% of New Students to ANCS Who Qualify as ED

Charter Goal (Total): 22.8%

A few things to remember...

1. Our charter goal of 22.8% is based on the percentage of new students who qualify as ED. Over a 10 year period, the goal is for 22.8% of our overall student body to qualify as ED.
2. The number of new ED students fluctuates year over year in part to not only who accepts the spot but also how many spots are actually open to the lottery after once children of staff and board members, and current siblings have accepted spots.

Next Steps for Board:

1. Helps us Celebrate and Message these Wins
2. Consider potential members for foundation
3. Help facilitate connections within the community
4. Charter Renewal Prep
