**E. Arts Turf / Playground Purchase**

Dmitriy Goncharov presented the Arts school initial plan did not include playground/turf installation. The school really needs it to improve parents/students satisfaction. 3 quotes are provided.

For Playground Mr. Slavik recommends BYO playground because it's manufactured in the US, it's very durable and the the lead time is the shortest. We should be able to get it installed by the school start.

For Turf: Out of 3 companies that submitted the quotes, I am recommending "The Original Southern Turf, with the lowest bid at 86k. They are local, and can do the turf field separately, in a month, and do the playground after it is finished.

**F. Purchases over 50,000**

V. Kushnar made a motion to approve the reviewed purchases presented over 50,000.

V. Budnik seconded the motion.

Dmitriy Goncharov presented and recommends that the school has purchased some big ticket purchases and out of abundance of caution needs board to ratify these purchases. Most of them are IT items and one is STEM supplies from Lead the Way Project. Even though this board allowed approval exception for such items within the budget limits, given that these are grant funded expenses, we ask the board to explicitly approve/ratify these purchases. Chromebooks and Laptops for \$69,577.65 and \$90,865.30 from CDW and another purchase of Smart TVs for \$78,750 and more Chromebooks and computer cards for \$32,045 from Howard. STEM supplies from Project Lead the Way in the amount of \$65,416.50, which come as a package for school with the STEM program Project Lead the Way, that K8 teachers are being trained for.

The board **VOTED** unanimously to approve the motion.

#### **G. Applying for the 21st Century Grant**

Dmitriy Goncharov and John Galeani presented that Global Leadership Academy K-8 would like to apply for the 21st Century Community Learning Center of Global Leaders (21st CCLCGL) which will be a comprehensive after-school and summer program designed to serve 150 students in grades 3-8 at Global Leadership Academy, as well as their families. The school had this grant before and we have experience managing it. With many grants closing this year, we may not be able to provide a plethora of free after school tutoring and other academic enrichment opportunities to our students and families. The yearly budget of this program is \$500,000.

#### **H. Purchases under CSP budgets**

Dmitriy Goncharov presented that the CSP budgets are still being reviewed by the CSP office. We don't expect any issues with the budgets. In order to start the schools on time, we need to start ordering items for both schools. Attached are the CSP budgets that are being reviewed by the state with quotes.

#### **I. Disposition of furniture**

Dmitriy Goncharov presented the disposition of the furniture. GOCA High School is adding additional classrooms and offices for HS staff. As a result, Service Provider staff will be moving out of HS facility. HS is requesting to remove existing furniture from that space as well. The list of furniture that is no longer needed is attached with the initial purchase date and price. Of the seven years of useful life, most of the furniture on the list has about 50% remaining. Service Provider is willing to purchase the furniture from the school at 50% of it's original cost.

Also, turf and playground were installed in November of 2023.
