## **III. Study Session**

### **A. Path Back to Campus discussion**

*The Path Back to Campus feedback session ensued after a brief presentation of the draft ECS School Reopening Plan by CEO Farnaz Golshani-Flechner:*

Board member Dr. Hughie Barnes inquired if the students that come back on campus will be tested for their level of learning/competence gained through Distance Learning or to meet rules and regulations. Chief Academic Officer Danielle Kelsick responded that students not coming back on campus for the purpose of testing. Spring summative testing will be undertaken remotely by the students. ECS will test students remotely to meet the federal/state mandate and ECS make the most of these assessments to understand

where students currently are in the learning and what gaps will be needed to fill in the fall semester.

Board member Zena Fong asked what type of social-emotional work will be done with students coming back on campus. Farnaz responded that students will focus on community building and connection activities so that they can reacclimate to their school environment, their teachers, and each other. Students will not come back on campus to focus on drills to remediate learning loss. After community building takes place, more ECS-type meaningful learning will take place.

Board member Jenina Ramirez asked about what type of activities will be done for high school seniors that will only be coming back for a short period of time. Danielle stated that 8th-grade and 12th-grade students will be targeted to come on campus last out of all of the major student groups. When back on campus, these two groups will focus on final pre-culmination/graduation academic activities, followed by their culmination and graduation events.

Board President Anthony Jowid asked, on the surveys shown, where they broken down by grade level? Farnaz responded that high school seniors were the most eager to come back on campus per the survey results. All other grade levels were relatively in line with each other. Also, it is important to recall that the surveys were taken only at one point in time, so ECS will remain flexible to shifts in either direction as the pandemic continues.

Anthony followed up by asking if the requests for exceptions/accommodations to in-person work are all coming in from any one teacher group, such as ECHS 12th grade teachers. Farnaz responded that the current requests for exceptions/accommodations that have been received are spread evenly across ECS schools and grade levels and do not present any major challenges for staffing.

#### **IV. Reports/Presentations**

##### **A. ECHS-Gardena facility update**

*Director of Growth & Sustainability Alison Diaz presented the ECHS-Gardena facility update:*

An overview was presented of the City of Gardena property currently in talks of being purchased and developed by Menlo Charter Properties/MBB & Gardena, an ECS special purpose entity that exists for the purchase of purchasing, renovating, and maintaining facilities on behalf of ECS.

Board member Kennedy Hilario asked for how long will the interim lease is expected to remain in place. Alison responded that the lease agreement will be for 30 years but the lease will likely only remain in effect for only 3-6 months until the bond financing closes and MCP/MBB LLC can then close on the property purchase.

Board member Zena Fong asked if moving the Home Office onto the premises changes the cost of how much ECS will pay for office leasing expenses. Farnaz responded that the cost to lease the existing Home Office space is not substantial due to SB 740, even so, there will be \$12-15k in annual savings over time that will benefit ECS in the long run.
