Jennifer Joubert expressed her gratitude to the Board of Directors, school leadership, and staff for their participation in the Annual Conference. She shared that at the next board meeting, she will present the 2024–2025 Academic Performance Report. The reappointment of Linda Chittum was acknowledged, and the Escuela Avancemos Academy Board of Directors voiced their excitement for the opportunities and growth anticipated in the upcoming school year. Well wishes were extended to all for a successful year ahead.

B. Escuela Avancemos! Academy Board of Directors Updates

During the discussion, Board Trustee Mariva Gonzalez inquired whether academy staff had received training on seizures and suggested the Epilepsy Foundation as a valuable resource. Board Secretary Monica Barbour expressed her appreciation that the academy

now has a school social worker on-site, noting the tremendous benefit this provides to students dealing with trauma, particularly in a community like Southwest Detroit. Board President Cristina Stamatina commended the school leadership team, stating that they appear to be a cohesive unit and the right individuals to guide the academy this year. She also noted that the Annual CMU Conference was an excellent event with a diverse range of meaningful topics.

The Board emphasized the need for a retreat next month to develop strategies and establish plans that will help avoid reactive decision-making. It was agreed that the Board of Directors should play a more active role in the interview process for appointed school leaders, rather than being informed only after decisions are finalized. While recognizing that Sanga, the Education Service Provider, serves as the employer of record for school staff, the Board expressed their commitment to maintaining strong collaboration. The Board recommended that retreats take place three times each year—in September, January, and at the end of the school year—to ensure continuous feedback to the management company and to support ongoing committee work. Additionally, the Board discussed the importance of creating a one-page document that highlights the story of Escuela Avancemos Academy, which could be shared within the community to strengthen awareness and engagement.
