**H. 21st Century Community Learning Center Memorandum of Understanding**

A. Bordeianu made a motion to Approve the 21st Century Community Learning Center Memorandum of Understanding.

M. Barbour seconded the motion.

Ana Ulloa expressed concern that the 21st Century Community Learning Center program is not an academic enrichment after-school program. With parental transportation constraints, the program will continue to have low enrollment. The after-school programming requires space for the site program director and materials which can become challenging due to the limited spacing within the school building. Michelle-Kerry Khatib, 21st CCLC Project Director would like more collaboration between the after-

school program and the academy's leadership team. Ongoing communication helps determine the academic needs of the students for a strategic plan to be put in place to support the student's academic growth. Madam President Cristina Stamatina requested that the academy's partnership with 21st CCLC continue and that the spacing solution be resolved. Perhaps office space can be used after school hours as a working space for the site program director.

The board **VOTED** to approve the motion.

**V. Reports**

**A. 21st Century Community Learning Centers Monthly Report**

Dahime Gordon, the 21st CCLC Site Coordinator, presented the monthly programming updates. The Step-Up mentoring program has commenced. This program is designed to provide comprehensive conflict resolution and stress management for participants to succeed both on and off the court. The students are excited and enjoy soccer, basketball, and volleyball practices held at the Roberto Clemente Recreation Center.

The academy's board of directors would like to receive games and fundraiser schedules. PAL is currently charging \$500 per team this year for uniforms and games fees. Madam President Cristina Stamatina suggested conducting fundraisers to aid in covering the PAL fees and teach the students financial literacy. Financial literacy is offered to students who participate in the 21st CCLC summer programming.

**B. Financials**

December 2023 and January 2024 financial reports were presented by Ana Ulloa in Dr. Lorilyn Coggins's absence. Ms. Ulloa highlighted cash on hand, year-to-date revenues, year-to-date expenditures, and the current fund balance in a summarized format. The financials are in order.

Esser funds will no longer be available after the 23-24 school year. A plan of action for how to work smarter by reducing cost details will be shared with the Board of Directors at a later date.

### **C. Sanga Monthly Management Report**

The Sanga Monthly Management Report was presented by Ana Ulloa. Members of the academy's leadership team Philip Van Hooks (Instructional Coach) and Erika Reed (ESL Coordinator) shared professional experience and current responsibilities. Alex Rodriguez-Rozic a lead trainer with Success For ALL (SFA), provided two days of hands-on training sessions in mid-January. SFA curriculum training and implementation initiative has been introduced to all staff, aiming to enhance the quality of instruction and student learning outcomes. Through these hands-on training sessions, teachers gained insights into the SFA teaching methodologies, curriculum design, and strategies that are directly aligned with the sequencing of literary instruction across all grades. The leadership team has worked closely and collaboratively to align students to the four different levels of SFA using a triangulation of achievement data from NWEA, I-Ready, and SFA Reading Formals. The alignment aims to cater to individualized learning needs and allow the implementation of the SFA program with fidelity to promote a more inclusive and responsive educational environment.

Philip Van Hooks, Instructional Coach unpacked the Escuela Avancemos Academy Annual Education Report by including data charts for more clarity of the student's academic levels and trends.

The NWEA and I-Ready winter assessments will measure student academic achievement and growth. Professional development on student achievement data is been noted as crucial for educators and administrators to make informed decisions and improve educational outcomes to build skills and knowledge to leverage student achievement data. All staff members recently participated in professional development, led by Interim Principal Farida Malik for a collaborative discussion focused on data analysis, informed decision-making, goal setting, and data conversations with students.

Parents will receive access to their attendance and grades through the academy's student information system Powerschool at the next scheduled Parent Teacher Conference. This tool will help parents to monitor student academics daily.

As of 2/27/2024, the academy is currently at 425 student enrollment. For the Supplemental Count Day, held on February 14th, the academy's leadership team was very pleased to announce a 99% attendance rate.

Escuela Avancemos Notice of Non-Compliance Action Items have been resolved. The activity hall exterior exit doors on Lafayette St have been replaced with entry doors that are up to building code requirements. The exit doors are locked from the outside to control who can enter the building. From the inside, the doors allow people to leave during emergencies without needing a key, tool, or special knowledge or effort to open the door. The academy has partnered with Recon Management Group, LLC to serve as a comprehensive security assessment firm for Escuela Avancemos Academy.
