### **Equity & Diversity Taskforce Charter**

The Equity & Diversity Taskforce promotes and supports ECS's work to develop a school culture that fosters equity, inclusion and an appreciation of the diversity within our community.

Recent events in our nation have drawn attention to structures and processes that have historically disadvantaged people of color and persist today. We acknowledge that ECS, as an educational institution, is situated within a historical context and is not immune to the biases and structural inequities that have disenfranchised the communities we serve. As a public education leader in Los Angeles, we have a powerful responsibility to respond proactively and to embrace opportunities to change the structures and processes within our institution that undermine our efforts to educate and empower ECS students.

We need to critically examine our practices with an eye to continual growth, modeling the lifelong learning and critical thinking that will empower our students to be quality stewards of their communities and our world.

#### *History of this Work*

The Taskforce will build upon the work already begun at our three campuses, including Arlene Ford's Great Minds Inquiry at ECHS in 2011-2014, the ongoing efforts of the ECHS Equity & Pedagogy Coalition and collaborative work of ECMS with Tyrone Howard in 2015-16.

#### *Call to Action*

The Equity & Diversity Taskforce will examine data on topics such as student achievement, school discipline, school climate and enrollment trends/retention; address the roots of bias; share insights and suggest possible resources or actions to ECS leadership. The Taskforce membership will include parent, student, teacher, staff, administration and Board representation. Community members may also serve on the Taskforce.

The goals of the Committee include:

- Provide a fresh perspective on ECS data sets, considering where data suggest there may be bias or structures/processes that are unfair.
- Support ECS leadership in identifying resources to help develop the ECS community's capacity to be inclusive and recognize and mitigate bias.
- Develop metrics or benchmarks to help measure effectiveness of equity initiatives.

## **I. Opening Items**

### **A. Record Attendance and Guests**

### **B. Call the Meeting to Order**

Danielle Kelsick called a meeting of the Equity and Diversity Committee of Environmental Charter Schools to order on Tuesday Nov 27, 2018 at 4:33 PM.

## **II. Presentations from the Floor**

### **A. Presentation from the Floor on Non Agenda Items**

None.

### **B. Presentations from the Floor on Agenda Items**

None.

## **III. Discussion Items / Updates**

### **A. Meeting Overview**

Committee goals were proposed. Two suggestions were shared: 1) adding a goal for stakeholder engagement with a focus on parents. 2) changing the shared focus goal to be more explicitly about increasing African-American student achievement.

The continuing shared focus of improving enrollment, retention, and achievement outcomes of African American students at ECS was reinforced.

The committee then went into the opener conducting a design challenge activity.

### **B. Opener**

The opener activity was conducted and a reflection period on how it could apply to the committee's goals and actions ensued.

## **IV. Study Sessions**

### **A. SMARTE Goal & Action Plan Feedback**

The committee conducted the study session by breaking out into site-based groups.

groups. At the conclusion of the study session, the following feedback that was shared among school sites, Home Office, and board members was most resonant with each school:

ECMS-Inglewood: Provide incentives and prizes for parents that attend workshops. Delve into testing data collection and identifying which action/attack plans for which specific tests are most effective in improving academic outcomes.

ECHS: Collect a subset of data on African American 11th grade students while collecting the larger set of equity data as planned in goal 1. Specifically, interview African American students and select a representative sample of 5 students. Share this student interview data with teachers so that they know these students' stories. This sharing will be the prototype, which can be iterated through the equity-centered design cycle.

ECMS-Gardena: Focus more on building the efficacy of student learning, with the theory that improving achievement for all students will also increase the achievement of African American students.

## **B. Data Exploration**

Data Manager Robert Maxwell presented training on the Schoolzilla Mosaic program for data analysis for equity and diversity purposes.

## **V. Action Items**

### **A. Approve Revised Committee Goals**
