Facilities Committee Charter

- Provide leadership and oversight for the construction, revitalization, and maintenance of ECS's physical sites;
- Develop and oversee the implementation of strategies to engage stakeholders on a continuing basis in efforts to address ECS's facility needs;

- Consider, as appropriate, matters relating to the physical sites of ECS, including approval of plans for new construction and revitalization and the institutional prioritization of capital projects plans and requests, as well as, and in coordination with, the Finance Committee.
- Provide review, policy guidance, and strategic oversight of campus master planning activities, capital improvements and real estate type activities while also aligning the same to our mission, vision and values.
- Provide guidance and recommendations to the ECS Board and senior ECS staff on facilities-related matters; and
- Undertake such other matters and review such other issues as may be directed from time to time by the Board of Directors.

Goals for 2016-2017

- At ECMS-I, ensure careful planning and execution for Inglewood campus.
- At ECMS-G, provide expertise and support as staff and consultants facilitate the PROP K grant objectives.
- At ECHS, transition from old modular units to new two story units maximize the utilization of Prop 39: Energy Grants including considering plans for renewable energy like solar.

Goals for 2017-18: to be established.

IV. School Site Updates:

A. ECHS Update

1) Modular Building Updates:

- Working with Cunningham to move portables project forward
- Met with LESD to review progress, sharing with them major benchmarks to reach final approval.
- Total budget for project is projected to be about \$350k (150 for Fire Hydrant, 100 for Accessibility, 50 for evacuation speaker system, 50 for soft costs).

2) Shed Removal Plan Update:

- ECHS is collecting bids for Shed removal.
- We will move the shed before the start of school.
- We will notify LESD prior to removal.

3) Meeting Additional Space Needs: To help alleviate some of the space concerns at ECHS, we have been exploring creative solutions. Specifically, we have identified the following two possibilities.

- First, we started a convo with the YMCA
 - regarding about space for recreational programming.
 - Our goal is to expand our partnership with the YMCA to lease some of the classroom/gym space to serve as recreational space for electives.
 - We will revisit lease conversation with YMCA at the upcoming August Board meeting.
- Second, we have identified additional office space/meeting space for lease
 - office space is within a mile from the High School.
 - The site is located on Manhattan Beach Blvd just West of Inglewood.
 - There is about 2600 square feet of office/meeting space.
 - The space costs about 1.55 per square foot + electric/gas and janitorial and cable.
 - Committee members suggested the following changes:
 - Need to review provision in 7.1.b (change to wording from "Lessee" to "Lessor")
 - Review provision 12.1.a (that only allows subletting with the lessor's written consent)

- In addition, our attorneys suggested changes to the lease language.

4) Goal to explore Creating Cooling Systems:

- Do committee members have any ideas for creative / new mobile commercial systems? Please help us research our options. **ACTION: Anthony volunteered to explore further.**

6) Prop 39

- Notice of application to CEC approved
- Work to be completed by 2020
- Work not to start until after Modulars receive final DSA approval and installation of energy efficiency measures approved by LESD

B. ECMSI Update

1) New Construction:

- All sign offs completed except public works.
- Waiting for Inglewood public work inspector to come back from vacation to get final inspection done and receive COO. Once complete LACOE will visit and provide final approval for us to occupy with students.

2) Office Space Remodel:

- We redesigned office space to accommodate school office personnel.

3) Landscape Plans and Contract:

- EcoMedia Grant with Department of Transportation is funding the redesign effort to Green the new campus. The grant specifically is supporting water efficiency best practices.
- We are recommending a contract with LA Loma to create the spaces defined in the landscape plan (attached contract and revised landscape plans) and to meet grant goals.

4) CEC Prop 39 application submitted:

- ReGreen will submit our prop 39 application to CEC to support energy efficiency measures.

5) ECMS I Ribbon Cutting Scheduled for November 4:

- See Board Calendar and save to your calendar.

C.

ECMSG Update

Prop K:

- Alayna reviewed the revised City of Los Angeles revised contract (#2) approved winter 2017
- The winning bid is from Fast Track Construction Corp Public Bid May -June 2017.
- We recommend approving the the contract subject to LA City approving the timeline extension.
- Fast Track submitted an alternative contract should the the city not approve the extension.
- The committee agrees the extension is 99% likely and therefore recommends we approve the contract subject to the city approval.
- If this doesn't happen, ECMS G will work with stakeholders to revise and prioritize goals for the site.
- The Prop K Contract Extension was submitted June 2017 to the City of LA and we expect the city to approve by late September.
- The City's Prop K Steering Committee already approved the extension.

2. CEC Prop 39 Update:

- Prop 39 for Gardena was approved by CEC and work has started.
- Solar and lighting installation in progress and close to completion.

3. Proposed Joint Use Space at the Boys and Girls Club on Gardena Blvd:

- Gardena has been exploring the use of additional play spaces for their students and is collaborating with the Boys and Girls club, less than a bloc away to use their yard for games and basketball.
- There is no cost to use the yard.
