INTRODUCTION

East Bay Innovation Academy is committed to maintaining safe and secure campuses for all of its pupils and staff. To that end, this Comprehensive School Safety Plan covers the School's policies and expectations regarding the practices of each school in maintaining the security of the physical campus, responding appropriately to emergencies, increasing the safety and protection of students and staff, and creating a safe and orderly environment that is conducive to learning.

All school employees should receive training in the Comprehensive School Safety Plan upon joining the school, and should review any changes to the Plan annually.

The East Bay Innovation Academy's Comprehensive School Safety Plan is required by Education Code 32282-32289¹ to be reviewed and updated by March 1 annually and subsequently submitted for approval to the School Safety Planning Committee, as well as the Governing Board of Directors by April 30th. The contents of the CSSP should include at a minimum, information assessing the current status of school crime (Data about the safety of the campus, including disciplinary matters and/or crimes.) committed on the school campus and at school-related functions, strategies and programs that provide or maintain a high level of school safety, and procedures for complying with existing laws related to school safety. In addition, East Bay Innovation Academy leadership has compiled functional and operational documents and procedures to ensure safety at its campuses, making this a "one-stop shop" for safety protocols and documents.

¹ See CDE Website for [Compliance Tool for Comprehensive School Safety Plans](#)

The Comprehensive School Safety Plan was developed by a Safety Committee that includes leadership, parent, and staff representatives. This version of the safety plan was developed in the Fall of 2022.

The Comprehensive School Safety Plan was approved in a public meeting of the East Bay Innovation Academy’s Board of Directors on <> On <> the East Bay Innovation Academy’s Board of Directors heard public comment on the CSSP. The most recent plan was communicated to all stakeholders through the following means:

- Posted on the webpage as of <>
- Disseminated to all parents via “parentsquare” on <>
- Shared with the charter granting agency, OUSD on <>
- Disseminated to all staff members via mandatory staff meeting during March PD

CAMPUS SAFETY AND SECURITY

ENTRANCES & EXITS

The Head of School and COO & CFO should develop procedures so that students, staff, parents and community members can enter and exit the building in a safe and orderly way, and that the building is secure from unauthorized entry during non-school hours, as follows:

- Designating individuals to lock the school building and/or grounds when not in use
- Training school staff members to maintain the security of the building when working during non-regular working hours (e.g. not propping doors open, re-securing the building after leaving)
- Maintaining a practice of locking doors that are not being regularly used, even during school hours
- Posting signs requesting that visitors sign in at the main office
- Establishing a culture in which any adults without a visitor or staff badge and any children not enrolled at the school are escorted immediately to the main office
- Periodically testing the security system according to the manufacturer or vendor instructions, to ensure it is functioning
- Creating a dismissal plan and student pick-up traffic plan to avoid congestion of the parking lot and local streets, and to prevent students from crossing traffic unnecessarily

DROP-OFF/PICK-UP PROCEDURES

The Lower School begins at 9:00 a.m. and dismissal time is 3:30 p.m. daily. The Upper School begins at 8:30 a.m. and dismissal time is 3:45 p.m. Light supervision is provided prior to 8:00 a.m. Please pick students up within ten (10) minutes of dismissal. If class is being conducted at an off-campus site, students not picked up within ten (10) minutes of dismissal will be returned to the school site.

Lower School:

Wanting to be good neighbors in our Lower School community and responsible safe keepers of our students, we ask that parents/guardians either **park on Malcolm Ave.** to drop-off or pick-up students **OR** enter the driveway and **move** in a **counter-clockwise** direction in the turn-about. Cars **MAY NOT** park in the turn-about, as indicated by the red painted curb. **Cars should stop for no more than thirty (30) seconds in the turnabout so that traffic may flow.** Turning left onto Malcolm Ave. when exiting the school is not recommended, as cars traveling up the street do not have a lasting, clear view of the driveway. We recommend turning right when exiting the driveway. Parents/guardians needing to meet with EBIA staff should park on Malcolm Ave. Unless disabled and displaying a placard, parents/guardians may not use the parking lot on campus, as those spaces are designated for staff use only.

Upper School:

We ask that parents/guardians enter the driveway and move in a counter-clockwise direction in the turn-about, or park in the front lot. Cars should stop for **no more than thirty (30) seconds** in the turn-about so that traffic may flow. Parents/Guardians needing to meet with EBIA staff should park in the designated spaces next to the driveway. Students are required to park in the upper lot near the gym.

LATE PICK UP POLICY

EBIA is committed to providing a safe campus for all students. When students are left on school property after the close of school hours, EBIA will follow certain steps to ensure students are safe until their parents/guardians come to pick them up. In the event students are left on campus after school hours, EBIA staff will:

- Notify the Principal or designee immediately.
- Attempt to reach parents/guardians through the phone number provided to the School by parents/guardians at the

beginning of the year. This may include contacting any emergency contact(s) listed for the student.

- Bring students into the lobby of the building.
Parents/guardians will be asked to come into the building to pick up their student. Students must remain on site until an adult comes to retrieve the student.
- Notify the Principal or designee within forty-five (45) minutes following the close of business if there is a possibility that law enforcement may be called to assist the student.
- As a last resort, at sixty (60) minutes after the close of business, EBIA may contact law enforcement and/or child welfare services who may remove the student and may assume responsibility for the student until the parent/guardian retrieves the student.

EBIA understands unforeseen circumstances can occur. Should a late pick-up be likely, please inform the main office at 510-577-9557. Five (5) or more late pick-ups during a school year may result in a meeting with school administration.

RIDESHARING SERVICES

As per state and federal law, ridesharing services like Lyft and Uber are forbidden for unaccompanied minors (under the age of 18) unless the service explicitly states that its drivers are qualified to transport an unaccompanied minor. If your student uses ridesharing services to get to and from school, you may consider using services like HopSkipDrive or Zum and ensure that the driver is qualified to transport minors. EBIA does not assume responsibility for the safety of students whose parents elect to privately contract with a transportation service.

VISITORS POLICY

The School encourages interested members of the community to visit our schools. To avoid potential disruptions to learning, to provide visitors with the information they need, and for the safety of students and staff, ALL visitors should register immediately upon entering any school building or grounds.

Visitors shall sign in at the beginning of their visit, receive a visitor badge, and sign out at the end of their visit. Students from other schools as well as students who have ended their school day are not to be on campus unless accompanied by parents/guardians or with the permission of the site administrator.

In registering as a visitor, the sign-in form should include spaces for the following information

- Name;
- His/her purpose for entering school grounds;
- Destination within the school
- Time in and out

At his/her discretion, the Head of School, COO & CFO, Office Manager or designee may also request

- proof of identity
- address
- occupation and company affiliation
- age (if less than 21); and any other information consistent with law.

Parents and guardians visiting during the school day for any purpose other than picking up at or dropping off a child at the beginning or end of the school day as part of the normal school day schedule should also be requested to sign into the visitor log. This applies to parents and guardians who are picking up a student early (e.g. for a medical reason) or dropping off a student late (e.g. tardy), as well as parents and guardians who are on campus to volunteer in their child's classroom. If observing instruction, teacher will be notified and administrator will escort parents/guardians to the classroom.

School employees should follow normal check-in procedures upon arrival for work and should wear badges signifying that they are School employees.

Students not enrolled at the school who wish to use the school grounds for recreation during the school day are, at the discretion of the Office Manager, also subject to the School's visitor policy.

The Office Manager or designee may refuse to register any visitor if he or she reasonably concludes that the visitor's/outsider's presence would disrupt the school, students or employees, would result in damage to property, or would result in the distribution or use of a controlled substance. (Penal Code 627.4).

The Office Manager or designee may request that a visitor/outsider who has failed to register, or whose registration privileges have been denied or revoked, to promptly leave school grounds. If necessary, the Office Manager or designee may call the local police to enforce the departure of the visitor/outsider. When a visitor/outsider is directed to leave, the Head of School or designee shall inform the visitor/outsider that if he or she reenters the school within seven (7) days, he or she will be guilty of a misdemeanor and subject to a fine and/or imprisonment. (Penal Code 627.7).

All schools shall inform parents annually about the school's policies regarding visitors/outsiders, and remind parents that to maximize safety and security they should also register when visiting the school.

This visitor/outsider policy is subject to the further terms and conditions contained in The School's Registered Sex Offender Policy, set forth below.

FINGERPRINTING POLICY

For the protection of students, California State law requires criminal background checks for all public school employees, as well as any individual working alone with minors in a school setting. All employees' fingerprints who fall into the above categories run through the Federal Bureau of Investigations (FBI) and/or Department of Justice (DOJ) databases.

WHO SHOULD BE FINGERPRINTED

All new school site employees must be fingerprinted and cleared before they begin working independently with minors. Individuals who were previously fingerprinted when they worked in another school district must be

fingerprinted again to ensure that The School is notified if the person subsequently commits a felony or misdemeanor.

In addition, any volunteers who have the occasion to be alone with a pupil while not in the presence of a School employee must receive fingerprint clearance prior to volunteering on campus. Volunteers do not have to be fingerprinted only if they are working under the direct and continual supervision of a school employee in the same room, and will have no occasion to be alone with a pupil. This policy also applies to parents/guardians of students who volunteer at the school and may have the occasion to be alone with a pupil other than their own child.

The actual background check depends on the individual's residency history. If the individual has resided in the state of California for more than 5 years, only DOJ check is required. If the individual has resided in the state of California for less than 5 years, DOJ and FBI checks are both required.

Note that most DOJ background checks take less than seven days, sometimes more. FBI background checks take considerably longer. Individuals who wish to work or volunteer at the School should plan to get fingerprinted as quickly as possible to avoid delays in commencing work or volunteer activities.

REGISTERED SEX OFFENDER POLICY

For the protection of pupils while they are traveling to and from school, attending school, or at a school-related activity, Directors and their designees should respond appropriately when apprised of information that a registered sex offender resides or works within two (2) miles of the School, or otherwise may be likely to attempt to visit the School for any reason whatsoever.

In accordance with "Megan's Law", the Head of School or designee shall notify parents/guardians annually of the availability of the CD-ROM from local law enforcement regarding registered sex offenders, and recommend that they utilize the information contained on the disk, and that information about registered sex offenders may be obtained from the California Attorney General's Megan's Law website, found at <http://meganslaw.ca.gov>, (Penal Code 290.4 and Parra Act), subject to the disclaimer found on said website.

The School and its employees shall be immune from liability for the good faith dissemination of sex offender information so long as the dissemination is in the manner and to the extent authorized by law. (Penal Code 290).

When a school has received information about a registered sex offender from any source, the Head of School or designee may, on a case-by-case basis, notify staff, including but not limited to, bus drivers, staff who may be involved in visitor/outsider registration, and teachers. If the Head of School or designee informs any staff member of the information about a registered sex offender, the Head of School or designee shall also inform the staff member of the following:

- a) The school will share public registered sex offender information with staff members to assist in identifying a danger;
- b) Any person who uses registered sex offender information to commit a felony will be subject to criminal penalties; and
- c) Staff is not permitted to notify any parents or any other members of the community of any information received pursuant to this policy without the written permission of the Head of School Or designee.

If a suspected registered sex offender is seen on or nearby school grounds, and is not a parent or guardian of a pupil at the school, staff members shall immediately inform the Head of School or designee. When the Head of School or designee receives information that a suspected registered sex offender may be on or nearby school grounds or around any pupil, he or she will determine whether the suspected registered sex offender has received written permission for the entry onto school grounds, is a parent or guardian of a pupil at the school, and if possible, is actually a registered sex offender. Any such registered sex offender who does not have written permission for the entry onto school grounds or is not a parent or guardian of a pupil attending the school will be promptly directed to leave by the Head of School, who will notify law enforcement immediately. Law enforcement will determine if the registered sex offender is in violation of parole or probation conditions.

If a school learns or is notified that a registered sex offender is a parent/guardian of one or more pupils who attend the school, the Head of School or designee should attempt to schedule a meeting with the parent/guardian for the following purposes:

- a) To establish a positive, cooperative working relationship to the extent possible;

- b) To discuss the incident(s) leading to the registration requirement, (the School recognizes that the parent/guardian is not required to discuss any criminal or personal history with representatives of the School);
- c) To explain the limitations placed upon the parent's/guardian's participation in school programs, activities or visits, as specified in this policy;
- d) To advise the parent/guardian that the regulations limiting his/her access to children at school will be strictly enforced with the assistance of law enforcement personnel, if required;
- e) To develop joint strategies with the parent/guardian for "normalizing" the educational experience of his/her children to the fullest extent possible; and
- f) To be advised of any judicial restraining orders or conditions of probation or parole that may limit the parent's/guardian's ability to participate in school activities.

This meeting shall be held on school grounds unless there is a concern for the safety or welfare of pupils or staff, and in that event, it may be held at a location within the Head of School's or designee's discretion. If this meeting with the parent is not held, the Head of School or designee shall notify the parent/guardian in writing of the information contained in this policy. The School recognizes the following rights of the parent/guardian to participate in his/her child's education:

- a) To transport his/her child to and from school;
- b) To attend regularly scheduled parent conferences with the teacher, Head of School or other school official; and
- c) To attend a regularly scheduled school program or activity in which their child is a participant.

The parent/guardian may not extend their presence at school beyond what is reasonable to exercise the aforesaid parental rights, and to that end, a registered sex offender shall not:

- a) Serve as a school or class volunteer;

- b) Act as a chaperone on a school field trip;
- c) Be in the presence of children for any reason other than for the parent rights stated herein; and
- d) Make individual contact with any student other than his/her own while at school or during a school activity.

Staff shall provide observation and/or supervision of a parent/guardian registered sex offender who is visiting a school or participating in a school activity defined herein.

When a parent/guardian is a registered sex offender, the school will make an effort to preserve the confidentiality of information obtained pursuant to the Megan's Law notification process to the fullest degree possible. School officials may share relevant information with employees as needed but will not share the information with unauthorized employees, other parents or with the community at large. In order to avoid a breach of confidentiality, copies of forms, materials or information distributed or used in connection with the implementation of this policy should be collected and/or destroyed. Under no circumstances is it appropriate to post notices, photographs, or the identity of a parent/guardian registered sex offender on school bulletin boards.

All schools shall inform parents annually about the existence of this policy regarding registered sex offenders. All schools shall cooperate to the fullest extent possible with local law enforcement for receiving, communicating and disseminating information concerning registered sex offenders.

NOTE: Pursuant to Penal Code 290(q), any person who uses registered sex offender information to commit a felony will receive a five-year state prison term; any person who uses registered sex offender information to commit a misdemeanor will be fined at least \$500 and not more than \$1000.

EMERGENCY PREPAREDNESS

The Office Manager should have emergency preparedness procedures readily on hand, including a list of up to date emergency contact numbers. This information should be discussed and disseminated before school starts, ideally at an all school staff meeting just when the teachers return to duty.

DRILLS

It is the COO & CFO's responsibility to schedule emergency drills throughout the year, and record the date and time of each drill. The Office Manager may be asked to help out. Those drills are:

- Fire Drill: **At least once per month**, a fire drill should be conducted in which all pupils, teachers, and other employees are required to vacate the building.
- Earthquake Duck & Cover Drill: This drill should be performed **four (4) times per school year**.

DISASTER PLANS

Introduction

These procedures lay out the basic steps of action to take in the case of the following emergencies:

- Fire
- Earthquake
- Active Shooter
- Lockdown
- Shelter in Place
- Other potential scenarios

In addition, this section includes EBIA's Standard Emergency Management System (SEMS) plan, roles, and responsibilities

Annually and on an on-going basis, the Executive Director, in collaboration with the Director of Upper School and Director of Lower School will:

- Assign staff to the Safety Team, and ensure that the list is updated regularly.
- Ensure evacuation maps specific to the school site in each and every classroom and office room by the door, as well as by each fire extinguisher and fire exits, are exhibited.
- Ensure all staff - including after school staff and night staff - are informed of these procedures and have access to all emergency supplies.

- Ensure adequate training in these procedures for all staff.
- Schedule, conduct, and learn from semi-annual practice drills for evacuation, earthquake, active shooter, lockdown, and shelter in place.
- Inform parents of emergency/disaster procedures, as well as reunification procedures.

Use of Incident Command System

In alignment with CDE Recommendations, EBIA will use an Incident Command System (ICS) to manage all emergencies within the school. Planning and preparation for each kind of emergency will help staff learn proper courses of action in an emergency, but this plan cannot foresee all possible circumstances in an emergency. Therefore, all staff must be prepared to evaluate all circumstances and make sound judgements based on the situation.

Employees as Disaster Service Workers

In accordance with California law, each employee at EBIA is considered a Disaster Service Worker, requiring them to be prepared to stay on the campus to care for students for up to 72 hours. If necessary, employees are subject to disaster service activities as assigned to them by their supervisor.

Use of Facilities in an Emergency

Education Code section 32282(a)(2)(B)(ii) states that school officials may be required to grant use of facilities, grounds, and equipment to public agencies, including the American Red Cross, for mass care and welfare shelters during disasters or emergencies that affect public health.

Safety Team

This team is responsible for managing emergencies. The Site Director (Principal) is the Incident Commander.

FLOOD / SEVERE WEATHER

Warnings of severe weather are usually received via public radio or the State Warning Center. If time and conditions permit, students may be sent home. However, if the weather conditions develop during school hours, without sufficient warning, students should be held at school.

The Head of School or COO & CFO will assess the situation and make an announcement over the PA or megaphone to A) evacuate, B) stay in classes or C) release students to go home.

DEATH/SUICIDE

1. Office Manager will be notified in the event of a death or suicide on campus.
2. Assigned person(s) will phone 911.
3. Office Manager will notify teachers to keep students in their classrooms until informed otherwise.
4. Assigned person(s) will control and organize media.
5. Assigned person(s) will notify relatives where the victim(s) have been taken and not divulge unnecessary details.
6. Assigned person(s) will ensure that counseling services are available as soon as possible.

INTRUDERS / VICIOUS ANIMALS

1. Head of School, COO & CFO, or the office staff will check out the situation and take appropriate action (i.e., contact Police or animal control agency).
2. Administration should initiate a code to alert staff of a potential suspicious intruder.
3. Keep the students in the classroom until the threat is cleared.
4. Implement shelter in place if necessary; lock classroom doors and windows, move away from windows, draw curtains, remain silent.

5. Notify office of who is with you, if possible.
6. All students outside of the building are to be quietly and cautiously led into the building.

EMERGENCY STUDENT RELEASE PROCEDURES

1. EBIA will keep and care for all students in an emergency situation (such as loss of electrical power, wind/rain storms, earthquakes, etc.) until the end of the school day or longer if the emergency dictates.
2. Should conditions exist that make transportation impossible, students will be kept at school until the parent, guardian or an authorized adult comes to check the student out of school. In such conditions it is expected that parents/authorized adults will come as soon as possible to pick up their student(s).
3. If electrical power has not been disrupted, only high school parents/legal guardians may have their student(s) released, as per normal absence/release procedures.
4. In all situations, the Head of School or COO & CFO may make other decisions dependent on the type of emergency. During any community-wide emergency, please listen to the radio for pertinent information.
5. Those who arrive during an emergency to check a student out of school will go through the designated release procedures: typically the school will record the time, student's name, and the name of adult to whom the student is being released and address or destination.

IF THE EMERGENCY SITUATION DOES NOT EXTEND BEYOND NORMAL SCHOOL HOURS, STUDENTS WILL BE RELEASED AS USUAL AT THE END OF THE SCHOOL DAY.

EMERGENCY EVACUATION PROCEDURES FOR SAFE INGRESS AND EGRESS

Beyond planning for daily ingress/egress routes and emergency evacuation routes, schools must plan for assisting students, staff and visitors with disabilities. Under the Americans with Disabilities Act of 1990, individuals who are deaf/hard of hearing, blind/partially sighted, mobility impaired and/or cognitively/emotionally impaired must be assisted.

A. Considerations for Planning for People with Disabilities:

1. Identify the population of people with disabilities
2. Students with disabilities are located in self-contained SDC and SH classrooms
3. There are certified teachers and paraprofessionals trained to assist students with disabilities
4. Determine proper signage and equipment
5. The facility has been reviewed and certified by the school district's department of buildings and grounds
6. The facility is reviewed for proper signage and equipment on a yearly basis

STUDENT DISCIPLINE

The School believes that one of the major functions of education is the preparation of youth for responsible citizenship. The School shall foster a learning environment that reinforces self discipline and the acceptance of personal responsibility. In addition, the School shall work with students and families to provide a safe school environment that provides students with the opportunity to have a quality education.

The following policies and procedures are designed to guide school personnel in dealing with student discipline issues, while providing students and parents with a clear set of expectations regarding student behavior and an understanding of the consequences of misconduct.

As provided in the charter petitions, the policies and procedures for suspension and expulsion of students set forth in this document comply with the policies and procedures identified in the California Education Code. These policies and procedures will be periodically reviewed and the lists of offenses for which students are subject to suspension or expulsion will be modified as necessary.

These policies and procedures will be enforced fairly, uniformly, and consistently without regard to sex, ethnic group, religion, sexual orientation, color, race, national origin and physical or mental disability

DISCIPLINE IN GENERAL

Each school should develop a process for handling, and if necessary escalating, individual cases of student misbehavior. Strategies may include but are not limited to:

- Relocating the student's desk to a different part of the classroom;
- Assigning different or additional work appropriate to the infraction;
- Utilizing a peer mediation or student conflict resolution program;
- Individual conversation with the classroom teacher about behavior and consequences;

- Utilizing a written referral framework;
- Designating selected classrooms and teachers (typically, lead teachers or advisors) as places for “time out”;
- Referring students to the Head of School or a designee;
- Contacting parents/guardians; and/or
- Requiring the student to attend before/after school detention or Saturday detention;

All employees will report unmanageable or unusual behavior of students to the Director of Social and Emotional Learning (DESEL) or designee as soon as possible. The DESEL or designee shall investigate the report and exercise his or her discretion for purposes of notification of parents, legal guardians, law enforcement, or local child protection services.

This Pupil Suspension and Expulsion Policy has been established in order to promote learning and protect the safety and well-being of all students at the Charter School. In creating this policy, the Charter School has reviewed Education Code Section 48900 *et seq.* which lists the offenses and procedures for suspensions and expulsions. This Policy also addresses involuntary removals for violations of the Charter School's attendance policy. The language that follows closely mirrors the language of Education Code Section 48900 *et seq.* The Charter School is committed to annual review of policies and procedures surrounding suspensions and expulsions and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

When the Policy is violated, it may be necessary to suspend or expel a student from regular classroom instruction. This policy shall serve as the Charter School's policy and procedures for student suspension and expulsion and it may be amended from time to time without the need to amend the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary rules and procedures fairly and consistently among all students. This Policy and its Procedures will be printed and distributed as part of the Student Handbook and will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline policies and involuntary removal policies and procedures. The notice shall state that this Policy and Procedures are available on request at the Executive Director's office.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEIA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general education students except when federal and state law mandates

additional or different procedures. The Charter School will follow all applicable federal and state laws including but not limited to the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent or guardian of the student has been provided written notice of intent to remove the student no less than five (5) schooldays before the effective date of the action. The written notice shall be in the native language of the student or the student's parent or guardian or, if the student is a foster child or youth, or a homeless child or youth, the student's educational rights holder, and shall inform the student, the student's parent or guardian, or educational rights holder of the basis for which the pupil is being involuntarily removed and the student, the student's parent or guardian, or educational rights holder's right to request a hearing to challenge the involuntary removal. If a student's parent, guardian, or educational rights holder requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent, guardian, or educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions or expulsions pursuant to the suspension and expulsion procedures described below.

 - c) Unlawfully selling a controlled substance listed in Health and Safety Code Section 11053, et seq.
 - d) Committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900(n).

If it is determined by the Board of Directors that a student has brought a fire arm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or destructive device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the pupil shall be provided due process rights of notice and a hearing as required in this policy.

The term "knife" means any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing, a weapon with a blade fitted primarily for stabbing, a weapon with a blade longer than 3½ inches, a folding knife with a blade that locks into place, or a razor with an unguarded blade.

The term "firearm" means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such a term does not include an antique firearm.

The term "destructive device" means (A) any explosive, incendiary, or poison gas, including but not limited to: (i) bomb, (ii) grenade, (iii) rocket having a propellant charge of more than four ounces, (iv) missile having an explosive or incendiary charge of more

than one-quarter ounce, (v) mine, or (vi) device similar to any of the devices described in the preceding clauses.

C. SUSPENSION PROCEDURE

Suspensions shall be initiated according to the following procedures:

1. Conference Suspension shall be preceded, if possible, by a conference conducted by the Executive Director or the Executive Director's designee with the student and his or her parent and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Executive Director or designee.¹

The conference may be omitted if the Executive Director or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the pupil shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense, in accordance with Education Code Section 47605(b)(5)(J)(i). This conference shall be held within two (2) school days, unless the pupil waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a pupil for failure of the pupil's parent or guardian to attend a conference with Charter School officials. Reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil's parent or guardian at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student as well as the date the student may return to school following the suspension. In addition, the notice may also state the time when the student may return to school. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed

five (5) consecutive school days per suspension. Upon a recommendation of Expulsion by the Executive Director or Executive Director's designee, the pupil and the pupil's guardian or representative will be invited to a conference to determine if the suspension for the pupil should be extended pending an expulsion hearing. This determination will be made by the Executive Director or designee upon either of the following: 1) the pupil's presence will be disruptive to the education process; or 2) the pupil poses a threat or danger to others. Upon either determination, the pupil's suspension will be extended pending the results of an expulsion hearing. In such instances when the Charter School has determined a suspension period shall

¹ "Designee," as used in this suspension/expulsion policy includes the Principal or Dean of Students. be extended, such extension shall be made only after a conference is held with the pupil or the pupil's parent or guardian, unless the pupil and the pupil's parent or guardian fail to attend the conference.

4. Homework Assignments During Suspension

In accordance with Education Code Section 48913.5, upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the pupil, or the affected pupil, a teacher shall provide to a pupil in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more schooldays, the homework that the pupil would otherwise have been assigned.

In accordance with Education Code Section 48913.5(b), if a homework assignment that is requested pursuant to Section 48913.5(a) and turned into the teacher by the pupil either upon the pupil's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the pupil's overall grade in the class.

D. AUTHORITY TO EXPEL

As required by Education Code Section 47605(b)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled either by the neutral and impartial Charter School Board following a hearing before it or by the Charter School Board upon the recommendation

of a neutral and impartial Administrative Panel, to be assigned by the Board as needed. The Administrative Panel should consist of at least three (3) members who are certificated and neither a teacher of the pupil nor a Board member of the Charter School's governing board. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Charter School Board of Directors shall make the final determination.

E. EXPULSION PROCEDURES

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Executive Director or designee determines that the Pupil has committed an expellable offense and recommends the student for expulsion.

In the event an Administrative Panel hears the case, it will make a recommendation to the Board for a final decision whether to expel. The hearing shall be held in closed session (complying with all pupil confidentiality rules under FERPA) unless the Pupil makes a written request for a public hearing three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the pupil. The notice shall include: The date and place of the expulsion hearing;

1. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based;
2. A copy of the Charter School's disciplinary rules which relate to the alleged violation;
3. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the Charter School to any other school district or school to which the student seeks enrollment;
4. The opportunity for the student or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
5. The right to inspect and obtain copies of all documents to be used at the hearing;
6. The opportunity to confront and question all witnesses who testify at the hearing;
7. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

F. SPECIAL PROCEDURES FOR EXPULSION HEARINGS INVOLVING SEXUAL ASSAULT OR BATTERY OFFENSES

The Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the pupil.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five (5) days notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. The Charter School must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the body presiding over the hearing from removing a support person whom the presiding chairperson finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.
6. If one or both of the support persons is also a witness, the Charter School must present evidence that the witness's presence is both desired by the witness and will be helpful to the Charter School. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or

persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.

7. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
8. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the pupil being expelled, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
9. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the body conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

G. RECORD OF HEARING

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

H. PRESENTATION OF EVIDENCE

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the

evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled pupil, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board who will make a final determination regarding the expulsion. The Board shall make the final determination regarding the expulsion within ten (10) school days following the conclusion of the hearing. The Decision of the Board is final.

If the Administrative Panel decides not to recommend expulsion, or the Board of Directors ultimately decides not to expel, the pupil shall immediately be returned to his/her previous educational program.

I. WRITTEN NOTICE TO EXPEL

The Executive Director or designee, following a decision of the Board to expel, shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student and student's parent/guardian. This notice shall also include the following: (a) Notice of the specific offense committed by the student; and (b) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the Charter School.

The Executive Director or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following: (a) The student's name; and (b) The specific expellable offense committed by the student.

J. DISCIPLINARY RECORDS

The Charter School shall maintain records of all student suspensions and expulsions at the Charter School. Such records shall be made available to the authorizer upon

request.

K. NO RIGHT TO APPEAL

The pupil shall have no right of appeal from expulsion from the Charter School as the Charter School Board's decision to expel shall be final.

L. EXPELLED PUPILS/ALTERNATIVE EDUCATION

The parents or guardians of pupils who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. The Charter School shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

M. REHABILITATION PLANS

Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the Board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the pupil may reapply to the Charter School for readmission.

N. READMISSION OR ADMISSION OF PREVIOUSLY EXPELLED STUDENT

The decision to readmit a pupil after the end of the pupil's expulsion term or to admit a previously expelled pupil from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the pupil's expulsion term, shall be in the sole discretion of the Board following a meeting with the Executive Director or designee and the pupil and pupil's parent/guardian or representative to determine whether the pupil has successfully completed the rehabilitation plan and to determine whether the pupil poses a threat to others or will be disruptive to the school environment. The Executive Director or designee shall make a recommendation to the Board following the meeting regarding his or her determination. The Board shall then make a final decision regarding readmission or admission of the pupil during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The pupil's readmission is also contingent upon the Charter School's capacity at the time the student seeks readmission or admission to the Charter School.

Ó. NOTICE TO TEACHERS

The Charter School shall notify teachers of each pupil who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code section 49079 and the corresponding enumerated offenses set forth above.

P. INVOLUNTARY REMOVAL FOR TRUANCY

As charter schools are schools of choice and as a charter school pupil who fails to attend school is potentially depriving another student of their opportunity to enroll, a student may be involuntarily removed as described within the Charter School's Board adopted Attendance Policy for truancy and only after the Charter School follows the requirements of the Attendance Policy and only in accordance with the policy described above which requires notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal.

Q. SPECIAL PROCEDURES FOR THE CONSIDERATION OF SUSPENSION AND EXPULSION OF STUDENTS WITH DISABILITIES

1. Notification of SELPA

The Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student who the Charter School or SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment or functional analysis, and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the Charter School, the parent, and relevant members of the

IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

- a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

- a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
- b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
- c. Return the child to the placement from which the child was removed, unless the parent and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent or the Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 U.S.C. Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the parent and the Charter School agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Executive Director or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- a. Carries or possesses a weapon, as defined in 18 U.S.C. Section 930, to or at school, on school premises, or to or at a school function;
- b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
- c. Has inflicted serious bodily injury, as defined by 20 U.S.C. Section 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEIA and who has violated the Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
- b. The parent has requested an evaluation of the child.
- c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEIA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however

the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Procedures to Notify Teachers of Dangerous Pupils

East Bay Innovation Academy I is committed to providing a safe, orderly working environment for all employees. In alignment with this commitment and in alignment with the California Education Code, EBIA has established the following procedures related to notifying teachers of dangerous pupils.

A school district shall inform the teacher of each pupil who has engaged in, or is reasonably suspected to have engaged in, any of the acts described in any of the subdivisions, except subdivision (h), of Section 48900 or in Section 48900.2, 48900.3, 48900.4, or 48900.7 that the pupil engaged in, or is reasonably suspected to have engaged in, those acts.

The district shall provide the information to the teacher based upon any records that the district maintains in its ordinary course of business, or receives from a law enforcement agency, regarding a pupil described in this section.

A school district, or school district officer or employee, is not civilly or criminally liable for providing information under this section unless it is proven that the information was false and that the district or district officer or employee knew or should have known that the information was false, or the information was provided with a reckless disregard for its truth or falsity. ED Code 32280-89 15

Any information received by a teacher pursuant to this section shall be received in confidence for the limited purpose for which it was provided and shall not be further disseminated by the teacher. (Amended by Stats. 2000, Ch. 345, Sec. 2. Effective January 1, 2001.)

2. The Executive Director is to be made immediately aware of all incidents related to the endangerment of the school site and/or staff.

3. When violence is directed against an employee by any individual and the employee notifies the school, the Site Director or Executive Director shall take steps to ensure that appropriate legal and safety measures are instituted.
4. When the employee notifies the Site Director or Executive Director of a threat of bodily harm, the school shall take appropriate measures to enable the employee to request assistance if a threat occurs on school grounds.
5. East Bay Innovation Academy requires school employees to take immediate action upon being made aware that any person is in possession of an injurious object on school grounds or at a school-related or school-sponsored activity. The employee shall use his/her own judgment as to the dangerousness of the situation and, based upon this analysis, shall do one of the following:
 - a. Confiscate the object and deliver it to the Site Director or Executive Director immediately
 - b. Immediately notify the Site Director or Executive Director, who shall take appropriate action

6. When informing the Site Director or Executive Director about the possession or seizure of a weapon or dangerous device, the employee shall report the name(s) of persons involved, witnesses, location, and the circumstances of any seizure.
7. The Executive Director is to be consulted and made aware of any situation involving law enforcement. There should never be a situation where the Police or emergency personnel are on campus and the Executive Director is not aware.
 - a. Whenever possible, the Executive Director should be consulted prior to contacting law enforcement
 - b. If a school employee is unable to consult the Executive Director prior to contacting law enforcement, the Executive Director must be contacted directly after making contact with law enforcement personnel

ANTI-DISCRIMINATION AND ANTI-HARASSMENT POLICY

East Bay Innovation Academy (“EBIA”) is committed to providing a work and educational atmosphere that is free of unlawful harassment. EBIA’s policy

prohibits sexual harassment and harassment based upon pregnancy, childbirth or related medical conditions, race, religion, creed, color, gender, national origin or ancestry, physical or mental disability, medical condition, marital status, age, sexual orientation, or any other basis protected by federal, state, local law, ordinance or regulation. EBIA will not condone or tolerate harassment of any type by any employee, independent contractor or other person with which EBIA does business with. This policy applies to all employee actions and relationships, regardless of position or gender. EBIA will promptly and thoroughly investigate any complaint of harassment and take appropriate corrective action, if warranted.

PROHIBITED UNLAWFUL HARASSMENT

- Verbal conduct such as epithets, derogatory jokes or comments or slurs;
- Physical conduct including assault, unwanted touching, intentionally blocking normal movement or interfering with work because of sex, race or any other protected basis;
- Retaliation for reporting or threatening to report harassment
- Deferential or preferential treatment based on any of the protected classes above.

PROHIBITED UNLAWFUL SEXUAL HARASSMENT

In accordance with existing policy, discrimination on the basis of gender in education institutions is prohibited. All persons, regardless of the gender, are afforded equal rights and opportunities and freedom from unlawful discrimination in education programs or activities conducted by EBIA.

EBIA is committed to provide a workplace free of sexual harassment and considers such harassment to be a major offense, which may result in disciplinary action, up to, and including dismissal, of the offending employee.

Sexual harassment consists of sexual advances, request for sexual favors and other verbal or physical conduct of a sexual nature when: (1) submission of the conduct is either made explicitly or implicitly a term or condition of an individual's employment; (2) an employment decision is based upon an individual's acceptance or rejection of that conduct; (3) that conduct interferes with an individual's work performance or creates an intimidating, hostile or offensive working environment.

It is also unlawful to retaliate in any way against an employee who has articulated a good faith concern about sexual harassment against him or her against another individual.

All Supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a Supervisory position and will receive further training once every two (2) years thereafter. All staff will receive sexual harassment training and/or instruction concerning sexual harassment in the workplace as required by law.

Each employee has the responsibility to maintain a workplace free from any form of sexual harassment. Consequently, should any individual, in particular those with Supervisory responsibilities, become aware of any conduct that may constitute sexual harassment or other prohibited behavior, immediate action should be taken to address such conduct. Employees and students are expected to act in a positive and professional manner and to contribute to a productive School environment that is free from harassing or disruptive activity. Any employee who believes they have been harassed or has witnessed harassment is encouraged to immediately report such harassment to their Supervisor or the Head of School or the COO & CFO. See Attachment B for the "Harassment Complaint Form."

Sexual harassment may include, but is not limited to:

- Physical assaults of a sexual nature, such as:
 - o Rape, sexual battery, molestation or attempts to commit these assaults and

- o Intentional physical conduct that is sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, or poking another's body.
- Unwanted sexual advances, propositions or other sexual comments, such as:
 - o Sexually oriented gestures, notices, remarks, jokes, or comments about a person's sexuality or sexual experience.
 - o Preferential treatment or promises of preferential treatment to an employee for submitting to sexual conduct, including soliciting or attempting to solicit any employee to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct.
 - o Subjecting or threats of subjecting an employee to unwelcome sexual attention or conduct or intentionally making performance of the employee's job more difficult because of the employee's sex.
- Sexual or discriminatory displays or publications anywhere at the workplace by employees, such as:
 - o Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing to work or possessing any such material to read, display or view at work.
 - o Reading publicly or otherwise publicizing in the work environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic; and
 - o Displaying signs or other materials purporting to segregate an employee by sex in an area of the workplace (other than restrooms or similar rooms).

The illustrations of harassment and sexual harassment above are not to be construed as an allinclusive list of prohibited acts under this policy.

Complainants and witnesses under these policies will be protected from further harassment and will not be retaliated against in any aspect of their employment due to their participation, filing of a complaint or reporting sexual harassment.

EBIA will investigate complaints promptly and provide a written report of the investigation and decision as soon as practicable. The investigation will be handled in as confidential a manner as possible consistent with a full, fair, and proper investigation.

Employees may also direct their complaints to the California Department of Fair Employment and Housing (“DFEH”), which has authority to conduct investigation of the facts. The deadline for filing complaints with the DFEH is one year from the date of the alleged unlawful conduct. If the DFEH believes a complaint is valid and settlement efforts fail, the DFEH may seek an administrative hearing before the California Fair Employment and Housing Commission (“FEHC”) or file a lawsuit in court. Both the FEHC and the courts have authority to award monetary and non-monetary relief in meritorious cases. Employees can contact the nearest DFEH office or the FEHC by checking the State Government listings in the local telephone directory.

While in most situations a personal relationship is a private matter, these relationships are not appropriate in a professional setting, particularly where one of the parties has management or Supervisory responsibilities.

PREVENTION OF CHILD ABUSE POLICY

The School is committed to maintaining safe and secure campuses for students, and for following its legal responsibilities in reporting suspected child abuse/neglect to the proper authorities.

REPORTING SUSPECTED CHILD ABUSE/ NEGLECT

While the responsibility of enforcing legal prohibitions against child abuse and neglect lies with the protective agencies such as the local police department and Children’s Protective Services, the School’s child care

custodians (including teachers, administrative officers, certificated personnel, etc.) are mandated reporters of known or suspected child abuse/neglect and are required to fulfill this legal responsibility. Every child care custodian of the School must sign a "Child Abuse Reporting" form indicating they understand their responsibilities to report known or suspected child abuse/neglect.

See complete Prevention of Child Abuse Policy and Procedure for specific steps regarding the reporting of suspected abuse and neglect.

REPORTING PROBLEMS AT THE SCHOOL SITE

The School maintains zero tolerance for abuse. Every member of the School community must participate actively in the protection of its students.

The School will monitor the school buildings and grounds:

- All unused rooms, storage areas, and closet doors should be kept locked at all times;
- all unused buildings and areas must be designated, posted and enforced as off-limits to children;
- all students are required to remain in areas that are easily viewed by employees;
- Interior doors should be left open and unlocked when rooms are in use
- Blinds should be left open to allow informal monitoring by a passerby.

In the event that any current or future school employee observes any suspicious or inappropriate behaviors on the part of any third party or other employee while on the school premises or during a school-sponsored activity, he or she is required to immediately report their observations to the Office Manager or designee. Examples of suspicious or inappropriate behaviors include, but are not limited to:

- policy violations,
- neglectful supervision,
- "private time" with students,

- taking students off premises without adhering to procedures,
- buying unusual gifts for children and youth,
- swearing or making suggestive comments to students,
- or any other conduct as identified in this policy, or which is inappropriate or illegal in the eyes of the observer.

All reports of suspicious or inappropriate behavior with students will be taken seriously. The Head of School or designee will conduct an immediate investigation concerning the alleged act or omission. If at any point in gathering information about the allegedly suspicious, inappropriate or illegal behavior, a concern arises that there is a possibility of abuse of any kind, appropriate law enforcement and/or local child protection services will be contacted immediately and a report will be filed. If at any point any policy violations with students are confirmed, employees will be subject to disciplinary action, including but not limited to, administrative leave, termination and/or criminal prosecution.

The School will cooperate with any and all law enforcement and/or governmental entities in the implementation and enforcement of this policy.

A SAFE AND ORDERLY ENVIRONMENT

CLIMATE FOR LEARNING AND GROWTH at EBIA

East Bay Innovation Academy will make every effort to ensure that each student’s school experience is rich and significant, and that the environment is orderly, warm, and conducive to learning. EBIA fosters a commonality of purpose and a sense of cohesiveness among parents, school staff, and the community-at-large.

OUR MISSION

East Bay Innovation Academy’s (“EBIA,” the “School,” or “the Charter School”) mission is to prepare a diverse group of students to be successful in college and to be thoughtful, engaged citizens who are leaders and innovators in a 21st century global world.

OUR VISION

EBIA is rethinking how schools are run and structured, so that they better reflect the needs of a 21st century world. Most schools have not changed their structure, organization, facilities or instruction in over fifty (50) years. While schools have not changed, our world has, leaving many of our schools, even the “best” ones, behind. EBIA is a powerful option for Oakland families and educators to build a diverse school that addresses the needs of the 21st century and beyond.

OUR INSTRUCTIONAL MODEL

EBIA is a rigorous STEAM (“Science, Technology, Engineering, Art and Math”) school with a unique focus on the social and emotional skills students need to be leaders. Students will learn to be problem solvers and strong advocates who work together and take responsibility for their own learning.

Students will work together on long-term, “**real-world**” projects that combine many different subjects, and will learn to present those projects using technology.

Students will alternate between different learning models, including online learning, and in later grades will be **self-guided**.

OUR CORE BELIEFS

We believe in **Possibility and Perseverance**

All students will achieve at the highest levels and prepare for success in college and career. We value courage, action and hard work.

We believe in **Creativity and Curiosity**

Students will work together with critical and creative minds. We value exploration, perspective and determination.

We believe in **Community**

Parents, teachers, school leaders, and board members will take responsibility for all students' success. We value relationships, kindness, integrity and respect.

We believe in the **Greater Good**

EBIA will teach students about social justice and civic responsibility. We value giving back to the community and improving our school, our community and our world.

We believe in **Diversity**

Students will prepare for society and the workforce by working with and appreciating those who are different from themselves.

OUR INNOVATOR NORMS

The character traits we expect all our students to exhibit are known as **Innovator Norms**. Our six Innovator Norms will be woven throughout our culture, classrooms and community.

Perseverance: Maintaining a steady persistence in a course of action, and exhibiting a commitment to purpose and tenacity, in spite of difficulties, obstacles, or discouragement.

Curiosity: Eagerly desiring to know and learn; taking initiative and being inventive.

Kindness: Being considerate or helpful.

Respect: Honoring or being considerate towards self, property, and others.

Conscientiousness: Being careful, meticulous; being thorough, careful, or vigilant; desiring to do a task well and to completion; being accountable, prioritizing to set and meet goals, and achieving results.

Leadership: The quality of an individual's membership in, and contribution to, a community.

RESTORATIVE JUSTICE

Restorative justice promotes values and principles that use inclusive, collaborative approaches for being in community. These approaches validate the experiences and needs of everyone within the community, particularly those who have been marginalized, oppressed, or harmed. These approaches allow us to act and respond in ways that are healing rather than alienating or coercive.

-excerpt from Amstutz and Mullet, Restorative Discipline for Schools

Instructional time is “sacred” and successful learning experiences depend upon the engaged participation of every student. The community is comprised of individuals who exercise self-discipline while understanding the need for inter-dependency.

Below is an **example** of teacher response to students making poor choices in class which are adversely affecting the learning environment:

1. If misbehavior occurs, the teacher will address the responsible individual(s) respectfully, reminding the student of the appropriate desired behaviors, and logging the behavior as appropriate.
2. If misbehavior persists, the teacher will ask the student(s) to step outside the classroom or individually approach the student for a 1-2-minute conference. That conference will provide the student(s) the opportunity to discuss the behavior and ways in which they can demonstrate to the class that they are ready to learn and re-join the community.
 - If the teacher feels the student(s) is/are ready to return to class, the

student(s) re-joins the community and demonstrates active scholarly participation.

- If the student returns to class and continues misbehavior, that student will be asked to write a reflection and may be referred to speak to an administrator.
 - If the teacher feels the student(s) is/are not ready to return, the student(s) will be asked to write a reflection about the undesired behavior either in that teacher's class or a neighboring class.
3. If the student(s) return(s) to class after having written a reflection and continues with unproductive behavior, the student(s) will be referred to the office and will engage in the administrative behavior support plan.
 4. If the behavior in class is extreme in nature and cannot be dealt with following the aforementioned steps, the student will be referred to the office and will engage in the administrative behavior support plan and/or the School will follow its Suspension Expulsion Policy as outlined within its Charter.

Understanding most behaviors will be addressed by the classroom teacher, as a means of re-engaging students in the learning environment, students referred to the office will already have been given multiple opportunities for correcting misbehavior. We treat every student as an individual and will adjust our approach on a case-by-case basis. We apply restorative justice principles to supporting positive student choices so that unwanted behaviors do not continue, but we can also offer a more traditional model for students and families who prefer not to participate in the restorative approach.

 - a. Confiscate the object and deliver it to the Site Director or Executive Director immediately
 - b. Immediately notify the Site Director or Executive Director, who shall take appropriate action

4. When informing the Executive Director or Site Director about the possession or seizure of a weapon or dangerous device, the employee shall report the name(s) of persons involved, witnesses, location, and the circumstances of any seizure.
5. East Bay Innovation Academy has developed and will provide annual training and regularly scheduled drills related to the following disaster procedures that will be used as part of the schools' tactical response procedures:

EMPLOYEE CONDUCT WITH STUDENTS

All school employees are responsible for conducting themselves in ways that preserves the safety of students and that prevents either the reality of or perception of inappropriate interaction with students.

They are also prohibited from being under the influence of alcohol or any illegal controlled substances while in the presence of students or at any time on school grounds.

- b) If written permission is not possible, the employee should make a written record of any verbal permission granted by the parent or guardian;
- c) Students should be transported directly to their destination and no unauthorized or unnecessary stops should be made;
- d) Employees will avoid unnecessary and/or inappropriate physical contact with students while in vehicles;
- e) The employee should make a written record of the trip, including departure and arrival times and locations and students involved; and
- f) Whenever possible, two school employees should collectively engage in the transportation activity.
