Funding sources- applied to 14 different sources- had a powerful message
Founding faculty- parents participated in interview process- 13 of the 17 were there for the first day
Our group- establishing the board, setting up committee structures

Challenges

Recruiting during the pandemic
Navigating communications during the pandemic- considering life challenges and providing wellness calls
Capacity of the team- the team is small
Hiring after July- 4 were hired then
Finding goal posts as we were working - knew end goals but not knowing whether we were really progressing

Questions from Shalini:

What was a surprise/delight? Interacting with students (Karen); the diversity/different gifts and passion of the board (Beth)

'The work is in the wobble' Where is the wobble? Recruiting- it takes so long and is ongoing and requires many people and continued attention; have grown the most in this area (Karen)

Questions from the board

Key lessons learned about what to continue (Maureen)- committed faculty and interactive staff- use staff and recruiting- staff going on visits for recording;

Pivot to meet the challenge- commendation (Kevin)

What do you want girls to say in the future- develop the confidence to persevere (Maureen). Walk away knowing that they were provided with all the skills to walk their own path and to ask for help when needed

IV. GGA Year 1 Priorities

A. Review proposed priorities

Believe students and families are partners

Trusting relationships

Learning should be challenging, meaningful and enjoyable

Community members are valuable

Growth stimulates competence

Recruitment tracker

Still at 65 students- no attrition

Helped people go through the steps; virtual tours, mailers and flyers

Learned what worked and didn't work as well

Student recruiting and retention was the highest ranked priority of the board

Priority tracking sheet

Want to identify the top 3 to 5 and structure them- will process as a small group activity

SMART goals

Specific, Measurable, Attainable, Realistic, Timely (when it will be done)

Each breakout group will identify no more than 2 goals and present them in the SMART framework

End this section and new Zoom login for breakout groups.

B. Goals composition assignments

C. Review of SMART model for goal setting

Goals discussed from each sub-team:

Recruit and retain two (2) full classes, enthusiastic about GGA in a way that reflects our values

(Enthusiasm over pure numbers)

Adapt instruction to meet the needs of all learners

Foster commitment of staff to the mission and success of GGA

All teachers with effective rating remain for year two

All 9th graders are promoted to the 10th grade

Identify a benchmark and determine whether 100% promotion is realistic

Will not contort data- promote for the sake of statistics

Make annual budget development, review, and approval process more efficient

Fully comply with OMA requirements and formalize procedures

Each girl is actively engaged in work consistent with the 4 pillars (whole girl approach)

Closing discussion:

Everyone should look to serve on 2 committees.

Facilities committee has been eliminated for this year

Beth has agreed to take leadership of the Audit/Risk Committee from Shalini

Three (3) is target number of people on a committee- four (4) is probably too many, making us short somewhere else.

Maura Dunn made a motion to Agree in principle on 7 key priorities and SMART goals. We will formalize and finalize them but we are now ready to approve them.

Maureen Colburn seconded the motion.

Timeframe- this current school year

Would like to have input from other committees as part of the refinement process
