General info

Closing our first trimester (November 24)

Focus was on developing routines and getting to know students

There's power in our 4 pillars. We need to stay the course and support the learning community.

Highlights

Messages of hope from guest speakers- rise above adversity individually and collectively

Working on a design challenge in the engineering class- addressing housing insecurity

Attendance is regular (92% over the past 4 weeks)

All still adapting to virtual learning (no hybrid or face to face); need to insure staff can adapt and students can access.

32% of students have IEPs

Hired additional staff to serve all of the students over the course of the next trimester

Have to be creative and intentional- including have providers outside of the classroom

Virtual learning will continue when students return in January

Developing a group of core stakeholders to create the plan to bring students back safely, supported with policies and procedures.

The earliest students would be brought back into the building would be middle to late January

Need plan to address Covid

Trimester 2

Starts on December 1.

Resources for social and emotional support

Fundraising- to offer students the best opportunities for resources that will support them

One to one attention has worked very well after school- mentors to support them is a goal to thrive socially and emotionally as well as academically

Co-curriculars are important- to get to know each other, opportunities to work together,

Sign ups have taken place

Student engagement

On camera presence has increased.

Goal is for all to advance from 9th to 10th grade

Recruiting

Continuing to accept students

Hired a new staff member to support recruiting- Julie

Outreach to all middle schools is going on now- Middle School Option Night
EdFest is coming up

Fundraising

Kickoff on Dec 1 (Giving Tuesday) but campaign is the entire month of December
Shalini held a birthday fundraiser- 1 hour Zoom meeting, 35 of 50 women invited attended, signed up 6 people as Trailblazers from all over the country, did breakout groups, talked about sisterhood. Shows how much GGA mission resonates. There's a whole network who want the world to be different for girls collectively and are willing to support this. Shalini is happy to provide tips to others who may want to do the same thing or something similar. It was very uplifting AND raised about \$2000.

B. Current plans for in-person instruction

(Karen)

Virtual learning will continue when students return in January

Developing a group of core stakeholders to create the plan to bring students back safely, supported with policies and procedures.

The earliest students would be brought back into the building would be middle to late January

Need plan to address Covid-19

Questions raised by parents regarding in person instruction/coming back

Safety of students, being safe outside coming to the space

Virtual isn't working for everyone

Small group would like to come back in Dec (the start of Trimester 2)

Some want to come back in Jan

Staying virtual works for majority

Note: Concurrent learning is difficult. (small cohort in person and virtual cohort at the same time)

C. Giving Tuesday Campaign

(Kevin)

Shout out to Shalini for her efforts

There is an end of year campaign planned

Fundraising platform- Possibility of the board taking on a fundraising activity with separate visibility Board would collectively reach out to contacts and fundraise on behalf of GGA. Board has autonomy to do outreach- board's contribution to the fundraising effort; landing page, appeal, etc.

Contact people from Karen's list or our own lists- email, calls, texts

Post on social media
