III. Executive Director Update

A. Executive Director Update

- ER shared replication application updates and timeline
 - LOI submitted on 2/4
 - Application due on 2/10 which is a pared down application of what will be different or the same on a second campus
 - 3/17 will receive feedback from OEI and request response from Adelante within a week
 - April 11th capacity interview
 - 4/25 application hearing and all board members requested to attend
- AS: timing of replication?
 - ER: fall of 2024
- MS: clarification on 3/17 feedback from OEI
 - ER: last time they sent us an excel sheet adn we responded to clarifying questions in the excel sheet.

B. Staff Handbook Update

- ER: updates to staff handbook
 - 12 month staff currently have 5 days of PTO during the summer and then have a dark week during the first week of July
 - Learned experience is that this is too close to the return of teachers and staff feel pressure to "catch up" and we experience more families enrolling who have delayed registration
 - Proposed change is all 12 month staff are entitled to an additional paid holiday of 9 days. For FY23 this will be from May 30, 2023-June 9, 2023.
- AS: current PTO for 12 month employees?
 - ER: Same as teachers. First year, 8 days of PTO, if not using all days can roll over 4 days each year for a max of 12 days.
- KK: clarified total number of PTO days
 - ER: no reduction or increase, just a shift in timing
 - JH: Juneteenth and 4th of July are also paid holidays
- NF: What is typical for operations during this time?
 - ER: Typically very quiet, families are quiet unless we are running summer school, which we would.

R. Scott made a motion to Approve Staff handbook changes to restructure summer PTO for 12 month employees from a 5 days of PTO and a week off in July to 9 days at the end of the school year.

S. Simpson seconded the motion.

The board **VOTED** unanimously to approve the motion.

C. School Calendar SY23-24

- ER update to IPS school year calendar
 - Later in year that usual, not asking board to approve an Adelante calendar at this time.
 - Request to empower academic committee to approve the school calendar.
- KK: Clarified timing
- NF: Do we typically mimic IPS's calendar?
 - ER: Yes, we will start and end same days but will do some minor adjustments based on feedback we heard last night.

N. Frech made a motion to allow Academic committee to approve the Adelante calendar.

K. Branson-Hutchison seconded the motion.

The board **VOTED** unanimously to approve the motion.

IV. Financial Operations

A. December Financial Position

- JH shared additional funding secured that will support scholar nutrition and tech engagement updates that will enable use of academic platforms at home more.
- Original budget was \$5.4M with a \$1.2M increase from secured funding and overall savings with the result that we are currently looking at a \$6.7M budget for FY23.
- We are exceeding days cash on hand, net income, debt to asset ratio, and overall ratio.
- Cash on hand goal from OEI is 45 days. At the end of Q2 we are at 152 days based on the original budget.
- Completed audit this month, spending down grants. February will draft budget reprojections for the board. March FY24 Budget drafted. April FY24 Budget presented to the board.
 - Audit update: Closes out on Tuesday and will be submitted to OEI
 - Zero findings for Adelante
 - Strongest Audit yet
- RS: Is there a number of days cash on hand that is too high?
 - JH: around the 200 day mark. When it hits the amount of money in your account that is not part of the budget. For example, spending down \$180k on grants, so the cash on hand will decrease next month and will bounce back up the following month.
- AS: asked for clarification on OEI view of cash on hand, accounts, and debt.
 - JH: they only look at cash on hand in account regardless of upcoming large expenses and the debt to asset ratio.
- NF: how does this compare to other schools in our landscape?
 - JH: OEI portfolio shows data for all their charter schools. Larger schools can have different debt to asset ratios if they have built a school from the ground up or smaller schools have far less cash on hand and may be off target.
 - NF: Is there a target we are aiming for?
 - JH: Above the target from OEI, not really. Thinking about emergency reserves if schools close again or other concerns.
 - KK: Thinking about replication too
 - NF: Future thinking setting a target would be idea
