II. New Business

A. FY19 Budget - Initial Draft

Ryan Camp reviewed the draft of the 2018-2019 budget, which is included in the board packet. Anticipating an overall allocation increase (conservatively) of 3%. Revenue numbers include full funding of QBE. It is possible that local tax increase will be higher, pending outcome of property tax assessments. Budget reflects tenure bonuses and pay increases already discussed in previous meetings. Also reflects increased contribution to TRS. All budget increases are investments in teachers and classrooms. Have devoted the last 2 years to funding reserve accounts and have hit targets. Will not need to contribute any more to the reserve fund balance. Kari Lovell discussed some changes to capitalization of software expenses. Mitch White asked if the change to the utilities budget are a reflection of savings realized by the green initiatives. Kari Lovell said yes. Savings outcomes are tracking closely to what Southface projected. There will be ongoing purchases of chromebooks because of wear and tear. We will have one more

year of class size reductions to get to goal. Overall enrollment will decline by 6 students next.

There will be a public meeting on 5/3 after morning meeting. Second public meeting will be May board meeting. The vote will be at the May board meeting.

III. Old Business
