#### **Diversity and Equity Taskforce Charter**

The Equity & Diversity Taskforce promotes and supports ECS's work to develop a school culture that fosters equity, inclusion and an appreciation of the diversity within our community.

Recent events in our nation have drawn attention to structures and processes that have historically disadvantaged people of color and persist today. We acknowledge that ECS, as an educational institution, is situated within a historical context and is not immune to the biases and structural inequities that have disenfranchised the communities we serve. As a public education leader in Los Angeles, we have a powerful responsibility to respond proactively and to embrace

opportunities to change the structures and processes within our institution that undermine our efforts to educate and empower ECS students.

We need to critically examine our practices with an eye to continual growth, modeling the lifelong learning and critical thinking that will empower our students to be quality stewards of their communities and our world.

#### History of this Work

The Taskforce will build upon the work already begun at our three campuses, including Arlene Ford's Great Minds Inquiry at ECHS in 2011-2014, the ongoing efforts of the ECHS Equity & Pedagogy Coalition and collaborative work of ECMS with Tyrone Howard in 2015-16.

#### Call to Action

The Equity & Diversity Taskforce will examine data on topics such as student achievement, school discipline, school climate and enrollment trends/retention; address the roots of bias; share insights and suggest possible resources or actions to ECS leadership. The Taskforce membership will include parent, student, teacher, staff, administration and Board representation. Community members may also serve on the Taskforce.

## **IV. Discussion Items / Updates**

### **A. ECMS-G Update**

ECMS-G's team presented their urgent equity issue-- an imbalance in disciplinary referrals for students with disabilities.

Strategy/Approach:

- More Data Collection
- Modify SPED discipline approach

- Targeted Training for SPED department based on data.
- Additional support to SPED students through counseling and mentorship programs.
- Train ALL teachers on strategies for better accommodating students based on their IEP and behavior support plans.

Progress Indicators:

- Measure Referral Data Periodically
- - Decrease in multiple referrals per recipients
  - Decrease in amount/percentage of referrals from SPED students vs ECMS-G students
- Teacher and staff reports
- Higher #'s on Behavior Charts

**B. ECMS-I Update**

ECMS\_i presented. Their urgent equity issue was that a large percentage of their student population lacks access to healthy nutrition.

**Strategy/Approach:**

- Hot meals served for breakfast 2x a week.
- Snacks available for students during recess.

**Progress Indicators:**

- Interventions given (time period)
- Student engagement in class.
- Counseling reports.

**C. ECHS Update**

ECHS's team identified a range of related equity issues. Using climate survey data, they found connections between low-levels of student-reported engagement, a need to improve student-teacher relationships and low rate of parents reporting feeling included in decision-making at school to conclude:

- All stakeholder groups feel detached from one another.
- There is no shared understandings around equity and how it manifests itself in our school context

Their plan:

Strategy/Approach:

- Work in “affinity” groups until sense of community and shared understandings exists among group
- Students & Teachers: Inquiry Process

Progress Indicators:

- Students:
  - In-depth student survey
  - Researched proposal
- Staff:
  - Curriculum development
- Parents:
  - Increased attendance
  - More opportunities for parent participation
