## III. Executive Director Report

### A. Executive Director Report

- Operational Updates: This month, we are prioritizing hiring for next school year, planning for end of year events, and preparing for facility renovations which will begin in the near future. We are excited to share that we have extended job offers to over 25 people for next year, placing us on track to be fully hired at 35 employees by the end of the summer. At this time, our entire leadership team and support staff team have signed contracts for next school year.
- Academic Updates This month, we are prioritizing our preparations for end of year assessments and showcases of student learning. MAP testing is underway, with early signs of promising growth in Reading. MAP Math testing is currently in progress. MAP ELA testing will be completed after GMAS exams in May.

- Finance Update This month, we are balancing short-term financial health with long-term financial planning through monthly financial reviews, multi-year projection scenario planning, and budget discussions. Earlier this month, I did request your support in reaching our annual fundraising goal of \$22,000. I trust that we will get there together.
- Overall, our priority remains the same – to deliver on our mission with excellence. One day this month, I travelled as a TAS scholar. It emphasized for me that we remain on track as an organization. I had five clear takeaways as a learner: The expectations for me are clear. I have everything I need to do my work. My work is important here. My teachers care about me. I need to work with my peers to succeed. As we head into Teacher Appreciation Week, I hope we all find time to thank a teacher in our life for the truly transformational work they do every day.
