Equity & Diversity Taskforce Charter

The Equity & Diversity Taskforce promotes and supports ECS's work to develop a school culture that fosters equity, inclusion and an appreciation of the diversity within our community.

Recent events in our nation have drawn attention to structures and processes that have historically disadvantaged people of color and persist today. We acknowledge that ECS, as an educational institution, is situated within a historical context and is not immune to the biases and structural inequities that have disenfranchised the communities we serve. As a public education leader in Los Angeles, we have a powerful responsibility to respond proactively and to embrace opportunities to change the structures and processes within our institution that undermine our efforts to educate and empower ECS students.

We need to critically examine our practices with an eye to continual growth, modeling the lifelong learning and critical thinking that will empower our students to be quality stewards of their communities and our world.

History of this Work

The Taskforce will build upon the work already begun at our three campuses, including Arlene Ford's Great Minds Inquiry at ECHS in 2011-2014, the ongoing efforts of the ECHS Equity & Pedagogy Coalition and collaborative work of ECMS with Tyrone Howard in 2015-16.

Call to Action

The Equity & Diversity Taskforce will examine data on topics such as student achievement, school discipline, school climate and enrollment trends/retention; address the roots of bias; share insights and suggest possible resources or actions to ECS leadership. The Taskforce membership will include parent, student, teacher, staff, administration and Board representation. Community members may also serve on the Taskforce.

The goals of the Committee include:

- Provide a fresh perspective on ECS data sets, considering where data suggest there may be bias or structures/processes that are unfair.
- Support ECS leadership in identifying resources to help develop the ECS community's capacity to be inclusive and recognize and mitigate bias.
- Develop metrics or benchmarks to help measure effectiveness of equity initiatives.
