Make an ask at the beginning of the year to **create a pot from which these things are funded.**

IV. Governance

A. Procedures for Adding Members to Board and Committees

New Board Members need to sign docs for the current school year via Adobe.

Consider Board Terms

- A slew of people is completing their first terms.
- Directors can serve two consecutive terms.
- The annual meeting will hold elections for all four offices.
- Officers serve 1-year terms.
- Think about continued service.
- Consider officer positions.

The Screening Process for New Trustees:

The screening process was shown.

The newest board member, Laura Bartos, stated that the process was reasonable.

- Goals for Screening Process:
 - We don't want the process to be too arduous.
 - We need to approve Screening for New Trustees
 - We want it to be clear so that it's repeatable.
 - We need to have a process to assess fit and fill in the skills required.

Recruitment for New Board Members:

- We want to fill 15 seats.
- In recruiting new board members, we should be mindful of DC residency.
- **Consider:**

- Racial and ethnic diversity
- Gender diversity
- Availability and engagement are the essential attributes considered.
 - Availability, time, enthusiasm, willingness to contribute
- **From a professional skills standpoint, needs include**
 - Legal background
 - Real estate finance
 - Construction
 - Accounting/audit
 - Policy/government

Current Board:

- Board has a pretty diverse set of skills and backgrounds
- Currently have 11 directors

V. School Update

A. Priorities for SY23

Enrollment- Virtually

- 81 students automatically certified
- Julie and the team are calling all families.
 - Julie works on new students/families
 - Students and new families have until May 13th
 - Cynthia works on families who have to submit various paperwork
- Admissions coordinators filed complaints, so the process transitioned more streamlined.
- Parents still have to docu-sign or sign in person.
- More than half of the applications matched to GGA- 208 applications (115 matches and offers)
 - 17 to 47 post lottery applications, the target is 150.

For the next board meeting, show how this compares to last year and provide a comparison to the target.

PARENT ORGANIZATION:

- Working with a core group of six parents.
- Schedule to meet monthly.
- Parents have homework to talk about what service looks like to the school.
- **The objective of the Parent Organization:** Not to grow wealth but to help students and the academic program, enrichment programs

Parent engagement has six keys.

Focusing on more parent education

Parents want to develop a non-profit organization for the school.

Questions to Consider:

- Is there best practice guidance on this from the charter board?
- Would they have officers?
 - How sustainable is this model?
- Consider the relationship of the parent organization to the school and the board.

Beth will follow up to determine the audit process.

FUNDRAISING:

- Raising funds to support student travel abroad/service learning would be one of the primary purposes of having a C3, with accountability and transparency
- Beth can take this question to the auditors.

Questions:

- Can we have the business case laid out benefits & risks?
- Is there another route for this purpose?
 - Explore what other groups are doing.

GGA Board will have pros and cons written up by the May meeting.

COMMUNICATIONS CAMPAIGN:

4 AREAS

- Tell the story of why the school was created and invite people into the GGA space- parents and students.
- GGA does a lot of communications.
 - They want to hear directly from different leadership perspectives
- Diversify how GGA is doing that.
 - The founding parents will help layout long term goals.

Brand Strategy:

- Increasing the number of people posting positive messages
- Make it more interactive
- Create calls to action
- Want student voices to be involved
- Include parent participation in the call to action for social media
 - Instagram and social media connected to Facebook
- Looking at review ratings
 - Increase positive review ratings
 - Tell the story in a positive light
 - Present a well-rounded side
 - Why did you join the board?
 - Let's get back to our roots.
 - Put that out and live up to what GGA is saying
- Clarity on goals
 - How to leverage existing goals
 - Please make sure everything is **attainable** and **meaningful**: Let's be realistic to ensure sustainability for the school team and parents who are already engaging.

Prioritization Process:

- Qualitative and quantitative data

Trimester 1 and Trimester 2 Survey Data:

- Teacher feedback data
- Parent organization feedback
- Student self-perception data:
 - Where they feel they are (Strengths & Difficulties self-reported)

Synthesis: The leadership team synthesized the data into four core priorities from community feedback

4 Core Priorities:

- 'Because You Matter' CULTURE
- SUPPORT STAFF development, competency, and resilience
- Systematize GGA norms for STRONG INSTRUCTIONAL PRACTICES across every classroom
- Establish the GGA EXPERIENCE

Overall Objectives:

- Understand audience and stakeholders
- Want fewer goals
 - Ones that are measurable throughout the year
 - Enable us to inspect what we expect
 - Want to do quality
- We are not focusing on items not related to culture and IB.
 - Has to fit in IB structure
 - Not focused on a curriculum that can't be tied back to IB ways of learning
 - Want a narrower scope- elevating and supporting IB programs
- Not focusing on a vast amount of vendors.
 - Know what GGA wants and who GGA intends to work with (Want to streamline)
- Uniforms were not the focus.

We have not brought this to the Culture and Audit committee to work through the language and several goals. Culture, alone, would be a big job.

Action Items:

- **Communicating with Beth**
- **Shobha and Beth are tasked with a quick goal-setting process for the board.**
 - Give the committee a chance to look at this.
 - Google space is suitable for collaboration.
- **There is a need to get clear on priorities.**
 - Tell the story about why these are the key data priorities

- It would be helpful to communicate which inputs went into the priorities.
- What got voted off?
