Executive Summary

- The FY22-23 March financials result in a forecasted net income of \$-34K, which is \$35K less than the budgeted amount of \$1,020K.
- This month, we received the March 2023 MFP Budget letter containing the mid-year financial adjustments. These adjustments are based on the 389 February 1 student count snapshot. The February count is 8 students less than the budgeted 397 student number. Consequently, we are now forecasting an annual increase of \$27K in local funds and a 57K annual reduction in state funds.
- As of March 31,2023, the cash balance in the checking account is \$598K and \$80K in the clearing account resulting in a total cash and cash equivalents balance of \$678K.
- The end of the year forecasted net cash flow is \$813K, which is \$215K less than budgeted. The change in cash flow is primarily driven by the lower net income as well as other cash flow activities such as loan repayments and payroll activities.
- The changes in cash flow result in a projected **41 days** cash on hand at the end of the fiscal year.

Voices for International Business and Education - Finance Committee Meeting - Agenda - Monday May 1, 2023 at 12:00 PM Key Performance Indicators

Days of Cash

Cash balance at year-end divided by average daily expenses

41 DAYS OF CASH AT YEAR'S END

The school will end the year with 41 days of cash. This is below the recommended 60 days

Gross Margin

Revenue less expenses, divided by revenue

-0.5% GROSS MARGIN

The forecasted net income is -\$34k, which is \$35k below the budget. It yields a -0.5% gross margin.

Fund Balance %

Forecasted Ending Fund Balance / Total Expenses

16.43% AT YEAR'S END

The school is projected to end the year with a fund balance of \$1,177,882. Last year's fund balance was \$1,212,066.

Voices for International Business and Education - Finance Committee Meeting - Agenda - Monday May 1, 2023 at 12:00 PM Forecast Overview

Cash Forecast

41 Days of Cash at year's end

We forecast the school's year ending cash balance as **\$813k**, **\$215k** below budget.

This difference in year-end cash is driven by:

(+) FY22 ending cash balance **40k** more than budgeted.

(-) forecasted net income being -**\$34** lower than budgeted.

(-) **\$220k** Variance primarily due to social security loan payable, prepaid benefits and accrued salaries and benefits as a result of changes in payroll processes

Key Forecast Changes This Month

The March forecast decreased the year-end cash expectation by \$58k. *Key changes*:

Letter from Head of School

Dear IHSNO Community,

I am pleased to share with you the first draft of the proposed budget for the 2023-24 school year. This budget reflects our commitment to providing a high-quality education for our students through the International Baccalaureate (IB) programme, which prepares them for success in college and beyond.

The budget supports our overarching goals of:

- Keeping IHSNO actions and activities focused on educating students through the IB programme, which fosters critical thinking, intercultural understanding, and global citizenship.
- Improving student academic achievement by investing in professional development for our teachers, enhancing our curriculum and instruction, and providing academic support and enrichment opportunities for our students.
- Ensuring a safe and nurturing educational environment by maintaining our facilities and equipment, implementing health and safety protocols, and promoting a positive school culture and climate.
- Long-range planning for sustainability by aligning our resources with our strategic plan, seeking alternative sources of funding, and managing our expenses prudently.

The budget process involved input from various stakeholders, including staff, parents, students, board members, and community partners. I appreciate your feedback and suggestions throughout this process and believe that this budget reflects our shared vision and values for IHSNO.

I appreciate your support and collaboration in ensuring that IHSNO continues to provide an excellent education for our students. Thank you for your continued support of IHSNO and our students.

Sincerely,

Dr. Adierah Berger

CEO and Head of School

e a part of our world

Today NOLA, Tomorrow the World: International High School of New Orleans (IHSNO) is a Louisiana's open enrollment, open-access International Baccalaureate Programme school. IHSNO is the one of the only high schools to offer students the opportunity to participate in the International Baccalaureate Diploma Programme (IBDP).

The world-class program develops and sustains a worldwide community of students, educators, and schools with shared mission to offer the best possible international education combined with an emphasis on human values.

International Baccalaureate Diploma Programme (IBDP):

Through IBDP, students undertake an intensive and rewarding two-year course of study in their Junior and Senior years. Students complete prerequisites in grades 9 and 10 to

prepare them to pursue an IB diploma in grades 11 and 12 that prepares for success in college and their career.

IBDP Qualifications:

- 1. Two-year full IB course schedule
- 2. Creativity, Activity, and Service extracurricular project
- 3. Theory of Knowledge course
- 4. The Extended Essay (4,000 word research paper)

Mission: To educate and nurture a diverse learning community through the international baccalaureate programme, world languages, and intercultural appreciation to succeed in the global economy.

Vision: International high school students are compassionate, productive, global citizens who positively impact the world.

IHSNO develops versatile leaders who have an understanding of:

VIBE BOARD OF DIRECTORS

Jennifer Gordon-Lampton (Chair) Karen Mayer Dwyer (Vice Chair) · Percy Manson (Secretary) Cerrita Jones (Treasurer) · Dennis Barnes Sarah Olivier · Tanya Winfield

district while engaging the diversity of America's

IHSNO does not discriminate on the rendering of services and/or the employment of individuals based on race, color, religion, sex, age, national origin, disability, veteran status or any other legally protected basis.

The Process

In order to plan out the FY24 budget, we have engaged in a series of weekly meeting with the school leadership and other key stakeholders. This processed has allowed us to take a deep dive into projected enrollment, staffing and vendor-by-vendor analysis. As a result, we have been able to project the student growth for next year, the staff growth needed to accommodate the student increase and the vendors necessary to provide additional supports. We have maintained a conservative approach across all revenue and expense categories, especially with our biggest ticket items such as student enrollments, private revenues and contracts of major significance.

Key Assumptions

Enrollment:

Unlike previous years where we projected a high increase in student enrollment, this year we are adopting a more conservative approach. With a current student count of 389, we are only assuming a student growth factor of 2.8% resulting in 400 students for FY24.

Staffing:

To properly accommodate our student increase, we will strive to maintain a staffing model similar to the current year. We will be adding a few new positions such as Quest for Success, Computer Science and a few other positions such as an remediation specialist and in-house substitute. Once we receive more details from the state about our per-pupil funding and teacher raise allocations, we will be revisiting our staffing model to ensure that our scholars receive adequate support.

Expenses:

Expenses directly linked to students such as purchased educational services, transportation, meal services, will be impacted by the student growth factor. Furthermore, current staff members will receive, on average, a 3.5% pay raise in FY24. Other related expenses such as human resources, recruitment services, background checks, staff material, supplies, and technologies, will increase based on the staff growth and inflation factor.

Additionally, we are factoring a 5% inflationary increase across all other major expense categories. This inflation assumption is made based on the economic projections from the Federal Open Market Committee (FOMC) meeting. We are projecting that inflation may return to a target level of around 2% in three years.

727 Carondelet Street |New Orleans, Louisiana 70130 | t504.613.5703 | f504.566.1142 | 501(c)3 # 27-0649868 | www.ihsnola.org

Revenue

Local Sources of Revenue:

IHSNO is currently banking with Hancock Whitney. Interest revenue is estimated at \$640.

Student Fees are \$300 seniors, \$100 juniors, \$100 sophomores, and \$100 freshmen. It is estimated 95% of the senior fees will be collected and 70% of all other grades will be collected.

Other Activity Income is income from students for field trips, fundraisers, yearbooks, sports participation fees, PTO dues, and all other student payments. Other Income is estimated on 2022 - 2023 amounts and projected student count and is adjusted by the student growth factor.

Contributions and Donations are estimated at \$14,000.00. This includes all donations including board donations and private grants.

Local MFP is estimated to be \$2,780,744 based on the March 2023 MFP, while we are still waiting for the FY23-24 MFP budget simulation letter from the state.

Revenue from Federal Sources:

Title Funds and IDEA are estimated to be increased slightly, based on the grant allocations in EGMS for the FY year 2023 - 2024. It is important to point out that some of the COVID related grants, such as ESSER 2 and ESSER 3, will begin to sunset starting next fiscal year. In fact, we are not expecting to receive additional ESSER 2 funds next year.

727 Carondelet Street |New Orleans, Louisiana 70130 | t504.613.5703 | f504.566.1142 | 501(c)3 # 27-0649868 | www.ihsnola.org

The School Climate Transformation Grant is in the 4th year of the 5-year grant.

Food Service is estimated at \$255,254. This amount is based on fiscal year 2023-2024 projections multiplied by the student growth and inflation factor.

Revenue from State Sources:

Revenue from the state is the state portion of the MFP. This amount is projected to be 3,978 per student for the 2023 - 2024 school year. The total MFP from the state of 1,900,000 is based on 400 students.

Expenses

Account 100 Salaries

Salaries are projected to increase by 3.5% salary growth inflation and FTE increases for the school year 2023 – 2024. We will continue to revisit our staffing model as we continue to develop our budget model.

Account 200 Benefits

Health Insurance is estimated to have a 10% increase and other benefits are projected to increase based on the staff growth factor and inflation factor.

Account 300 Professional Services

Other professional services are vendors that provide contract services to the school. We are continuing to review our vendor and other services accounts to ensure that the professional services mirror our prior year expenses.

Account 400 Purchased Property Services

Comparing to school 2022-2023, we are budgeting a higher overall repair and maintenance cost in school year 2023 -2024. The school will be changing location and we want to ensure we consider as many repairs as possible and maintenance we can anticipate.

Account 500 Other Purchased Services

Tuition to other LEAs is estimated to include payment to other career development institutions and other OPSB related fees.

Student Transportation estimated at the cost of \$350 a bus a day and 5 school buses, one special education van for 170 days of instruction. Bus passes for students not on the school bus are estimated at \$52.50 a month for 45 students. The total cost includes \$10,450 for extracurricular activities, sports and field trips.

Miscellaneous Purchased Services include the purchase of online curriculum such as Edgenuity, Mastery Prep, Edmentum and services from The Policy Research Group. This amount includes the cost of online software, including board on track and the cost of background checks and testing fees.

Overall, we will try to maintain our costs as close to the current fiscal year as possible. We will continue to negotiate contracts and quotes with our current vendors to ensure continuity.

727 Carondelet Street |New Orleans, Louisiana 70130 | t504.613.5703 | f504.566.1142 | 501(c)3 # 27-0649868 | www.ihsnola.org

Account 600 Supplies

Technology Supplies expenses consist of computers, printers and other technology. A projected decrease for the school year 2023 – 2024 is anticipated because there are no plans for major technology purchases.

Textbooks / Workbooks projected expense is \$50K and include summer supplies.

Electricity is estimated to be consistent with the 2022 - 2023 school year.

Materials and Supplies are estimated at \$160,000 and each department has a budget for their supplies.

Account 800 Other Objects

Dues and Fees this expense includes the IB fee, GNOCCS dues and LAPCS dues. Dues and Fees are projected to be higher than the 2022 – 2023 school year.

Insurance per Child is property insurance on the building at 727 Carondelet. This insurance coverage is directly from the insurance company to the Orleans parish.

Miscellaneous non-public expense is estimated to be consistent for the school year 2023 - 2024. This expense consists of all meals not associated with travel and all entertainment costs. This expense includes student celebrations, field trips, student's extracurricular activities. This account is only funded with fundraised and donated funds and student payments.
