III. Reports/Presentations

A. CEO Update

CEO Alison Diaz shared that new team members are joining and there is a lot of excitement in the air. As well, it feels like things are settling into place.

New principal at ECMS-Gardena has been hired and her resume is linked in the packet. Also hired new Senior Talent and HR Manager through the Broad Residency program

Upcoming board and cabinet retreat will be held on June 25. LESD board representative Travis Collier or other LESD designee is encouraged to attend.

Alison further remarked that the Finance Committee meeting recently held was very well set up and coordinated, as well as the board meeting currently taking place. Thank you to Jeremiah David and Toni Perez for making this possible.

Chief Operating Officer Farnaz Golshani added that she is grateful to be working at ECS and is inspired every time she sets foot on an ECS school.

Alison added that the Earth Carnival event that recently took place was wonderful. The level of learning that happened at the event went up another notch from previously.

Board President Ken Deemer offered his gratitude and congratulations to the ECS staff, noting it had been a very tough year organizationally. Staff set aside regular responsibilities and came together to support. The entire board is appreciative of these efforts and additionally is very excited to be working with new ECMS-G Principal Qiana O'Leary.

B. Principals Updates

ECHS: Held Amazing Earth Carnival event. Will do College Update presentation at next board meeting. Brief update: 97% college acceptance rate was achieved this year by outgoing high school seniors.

Will be hiring additional counselor and full-time paraeducator for next school year. Will hold senior thesis writing support class and will be partnering with UCLA to have four writing interns from writing program assist students.

Will increase coaching for math teachers to move forward math initiative. Will hold more events for parents of unduplicated pupils. Also, will hire two teachers/coaches on special assignments to focus on environmental issues to fill in the gap from the loss of Green Ambassadors Coordinator Sammy Lyon.

ECMS-Gardena: ECS Director of Curriculum & Instruction Danielle Kelsick shared that one key priority has been hiring for the next school year. Getting very close to being fully hired and expect to be there before the school year ends. Very good set of new hires to join ECMS-G team.

Another major initiative over the past month has been CAASPP testing. Only 18 students left to test.

Preliminary test scores have been briefly reviewed and promising results have already been seen in core subjects.

Another key priority is outreach to ensure that the school is fully enrolled. Has had support from teams at both ECMS-G and ECMS-I to assist with this priority.

It has been a very busy time of year and there has been a lot of support provided from the entire organization to transform the school.

ECMS-Inglewood: ECMS-I Assistant Principal Geneva Matthews shared that 5th Annual Career Day took place. It was an amazing event with over 20 presenters coming forward.

1st Annual Family Math Night also took place with over 20% of the students at the school attending. Parents were appreciative and commented they wanted to come back again

next year, they would like the event to last longer, and to have dinner provided in addition to the snacks that were provided.

Grandparents' and Significant Elders Day took place with these guests who attended sharing valuable information with students about transitions from other countries and how their own schooling was.

These events are a reflection of the constant ways in which ECMS-I strives to constantly engage students and their families.

C. Financial Update

EdTec financial update 2017-2018 presentation (attached) was shown.

The forecast was adjusted for fundraising from 804k to about 500k for the current fiscal year.

ECHS P2 ADA was above the budgeted ADA so this is positive news.

ECHS operating income changes since March were shown.

ECHS P2 ADA was above the budgeted ADA so this is positive news.

ECMS-G P2 ADA was discussed with a small drop in ADA from P1 to P2.

ECMS-G operating income changes since March were shown. About a 35k drop overall, mostly due to lower LCFF funding as a result of ADA decrease.

SB740 funding was assumed to be a 20% deficit but is now adjusted to be a 10% deficit.

ECMS-I P2 ADA was a decrease of only 0.85% from P1. Forecast changes were only a 35k decrease. Still projecting operating income of 167k.

Balance sheet and cash balance slides were shown.

Financial deliverables due to LACOE soon: unaudited actuals and budget.

Auditors visited in early May and will complete the rest of audit in the fall.

2018-2019 budget slides were shown. The proposed state budget has higher COLA than previously projected, LCFF is planned to be fully implemented, one-time funds will be increased, and SB740 funds are projected to be higher than in the current year.

LCFF rates for the current year and upcoming year were compared as well as LCFF rates for prior years.

STRS and PERS (ECHS only) pension programs were stated to be increasing exponentially. STRS rates are set by statute but PERS rates change from year to year.

One-Time Funds were said to be variable each year and so cannot be counted on definitively in school budgets.

Enrollment is consistent at ECHS and ECMS-G. At ECMS-I, it is expected to grow by 60 students.

ECMS-G unduplicated counts that were captured were historically lower than in previous years due to paperwork issues which caused revenue to decrease. ECS staff will install processes into place this upcoming school year to ensure that collecting FRL applications will be done correctly.

ECS proposed budget 2018-2019 presentation (attached) was shown.

Slides with a comparison of all expenses were shown.

ECHS historical fund balance growth was shown as well as historical look at receipts of One-Time Funds.

ECHS revenue bridge from 17-18 to proposed 18-19 was shown.

ECMS-G historical fund balance growth was shown as well as historical look at receipts of One-Time Funds.

ECMS-G revenue bridge from 17-18 to proposed 18-19 was shown.

ECMS-G expense bridge was shown. Largest increases were in benefits, certificated staff salaries, and instructional consultant expenses.

ECMS-I historical fund balance growth was shown as well as historical look at receipts of One-Time Funds.

ECMS-I revenue bridge from 17-18 to proposed 18-19 was shown, noting that LCFF funds will increase due to adding 60 students for 18-19.

ECMS-I expense bridge was shown. Largest increases were in benefits and certificated staff salaries.

Cash flow slide was shown. Cash flow was projected conservatively to account for expected lags in receiving cash.

D. Strategic Dashboard Update

CEO Alison Diaz and COO Farnaz Golshani-Flechner modified the ECS Strategic Dashboard format by adding a second column so the change in status (green/orange/red) for each goal can be compared between the prior board meeting date and the current board meeting date.

In Goal 2 (pursuing equity), there has been an improvement with a 57% reduction in the number of referrals across the organization. Baseline number of enrollments per grade level were captured and input into the strategic dashboard.

Another highlight was the recruitment of the ECMS-G principal, moving the goal status from red to yellow.

For the first time, customer service ratings for the Home Office were collected from the school sites, showing some success in school support.

Also, final DSA approval was received for ECHS portables project, now waiting on final approval at next week's LESD board meeting.

E. Development Update

ECS Development Manager Julie Vo shared the fundraising update (attached).

ECMS-Inglewood Teacher Tashanda Giles-Jones was featured in Scholastic Magazine as a "cool teacher": <https://www.scholastic.com/teachers/articles/17-18/cool-teachers-tashanda-giles-jones/>

Stand Up Paddle Event for ECMS-I students coming up later in the week and the following week.

Fundraising receipts are captured into three areas. The General Fund is for activities and programmatic supports that are currently in place for students. Possibilities Fund is for restricted grants for specific uses. Capital Fund is for facility development work.

Based on projections from July 2017, fundraising goal was 891k. To date, received 239k in grants, 15k in corporate giving, and 95k in individual giving.

For 2018-2019, ECS will focus much more closely on receiving grants and then after fundraising goals are met, will work on boosting corporate and individual giving.

Slide showing table of grants applied for and approved was shown. Then slides showing a table of 18-19 grants already received were shown.

COO Farnaz Golshani-Flechner stated that fundraising is working at ECS even though it may not seem that way looking at the overall goal of 891k and the current year-to-date funds received. However, part of this is due to the timing of the grants received. If you look at 17-18 grants received and 18-19 grants already committed, the fundraising goal is much closer to being reached.

Finally, slide showing table of grant prospect was shown.

F. Equity and Diversity Update

ECS Director of Curriculum and Instruction Danielle Kelsick was interviewed for EdWeek's Market Brief publication about using data-driven practices to drive equity. All other school operating organizations that were interviewed were large districts.

Last week, the final Equity and Diversity Committee (EDC) meeting for the year took place last week. The key areas of focus from all three schools were in how parents are and should be engaged, particularly toward increasing equitable representation for African American students. In addition, the Committee reported on creating community spaces for African American students to feel a sense of affinity and belonging. As well, ECMS-Inglewood reported on tying in academics to community events with one example being the recently held Math Night.

The Committee raised the question of how to make this equity work more lasting and sustainable. Their answer: ECS needs more funding for equity work and dedicated positions directly focusing on equity.

Reminder about the call to action--making explicit what was once implicit in the cause for social justice.

COO Farnaz Goshani-Flechner gave kudos to Danielle's leadership as chair of the EDC, noting her ability to facilitate the equity conversation with the EDC in such an open and transparent way.

Board member Ernie Levroney commented on the excellent work that the EDC has undertaken this year and asks that they keep up this top-notch, robust, and deeply committed work.

G. SELPA Discussion

CEO Alison Diaz recounted the history of ECS' membership with the Southwest SELPA.

Director of Strategic Initiatives Kami shared that SELPAs primarily provide expertise, direct service, emergency/insurance funding for special education services.

Because of changes in Southwest SELPA's level of service, ECS will explore whether to stay with this SELPA or join another SELPA.

As such, ECS is required to submit a SELPA exit letter a year in advance to the Southwest SELPA, stating ECS' intention to explore its options for joining a SELPA for the 2019-2020 school year.

LESD board representative Travis Collier asked if ECS has taken part in discussion with other districts/LEAs that are under the Southwest SELPA that are considering taking back the special education services currently being provided. CEO Alison Diaz responded that the group of charters had their own meeting to discuss the Southwest SELPA but did not cover the topic of taking back special education services.

IV. Study Session

A. LCAP for Each Site

Robert Maxwell presented the overview section of the LCAP presentation. Annual Measurable Outcome was defined as a regular term that will be used throughout the study session.

ECMS-I annual update AMOs were shared.

Assistant Principal Geneva Matthews shared the updates to 18-19 actions and services:

- emphasis on English Learner success
- math curriculum adoption
- enrichment software
- full-time math coach
- full-time instructional coach
- safety efforts, including research, focus groups, and trainings

ECHS annual update AMOs were shared.

Principal KC Villoria shared the updates to 18-19 actions and services:

- hiring a full-time paraeducator
- enrolling all EL students in a senior thesis writing support class
- teachers will attend SAT and ACT workshops and receive PowerSchool for SAT/ACT prep

- diagnostic exams and summer homework will be assigned for all AP courses before the courses start
- increase coaching for math teachers
- attend summer institute at Harvard to improve math coaching and instruction
- conduct math nights for students and families
- student achievement data will be analyzed mid-year and at the end of year
- hiring additional full-time counselor
- increasing participation in unduplicated pupil parent participation
- conducting student course evaluations
- hiring part-time teacher to coach and provide PD on environmental and experiential learning
- hiring a part-time equity coach to plan programming and PD identified by Equity and Diversity Taskforce with the goal of increasing recruitment, retention, and achievement of African American students

Board member Jenina Ramirez commended Robert Maxwell and his team of collaborators for the excellent LCAP work and asked if Robert if he could share any lessons learned in the process of developing the LCAP. Robert responded that he has learned ways to make the development of the LCAP easier for principals. He also wants to find ways to make the LCAP presentation for the board more concise going forward. More lessons will be gleaned once ECS completes its LCAP post-mortem later in the month.
