### **IV. Discussion Items**

#### **A. Kid City Contracts**

Global Discovery is collaborating with Kid City to run a daycare, pre-k, and afterschool program.

Approval is requested to license an agreement with Kid City to support VPK (Voluntary Prekindergarten), daycare, and pre-k programs.

A recommendation has been made to add the afterschool component, which would benefit VPK for our teachers and educational staff, aiding in faculty recruitment while breaking even financially.

C. Hearn recommends tracking student data to build a comprehensive report as evidence.

The Board has agreed to continue with the approval of the amended contracts, with the condition that each Board member reviews the contract once the lawyers' office sends the final amended version.

C. Hearn arrived at 4:48 PM.

#### **B. Purchasing School Bus**

L. Kolyesnik made a motion to approve the purchase of the school bus as proposed in the bus contract, quoted at \$153,493, with a total cost not to exceed \$170,000, including maintenance and repairs.

Y. Brychka seconded the motion.

The board **VOTED** to approve the motion.

### **C. School Grade Update**

Discovery Campus achieved notable improvements in the 23-24 school year, with significant gains in reading, math, and civics, and the largest single-year increase in its grade percentage. Intercoastal Campus improved reading proficiency and maintained an A grade, with strong performance in science and 3rd-grade reading. High School Campus showed consistent progress over three years, with substantial gains in reading and math, earning the 2nd highest LPQ Reading gains in DCPS and an A grade.

### **D. Update on Cell Phone Policy at All Global Campuses**

The community was informed about Yondr pouches through Kodiak Weekly, a letter mailed to all enrolled families, and flyers at orientation. Mrs. Floyd and Mrs. Hoyseth-Wann addressed the topic at orientation, with all questions directed to Mrs. Hoyseth-Wann for consistency.

Weekly updates include new plans based on lessons learned, such as using more magnets, turning off phones, and managing earbuds, smartwatches, and large wireless headphones. A QR code for pouch replacement payments has been introduced, and pouches remain in backpacks. The process involves three stations for phone checks and bag inspections.

Teachers have praised Yondr pouches for improving classroom management and student engagement, with many seeing them as a valuable addition.

Recommendations include starting with strict enforcement, ensuring faculty support, delegating enforcement to administration, charging students for damaged pouches, and requiring parents to pick up phones.

### **A. Adjourn Meeting**

There being no further business to be transacted, and upon motion duly made, seconded and approved, the meeting was adjourned at 6:07 PM.

Respectfully Submitted,
