The educational median goals were presented to the Escuela Avancemos Academy Board of Directors.

**V. Reports**

**A. 21st Century Community Learning Centers Monthly Report**

Dahime Gordon, 21st CCLC Site Coordinator, presented the 21st Century Community Learning Centers monthly programming and budget report. The summer school

programming schedule will consist of Monday-Thursday 9 am-2 pm from July 5 to August 11. Students will attend weekly field trips on Thursday.

#### **B. Charter Schools Program Grant Monthly Report**

Dr. Lorilyn Coggins presented the Charter School Program Grant current month and cumulative amounts with the Board of Directors as required to be presented monthly at each board meeting.

#### **C. May Financials**

May 2022 financial reports were presented by Dr. Lorilyn Coggins highlighting cash on hand, year-to-date revenues, year-to-date expenditures, and the current fund balance in a summarized format. The financials are in order.

#### **D. Sanga Monthly Management Report**

The Sanga Monthly Management Report was presented by Dr. Steven Ovares (4th-8th Instructional Leader), Stephanie Yassine (Sanga Consulting Executive Director), and Ana Ulloa (CEO, Founder). The Leadership Team has been devoted to creating 2022-2023 Strategic Plan goals. The school leadership team will formalize the goals and create strategies and action steps. Once formalized, the strategic plan goals will be shared with the Board of Directors for feedback and finalization. Strategic plan goals and their accompanying action steps can be tailored based on WIDA data. Goals will be created to tailor to individual students' needs.

The NWEA Median Conditional Growth Percentiles report was presented to the Board of Directors. The report highlighted each grade level's median conditional growth percentile in the area of math and reading. The median conditional growth percentile is the percentile that falls in the middle of all conditional growth percentiles for each grade level. The report showed student comparison to matching peers from NWEA norms. A 50th percentile corresponds to typical growth, while values below the 50th percentile indicate growth below projections, and values above the 50 indicate growth that exceeded projections. The academy is meeting CMU expectations at the 50th percentile, exceeding at or higher than 65, and has set an internal growth goal of or higher than the 60th percentile.

A full week of celebrations is scheduled for the last week of school for both the students and staff. The academy's first 8th-grade class will be graduating on June 20th.

The academy continues to experience HVAC issues that have caused continuous disruptions. "Early Release" dates have been scheduled for the last three days of the school year. Madam Board President Cristina Stamatin posed a question to the leadership team, "With the high rise of crime within schools, what is the team doing to make sure that the campus is secure?" Stephanie Yassine informed the Board of

Directors that the team is doing everything possible to maintain a safe and secure campus. The school safety plan and lock door checks are being enforced and checked daily. An increased number of students' mental and social well-being including threat assessments are being conducted. Staff is encouraged to take advantage of the Healthiest You virtual therapy sessions offered to employees by Sanga. The cost for this benefit is absorbed by Sanga.
