III. Discussion Items / Updates

A. Program Evaluation:

Alison explains the LCAP is about an evaluation of our programs. KC and Jane will explain what they are doing at the high school level. KC and Jane go over the ECS LCAP Graphic organizer that the high school will be using. KC is hoping to start implementing this plan in the next month. Danielle explains how all schools are working on creating something of their own. The group commends the team on their great work on tracking the LCAP goals.

B. The Board Dashboard Update - Work stalled:

Alison explains everything is in Schoolzilla.

Ken explains Board on Track (BOT) , the big picture is BOT will have a dashboard and will hold all board info. There is a lot of accountability you get from BOT. That we are in a community and share resources with other schools.

OKRs - Ken goes over the OKRs and explains that this section is for high-level goals we set up and however many we want. These our board goals. Denise explains, for example, the board's goal is for students to increase their test scores by 10% and now what is the board doing to make sure the team is making this happen. Ken states there will be other goals, like board member expectations we can add in this section. Alison states having the right facilities so each of the school goals will be rolled up into the right facilities goal.

Alison ask what is the goal with implementation. Denise states measuring might be quantitative. How likely would you recommend this to another organization and how likely would you recommend this to another organization for the price.

Ken ask the board members in the governance committee to redo their evaluation of the board in BOT. Ken will inform the other board members.

Denise suggest we only move forward with BOT agenda

C. What is Board on Track? Introduce new tool for the board (<http://boardontrack.com/>)

Ken states that BOT gives us our own coach and their role with our school. BOT suggest that every school should have an academic excellence committee. Bruce would like a charter of an academic excellence committee to see.

Action:

Alison get her on BOT

Goals / OKRs - what are other school doing (sample)
