C. Sanga Monthly Management Report

Comparative NWEA data (Grades K–8) from Fall 2023 to Spring 2024 and Fall 2024 to Spring 2025 showed significant improvement in Reading, while Math scores remained relatively the same.

Emphasis was placed on the need to prioritize staff professional development for Eureka Math Squared, while continuing to enhance literacy efforts. A data snapshot was presented to the Board highlighting academic growth and achievement. Board Vice President Andreea Bordeianu requested that future data presentations include descriptive labels to ensure clarity and understanding. Jennifer Joubert inquired if the board would receive NWEA data reports ahead of the Academic Performance Report (APR) published by the Center. Dr. Lorilyn Coggins clarified that the data is pulled directly from NWEA and provides a whole-school data synopsis. Ana Ulloa credited the 50% growth in student achievement to efforts led by Alex Weberman, Erika Reed, the implementation of i-Ready, school-wide incentives, and structural changes following the departure of Steven Elam. Erika Reed will present a 2024–2025 School Year Reflection at the next board meeting as part of the Sanga Monthly Management Report.
