Tech interventions each month continue to decrease as students and staff are supported by the Help Desk team with consistent communication and long-term resolutions.

Food service meal pick-up rates have steadily increased over the past several months, nonetheless, the Committee discussed ways in which this service can be further expanded to serve more students.

The Committee proceeded to review Reading Apprenticeship, math engagement, and GPA rates.

Monthly average attendance rates were reviewed with ECMS-I noted as having a stellar attendance rate, due to their close follow-up with absent students.

The Committee concluded this session by recommending that a brief update with a highlighted color indicating progress status be added for each priority goal. The purpose of this enhancement is to provide the board with visibility to the overall view of progress status for each priority goal.
