F. Community Engagement Committee Report

Recruitment Meeting update - workplan is still in development on team member responsibilities. Julie and Shayne Swift do heavy lifting with recruitment and re-enrollment. The renovated school is being shown to potential students/families.

Enrollment audit took a lot of effort. In the future, paperwork prep, completion and storage will be done in a manner to facilitate enrollment audit completion.

Ambassador group has spoken to students and parents on why GGA is a great school to attend. More students are able to speak about the school in light having attended the school as a founding student. Because of the number of touches to convert an application to an admitted student, Julie has done the best she could to convert. Julie has presented to middle feeder schools. Last year, due to COVID, we weren't able to present in schools.

January will have another community engagement event to invite students to learn about GGA.

"People chose schools based on people they know." - Beth Blaufuss

G. Executive Director's Report

Staffing - moving daily towards 100% staffed

Bellweather - 4 cohort convenings will be scheduled to receive support. Currently, strategic priorities and initiatives are the focus with a 3-year time horizon for goal-implementation with feedback from families and students.

Commitment to re-enrollment - time is now to include Committee feedback to grow student base

Audit/Risk report - Since more students are participating in more activities, sisterhood is growing because meaningful paths for students to be with each other exist.

Community Engagement - Shayne is working hard to bring community into GGA. Student Ambassadors and families' voices matter. When their voices are heard, recruitment and reenrollment process is strengthened.

In summary, GGA is now a school that was envisioned to be.
