- Behavioral problems are on the high around the city and our school has not been an exception, Our culture team has responded promptly and properly.
- We will be required to provide transportation for all students by next school year. This is an example of another unfunded mandate inflicted on Type 2 Charters.
- Type 2 charter school means that we have the ability to enroll students from all parishes in the state of LA,
- AT asked if conversations have taken place with other Type 2 charter schools regarding the limits of transportation and the financial impact of this new mandate.
- SW stated that we are required to provide transportation for Orleans parish residents only, but if we are interested in continue to enroll students from other parishes, we will need to provide transportation for them too.
- The Student Support Services department continues to work tirelessly with the socio-emotionally challenges our students present as well as academic challenges.
- A reminder that board members should complete the TIER 3 PERSONAL FINANCIAL DISCLOSURE.

- If board members want IHSNO to take care of processing it, IHSNO needs to have the information by May 15.
- The calendar at a glance for the 2018-2019 school year is now available.
 - We currently have three contingency days for the next school year should we need to be off due to inclement weather or any other extenuating circumstances.
- MR asked about the remediation number being over 300 students is a "normal number"
- SW explained that as an open enrollment school, we don't have any selection process, therefore, a lot of students below grade level get assigned to our school in need of remediation.
- Board members are encouraged and invited to the on-site review process as it is an important process.
