy leadership is highly focused on utilizing the analyzed NWEA and I-Ready data to solidify "What I Need" (WIN) blocks.

The purpose of WIN time is to provide students specifically tailored, and small-group instruction at their specific area of academic need. During this time students may explore synonyms and antonyms, delve into text at their specific reading level, or work on prefixes and suffixes. WIN blocks occur in both reading and math at all grade levels. groups. Board Trustee Monica Barbour posed a question to the Instructional Leaders, "What are the leaders doing in respect to the math modules to increase students' math growth?"

The leadership team has set an internal goal for the year in reaching the 60th percentile as measured by fall-to-spring scaled growth in both reading and math. A numerical table was shared with the Board of Directors to outline the representation of the graphs above on where grade levels are performing in relation to the goal/CMU expectations. The NWEA Fall MAP results for student growth summary comparison from Fall 2020 to Fall 2021 data charts were presented to the Board of Directors. Board Treasurer Linda Chittum inquired if CMU has seen the inflated growth percentiles for Fall 2020 within their school's portfolio. Jennifer Joubert informed the Board of Directors that CMU is not counting last year's data and is happy to hear that the leadership team is utilizing last year's data for analyzing this data comparison. Accolades were given to the academy's 8th-grade teacher Tiffany Rhymes for "Rocking it Out" last school year and the start of this year on a strong trajectory for meeting/exceeding the academy's goals in reading. The leadership team is looking to move ahead with the partnership with Cornerstone University. The goal is to pilot the program using our Section 41 and DCF grant funds to enroll several teachers into the master and micro-credentials program. Over time, this initiative will ensure that all homeroom teachers are certified in teaching English to speakers of other languages (TESOL). Alongside our Spanish program's goals of literacy in the first language and our core curriculums' research-based best practices in EL strategies, this initiative will ensure our students have the necessary access to high-quality literacy and language learning in both English and Spanish.

Stephanie Yassine informed the Board of Directors of the academy's great "Fall Count Day" success. At the time of this board meeting, the academy has responded promptly to any student-related COVID concerns. A reporting process has been communicated to staff to prioritize classroom safety and prompt the removal of students for additional screening. So far there has been 1 positive COVID case reported to the Detroit Health Department.

The academy has received a full Certificate of Occupancy for our modular unit that will house the Kindergarten and 1st-grade students this year. Sanga has been invited to participate in monthly Detroit charter meetings with Governor Whitmer and her Education Policy Director, Nicole Wells Stallworth. The purpose of these meetings is to provide Detroit Charters a direct line to update informed educational policy that impacts our schools and students daily. The Board of Directors was encouraged to provide Stephanie Yassine with any insight from the Board that should be presented at the monthly charter meetings with Governor Whitmer and her Education Policy Director, Nicole Wells Stallworth.

Ana Ulloa, Sanga Management CEO updated the Board of Directors on some recent major building repair issues at the academy. The HVAC unit is 20 years old and the

company that services the unit also services the church. The elevator has recently had multiple repairs and has been waiting for a specific part for almost a month. With all of the students in the building, the plumbing system cannot sustain the amount of water waste due to the previous patchwork before the building was leased to the academy. The estimated quote for repairing the plumbing is roughly \$13k. Ana Ulloa suggested that the school attorney be contacted for guidance on how to address the major building issues and repairs for a building that does not belong to the academy. Madam Board President Cristina Stamatina has agreed to contact the academy's lawyer regarding this. The Board Retreat will be held on January 7th-January 8th. Reservations and agenda will be disseminated to the Board of Directors once they are finalized.

VII. Board Comments

A. Authorizer Comments

The Governor John Engler Center for Charter Schools Central Michigan University Field Operations School Lead Jennifer Joubert thanked Ana Ulloa, Stephanie Yassine and the leadership for their partnership and the opportunity to participate in a Safe Water podcast. Great to see all the things that are being done at the top of the line.

B. Escuela Avancemos! Academy Board of Directors Comments

The Board of Directors thanked the entire team for always being responsive and adaptable to various programs that will increase academic growth. Many accolades to Dr. Lorilyn Coggins and Sanga Management for yet another successful audit and maintaining a healthy financial budget. The transportation and support team is doing a great job as well. The Board of Directors was very appreciative for receiving the major building repair issues update before a problematic situation arises.
