C. Building Acquisition

- A discussion was led by Mr. I regarding the viability about leasing the Lee Road location for the additional campus
- The enrollment limit will need to be increased from 800 students to 1200 to support the 2nd campus
- It was discussed whether or not the budget can support an additional 30,000 sq/ft and it was recognized that there is money in the budget to approve the additional campus. This is because the contract for the current leasing of the building is up for review as well as the Charter contract, and with it's approval, there will be room in the new budget to approve the additional campus
