IV. New Business

A. Board on Track Goals - Set by Escuela Avancemos Academy Board of Directors

During August 10, 2024, Escuela Avancemos Board Retreat, a key topic of discussion was the formation of committees to ensure each board member actively participates in setting goals alongside school leadership. It was emphasized that the board should have a proactive approach by creating a pool of vetted candidates ready to join the board in the event a current member is unable to continue their service. This strategy would allow the board to be prepared rather than reactive.

The purpose of today's discussion was not to solicit members of the school leadership to join committees but to acknowledge that committees have now been formed and it is time to take follow-up action. It was proposed that committees meet monthly before board meetings to facilitate more efficient board meetings, allowing a focus on new business items rather than discussing matters that should be handled within committees.

Additionally, the board was reminded of the need to complete both a self-assessment and a CEO assessment. Each board member has a critical role in carrying out the academy's mission, and it was suggested that there should be increased diversity within the board. Madam President Cristina Stamatin requested that any inactive committees listed in Board On Track be deactivated. Madam President Stamatin also shared that she will be attending a networking event at the Southwest Detroit Michigan Welcome Center and meeting with Diana Ortega to discuss volunteering opportunities. This session marked a step forward in aligning the board's efforts with strategic and operational goals.

V. Reports

A. 21st Century Community Learning Centers

Michelle-Kerry Khatib, Project Director for the 21st Century Community Learning Centers (21st CCLC), presented the Cohort Board Report. Ms. Khatib expressed gratitude to the board and school leadership for their ongoing support. The after-school program is scheduled to start on October 1, 2024, and 21st CCLC has expanded to 8 school sites. Elizabeth Rodriguez will be leading the after-school program this year, bringing her extensive experience and commitment to providing students with academic tutoring, homework support, and enrichment opportunities. Ms. Khatib was pleased to announce several partnerships for the program, including:

- Central Michigan University for virtual literacy tutoring
- University of Detroit Mercy's StepUp Program focuses on social-emotional learning, mentorship, and leadership
- Detroit Zoo's "Neighboring Birds" program for grades 1-3
- University of Michigan's Seven Mile initiative, offers music, art, and coding programs

Additionally, Steven Elam will share contact information for Algebra Nation, a free resource available in Michigan. Recruitment for the program is progressing well, but transportation remains a challenge for families.

Dr. Coggins will explore whether the 23G grant, which funds tutoring, could potentially cover transportation costs. Madam Vice President Andreea Bordeianu suggested creating a carpool map to help parents organize transportation. Madam Cristina Stamatin also offered to connect the Cranbrook Science program with the after-school initiative.

B. August Financials

August 2024 financial reports were presented by Dr. Lorilyn Coggins highlighting cash on hand, year-to-date revenues, year-to-date expenditures, and the current fund balance in a summarized format. The financials are in order. Due to a family loss, Ms. Wilkerson was unable to present the financial audit at this month's meeting. The presentation has been rescheduled for the October board meeting.

C. Sanga Monthly Management Report

Mr. Steven Elam, Chief Academic Officer, presented the Sanga Monthly Management Report. The 2023-2024 M-Step and PSAT proficiency data were shared with the board.
