**II. CORRESPONDENCE / PROPOSALS / REPORTS / INFORMATION**

**A. BUDGET / SCHOOL UPDATE**

Cory Cavanah presented the 2026–2027 budget preview, updating revenues following the Governor’s May Revise. Highlights include a 4.3% "Super COLA" for LCFF and Special Education revenues, alongside an extra 8.8% for Special Education to offset historical deficits.

The Student Support and Professional Development Block Grant doubled to \$900 per student, yielding an estimated \$850,000 for BEST Academy. Though labeled for professional development, the funding includes a discretionary clause. Management

plans to divide it over three years to fund previously unbudgeted personnel roles, including testing, MTSS support, and literacy intervention, requiring the hire of at least two new full-time teachers.

Three-year projections show a \$463,000 surplus for 2026–2027. While a break-even year is expected by 2028–2029, strong liquid reserves will easily support any required deficit spending. Unduplicated student counts shifted downwards from 70% to 30%, decreasing supplemental funding from \$1.7 million to \$600,000. Additionally, the board discussed a 20% spike in healthcare costs and potential mitigation strategies using block grant funds. James Mays presented an enrollment update, noting a 52.3% year-over-year increase with 367 families showing interest, including 115 for TK alone. The school is currently staffed for 950 students but anticipates actual attendance between 1,100 and 1,200. To accommodate early elementary growth without overloading staff, interviews are underway to hire at least two new full-time teachers, a second counselor, and fund support roles for testing, MTSS, and literacy.

### III. APPROVAL OF CONSOLIDATED MOTION FOR CONSENT CALENDAR

#### A. CONSENT AGENDA

During the review of the consent agenda expense reports, Board Member Debra Webb questioned a receipt totaling \$587.08 for a two-night Airbnb stay (\$300/night) during graduation. Management clarified that the higher rate was due to fluctuations in local event pricing and the logistical need for a secure garage to protect school testing and event materials stored in the vehicle. The Board discussed the merit of establishing lodging cost limits while balancing employee safety and logistical needs.

Management will remain mindful of lodging costs.

M. Nino made a motion to Approve the consent agenda.

G. McGuire seconded the motion.

The board **VOTED** unanimously to approve the motion.

### IV. ACTION ITEMS

#### A. Special Education Services Contracts Renewal

D. Webb made a motion to Approve the Special Education services contract bundle.

M. Nino seconded the motion.

Special Education Director Celeste Danner presented the annual non-public agency contract renewals, noting that Oxford Consulting remains the primary vendor, handling roughly 98% of student assessments.

Board Member Marcella Nino questioned the high volume of initial Individualized Education Programs (IEPs)—noting 28 initials and 8 to 10 triennials conducted over the year—and asked if the administration had considered hiring an internal school psychologist. Ms. Danner clarified that the spike was primarily driven by parent requests rather than school-based Student Success Teams (SSTs), with all but four students ultimately qualifying for services. She noted that while they highly value their current contracted psychologist from Oxford Consulting, management had recently discussed the possibility of bringing a full-time school psychologist on board in the future to streamline services as enrollment continues to scale toward 1,200 to 1,500 students. The board **VOTED** unanimously to approve the motion.

C. Bolden seconded the motion.

Cory Cavanah presented the final Education Protection Account (EPA) expenditure resolution for the 2025–2026 school year, totaling \$191,558. In alignment with the

school's historical practice, the Board approved allocating 100% of these unrestricted Local Control Funding Formula (LCFF) state aid dollars directly toward teacher salaries. Mr. Cavanah noted that while this resolution requires a formal board vote and website posting annually for compliance purposes, it represents standard, routine business for the school. He recommended that future iterations of both the preliminary and final EPA resolutions be moved to the Consent Calendar to streamline future agendas. The board **VOTED** unanimously to approve the motion.

**I. Proposition 28: Arts and Music in Schools Funding Annual Report for Fiscal Year 2025-26**

G. McGuire made a motion to Approve the Prop 28 Funding annual report.

M. Nino seconded the motion.

Cory Cavanah presented the annual report and certification for Proposition 28 funding. The school received approximately \$80,000 for the fiscal year to support its ongoing art and music programs.

**Compliance & Staffing:** Because enrollment exceeds 500 students, state regulations mandate that these funds be directed toward a credentialed teacher. BEST Academy meets this with two full-time equivalent (FTE) teachers providing K–12 art instruction. Mr. Cavanah noted the allocation does not fully cover salaries, requiring general fund encroachment.

**Program Growth:** James Mays highlighted upcoming arts expansions, including "Arts in the Park" for early elementary, high school clay sculpting courses working toward A–G approval, and a music production program. A portion of the funds will purchase high-spec computers to support the technical needs of the music program.

The board **VOTED** unanimously to approve the motion.

**J. Board Policy 3430: Investment Policy and Guidelines**

C. Bolden made a motion to Approve Board Policy 3430.

D. Webb seconded the motion.

Cory Cavanah presented a new investment policy to optimize returns on the school's liquid financial reserves, currently held primarily in the County Treasury.

**Strategy & Safety:** The policy establishes strict guidelines to protect public funds, focusing on low-risk, highly liquid options like money market accounts and index funds (e.g., the S&P 500) while explicitly prohibiting volatile options like junk bonds. It mandates diversification and reflects a commitment to socially responsible investing by avoiding funds associated with military equipment manufacturing.

**Inter-Charter Opportunity:** Mr. Cavanah highlighted a low-risk growth opportunity to purchase guaranteed state revenue receivables at a discount from another growing charter school that his office supports. This keeps interest earnings within the charter ecosystem to directly benefit BEST Academy and its students.

**Fiscal Health:** James Mays noted that yielding returns slightly above the inflation rate preserves the purchasing power of the school's four-to-six-month operating reserves as enrollment continues to scale.

The board **VOTED** unanimously to approve the motion.

**Roll Call**

M. Nino Aye  
G. McCloskey Aye  
D. Webb Aye  
G. McGuire Aye  
C. Bolden Aye
